#### 10. RHYBUDD O GYNNIG - SEFYLL LAN DROS OFALWYR

Mae COVID wedi cyflwyno cymaint o heriau i ni ers mis Mawrth 2020. Mae'r cynnig hwn yn canolbwyntio ar gyfle i SEFYLL LAN DROS OFALWYR.

Ar ddiwedd 2019 ym Mhowys roedd tua 2627 o ofalwyr gyda'r hawl i dderbyn Lwfans Gofalwyr, 1563 yn derbyn y lwfans a 1064 o breswylwyr Powys sy'n gofalu am rywun yn ddi-dal.

#### 1. Nodiadau'r Cyngor ar gyfer y cynnig:

- a. Gofalwyr rhai sy'n cael eu talu ac yn ddi-dal, ifanc a hen maen nhw'n gwneud gwaith anhygoel a phwysig. Mae'r gofalwyr hyn yn rhan annatod o gymuned Powys. Maen nhw'n haeddu ein cymorth ond yn llawer rhy aml maen nhw'n cael eu hanghofio a'u hanwybyddu.
- b. Mae gofalwyr ym Mhowys a ledled Cymru yn wynebu heriau mawr bob dydd; heriau sydd wedi'u gwneud yn llawer mwy anodd gan bandemig COVID-19. Mae'r rhan fwyaf yn gorfod treulio mwy o amser yn gofalu am anwyliaid yn ystod y pandemig; mae'r rhan fwyaf heb allu cymryd un seibiant ers iddo ddechrau; ac mae'r rhan fwyaf wedi blino'n lân.
- c. Mae gofalwyr di-dal yn arbed o leiaf £8 biliwn y flwyddyn i Lywodraeth Cymru. Gofynnir i ofalwyr weithio unrhyw beth o 35 awr i 168 awr yr wythnos am y taliad cyflawn o £67.25, pan fod gofalwyr sydd wedi'u recriwtio ac yn cael eu talu gan y Cyngor yn gallu ennill hyd at £1,176 yn ystod yr un cyfnod o amser.

#### 2. Rhagor o nodiadau'r Cyngor:

- a. Yn £67.25 yr wythnos, Lwfans Gofalwyr yw'r budd-daliad isaf o'i fatha.
- b. Mewn ymateb i bandemig Covid-19, cynyddodd y Llywodraeth y lwfans safonol Credyd Cynhwysol ac elfen sylfaenol y Credyd Treth Gwaith o £20 yr wythnos yn uwchben y cynnydd arfaethedig ym mis Ebrill 2020, ond nid yw wedi cynyddu Lwfans Gofalwr.
- c. Mae llawer o ofalwyr di-dâl yn wynebu caledi ariannol eithafol. Canfu arolwg diweddar gan Carers UK fod mwy na thraean o'r rhai sydd ar Lwfans Gofalwr yn ei chael hi'n anodd cael dau ben llinyn ynghyd. Mae llawer wedi bod yn ei chael hi'n anodd ers misoedd, gan ddibynnu'n aml ar fanciau bwyd i fwydo eu hunain a'r bobl y maent yn gofalu amdanynt. Mae gan Bowys un o'r cyfraddau uchaf o ofalwyr di-dâl yng Nghymru. Mae gofalwyr di-dâl yn cyfateb i 41% o'r holl ofalwyr a dim ond Gwynedd sy'n cyfateb i'r lefel honno (Ystadegau Gwladol y DU 2019).
- d. Canfu arolwg Carers UK <u>fod "43% o ofalwyr yn teimlo y byddai cynnydd</u> <u>yn y Lwfans Gofalwr yn eu helpu, o ystyried y pwysau ariannol sy'n eu hwynebu."</u>

#### 3. Bod y Cyngor yn penderfynu:

a. Rhaid i ni sefyll lan dros ofalwyr, gwneud mwy i'w cefnogi, ac adeiladu cymdeithas fwy gofalgar wrth i ni ddod allan o bandemig Covid-19.

#### 4. Bod y Cyngor yn cyfarwyddo Arweinydd y Cyngor i:

- a. Ysgrifennu at Ganghellor y Trysorlys a'r Ysgrifennydd Gwladol dros Waith a Phensiynau, gan eu hannog i godi Lwfans Gofalwr o £20 yr wythnos ar unwaith, yn unol â'r cynnydd mewn Credyd Cynhwysol.
- b. Mae'r Cyngor yn cytuno i anfon gohebiaeth gyffredinol i ofalwyr di-dâl, sefydliadau'r trydydd sector a chynghorau cymuned i annog gofalwyr i hawlio Lwfans Gofalwyr.
- c. Sicrhau bod Cyngor Sir Powys yn parhau i wneud popeth mae'n gallu i Sefyll lan dros Ofalwyr.

#### 11. CWESTIYNAU YN UNOL Â'R CYFANSODDIAD

## 11.1. Cwestiwn gan y Cynghorydd Sir Stephen Hayes i'r Aelod Portffolio ar faterion Pobl Ifanc a Diwylliant

Ar 21 Awst ysgrifennodd y Swyddfa Gartref, yr Adran Addysg, ADCS a'r Gymdeithas Llywodraeth Leol at gynghorau mewn perthynas ag Ymfudwyr sy'n Blant Di-gwmni (*cyfeirir atynt weithiau fel plant* ar eu pen eu hunain sy'n ceisio lloches) yn datgan bod argyfwng gofal yn codi yng

Nghaint oherwydd nifer y bobl ifanc sy'n agored i niwed sydd angen gofal.

Roedd y llythyr yn nodi '... mae angen cymorth brys pellach ar gyfer y canlynol ar draws pob rhan o'r DU:

- Cynigion o leoliadau yn eich ardal
- Cynigion i gymryd cyfrifoldeb llawn o dan Ddeddf Plant 1989 am y bobl ifanc hyn
- Cynigion i oruchwylio pobl ifanc wedi'u gosod yn eich ardal
- Cynigion i roi llety yn unigyrchol i bobl ifanc o'r 'Kent Intake Unit' yn Dover.'

Ar 28 Awst cyhoeddwyd yn y cyfryngau lleol fod Powys wedi gwrthod yr apêl hon ac na fyddai'n cynnig croeso i Ymfudwyr sy'n Blant Di-gwmni. Mae llawer o bobl wedi cysylltu â mi yn gofidio am y penderfyniad hwn, gan bwysleisio'r tosturi y maen nhw'n teimlo y dylem ni, fel sir a chenedl, ei deimlo a'n dyletswydd i ddangos hynny ar waith.

A allech egluro pa ymateb a roddwyd i'r llythyr dyddiedig 21 Awst; pa gamau sydd wedi'u cymryd, fel Cyngor ac mewn cydweithrediad â chynghorau eraill, i gynnig croeso i Ymfudwyr sy'n Blant Di-gwmni; a nifer y plant o'r fath sydd wedi'u helpu hyd yma neu dros bwy y mae Cyngor Sir Powys wedi derbyn cyfrifoldeb o dan y Ddeddf Plant? "Powys County Council calls on Welsh Government to make gyms essential in any future lockdowns and firebreaks.

As a key sector of the Welsh Economy, gyms provide essential physical/mental health and well-being opportunities and solutions to a large percentage of the Powys population.

During these testing times gyms have never been more important to all age groups and demographics. Gym owners fully respect and understand the reasons for Fire Breaks and Lockdowns, but continually closing and re-opening gyms is now putting an increasing strain on their financial viability, jobs and more importantly the public who rely on gyms for a wide range of reasons, for both physical and mental health.

We now call on the Welsh Government to re-classify gyms as an 'Essential Service', allowing our gyms to continue operating through future lockdowns, in the interest of the public's physical and mental health."

The motion was passed by 29 votes to 27 with 4 abstentions.

Byddai'r gost ychwanegol hon yn cael ei hariannu o'r Gyllideb Risg a ddelir yn ganolog.

#### Heol y Ffynnon, Aberhonddu, Cynllun Adeiladau Newydd

Roedd gwaith ar y cynllun adeiladu newydd yn Heol y Ffynnon Aberhonddu yn symud yn gyflym felly gofynnwyd am ailbroffilio'r gyllideb fel bod £2.30 miliwn o

fenthyca wedi'i ddwyn ymlaen o ddyraniad 2021/22. Byddai hyn yn sicrhau y byddai'r gwaith yn cael ei gwblhau a'i ariannu yn 2021.

#### Bowling Green, Y Drenewydd, Cynllun Adeiladau Newydd

Roedd y datblygiad hwn wedi llwyddo i sicrhau Grant Cyfalaf Tai Arloesol gwerth £2.19 miliwn, a'r cais oedd diweddaru'r gyllideb i adlewyrchu'r grant a dderbyniwyd. Yn seiliedig ar y cynllun cost presennol bydd angen grant o £1.55 miliwn yn 2020-21. Roedd angen y grant sy'n weddill (£0.64 miliwn) ynghyd â benthyciad o £1.20 miliwn i gwblhau'r cynllun yn 2021/22.

Cynigiwyd yr argymhelliad gan Aelod Portffolio'r Cabinet ar faterion Cyllid a Thrafnidiaeth, y Cynghorydd Sir Aled Davies, ac eiliwyd ef gan y Cynghorydd Sir Dai Davies.

Ac eithrio'r Cynghorwyr Sir Beverley Baynham a Dai Davies a deimlai nad oedd y gostyngiad arfaethedig mewn amser siarad yn caniatáu digon o amser ar gyfer dadl, roedd cefnogaeth gyffredinol i'r ddau argymhelliad arall.

#### PENDERFYNWYD

i. lleihau'r amser siarad ar gyfer cynigwyr ac eilwyr cynigion o 10 munud a 5 munud i 5 munud a 2 funud yn ôl eu trefn a bod y newidiadau hyn yn cael eu treialu mewn tri chyfarfod o'r Cyngor [ac eithrio'r cyfarfod blynyddol].

ii. bod treial o siaradwyr enwebedig ar ran grwpiau gwleidyddol yn cael ei gynnal mewn 3 chyfarfod Llawn o'r Cyngor, ac yna cynnal adolygiad o'r treial gan y Pwyllgor Gwasanaethau Democrataidd.

Mae'r cyngor hwn yn galw ar Lywodraeth Cymru i wahardd arferion gwarthus lles isel o ran ffermydd cŵn bach a chathod bach trydydd parti ar unwaith, gan ddefnyddio 'Cyfraith Lucy' (fel y'i deddfwyd yn Lloegr ym mis Ebrill 2020) yn sail ddeddfwriaethol ar gyfer y gwaharddiad. At hynny, mae'r Cyngor hwn yn condemnio'r oedi diangen gan Lywodraeth Cymru wrth gyflwyno'r ddeddfwriaeth lles anifeiliaid sylfaenol hon a ddylai fod yn rhagofyniad i gymdeithas wâr.

Cynigiodd y Cynghorydd Sir Jackie Charlton welliant:

Mae'r cyngor hwn yn galw ar Lywodraeth Cymru i wahardd arferion gwarthus lles isel o ran ffermydd cŵn bach a chathod bach trydydd parti ar unwaith, gan ddefnyddio 'Cyfraith Lucy' (fel y'i deddfwyd yn Lloegr ym mis Ebrill 2020) yn sail ddeddfwriaethol ar gyfer y gwaharddiad ac yn cefnogi Llywodraeth Cymru i symud ymlaen ar y mater cyn diwedd eu tymor fis Ebrill 2021.

PENDERFYNWYD bod y cyngor hwn yn galw ar Lywodraeth Cymru i wahardd arferion gwarthus lles isel o ran ffermydd cŵn bach a chathod bach trydydd parti ar unwaith, gan ddefnyddio 'Cyfraith Lucy' (fel y'i deddfwyd yn Lloegr ym mis Ebrill 2020) fel sail ddeddfwriaethol ar gyfer y gwaharddiad ac yn cefnogi Llywodraeth Cymru i symud ymlaen ar y mater cyn diwedd eu tymor fis Ebrill 2021.

#### 13. HYSBYSIAD O GYNNIG - CAMPFEYDD DAN GLO

Datganodd y Cynghorwyr Sir Rosemarie Harris, Gwynfor Thomas a Michael Williams fuddiant yn yr eitem hon a gadawsant y cyfarfod yn ystod y drafodaeth. Daeth yr Is-gadeirydd y Cynghorydd Sir Gareth Ratcliffe i'r Gadair ar gyfer yr eitem hon.

Trafododd y Cyngor y cynnig canlynol a gynigiwyd gan y Cynghorydd Sir James Evans a'i eilio gan y Cynghorydd Sir Karl Lewis.

"Mae Cyngor Sir Powys yn galw ar Lywodraeth Cymru i wneud campfeydd yn hanfodol yn ystod unrhyw gyfyngiadau symud neu doriadau tân yn y dyfodol.

Fel sector allweddol o Economi Cymru, mae campfeydd yn darparu cyfleoedd ac atebion iechyd corfforol/meddyliol a lles hanfodol i ganran fawr o boblogaeth Powys.

Yn ystod y cyfnod hwn o brysur bwyso, nid yw campfeydd erioed wedi bod yn bwysicach i bob grŵp oedran a demograffeg. Mae perchnogion campfeydd yn parchu ac yn deall yn llawn y rhesymau dros Toriadau Tân a'r Cyfyngiadau Symud, ond mae cau ac ailagor campfeydd yn barhaus bellach yn rhoi straen cynyddol ar eu hyfywedd ariannol, eu swyddi ac yn bwysicach na hynny, y cyhoedd sy'n dibynnu ar gampfeydd am ystod eang o resymau, am iechyd corfforol a meddyliol.

Rydym bellach yn galw ar Lywodraeth Cymru i ail-gategoreiddio campfeydd fel 'Gwasanaeth Hanfodol', gan ganiatáu i'n campfeydd barhau i weithredu yn ystod cyfyngiadau symud yn y dyfodol, er budd iechyd corfforol a meddyliol y cyhoedd."

Pasiwyd y cynnig o 29 pleidlais i 27, gyda 4 yn ymatal.

## 14. HYSBYSIAD O GYNNIG - COFLEIDIO A CHYTUNO AR SIARTER TROSEDDAU CASINEB CYMORTH I DDIODDEFWYR

Trafododd y Cyngor y cynnig canlynol a gynigiwyd gan y Cynghorydd Sir Jackie Charlton a'i eilio gan y Cynghorydd Sir William Powell

Nodiadau'r Cyngor ar gyfer y Cynnig:-

- Mae Troseddau Casineb yn broses gyfreithiol ac yn weithred droseddol y mae'r system Gyfiawnder yn ymdrin â hi'n rheolaidd. Mae Heddlu Dyfed-Powys wedi ymrwymo i ddelio â Throseddau Casineb lle bynnag y maent yn digwydd.
- 2. Mae gan awdurdodau lleol ran i'w chwarae wrth fynd i'r afael â Throseddau Casineb.
- 3. Mae Gymorth i Ddioddefwyr wedi cyflenwi hyfforddiant ledled Cymru drwy gydol y flwyddyn hon a byddant yn parhau i wneud hynny.
- 4. Mae gan Cyngor Sir Powys arbenigedd mewn Troseddau Casineb a chydnabyddir nad yw cymunedau gwledig yng Nghymru yn ddiogel rhag hyn.

#### Gofynnir i'r Cyngor gefnogi:-

- 1. Y blaenoriaethau allweddol yn y Siarter Troseddau Casineb.
- 2. Yr angen i godi ymwybyddiaeth o Droseddau Casineb drwy arweinwyr addysg, arweinwyr gofal cymdeithasol ac Aelodau.
- 3. Ysgolion i ystyried mabwysiadu ymwybyddiaeth o Droseddau Casineb o fewn y cwricwlwm lle bynnag y bo'n briodol.
- 4. Darparu hyfforddiant i'r holl Aelodau a staff er mwyn deall yr angen i godi ymwybyddiaeth ymhellach o droseddau sy'n cynnwys Troseddau Casineb a'r effaith ar gymunedau gwledig ym Mhowys. Mae Cymorth i Ddioddefwyr eisoes yn darparu hyfforddiant pwrpasol y gellir ei gyrchu am ddim.

Felly, mae'r Cyngor hwn yn penderfynu:-

 Cytuno bod Cyngor Sir Powys yn derbyn y Siarter Troseddau Casineb Cymorth i Ddioddefwyr, sy'n cynnwys cymorth a chefnogaeth i ddioddefwyr a chymunedau.

Dywedodd y Prif Weithredwr fod hyfforddiant cydraddoldeb ac amrywiaeth gorfodol ar gael i aelodau a swyddogion ac y byddai swyddogion y Cyngor yn gweithio i hwyluso'r broses o'i weithredu pe byddai'r cynnig yn cael ei basio.

O 58 pleidlais i 1

PENDERFYNWYD cytuno bod Cyngor Sir Powys yn derbyn y Siarter Troseddau Casineb Cymorth i Ddioddefwyr sy'n cynnwys cymorth a chefnogaeth i ddioddefwyr a chymunedau.

Y Cynghorwyr Sir G Thomas (Cadeirydd)

#### CYNGOR SIR POWYS COUNTY COUNCIL.

#### COUNTY COUNCIL 4<sup>th</sup> March 2021

**REPORT AUTHOR:** County Councillor Rosemarie Harris

**Leader of Council** 

REPORT TITLE: 2021 Annual Review of Vision 2025 Our Corporate

Improvement Plan, including our Strategic Equality

**Objectives 2020-2024** 

REPORT FOR: Decision

#### 1. Purpose

- 1.1 The purpose of this report is to present an **update of Vision 2025: Our Corporate Improvement Plan (CIP)** (outlined in Appendix A) for consideration and approval. The updated CIP is the result of an in-depth review of the current objectives and performance measures, carried out as part of the annual business planning and budget setting process.
- 1.2 The council took the decision to integrate its Strategic Equality Objectives into the 2020 update of the CIP that was published last April. A review of the actions and measures supporting these objectives has also been undertaken and are included in Appendix A.

#### 2. Background

- 2.1 Vision 2025: Our Corporate Improvement Plan 2018-2023 was first published in April 2018, setting out a series of public commitments for how the council will deliver its Vision, which is, "By 2025 Powys will be widely recognised as a fantastic place in which to work, live and play". To help deliver the vision and improve outcomes for residents and communities, the council set four priority 'Well-being Objectives', these are:
  - We will develop a vibrant economy
  - We will lead the way in providing effective, integrated health and care in a rural environment
  - We will strengthen learning and skills
  - We will support our residents and communities.
  - We also have an internal facing objective called Making it Happen.
- 2.2 We review Vision 2025: Our CIP annually, reflecting on the progress we have made and updating our plans to ensure that we are on track to deliver

the commitments contained within it and to achieve the Well- being objectives we set in 2018. Given the challenges that Powys residents, the council and our partners have faced during 2020, never has it been so important to review our plans for the future and ensure they are reflective of the things that matter most to our communities. Therefore, during quarter 3 of 2020/2021, in line with our strategic planning and budget setting process, each service has undertaken an in-depth review of the objectives they are responsible for. In doing so, they have considered:

- Current performance and expected progress in delivering the objectives and targets for 2020-21
- Views from consultation and engagement exercises
- Covid-19 Impact Assessment
- Resources
- Risk Register
- Statutory duties
- Future Generations Commissioner's Future Generations Report 2020
- Coronavirus Recovery Strategy
- Findings from the work of our regulators
- 2.3 The current environment means planning is more challenging than in previous years, with a great degree of uncertainty about the immediate future. However, it is intended that the CIP Update 2021 will provide an ambitious vision for the coming year, setting out commitments the Council will seek to deliver, whilst also continuing to respond to the pandemic. As a result of the review, services have proposed some changes to the planned activities to ensure we focus on the biggest priorities and those that we can realistically afford.
- 2.4 The CIP Update 2021 details the revised activities that will be undertaken from April 2021 up to 2025 to deliver our Well-being objectives, within the context of the current Covid-19 pandemic and the council's Recovery Strategy. Reviewing and publishing our CIP for the start of the next financial year, will ensure we meet our statutory obligations in the Well-being of Future Generations (Wales) Act 2015. This requires the council to implement well-being objectives in accordance with the 5 Ways of Working and show how it will maximise its contribution to the 7 Well-being goals. The CIP Update 2021 also ensures that the Council meets its statutory obligations under the Local Government (Wales) Measure 2009 (Part 1) and the Equality Act 2010 (including the Specific Public Sector Equality Duties for Wales). The new Local Government and Elections (Wales) Act will also place similar duties on Local Authorities from 2021, as part of the performance provisions.
- 2.5 The objectives and improvement targets within the CIP Update 2021 will be included in relevant Service Integrated Business Plans for 2021-2024. These plans set out the detailed actions that will be taken to achieve each objective and the resources required.

2.6 A Joint Scrutiny Working group met on 10<sup>th</sup> February 2021 to consider the Annual Update of the CIP. Their comments and responses from Heads of Service is attached at Appendix B.

#### 3. Advice

- 3.1 It is proposed that the **2021 update to Vision 2025: Our CIP** (Appendix A) is approved for publication and is implemented and reported from 1<sup>st</sup> April 2021. Please note the Section 3: Financial Strategy element of the document is currently omitted, pending Council decision on the budget. Details of this section will follow and will be included in the report prior to publication.
- 3.2 Annually reviewing the objectives and measures in the CIP ensures that they are still the most relevant for delivering improved outcomes for Powys residents and communities as well as ensuring the plan remains realistic and achievable within the current financial climate.
- 3.3 During Quarter 2 2020-2021, and as part of the Council's Recovery Planning approach, the council reviewed its Vision 2025 Outcomes. As a result, the original 40 outcomes in the CIP have been replaced with five specific outcomes that will ensure the Council maintains a clear focus and has an achievable Vision.
- 3.4 The recommended changes to the CIP, ensures that objectives are aligned to the five new outcomes. They will also aim to ensure that the CIP is streamlined going forward, that it focusses on key transformation and improvement activity, rather than business as usual and that it removes duplication in terms of reporting.
- 3.5 It is advised that the council continues to integrate its Strategic Equality Objectives into the CIP, to ensure that equality is integral to how we plan and act and provides the basis for delivering the Vision 2025 outcomes.
- 3.6 The CIP should also remain aligned to the Powys Public Service Board Well-being Plan and the Regional Partnership Board Area Plan to ensure that partners are working towards the same outcomes for the people of Powys.

#### 4. Resource Implications

- 4.1 The development of the Integrated Business Plans for each service ensures that the financial and workforce requirements for the delivery of each CIP activity are identified and considered. This ensures that resources are prioritised to deliver the objectives of the CIP and the Vision 2025 outcomes.
- 4.2 The Section 151 Officer can support the recommendations on this basis.

#### 5. Legal implications

- 5.1Legal: The recommendation can be supported from a legal point of view.
- 5.2 The Head of Legal and Democratic Services (Monitoring Officer) has commented as follows: "I note the legal comment and have nothing to add to the report".

#### 6. Comment from local member(s)

6.1 N/A

#### 7. Integrated Impact Assessment

7.1 An Impact Assessment of the CIP Update 2021 has not been undertaken. However, each service is required to undertake an Impact Assessment of the individual activities within the CIP, as part of developing their Integrated Business Plan.

#### 8. Recommendation

- 8.1 It is recommended that the 2021 Annual Update to Vision 2025: Our CIP (as outlined in Appendix A) is approved for publication, with implementation from April 2021.
- 8.2 The recommendations above will ensure:
  - Vision 2025: Our CIP has a clear delivery plan and that all activity is focussed on delivery of the intended outcomes.
  - That the council meets its statutory obligations as outlined in the Wellbeing of Future Generations (Wales) Act 2015, Local Government (Wales) Measure 2009 (Part 1) and the 2010 Equality Act and more specifically, the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011.

#### A MESSAGE FROM THE COUNCIL LEADER

Welcome to the 2021 update of our Corporate Improvement Plan, one of the Council's most important documents, which sets out our long-term vision for improving well-being in Powys: **Vision 2025: "By 2025 Powys will be widely recognised as a fantastic place in which to work, live and play"** 

As a council, we need to be at the heart of our communities, and we are confident that the well-being objectives set out in this plan will enable us to deliver better outcomes for Powys residents as well as contribute to the wider well-being goals for Wales. There are many positive ways in which we plan to make a difference, from supporting economic projects such as the Mid Wales Growth Deal, to making the county ready for the digital economy and helping our vulnerable residents and supporting businesses to get back on their feet.

As with communities up and down the country, the coronavirus pandemic (COVID-19) has hit Powys hard, and we now need to ensure that we prioritise helping our businesses and residents by giving them as much support as we can so they can recover from this unprecedented situation. Councils across Wales have been on the front line of the COVID-19 response, alongside our partners in the health board, police, and voluntary services. Icom very proud of the resilience, responsiveness and flexibility of the Council's workforce during this time and with to build on the innovation that has been displayed to ensure we can continue to provide sustainable

committed to work with communities, residents, businesses and partner organisations to future-proof Powys.

want to build on the innovation that has been displayed to ensure we can continue to provide sustainable services that our residents rely on. In 2020, we had to deliver services very differently due to the global pandemic, focusing resources on providing essential vices and protecting vulnerable residents. As an open and enterprising council, we have embraced new ways of working and delivering services and we are

During 2020, we invoked the Council's Business Continuity Plan, which meant that we had to put aspects of our improvement plan (Vision 2025) on hold. We have since reviewed our Corporate Improvement Plan to check whether our current objectives are still relevant or whether we need to focus on new priorities until 2025. We have considered the impacts of COVID-19 and the challenges and opportunities that it may present, including working towards a sustainable recovery and incorporating new ways of working and delivering our services. As a council, our finances have been seriously affected. The estimated cost of responding to the pandemic in additional spend and lost income during the first six months of the 2020-21 financial year will be close to £10 million. Emergency funding has been needed, for example to care for older and vulnerable people, while at the same time income has been lost from many areas. We are currently running at a deficit which could create a funding gap as high as £0.75 million. We are also likely to need to make savings of at least £ 37.3 million over the next five years so that we can balance our budget in the medium term.

As part of our recovery, we remain committed to promoting equality and diversity and improving our services and employment practices to meet the different needs of our residents and employees. In doing so, we aim to contribute towards improving outcomes for those who experience disadvantages in life. During 2020 we focused on six key equality objectives which included: improving outcomes for children living in poverty, preventing homelessness, enabling people with a disability to gain valued occupation, and improving the availability of accessible homes. 2021 sees the introduction of the Socio-Economic Duty across Wales to reduce the inequalities of outcome for people who suffer socio-economic disadvantage. To prepare for the introduction of the Duty and support its implementation within the Council we have integrated it within our impact assessment process.

# Our plan is ambitious, but we have the commitment to achieve real change and believe in the spirit of partnership working and supporting each other to have a council everyone can be proud of. Since the start of our plan in 2018 we have:

- Received nearly a thousand independent living queries through AskSara (https://asksara.dlf.org.uk/?auth=powys). Ask Sara is an award-winning online self-help guide providing expert advice and information on products and equipment for carers, older and disabled adults.
- Prescribed technology enabled care to more than 1,500 unique individuals (between April 2018 to September 2020)
- Vacated Neuadd Maldwyn freeing up the building to provide much-needed extra care facilities as part of the North Powys Wellbeing Programme.
- Started work on 100 new Council owned homes, including 32 at Heol y Ffynon (Cradoc Close) in Brecon, 7 in Sarn, 26 at the Bowling Green site in Newtown, 22 on the site of the old cattle market in Llanidloes and 13 in Clyro.
- Made substantial progress from working with Care Inspectorate Wales over the last three years and enhanced monitoring arrangements are no longer required.
- Developed and approved a new Strategy for Transforming Education in Powys.
- Opened the county's first new build secondary school in Brecon with another £20 million+ investment.
- Developed Y Lanfa/The Wharf, which is the new co-located library and Powysland museum in Welshpool
- Spent nearly £100 million with local businesses as part of our Powys Pound initiative
- Achieved £22.9 million cost reductions by becoming more efficient

Over the next year I am looking forward to continuing to work with my Cabinet, our dedicated workforce, and our partners to make further progress on our transformation and improvement journey. A decade of austerity has taken its toll on council services and our financial position. The Council will continue to balance its budget while at the same time investing in vital services, as we continue to ensure that our most vulnerable children and adults are safe.

We hope you find our plan inspiring and exciting and that you will work with us to achieve our shared vision for Powys in 2025. We would welcome your views about how we can deliver a plan that matters to you.

#### CHIEF EXECUTIVE'S INTRODUCTION

2020-21 has been a uniquely challenging year, which saw the county face the COVID-19 pandemic with the rest of UK. However, it was reassuring to see how well communities, residents, and partners responded, and I am grateful for the collaborative relationships with the Council that have enabled our most vulnerable to be supported. Each year we look back and review our progress in the previous year to learn what has worked well and what could be improved. We listen to what our residents, members, regulators, and workforce are telling us, and we review our services and financial performance. The extraordinary challenges presented by COVID-19 forced the Council, residents, and businesses of Powys to adapt quickly and make significant changes to the way many of us worked and lived. In March 2020, the Council invoked its Business Continuity Plan, which meant that a range of services were either adapted, suspended or, in some instances, established for the first time.

help us better understand the immediate and long-lasting impacts of the immediate on our communities we undertook a COVID-19 Impact Assessment impuly 2020. This told us that our economy would undoubtedly be affected, with an imprease in people claiming Universal Credit, and a sizeable number of people within Powys being furloughed. It was also projected that the services sector, including accommodation and food, arts, entertainment, and recreation industries, would be particularly impacted by lockdowns and social distancing requirements. Unfortunately, the assessment indicated that we may see a rise in homelessness, in the need for additional community food bank support, and in the number of children that are eligible for free school meals. Throughout the pandemic the number of referrals to Adult Social Care have increased, and while there have been no significant increases in the number of Children Looked After or on the Child Protection Register, it is anticipated that this may increase in the long term due to the wider socio-economic impact of COVID-19.

Dr Caroline Turner,
Chief Executive

During 2020 we also carried out engagement and consultation with residents and businesses in Powys to gather their views about the pandemic and what additional support may be needed, including an online business survey, conducted in June/July 2020. Moreover, we have taken key actions to provide additional support to the Powys economy, including processing over £50 million in grant support to local businesses, introducing free parking over the summer, free planning advice for tourism and hospitality businesses, and campaigns to #SupportLocalPowys and #DiscoverPowys. In December 2020 we launched our month-long engagement exercise 'Future-Proofing Powys', and welcomed feedback from residents that will help shape the longer-term vision for the Council.

COVID-19 has caused huge changes in the way we all work and, for some of us, the location from which we work. We used staff surveys to ask council staff to share how they felt about the situation, their well-being, the challenges, and the opportunities since they had started working from home and responding to the pandemic. The shift to a more digital way of working brought about huge changes throughout the Council, and we are using the feedback to ensure we can best support our staff and deliver our services in the future.

We have used the findings of the assessment together with surveys and resident feedback to help inform the annual review of our Corporate Improvement Plan. As a result of the review, we have changed some aspects of Vision 2025: Our Corporate Improvement Plan to ensure we remain on course to deliver our well-being and equality objectives within the resources that we expect to be available to us. .

oking forward, our key goals include effective budget planning in an uncertain economy, and key transformation and improvement objectives, with a focus on our five new outcomes, which are:

- **→** The Powys economy is thriving and sustainable
- Powys residents start well, live well and age well
- Powys residents are capable, confident and fulfilled
- Powys communities are vibrant, resourceful and connected
- Powys County Council is high performing and well run

### Why is this plan important for our residents, employees and partners?

Vision 2025 is the overarching plan for the Council, setting out our vision for the future of Powys, the well-being and equality objectives we need to priorities and the activities we will take to get us there. It lets our stakeholders know where we plan to invest our resources and what improvements they can expect to see when our plans are delivered. It provides a vision for the workforce from which service plans and individual objectives can be drawn to ensure that as an organisation we are all working towards the same outcomes. And, it sets out our commitment to work with partners to deliver programmes and projects aligned to Vision 2025 through the Powys Public Service Board Well-being Plan (Towards 2040) and Regional Partnership Board's Health and Care Strategy (Healthy, Caring Powys).

Vision 2025 is supported by the Council's Medium-Term Financial Strategy and is underpinned by our workforce and digital strategies. The Plan is translated into service area operational integrated business plans for 2021-24. It does not include everything the Council does but focusses on the things that matter most to our residents and actions that we believe will have the greatest impact.

Informing you of our plans is important to us, as is ensuring that it shows how we will meet our duties under the following legislation:

Well-being of Future Generations (Wales) Act 2015 which requires the council to publish well-being objectives and a supporting statement by the beginning of each financial year to show how it will contribute to the seven national well-being goals set out in the Act.

The council's four well-being objectives contribute to one or more of the well-being goals that will help us improve Powys now and over the long term. We must also demonstrate how we are adopting the 'sustainable development' principle in the way we plan and deliver our objectives.

#### Local Government and Elections (Wales)

Act provides for the establishment of a new and reformed legislative framework for local government elections, democracy, governance and performance. Under part 6 of the Act, which relates to performance and governance, the Council must:

- **\*** keep its performance under review to the extent to which:
  - it is exercising its functions effectively
  - it is using its resources economically, efficiently, and effectively
  - its governance is effective for securing the above
- right consult local people etc. on performance
- report on its performance
- 🛊 arrange panel performance assessment
- respond to report of panel performance assessment
- respond to Auditor General's recommendations

**Equalities Act 2010** (including the Socio-Economic Duty) which places a general duty on public sector organisations to have 'due regard' to the need to:

# OUR TRANSFORMATION JOURNEY

To successfully achieve the aspirations in Vision 2025, fundamental changes are needed in key areas.

That's why we have established a transformation programme which brings together nine key projects for transforming Powys.

You will find more detail about each project in section 2 of this plan, as well as other activities we have sanned to help achieve our vision.

there's no doubt that the council the future will be smaller, more agile, with a greater emphasis on performance and delivery. It will be very different from the Council of the past, but I am confident we can deliver the outcomes our residents expect and deserve.

The number of additional affordable housing units delivered per 10,000 households will be 29 in 2021-22, 23 in 2022-23, 46 in 2023-24, and 36 in 2024-25 (at the end of 2019-20 this was 12.4).

## **EQUALITY OBJECTIVE 1:** BY 2024 WE WILL **ENABLE PEOPLE WITH A DISABILITY TO HAVE IMPROVED OPPORTUNITIES** FOR VALUED OCCUPATION INCLUDING PAID EMPLOYMENT.

### Why is this objective important and how will it support people with protected characteristics?

- Disabled people's employment rate is less than half that for non-disabled people and disabled people are less likely than non-disabled people to work in managerial or professional occupations, which tend to have higher pay.
- UK-wide research indicates that employment rates for disabled people vary considerably according to the type of disability or health condition, and that people with mental health conditions and those with learning difficulties have the lowest rates (Brown and Powell, 2018).
- Disabled people are more likely to live in poverty and experience severe material deprivation than non-disabled people. Median hourly earnings were higher in 2016/17 for non-disabled (£10.67) than for disabled (£9.72) employees, a disability pay gap of 8.9%.
- As well as helping disabled people to become independent, self-sufficient and feel valued, paid employment will provide social opportunities and support them to live full and productive lives.

Findings from our regional engagement showed that the groups rated as having the worst experiences of work, compared with the population as a whole were stabled people and older people.

What we will do	How we will know we are succeeding
By March 2022, we will explore commissioning options to ensure that people have optimum opportunity to gain employment	
By March 2023, we will use strengths-based approaches to ensure that supported employment converts to independent employment where possible.	Number of Adults with a disability being supported to undertake employment. Information recording mechanisms being developed and will be used to baseline appropriate targets when available.
By March 2022, we will create a work, leisure and learning partnership (including citizens and carers) to lead to the development of employment opportunities.	

## **EQUALITY OBJECTIVE 2:** BY 2024 WE WILL CREATE **EQUALITY OF OPPORTUNITY FOR ALL OUR STAFF AND TAKE ACTION** TO CLOSE THE PAY GAP

### Why is this objective important and how will it support people with protected characteristics?

- Women continue to earn less than men on average. The council's mean gender pay gap in hourly pay for males is £13.34 and females £12.04, a difference of £1.31 (for full time relevant employees). The underlying reasons for this are often quite complex and not necessarily addressed through processes such as Job Evaluation which do promote like-for-like pay but do not address other issues such as part time and flexible working.
- According to the 'Is Wales Fairer- The State of Equality and Human rights Report 2018', seven out of 10 mothers in Wales have had a negative or possibly discriminatory experience during pregnancy or maternity leave, or on returning from maternity leave.
- The council believes in creating a diverse and gender balanced workforce which reflects the residents and communities we serve. We believe in job opportunities for everybody regardless of gender and will challenge ourselves to be more inclusive as a public organisation.
- Findings from our regional engagement showed that the groups rated as having the worst experiences of rates of pay than the population as a whole were younger paper paper, disabled people, females and pregnant women or those who had recently given birth. Males and Welsh speakers are perceived to have better experiences of the pay in comparison to the wider population.

### $\frac{\omega}{\sigma}$ hat we will do

During 2021-2024, we will ensure that all interview panels have a member who is safer cruitment trained.

During 2021-2024, we will continue to review the gender pay gap and action plan. The action plan can be found in Appendix B.

During 2021-2024, we will collect and identify information about differences in pay and their causes between employees who have a protected characteristic and those who do not.

By December 2021, we will establish an Equality workforce forum.

By March 2022, we will promote Leadership and Development training for all staff.

By March 2024, we will maintain and develop a range of workplace flexibilities for all staff and ensure our Senior Leadership Team role model flexible working.

By March 2024, we will promote and advertise jobs to encourage all applicants, whether part-time, job-share or full-time.

### How we will know we are succeeding

- Monitor recruitment panels and ensure that at least one member of the panel has received safer recruitment training. (Recruitment Team will check interview paperwork to check the safer recruitment officer has signed paperwork and chaired the interview), (Baseline to be established in 2021-2022).
- Each year we will continue to reduce the gender pay gap.
- We will seek views and feedback from the Equality Workforce Forum on relevant equality and diversity issues, annually.
- Having introduced leadership and management development programmes from ILM2 to ILM7 in 2020/2021 we are aiming to encourage 40 learners to start the programmes in 2021/2022.
- An increasing number of staff being deployed in flexible working arrangements and / or working from home on a regular basis (Baseline to be established in 2021-2022).
- An increasing number of visible adverts and promotions of the availability of flexible working in the Council (Baseline to be established in 2021-2022).

## **EQUALITY OBJECTIVE 3:** BY 2024, WE WILL IMPROVE THE AVAILABILITY OF ACCESSIBLE HOMES, ADAPTABLE HOMES AND LIFE-TIME HOMES, THAT PROVIDE SUITABLE AND SUSTAINABLE ACCOMMODATION FOR FUTURE GENERATIONS

### Why is this objective important and how will it support people with protected characteristics?

- Disabled people face a shortage of accessible and adaptable homes and long delays in making existing homes accessible.
- Powys is recording a high number of applicants that are in need of appropriate accommodation due to a medical need or a disability and whose existing home is not appropriate.
- The Equality and Human Rights recent housing inquiry showed that disabled people are demoralised and frustrated by the housing system and living in homes that do not meet their right to live independently.
- Disabled people can experience serious deterioration in their mental wellbeing due to living in unsuitable accommodation. Nearly three times as many disabled people report poor mental health than non-disabled people. By providing disabled people with suitable accommodation we aim to reduce the number of disabled people reporting poor mental health.
- Findings from our regional engagement showed that the groups rated as having the worst experiences of accessing housing than the population as a whole were, wounger people and disabled people. Other groups were seen to have an approximately neutral experience of housing.

hat we will do	How we will know we are succeeding
Between 2021 and 2024, the 'Fit for Life' programme will improve access arrangements to 500 homes	By March 2022, 168 homes will benefit from the Fit for Life programme, followed by 168 by March 2023, and 164 by March 2024.
Between 2021 and 2024 the Disabled Facilities Grants programme will improve the quality of homes for 40 households each year.	We will deliver aids, adaptations and disabled facility grant funded works within 130 calendar days.
We will ensure there is an increased range of affordable housing, so people have greater variety of where to live and stay in their communities.	By the end of 2025 we will have built 250 new council-owned homes (dependant on availability of WG grant funding) (50 during 2021-22, 50 during 2022-23, 75 during 2023-24, and 75 during 2024-25). (This measure also supports the Affordable Housing Transformation Project.)

### **EQUALITY OBJECTIVE 4:** BY 2024, WE HELP PEOPLE TO GET THE SUPPORT THEY NEED TO PREVENT HOMELESSNESS

### Why is this objective important and how will it support people with protected characteristics?

- Rough sleeping has increased, and levels of homelessness remain a concern.
- Between February 2019 and January 2020, 697 people across Powys have sought advice and assistance with regards to homelessness. 515 (74%) of these are age 25+ and 182 (26%) are aged 16-24.
- Anyone might be at risk of being homeless, however the young, single men, single females and single females with children are more likely to be in need. The top two reasons for being at risk of homelessness in Powys s were a breakdown in relationship, followed by parents no longer able, or willing to accommodate their children.
- Findings from regional engagement showed that the group rated as having the worst experience of accessing housing were younger people, reflecting the difficulties of young people finding affordable housing.

### **WELL-BEING OBJECTIVE 3:**

## We will strengthen learning and skills

WHAT OUTCOME ARE WE AIMING TO ACHIEVE?

Powys residents are capable, confident and fulfilled. Learning and skills is a cornerstone of our vision, providing high quality educational opportunities for all our learners. We need to embrace the challenges of being a large rural organisation and use technology to improve access for all.

Objectives and measures marked with a star (\*) below may not be reported during 2021-22 due to the impact of the COVID-19 pandemic on normal educational assessments, for example exam results.

Whilst the COVID-19 pandemic has provided additional challenges, we are delivering quality blended learning to accommodate local, partial or full school closures. Digital devices with Mi-Fi connectivity are provided, where needed, to ensure that learners have the same access to learning.

Schools have identified learners in need of support due the disruption in learning that may have been caused by the pandemic and are using the Welsh Government's Accelerated Learning Provision grant to address these areas. We will develop support programmes to assist schools in develop support programmes to assist schools in develop support programmes and develops in learning developing.

We will be working with our schools to support them in their curriculum design as they prepare for the Curriculum for Wales. This will be in line with the expectations set out by the Welsh Government in their documents "Curriculum for Wales: the Journey to 2022" and "Curriculum for Wales: Implementation Plan".

### **EQUALITY OBJECTIVE 5:** BY 2024, WE WILL IMPROVE OPPORTUNITIES AND OUTCOMES FOR CHILDREN LIVING IN POVERTY.

### Why is this objective important and how will it support people with protected characteristics?

- Poverty has increased and a quarter of adults and a third of children are now living in poverty in Wales. In 2015/16 one in three (34.1%) children in Wales was living in poverty.
- In 2016, 9% of households across Wales were classified as 'food insecure'. Evidence from food banks suggests their use continues to rise. In 2017/18, the Trussell Trust's network of food banks in Wales provided 98,350 three-day emergency food supplies to people in crisis compared with 85,656 in 2015/16, an increase of 13%
- A survey of Trussell Trust food bank users across Britain found that certain groups may be more affected by food poverty. Single male households were the most common household type (38%), followed by female lone parents with children (13%).
- Features of socio-economic disadvantage are complex and are often interlinked. Early adverse life experiences, such as community or family poverty, have a detrimental effect on young adults' social economy attainment, such as income, assets and job quality.
- As part of developing our equality objectives, targeted focus groups were run with some mother and toddler groups and feedback from these confirmed that this should be a priority area for the council.

## What we will do

During 2021 to 2024 we will support effective use of the Pupil Development Grant (PDG) to improve literacy and numeracy skills. This will include:

Working with our schools to appropriately target the PDG and undertake an annual evaluation of the effectiveness / impact.

### How we will know we are succeeding

- The percentage of pupils in receipt of Free School Meals attaining the Foundation Phase Indicator will be 75% by July 2023.
- The percentage of pupils in receipt of Free School Meals attaining the CSI at Key Stage 2 will be 75% by July 2023.
- The percentage of pupils in receipt of Free School Meals attaining the CSI at Key Stage 3 will be 78% by July 2023.
- The average Capped 9-point score of pupils in receipt of Free School Meals will be 340 points by July 2023.

During 2021 to 2024 we will support school to ensure all children in Powys are able to attend school without the associated financial costs. Our actions (outlined below) will lead to equality of opportunity for all.

- During 2021-22, we will undertake an engagement exercise with schools and pupils about the establishment of a schools savings scheme (and work to establish the scheme in 2022-23).

- By March 2022, we will provide Financial Hardship support through a Council Tax scheme.
- By 2022, we will provide Housing Support through a Discretionary Housing Payment Scheme.
- Between 2021 and 2024, we will undertake a fuel poverty take up exercise with NEST.
- We will explore providing additional support by reducing council tax for foster carers.
- We will support families who are in 'in work' poverty in individual cases through debt / budgeting / benefits optimisation and fuel support.

- Between 2021 and 2025, an increased number of children that are entitled to Free School Meals will take up the service.
- Increased number of pupils using the School Holiday Enrichment Programme (SHEP) over the summer holidays which benefits their health & wellbeing. (This objective also supports Well-being Objective 4.)
- Between 2021 and 2025, we will report on the value of Pupil Development Grant Access grants provided.

Between 2021 and 2025, we will identify the number of families that receive financial (debt / budgeting / benefits) advice from the Council.

### **WELL-BEING OBJECTIVE 4:**

## We will support our residents and communities

### WHAT OUTCOME ARE WE AIMING TO ACHIEVE?

### Powys communities are vibrant, resourceful and

**connected.** We want communities to feel supported, have a say in what is provided for them locally and feel they play a key role in local service delivery, which is why this objective centres on engaging and working with our community and third sector partners to promote and strengthen community relationships, development and resilience.

## **EQUALITY OBJECTIVE 6:** BY 2024, WE WILL IMPROVE OPPORTUNITIES FOR OUR RESIDENTS AND COMMUNITIES TO BECOME MORE DIGITALLY INCLUSIVE, ENABLING THEM TO **EASILY ACCESS THE SERVICES THEY NEED** AND PARTICIPATE FULLY IN EVERYDAY LIFE.

### Why is this objective important and how will it support people with protected characteristics?

- Those who are considered "digitally excluded" are not able to enjoy the benefits of being online and use technology confidently to improve their day-to-day lives.
- Digital is unavoidable in our daily lives. Digitally excluded people miss out on the social and economic benefits the internet provides.
- With increasing digitalisation of services and communication, being older, a disabled person, having no qualifications, low income or living in social housing remain risk factors for digital exclusion, particularly in rural areas of Wales. The proportion of older people who use the internet was 22% in 2012/13 increasing to 40% in 2016/17. In 2016/17 they remained the age group with the lowest proportion of internet users.
- In Wales, households in social housing were less likely to have access to the internet in 2016/17 (72%) compared with those in privately rented or owner-occupied housing (88% and 87%).
- Findings from our regional engagement survey showed that the groups rated as having the worst experiences of access to information and digital services than the population as a whole were older People, disabled people and BME people. Younger people were perceived to have a much greater positive experience of accessing information and digital services.

that we will do	How we will know we are succeeding
Through the Hwb programme we will enable safe smart technology in schools and give pupils equitable access, through improved network infrastructure by March 2022.	By March 2022, all schools will have an environment to deliver blended learning (classroom and home based together) through digital technology.
By March 2022, we will implement integrated telephony and web channels to improve accessibility and user experience when contacting the Council.	Measures to be determined.
By 2024, we will understand how to inspire and encourage our local digital economy to use the transformative power of technology and encourage engineers and developers to build the next wave of inclusive technology for people with disabilities, by research to understand the gap in provision.	Measures to be determined.

### HOW DO OUR WELL-BEING OBJECTIVES CONTRIBUTE TO THE SEVEN WELL-BEING GOALS?

A PROSPEROUS WALES	Economy	Providing effective support and suitable premises will enable existing businesses to grow, generating wealth and jobs. Supporting vocational training and apprenticeships will provide opportunities for people to develop their skills and meet local business needs. Supporting the delivery of improved digital connectivity and helping businesses to take advantage of the technology will generate greater economic opportunities. Transport improvements is a key driver for the economy, especially in Mid-Wales which is a
		rural county with many Small and Medium-sized Enterprises (SMEs) across the county. Transport relies on good infrastructure and a high standard of frequent transport services.
	Health and care	Our health and care services will provide local job opportunities.  Children and young people will be supported to have the best start in life, laying the foundations for good qualifications and securing employment.
T CO SPRESILIENT WALES	Learning and skills	Providing effective learning interventions will support schools to improve and produce well-qualified individuals, more able to contribute to the prosperity of the county. Good education is a key driver in removing the negative impact of poverty on young people's life chances.
	Health and care	Using new technology enabled care (telecare and telehealth) we aim to reduce the need for carers to travel, reducing the impact on the environment.
96	Learning and skills	We are committed to modernising our schools to provide sustainable, low-carbon buildings with high quality educational environments fit for the 21st Century.
	Residents and communities	Through implementation of our Section 6 Plan, we will look for opportunities to maintain and enhance biodiversity.
A HEALTHIER WALES	Economy	Using our influence to develop a healthy and enterprising economy with good quality job opportunities and good quality housing will be major contributors to improving social and mental well-being.
	Health and care	Working with our partners in Powys Teaching Health Board to provide an integrated approach to health and care will enable people to make healthier choices, feel supported and connected to health and care providers.
	Learning and skills	Through implementation of the new education curriculum, we will support improvement of good quality, targeted education which will allow individuals to make more informed healthy life choices throughout

their lives.

**A GLOBALLY RESPONSIBLE WALES** 

Economy	Encouraging the growth of businesses and jobs in the county will provide better job opportunities and increased wage rates, which in turn will reduce deprivation and in-work poverty.
Health and care	Providing integrated health and care will help to reduce health inequality and ensure services meet individual needs.
Learning and skills	We are committed to ensuring our learners have equitable access to education provision regardless of their background or where they live.
Residents and communities	Retaining valued local services such as culture and leisure facilities will ensure they are more accessible to the communities they serve.
Economy	Supporting local events and festivals will help to strengthen communities and bring cultures together.
Health and care	Helping people to stay healthier for longer will enable them to contribute to their communities in a range of ways. Providing suitable accommodation will ensure that people can remain within their communities and stay connected to family and friends. Carers feel valued and supported as a vital part of their community.
Learning and skills	Where possible, the council will work to ensure the co-location of council services and other services on school sites, as part of new build projects so that they are central to community life.
Residents and communities	Working with communities will increase community engagement, capacity building and cohesion. As part of this work we will support our communities to develop the skills, capabilities and confidence necessary to be able to 'do things for themselves'. We will also support communities to have a voice and feel confident they are listened to.
Health and care	We will improve the Welsh language offer across health and social care services to improve equity. We are committed through our early intervention and prevention approach to encourage participation in arts, sports and recreation.
Learning and skills	Implementing our Welsh in Education Strategic Plan will improve equality of access to Welsh medium education and provide the best possible opportunities for our children and young people.
Residents and communities	Building on the arts and cultural opportunities available will encourage participation by all and contribute to the local economy.
Economy	Better access to improved digital connectivity will provide global market opportunities for Powys businesses.
Residents and communities	Through the Love Where You Live project, the council and Powys residents will be focused on looking after and maintaining their environment.

- By March 2025, broadband take-up for fibre to the cabinet (Open Reach telephone exchanges situated on streets and in villages) will improve from 53% to 67% by March 2022, 70% by March 2023, 73% by March 2024 and 75% by March 2025.

## TRANSFORMATION PROJECT - Integrated Business Planning

## THIS TRANSFORMATION WILL ACHIEVE:

## HOW WE WILL KNOW WE ARE SUCCEEDING:

We will make evidence-based decisions underpinned by accurate information; focus our service, financial and workforce planning on the outcomes the Council has committed to achieve instead of activity; and make the best use of resources by improving aroductivity and continually improving customer satisfaction.

102

- Develop a single plan that connects the council's Corporate Improvement Plan/ statutory obligations to service area operational plans, budget and workforce plans
- Develop and implement a model using Outcomes Based Budgeting to allocate resources to achieve the council's key priorities
- Make best use of the Council's financial and workforce resources by investing available funding and staff time in activities that will have the greatest impact on the outcomes we are seeking to achieve while also delivering our statutory obligation

- By March 2022, the Council will have integrated performance, finance and workforce ICT systems using Power BI
- By March 2024, the Council will have set an outcome-based budget for the whole council for the year 2024/25. For each of the next three years we will introduce a phased approach and introduce outcome based budgets using pilot schemes with services, until the whole Council budget is set as an outcome based approach

### **SECTION 4: PLANNING, MONITORING AND REVIEW**

### **HOW WE SET OUR OBJECTIVES**

Tudalen 103

To help us set our well-being objectives we used the information from the Powys Public Services Board's Well-being Assessment which gave us a clear picture of our assets, opportunities and challenges. Key findings included:

- Powys has a high proportion of micro businesses, but they don't tend to develop into larger ones. Those that do grow often move out of county
- Powys is the 6th most expensive local authority in Wales to buy a house, based on a ratio of full-time earnings compared to Land Registry house prices.
- Older people want to live independently for as long as possible and need a good choice of accommodation options. At the moment, provision is available but not necessarily in the right place
- There is not enough consistency in the quality and breadth of provision across our High Schools making it difficult for some pupils to achieve their full potential.
- Powys has one of the most challenging remits in Wales in terms of access to services, in particular access to areas by foot or public transport is poor.

We listen to feedback from residents through an ongoing programme of engagement and consultation. We also act on feedback from our key regulators and work in partnership with them to ensure our plans and objectives focus on the required service improvements. We also use information in the Welsh Government's Future Trends report to inform whether our well-being objectives need to be refined.

Similarly, our equality objectives were developed using evidence from research conducted by the Equality and Human Rights Commission (EHRC), published in their 2018 report called "is Wales Fairer?". This looked at people's experiences of important areas of life such as health, education, work, justice and individuals' role in society. Where possible, we also captured Powys level data to identify areas of greatest need. We used feedback received from residents via a partnership survey conducted with colleagues from councils, health boards, the police and fire service across Powys, Ceredigion, Carmarthenshire and Pembrokeshire. Views were sought on whether certain groups of people were likely to receive a better or worse outcome in key service areas like education, housing and social care. The survey also asked about employment and community cohesion. Powys residents who responded to the survey told us that in their view:

- disabled and older people had a worse experience in trying to gain employment than the other groups listed in the survey.
- young, old and single people had much more difficulty in obtaining suitable housing
- the increase in the digital information channels excludes certain sections of society and the biggest division relates to age and disability.

### We also asked for resident's views on our draft equality objectives through an online survey and a series of face to face engagement sessions, targeting groups who may be affected by the proposals.

The survey helped to clarify and check if residents supported the draft equality objectives, and actions being put forward or if they had any concerns or alternative ideas. Objective two is an internal objective for the council and as such was not featured in the public consultation. The findings told us:

- Most respondents were supportive of all objectives. There were slightly more respondents agreeing strongly with **Objective 4** and **5**.
- Fewer respondents felt strongly about Objective 6 but overall, all five were supported. One or two residents disagreed with each of the objectives however after considering all the engagement feedback the council feels these are the right priorities.
- 84% of respondents agreed that "improving the availability of accessible homes" should be a priority.
- 91% of respondents felt similarly regarding the objective to "improve outcomes for children living in poverty."
- 93% of respondents agreed that "preventing homelessness" should be a priority.
- 73% of respondents felt that "enabling communities in Powys to become more digitally inclusive" was an important objective.
- 87% of respondents agreed that providing disabled residents with paid employment was a priority objective.
- Some supporting actions were altered as a result of the engagement and a new one created.

We have not taken the approach of setting an individual objective for each protected characteristic but have set overarching objectives based on the needs and issues that people with protected characteristics face.

Where a specific protected characteristic is particularly disadvantaged, we have recorded this in the 'Why is this objective important and how will it support people with protected characteristics?' The issue of 'equality' as a whole is now much more focused on fairness for people and communities, rather than individual 'equality strands'. The table below shows which of our objectives aims to positively impact which protected characteristics.

## **I**■PACT ASSESSMENT ARE ALSO AN IMPORTANT TOOL

we use to determine how our planned objectives, services and polices impact upon different types of people. Before key decisions are made the impact assessment process requires us to consider potential negative and positive impacts including equalities, Socio-economic disadvantage, Welsh language, the Well Being of Future Generations Wales Act, sustainable development principles, communication and engagement.

We are committed to supporting the Welsh language in the area and are committed to delivering our Welsh language promotion strategy, which is available in **English** and **Welsh**.

The purpose of this Strategy is to develop and build on this work, and to establish an infrastructure that will ensure that more people are able to speak Welsh; to make it easier and normal for people to use the Welsh language; and to provide more opportunities to use the Welsh language. We will ensure the Welsh language is considered fully in the development of policies and services and that people are aware of their rights to receive services through the medium of Welsh, and that they can have confidence in the services provided through the medium of Welsh. The council appreciates the importance of the maintenance of Welsh as a community language and will work to support the areas linguistic status.

#### **HOW WILL WE WORK MORE SUSTAINABLY?**

#### THE WELL-BEING OF FUTURE GENERATIONS (WALES) ACT 2015

places a duty on local councils' to consider how it can work more sustainably across 7 core areas of change. This means, thinking more about the long term, collaborating better with people, partners and communities, involving people and other stakeholders in decision making, trying to prevent problems occurring or getting worse, and taking a more integrated approach. The council made a commitment to adopt these five ways of working as its overarching guiding principles and continues to look for opportunities to be more innovative and forward thinking.

In May 2020, the Future Generations Commissioner published her first Report, which analyses the progress of all public bodies in implementing the Well-being of Future Generations (Wales) Act. The report sets out a vast number of recommendations for public bodies to focus on over the rext five years, representing substantial opportunities to work towards the kind of Wales we all wish to see in the future. However, we are keen manage expectations and know we cannot try and do everything at once. As a council we have decided to focus on the recommendations that we believe are most significant to delivering our well-being objectives and in future proofing Powys. The table below outlines the recommendations we will focus on in the short term and how these will support us to work more sustainably.

#### WHAT ARE OUR KEY EQUALITY PRINCIPLES?

#### **GATHERING DATA AND SHARING INFORMATION**

We aim to collect effective quantitative and qualitative equality data and information to inform our decision making and service delivery, as it is important that our plans are based on sound evidence. To determine where inequality exists over time, we need to continually gather relevant equality information and data for analysis. This means services need to ensure systems are in place to capture, analyse and share appropriate data and decide how best to use that information to design and deliver services to meet users' needs. We will continue collecting workforce data to embed equality-related evidence into our employment policies and practices. The well-being of our future generations needs to be considered in the design of our services. To enable this our data must look at trends over time along with information from our service users to understand future requirements. This will enable us to plan for future scenarios to meet the needs of our service users in the future.

#### **PUBLISHING INFORMATION**

ensure that we are treating people fairly and fulfilling requirements of the General Duty in our employment actices, we will conduct equalities monitoring and analysis staff, and those who apply for positions.

We will publish an employment information report at the end of each financial year based on the figures as of the 31 March which can be found on our website:

www.powys.gov.uk/equalities.

#### PROMOTING KNOWLEDGE, AWARENESS AND TRAINING

It is important that all our staff and elected members are aware of the general and specific duties of the Equalities Act and its impact on their work, considering equalities when setting strategic direction and policy, reviewing performance and ensuring good governance. In order to achieve this, we need to communicate our equality objectives throughout the organisation and ensure that learning and development resources are targeted towards enabling individuals to fulfil their roles. Learning and development opportunities are available to all with equality and diversity being a core part of corporate learning and development and e-learning.

#### HOW WILL WE IMPLEMENT THE SOCIO-ECONOMIC DUTY?

To ensure we consider how our decisions might help reduce the inequalities associated with socio-economic disadvantage and fulfilling the requirements of the Socio-economic Duty, we have incorporated the duty into our Impact Assessment process. This means that all strategic proposals will need to consider the socio-economic costs and benefits before a decision is made. We let also continue to educate our staff and members through training and communications campaigns to raise awareness of the duty. We will continue to improve the way we gather and analyse data, to enable us to better understand local issues and apport the most vulnerable in our society. The new duty which came into effect on the 31st March 2021, will help by focusing how major decisions like the type of housing we build, our education strategies and investment plans can narrow the gaps were the most and the least advantaged in Powys.

#### **HOW WE MONITOR AND SCRUTINISE OUR PERFORMANCE**

In order to know whether we are achieving the outcomes and objectives set out in this plan, we must have a robust and timely way of monitoring and measuring performance against them.

We have in place a Performance Management and Quality

Assurance Framework under which we operate a regular reviewing cycle that effectively monitors our performance and helps us to learn from what is working, and what is not. Self-evaluation is an important part of our performance framework. It allows us to effectively evaluate our work and provides assurance to our regulators and residents that we are doing the right thing. Performance information allows us to direct resources to the right areas to improve outcomes.

ensure we give sufficient challenge to service improvement also have in place scrutiny arrangements that:

- continuously ask whether we are doing what we set out to do, and whether we are doing it well
- Are member-led, including the views of the public, partners and regulators
- Balance community concerns with issues of strategic risk and importance
- Are well communicated allowing the voice of citizens to be heard in the decision-making process

#### HOW WE GOVERN THE DELIVERY OF OUR PLAN

It is important that we are held to account on the delivery of our plan, and that is why we have a clear governance framework in place for its implementation, monitoring and reporting. The framework sets out the different roles and responsibilities of individuals/groups in delivering the objectives in Vision 2025, as well as other key service improvements.

During 2020, we have strengthened our governance arrangements to ensure a more robust framework for managing delivery of our Transformation Programme and key Service Improvements in Social Services, Education, **₩**using and Highways, क्तिnsport & Recycling. The dagram below sets out the different boards that we currently have in place to manage delivery of key objectives and to improve performance.

**REPORT AUTHOR: Chief Executive and Head of Paid Service** 

SUBJECT: Pay Policy Statement 2021/22

\_\_\_\_\_

REPORT FOR: Information

#### 1. Background and Purpose

All English and Welsh Local Authorities are required under local government legislation to produce and publish a Pay Policy Statement each financial year.

This Pay Policy Statement sets out the Council's approach to pay policy in accordance with the requirements of Section 38 of the Localism Act 2011. It takes account of the Revised Guidance relating to Pay Policy statements issued by the Welsh Government on 25th February 2014, on Pay Accountability in Local Government in Wales.

The purpose of the statement is to provide transparency with regard to the Council's approach to setting the pay of its employees (excluding those working in local authority schools) by identifying the methods by which salaries of all employees are determined. This requires English and Welsh Local Authorities to produce and publish a Pay Policy Statement for each financial year detailing:

- The Council's policies towards all aspects and elements of the remuneration of Chief Officers:
- The approach to the publication of, and access to, information relating to all aspects of the remuneration of Chief Officers;
- The Council's policy on the remuneration of its lowest paid employees (including the definition adopted and reasons for it);
- The relationship between the remuneration of its Chief Officers and other employees.

#### 2. Legislative Framework

In determining the pay and remuneration of all of its employees, the Council will comply with all relevant employment legislation. The Council will aim to ensure there is no pay discrimination within its pay structures by complying with Equal Pay requirements and that all pay differentials can be objectively justified through the use of equality proofed Job Evaluation mechanisms which directly relate salaries to the requirements, demands and responsibilities of the role.

#### 3. Proposal

The attached Pay Policy Statement sets out the Council's arrangements for the pay and remuneration of its employees for financial year 2021-22.

It is proposed that the Council approves the Pay Policy Statement to ensure compliance with Section 38 (1) of the Localism Act 2011.

#### 4. Statutory Officers

The Head of Finance (Section 151 Officer) comments that:

"The attached statement ensures we comply with the relevant legislative requirements."

The views of the Head of Legal and Democratic Services (Monitoring Officer) are:

# **POWYS COUNTY COUNCIL**Pay Policy Statement 2021/22

#### 1. Introduction and Purpose

- 1.1 This Pay Policy statement sets out the Council's approach to pay policy in accordance with the requirements of Section 38 (1) of the Localism Act 2011. The Act requires English and Welsh local authorities to produce and publish a pay policy statement each financial year, detailing:
  - The authority's policies towards all aspects and elements of the remuneration of chief officers
  - Their approach to the publication of and access to information relating to all aspects of the remuneration of chief officers
  - The authority's policies towards the remuneration of its lowest paid employees (including the definition adopted and reasons for it) The relationship between the remuneration of its chief officers and other employees.
- 1.2 Local authorities are large complex organisations with multi-million-pound budgets. They have a very wide range of functions and provide and/or commission a wide range of essential services. The general approach to remuneration levels may therefore differ from one group of employees to another to reflect specific circumstances at a local, Welsh or UK national level. It will also need to be flexible when required to address a variety of changing circumstances whether foreseeable or not.
- 1.3 The Council will continue to develop a Pay Policy and Strategy in this context and will seek to align rewards systems with business objectives. Once approved by the full Council, as required by the legislation prior to 31 March 2021, this pay policy statement will come into effect from 1 April 2021, and will be subject to review on a minimum of an annual basis in accordance with the relevant legislation prevailing at that time.

## 2. Legislative Framework

- 2.1 In determining the pay and remuneration of all of its employees, the Council will comply with all relevant employment legislation. This includes:
  - Equality Act 2010
  - Part Time Employment (Prevention of Less Favourable Treatment) Regulations 2000
  - The Agency Workers Regulations 2010
  - Transfer of Undertakings (Protection of Earnings) Regulations.
- 2.2 With regard to the Equal Pay requirements contained within the Equality Act, the Council will ensure there is no pay discrimination within its pay structures and that all pay differentials can be objectively justified through the use of equality

proofed Job Evaluation mechanisms which directly relate salaries to the requirements, demands and responsibilities of the role.

## 3. Scope of the Pay Policy

- 3.1 The Localism Act 2011 requires authorities to develop and make public their pay policy on all aspects of Chief Officer Remuneration (including on ceasing to hold office), and that pertaining to the 'lowest paid' in the authority, explaining their policy on the relationship between remuneration for Chief Officers and other groups.
- 3.2 Nothing within the provisions of the Localism Act 2011 detracts from the Council's autonomy in making decisions on pay that are appropriate to local circumstances and which deliver value for money for local tax payers.
- 3.3 In the interests of transparency and accountability, the Council has taken a broader approach and has produced a policy covering all employee groups with the exception of School teachers (the pay for this group is directly under local authority control).

## 4. Development of Pay and Reward Strategy

- 4.1 The primary aim of a reward strategy is to attract, retain and motivate suitably skilled staff so that the organisation can perform at its best. The biggest challenge for the council in the current circumstances is to maximise productivity and efficiency within current resources. The pay policy then is a matter of striking a sometimes difficult balance between setting remuneration levels at appropriate levels to facilitate a sufficient supply of appropriately skilled individuals to fill the authority's very wide range of posts, and ensuring that the burden on the taxpayer does not become greater than can be fully and objectively justified.
- 4.2 In this context it does need to be recognised that at the more senior grades in particular, remuneration levels need to enable the attraction of a suitably wide pool of talent (which will ideally include people from the private as well as public sector and from outside as well as within Wales), and the retention of suitably skilled and qualified individuals once in post. It must be recognised that the council will often be seeking to recruit in competition with other good public and private sector employers.
- 4.3 In addition the council is a major employer in the area. As such we must have regard to our role in improving the economic well-being of the people of the County. The availability of good quality employment on reasonable terms and conditions and fair rates of pay has a beneficial impact on the quality of life in the community as well as on the local economy.
- 4.4 In designing, developing and reviewing Pay and Reward strategy the council will seek to balance these factors appropriately to maximise outcomes for the organisation and the community it serves, while managing pay costs appropriately and maintaining sufficient flexibility to meet future needs.

## 5. Specific Local Factors Affecting Pay Policy

#### 5.1 Local Labour Market Factors

Data from the 2011 Census and other statistics relating to Powys population trends and labour market information indicates a low birth rate and a large outward migration of young people coupled with a large inward migration of older people. Powys is seen as an attractive place to retire and there are limited opportunities for higher education and employment opportunities for young people. Currently the Council employs very few young people under the age of 21 and opportunities for school leavers and graduates have been limited, mainly due to the economic climate and the constraints on budgets. The Council's workforce reflects the community which is steadily getting older. The Council has reacted to this trend by introducing employment and training opportunities for young people, through increasing the number or apprentices. In this way the Council aims to have sufficient skills to sustain services in the future.

#### 5.2 Current Recruitment and Retention Issues

Traditionally Powys County Council has difficulties attracting large numbers of candidates for 'hard to fill' posts in a number of areas across the Council. Examples are in the areas of Social Care, in particular, Social Workers and Children's Residential Care Workers. This difficulty also exists with Chief Officer roles and in other professionally qualified areas such as Planning, Engineering, Legal, Human Resources, Health and Safety and Finance. The Council also has an ageing population in comparison to other Local Authorities in Wales and this, combined with the rural nature of the county and large geographic area, means that the Council can experience difficulties with recruitment and retention. As such the Council has introduced an Apprenticeship initiative including career graded pay rates.

## 6. Pay Structure – National Joint Council / Single Status Staff

#### 6.1 Current Position

The Council applies the National Joint Council (NJC) negotiated pay spine as the basis for its main grading structure. This determines the salaries of the larger majority of the workforce.

On 24<sup>th</sup> August 2020, agreement was reached between the National Employers and the NJC Trade Union Side on rates of pay applicable from 1 April 2020.

The NJC pay agreement, effective from 1 April 2021 has yet to be agreed with discussion between Trade Unions and the Employers side on-going. Once agreed, the Council are contractually obliged to implement.

#### 6.2 Job Evaluation

The Council's systematic approach to determining the value and worth of posts that are currently subject to the NJC nationally agreed pay spine was implemented from the 1<sup>st</sup> April 2013. This revised pay and grading structure was subject to an equal pay audit. Payment protection paid to staff suffering a detriment was agreed for a 12-month period and ended on the on 31<sup>st</sup> March 2014. All qualifying posts continue to be job evaluated to ensure that the integrity of the single status is maintained, ensuring that staff are remunerated fairly whilst also protecting the Council from any future Equal Pay claims.

#### 6.3 Terms and Conditions

In conjunction with the job evaluation process a review of associated terms and conditions has been undertaken which has consolidated the range of nationally and locally negotiated terms which have been agreed through previous collective bargaining. The objective is to apply a single status approach across the authority which is fair for all staff and which also complies with the equality impact assessment.

#### 6.4 National Living Wage / National Minimum Wage

Through contractually adopting the NJC pay rates with a minimum of £9.25 per hour (currently based on 2020 pay rates), the Council continues to pay the lowest paid staff well above the Statutory National Living Wage and National Minimum Wage rates, which are as follows:

Year	National Living Wage (Age 23+)	21-22 Year Old Rate	18-20 Year Old Rate	16-17 Year Old Rate	Apprentice Rate
1 <sup>st</sup> April 2021	£8.91	£8.36	£6.56	£4.62	£4.30

#### 6.5 Living Wage Foundation

Through the 2019/20 Pay Policy, Council agreed that any pay rates falling below the non-statutory Living Wage Foundation (LWF) rate should 'increase in-line with the Living Wage Foundation Rate in future years'. This agreement continued in 2020/21.

Whilst there was no impact from 1<sup>st</sup> April 2019 as both rates were £9.00 per hour, the 2020 LWF rate increased to £9.30 per hour resulting in the Council uplifting the hourly rate of the lowest paid staff by 5p per hour. As the National Pay Bodies are yet to agree the pay rates from 1<sup>st</sup> April 2021, Council employees receiving less than increased 2021 LWF rate of £9.50 per hour will have their rates uplifted accordingly, effective from 1<sup>st</sup> April 2021. This impacts on scale point 1 and scale point to 2 of the Council pay Grades, which based on 2020 rates are currently £9.25 and £9.43 per hour respectively.

#### 6.6 Acting Up/Honoraria

On occasions when employees undertake additional responsibilities for a limited period of time, the Head of Service will have the discretion to award an honorarium or acting up payment. This will be applied in line with the Guidance attached at Appendix B.

#### 6.7 Pay and Performance

The Council introduced a new appraisal process in October 2018 and expects high levels of performance from all its' employees. Individual performance is managed and supported by line managers, with the relationship between line manager and staff member being key to ensuring we have engaged and motivated staff, who are enabled in their work and can utilise their ideas to improve services. This is vital to ensure all employees and services contribute to meeting the priorities set out in the Councils Vision 2025. There are no bonus related pay incentives in place.

#### 6.8 Pensions

All Council employees (with the exception of Teachers) are entitled to join the local government pension scheme (LGPS). If employees are eligible, they will automatically become a member of the scheme (to join they must have a contract for at least 3 months and be under the age of 75). Employees can decide to opt out of the scheme. The benefits and contributions payable as part of the scheme are set out in the LGPS regulations.

## 7. Accountability and Decision Making

7.1 In accordance with statutory requirements and the Constitution of the Council policies relating to the recruitment, pay, terms and conditions, and severance arrangements of all employees of the Council is the responsibility of the Council.

#### 8. Chief Officer Remuneration

#### 8.1 Definition of Chief Officer:

For the purposes of this statement, 'chief officers' are as defined within S43 of the Localism Act. The posts falling within the statutory definition are set out below

- Chief Executive (Head of Paid Service)
- Corporate Director (Children & Adults) (Director of Social Services)
- Corporate Director (Resources and Transformation)
- Corporate Director (Economy and Environment)
- Head of Commissioning (Children & Adults)

- ➤ Head of Legal and Democratic Services (Monitoring Officer)
- Head of Transformation and Communications
- ➤ Head of Childrens Services
- Head of Finance (Section 151 Officer)
- Head of Highways, Transport and Recycling
- Head of Workforce and Organisational Development
- Head of Adult Services
- ➤ Head of Housing and Community Development
- ➤ Head of Property, Planning and Public Protection
- Head of Digital Services
- > Interim Head of Education

The above posts are governed by JNC terms and conditions of employment.

The 2020-21 nationally agreed pay award applied a 2.75% uplift to salaries from 1<sup>st</sup> April 2020. The JNC pay agreement, effective from 1 April 2021, has yet to be agreed with discussion between Trade Unions and the Employers still on-going. Once agreed, the Council are contractually obliged to implement.

The Council also has a category of employees employed on Senior Manager (SM) grades. These grades fall between the top of the NJC pay spine and the bottom of the Head of Service range. These posts are governed by NJC terms and conditions of employment, with national pay awards applied accordingly.

The grades ranges for all the above posts are agreed locally and are attached at Appendix C.

The Council has a number of posts within the Schools Service and Youth Service that are employed under Soulbury or Youth & Community terms and conditions. The Soulbury grades are attached at Appendix D, with Youth & Community attached at Appendix E. The last pay award agreed for both bodies was 2.75% effective from 1<sup>st</sup> September 2020. The pay award effective from 1<sup>st</sup> September 2021 is yet to be agreed at national level.

#### 8.2 Recruitment of Chief Officers

The Council's policy and procedures with regard to the recruitment of Chief Officers is set out within Section 11 of the Constitution. When recruiting to all posts the Council will take full and proper account of its Equal Opportunities, Recruitment and Redeployment policies. The determination of the remuneration to be offered to any newly appointed Chief Officer will be in accordance with the pay structure and relevant policies in place at the time of recruitment.

## 8.3 Policy on the Payment of Chief Officers on ceasing to hold office or to be employed by the Council

Should a Chief Officer be in a redundancy situation and no alternative employment can be found they will, like all other employees, be entitled to compensation in line with the Council's Redundancy Compensation Scheme.

The Councils approach to statutory and discretionary payments on termination of employment of chief officers (and all other employees), prior to reaching normal retirement age, is set out within its Early Retirement and Redundancy Policy, in accordance with Regulations 5 and 6 of the Local Government (Early Termination of Employment) (Discretionary Compensation) Regulations 2006. This is in respect of a redundancy payment being based on actual weekly earnings (Regulation 5) and when an enhanced redundancy payment of up to 30 weeks would be granted (Regulation 6). Regulations 12 and 13 of the Local Government Pension Scheme (Benefits, Membership and Contribution) Regulations 2007 do not apply as the Authority does not increase the total membership of active members (Regulation 12) or award additional pension (Regulation 13).

Decisions relating to any other payments falling outside the provisions or the relevant periods of contractual notice will be taken by those officers and members authorised to do so by the Constitution.

## 9. Re-employment of Staff

- 9.1 The Council has a Re-employment of Former Employees Policy which came in to effect from 1 September 2014, updated in November 2018.
- 9.2 The purpose of the policy is to set out the Council's approach to the reemployment of certain categories of ex-employees.

#### 9.3 Redundancy / Efficiency Cases

The Council will not engage such former employees on a contract of employment, or through an employment agency, nor engage them in a "contract for services", for a period of 12 months from the date of termination of their employment. After this period, restrictions on their re-employment are removed.

9.4 Engagement in a "contract for services" means appointing a genuinely selfemployed individual such as a consultant where the relationship between the parties is not that of employer and employee.

#### **Exceptions – Redundancy and Efficiency**

- 9.5 Where there is a compelling case for re-employment or re-engagement inside the 12-month period, driven by the needs of the Council (for example, because of the skills and experience of a particular individual) or the circumstances of the former employee, approval must be sought from the Head of Workforce and Organisational Development.
- 9.6 The recruiting manager must submit a case in writing stating why an exception to the general policy should be made. No offer of employment, or contract for services, may be offered, nor arrangement with an employment agency be made until the Head of Workforce and Organisational Development has given express written permission to do so.

- 9.7 The following factors may make it likely that a request for re-employment or a contract for services will be agreed, although not guaranteed:
  - The new employment is for a short period (temporary), or casual, or for very few hours a week, and/or is on a lower job grade than the original job;
  - The new employment is in a markedly different capacity (job role or service area) to the original job;
  - The employee has scarce skills which the Service has demonstrated (through a detailed business case) it cannot secure easily elsewhere.
- 9.8 There is no right of appeal against the decision of the Head of Workforce and Organisational Development.

#### 9.9 Misconduct/ Lack of Capability Cases:

The Council will not re-employ such ex-employees, nor engage their services through an employment agency nor under a contract for services, and there is no qualifying period, subject to the following exceptions outlined below.

#### **Exceptions – Misconduct or Lack of Capability Cases**

- 9.10 The Council recognises that there may be a case for re-employment in some circumstances, although it is highly unlikely.
- 9.11 The Council will not normally re-employ an employee who was dismissed on the grounds of gross misconduct. However, there may be very exceptional circumstances (such as a significant period of time since the dismissal) when re-employment may be considered. The final decision rests with the Head of Workforce and Organisational Development who will take account of the reasons for dismissal and the potential and/or likelihood for future misconduct.
- 9.12 The Council may re-employ an ex-employee who was dismissed on the grounds of lack of capability, or on grounds of misconduct short of gross misconduct. Reemployment will be subject to an assessment by the respective Head of Service and the Head of Workforce and Organisational Development of the applicant's suitability for the new role in the light of the previous case.

#### 10. Remuneration at the Lowest Grades

10.1 The lowest paid employees employed under a contract of employment with the Council, are remunerated on full time equivalent salaries in accordance with the minimum NJC spinal column point currently in use within the Council's grading structure. From 1<sup>st</sup> April 2021 this is spinal column point 1, currently £17,843 FTE per annum (£9.25 per hour) until the 2021 pay award is agreed. This hourly rate will however increase in-line with the Living Wage Foundation Rate (see paragraph 6.5), resulting in the lowest paid employees being paid at least £9.50 per hour (£18,329 FTE per annum).

- 10.2 The Council does run an apprenticeship scheme where individuals are engaged under a fixed term contract for a period of up to three years. During this time their rates of pay comply with the nationally applied rates for an apprentice and therefore they do not fall into the category of lowest grade or lowest paid in the council.
- 10.3 The relationship between the rate of pay for the lowest paid and chief officers is determined by the processes used for determining pay and grading structures as set out earlier in this policy statement

## 11. Pay Relativities within the Authority

- 11.1 The statutory guidance under the Localism Act recommends the use of pay multiples as a means of measuring the relationship between pay rates across the workforce and that of senior managers, as included within the Hutton 'Review of Fair Pay in the Public Sector' (2010). The Hutton Report was asked by Government to explore the case for a fixed limit on dispersion of pay through a requirement that no public sector manager can earn more than 20 times the lowest paid person in the Organisation. The report concluded that the relationship to median earnings was a more relevant measure and the Government's Code of Recommended Practice on Data Transparency recommends the publication of the ratio between highest paid salary and the median average salary of the whole of the Authority's workforce.
- **11.2** The multiples of pay for Powys County Council are as follows:
  - 1. The multiple between the lowest paid full time equivalent employee (£17,943) and the chief executive (£141,769) is 1:7.90
  - 2. The multiple between the lowest paid employee (£17,943) and mean average chief officer including the Chief Executive (£90,611) is 1:5.05 (mean average Chief Officer includes Chief Executive)
  - 3. The multiple between the lowest paid employee (£17,943) and mean average chief officer excluding the Chief Executive (£86,957) is 1:4.85 (mean average Chief Officer excludes Chief Executive)
  - 4. The multiple between the median (average) full time equivalent earnings (£23,080) (excluding schools) and the chief executive (£141,769) is 1:6.14
  - 5. The multiple between the median (average) full time equivalent earnings (£23,080) (excluding schools) and mean average chief officer including the Chief Executive (£90,611) is 1:3.93
  - 6. The multiple between the median (average) full time equivalent earnings (£23,080) (excluding schools) and mean average chief officer excluding the Chief Executive (£86,957) is 1:3.77

(information based on Payroll data February 2021)

#### 12. Publication

- 12.1 Upon approval by the full Council, this statement will be published on the Council's website before 31 March 2021.
- 12.2 The Council's Annual Statement of Accounts will also include additional information as required by the Accounts and Audit (Wales) Regulations 2005 (as amended) and in respect of posts where remuneration is £60,000 or more per annum.

## 13. Partnership with Trade Unions

13.1 The Council will endeavour to maintain the constructive partnership approach that it has developed with the recognised Trade Unions and will continue to work closely with them on pay related matters. Collective bargaining will be followed as appropriate for any proposed changes to pay and /or allowances.

## 14. Reviewing the Policy

14.1 This Policy outlines the current position in respect of pay and reward within the Council and it will be reviewed over the next year to ensure that it meets the principles of fairness, equality, accountability and value for money for the citizens of Powys. The Policy will be reviewed annually and reported to Council.

#### **APPENDIX B**

#### **Acting Up / Honoraria and Relief Arrangements**

#### **Cover for Managers /Supervisors**

Acting up allowances will be paid in the event of a temporary and unforeseen absence of a manager or supervisor where an employee is required to cover the duties of the post for more than one calendar month. Cover provided for absences less than this will not be paid.

Where an absence is likely to be lengthy, e.g Maternity Leave, managers must consider making an appointment to the temporary vacancy through advertisement to a wider field of potential applicants.

Once cover extends beyond one month then employees will be paid the difference between their own rate and the job evaluated rate for the job being covered, backdated to the beginning of the period of cover. A minimum of one spinal column point higher will be paid. A percentage of the difference in rate may be made to reflect a lesser range of responsibilities being covered. Percentage acting up allowances may be paid to more than one member of a team if responsibilities are being shared. Where full duties are shared the acting allowances should be equal to the full difference in salary.

#### <u>Honoraria</u>

On occasion when employees undertake additional responsibilities for a limited period of time the Head of Service will have the discretion to award an honorarium. This will not be a full job evaluated rate given the time limits on the responsibilities however the job evaluation scheme can be used to help establish a reasonable honoraria rate. If the additional duties are outside the usual knowledge and skill requirements it maybe necessary to use market information (in accordance with the market supplement policy) to establish a payment level. Honoraria should cease after 12 months. If the additional duties continue then an evaluated rate must be established, if necessary with a market premium, in accordance with the market Supplement Policy.

#### **Relief / Casual Arrangements**

Where there is a business requirement for a relief duty officer e.g as part of a duty roster a single fixed job evaluated rate for the relief role should be established and paid as a change of rate for the period during which the employee covers the duty requirements.

Casual workers are entitled to the evaluated rate for the job unless they are not required to cover the full duties of the job. If this is the case then a casual worker job evaluated rate must be established. The casual worker is entitled to any allowances arising from non-standard working in the same circumstances as an established employee.

#### CYNGOR SIR POWYS COUNTY COUNCIL

County Council 4 March 2021

REPORT AUTHOR: County Councillor Rachel Powell, Portfolio Holder for

**Young People and Culture** 

SUBJECT: Question from County Councillor Stephen Hayes

On 21<sup>st</sup> August the Home Office, Department of Education, ADCS and LGA wrote to councils in relation to Unaccompanied Child Migrants (sometimes referred to as unaccompanied asylum-seeking children) stating that a crisis of care was arising in Kent due to the numbers of vulnerable young people requiring care.

The letter stated that: '... further emergency support is needed for the following across all parts of the UK:

- Offers of placements in your area
- Offers to take full responsibility under the Children Act 1989 for these young people
- Offers to supervise young people placed in your area
- Offers to accommodate young people directly from the Kent Intake Unit in Dover.'

#### (the full text can be found at

On 28<sup>th</sup> August it was announced in local media that Powys had rejected this appeal and would not be offering a welcome to Unaccompanied Child Migrants. Many people have contacted me to deplore this decision, emphasising the compassion they feel we, as a county and a nation, should feel and our duty to show that in action.

Could you please clarify what response was given to the letter of 21<sup>st</sup> August; what action has been taken, as a Council and in collaboration with other councils, to offer a welcome to Unaccompanied Child Migrants; and the number of such children so far assisted or for whom Powys County Council has accepted responsibility under the Children Act.

#### Response

Housing advised Cllr Hayes last September that: "The Housing Service would not, I'm afraid, be in position on its own to welcome or accommodate Unaccompanied Child Migrants. I would suggest that our Children's Services team would be best

placed to advise whether or not the Council has a whole could either directly accommodate or enable others to do so."

Housing Services is not able to provide accommodation for unaccompanied children, regardless of the child's background. This is because people under the age of 18 cannot hold a legal interest in a property by means of a tenancy agreement. Any accommodation for a 16 or 17 old unaccompanied child, if considered a 'child in need of care and support', would usually be provided by Children's Services which may ask Housing Services to help source a suitable property. For unaccompanied children aged 15 or less, Children's Services are responsible for meeting a child's care and support needs, including accommodation.

In order for Children's Services to accept responsibility for an unaccompanied asylum seeking child from Kent we would need to identify a placement in which a child can live.

We are working hard to increase the placement capacity but given the increase in CLA numbers during the pandemic, we have needed to place more children out of County.

We do not have suitable supported/semi-independent accommodation in County.

These issues together mean that identifying a suitable placement is a real challenge.

We had begun to look at the options for placements so that we could offer support but following discussion between the All Wales Heads of Children's Services, there is a proposal for Powys to take part in a National (Wales) approach to respond to the National (UK) Transfer Scheme. This will provide a solution that will better suit the needs of young people.
