ESTATE DETAILS

With 141 holdings and land extending to 11,300 acres, Powys County Council's Farms Estate is the largest of its kind in Wales and the fifth largest in the UK.

The majority of the Estate lies in Montgomeryshire, although there are several estates in Radnorshire with further Holdings in Brecknock.

County Farms Estate holdings range in size from residential smallholdings to commercial farm units. In recent years the Estate has sought to increase the size of its core holdings by amalgamating certain farms, with the largest Estate farm now covering a combined area of 227 acres.

OBJECTIVES OF THE COUNTY FARMS ESTATE

The objectives of the County Farms Estate are:

- a) To provide opportunities for new entrants to agriculture and associated enterprises to initiate and develop businesses in rural communities with a view to moving into the owner-occupied and/or private rented sector.
- b) To maximise revenue income for Powys County Council through:
 - (i) Maximising rental income from property, with proper regard to legislation and prevailing market conditions.
 - (ii) Encouraging and supporting diversified and 'added value' enterprises on County Farms holdings.
 - (iii) Utilising redundant farm buildings for alternative commercial uses where possible.
 - (iv) Marketing of timber from farms and woodland.
- c) To support the wider economic, social development and environmental objectives of Powys County Council.
- d) To maintain and enhance the capital value of the County Council's assets, both in land and property.
