## **2.5 Conclusion**

The authority acknowledges that the closure of any school will have a detrimental impact on the facilities available in the local community. It is clear that the community of Nantmel makes extensive use of Nantmel C. in W. School's facilities for a wide range of activities and events, due to the fact that there is no other suitable location to hold these activities in the village. It is currently unclear where these activities could take place should Nantmel C. in W. School close.

In terms of extra-curricular activities, a wide range of activities are offered by both schools, and the authority is satisfied that pupils would have the opportunity to take part in a similar range of activities at the proposed receiving school. However, as many of these are offered after school, it is acknowledged that it would be more difficult for those pupils for whom Nantmel C. in W. School is their closest school to access these activities if they were reliant on home to school transport.
