AGENDA

1.	YMDDIHEURIADAU	A56-2016
-----------	-----------------------	-----------------

Derbyn ymddiheuriadau am absenoldeb.

2.	DATGANIADAU O DDIDDORDEB	A57-2016
-----------	---------------------------------	-----------------

Derbyn datganiadau o ddiddordeb gan Aelodau.

3.	DATGELIAD CHWIP PLAID	A58-2016
-----------	------------------------------	-----------------

Derbyn datganiadau ynglyn â gwaharddiad chwip plaid a gyflwynwyd i Aelod mewn perthynas â'r cyfarfod yn unol ag Adran 78 (3) Mesur Llywodraeth Leol 2001.

(D.S: atgoffir yr Aelodau, dan Adran 78, na all Aelodau sydd wedi derbyn gwaharddiad chwip plaid bleidleisio ar fater gerbron y Pwyllgor.

4.	COFNODION	A59-2016
-----------	------------------	-----------------

Awdurdodi'r Cadeirydd i lofnodi cofnodion y cyfarfod blaenorol.

(Tudalennau 5 - 14)

5.	DATGANIAD O'R CYFRIFON	A60-2016
----	-------------------------------	-----------------

5.1. **Cau'r cyfrifon a datganiad o'r cyfrifon**

Ystyried adroddiad yr Arweinydd Proffesiynol, Cyllid

(Tudalennau 15 - 16)

5.2. **Archwiliad o Adroddiadau Datganiadau Ariannol**

Ystyried Adroddiadau Datganiadau Ariannol Swyddfa Archwilio Cymru.

(Tudalennau 17 - 48)

5.3. **Llythyrau Cynrychiolaeth**

Ystyried y Llythyrau Cynrychiolaeth.

(Tudalennau 49 - 56)

5.4. **Datganiad o'r Cyfrifon**

Ystyried Datganiad o'r Cyfrifon

(Tudalennau 57 - 240)

6.	YMHOLIADAU ARCHWILIO I'R RHEINY SYDD Â CHYFRIFOLDEB LLYWODRAETHU A RHEOLAETH	A61-2016
----	---	-----------------

Ystyried yr ymatebion drafft i'r ymholiadau a wnaed o'r rheiny â chyfrifoldeb llywodraethu.

(Tudalennau 241 - 268)

7.	ADRODDIAD GWELLIANT BLYNYDDOL	A62-2016
----	--------------------------------------	-----------------

Ystyried yr Adroddiad Gwelliant Blynyddol.

(Tudalennau 269 - 306)

8.	ARCHWILIO MEWNOL O DARPARIAETH GWASANAETH YN Y DYFODOL	A63-2016
----	---	-----------------

Ystyried adroddiad y Pennaeth Gwasanaethau Proffesiynol.

(Tudalennau 307 - 310)

9.	TREFNIADAU CYFUNO'R GRONFA BENSIWN	A64-2016
-----------	---	-----------------

Ystyried adroddiad yr Aelod Portffolio Cyllid.

(Tudalennau 311 - 312)

10.	PANEL CRAFFU CYLLID	A65-2016
------------	----------------------------	-----------------

Ystyried adroddiad crynodeb craffu.

(Tudalennau 313 - 314)

11.	RHAGLEN WAITH	A66-2016
------------	----------------------	-----------------

Ystyried y rhaglen waith ar gyfer y dyfodol ac unrhyw eitemau ychwanegol a ddylid eu cynnwys.

(Tudalennau 315 - 318)

12.	GRWP LLYWIO CADEIRYDDION AR Y CYD	A67-2016
------------	--	-----------------

Ystyried nodiadau cyfarfod y Grwp Llywio Cadeiryddion ar y Cyd a gynhaliwyd ar 5 Gorffennaf a nodiadau drafft y cyfarfod a gynhaliwyd ar 13 Medi 2016.

(Tudalennau 319 - 330)

13.	GOHEBIAETH	A68-2016
------------	-------------------	-----------------

Ystyried unrhyw eitemau o ohebiaeth sydd, ym marn y Cadeirydd, yn ddigon o frys i haeddu ystyriaeth.

Mae'r dudalen hon wedi'i gadael yn wag yn fwriadol

MINUTES OF A MEETING OF THE AUDIT COMMITTEE HELD AT COMMITTEE ROOM A - COUNTY HALL, LLANDRINDOD WELLS, POWYS ON THURSDAY, 7 JULY 2016

PRESENT

County Councillor JG Morris (Chair)

County Councillors A W Davies, G Hopkins, P J Medicott, WD Powell, D G Thomas, T J Van-Rees, S L Williams and Mr J Brautigam

In attendance: County Councillor W T Jones

Officers: David Powell (Strategic Director - Resources), Jane Thomas (Professional Lead, Finance), Caroline Evans (Risk and Assurance Manager), Vince Hanly and Louise Barry (Head of Operations for Adult Services)

Apologies for absence were received from County Councillors D E Davies, E R Davies, L R E Davies and R G Thomas

1.	APOLOGIES	A39-2016
-----------	------------------	-----------------

Apologies for absence were received from County Councillors D E Davies, E R Davies, L R E Davies and R G Thomas.

2.	DECLARATIONS OF INTEREST	A40-2016
-----------	---------------------------------	-----------------

There were no declarations of interest.

3.	DISCLOSURE OF PARTY WHIPS	A41-2016
-----------	----------------------------------	-----------------

There were no disclosures of party whips.

4.	MINUTES	A42-2016
-----------	----------------	-----------------

The Chair was authorised to sign the minutes of previous meetings, held on 15 April and 11 May 2016, as correct records.

5.	INTERNAL AUDIT	A43-2016
-----------	-----------------------	-----------------

43.1. Annual Review

Documents:

- Annual Internal Audit Report 2015/16

Discussion:

- Requirement of Public Sector Internal Audit Standards (PSIAS)
- 76% of opinions provide Substantial or Reasonable Assurance – an increase in line with previous years demonstrating that control continues to improve
- Close working links with service areas are essential
- Any audit showing inadequate assurance is tracked by the Internal Audit Working Group
- Fundamental systems are good with only one area having issues which are being addressed
- There will be a move to post transaction checking rather than pre transaction
- Details of special work were noted

County Councillor T J Van Rees arrived at 10.15.

- There were increasing attempts in electronic fraud
- Processes are in place to deal with fraud
- The Team proactively support change by challenging and supporting new systems and developments
- The Team was sufficiently well resourced to deliver the Internal Audit Plan but further savings may be required. Consideration was also being given to future delivery of the service.
- The Internal Audit Manager confirmed there had been no restrictions placed on him
- Technical skills within the Team were improving
- A peer review would be conducted during the forthcoming year
- The Internal Audit Manager was able to confirm that the control environment was generally effective and assurance was satisfactory
- The Committee asked whether a breakdown was available where an adverse opinion had been given regarding value for money. This was not available but an outcome report was in the process of development which would highlight all weaknesses.
- The Chair commented that it was pleasing that 100% of grant funding was compliant
- He also thanked the Internal Audit Working Group for their detailed work on limited and low assurance items. The proactive way in which the Planning Department had dealt with a report into S106 Agreements was noted. The issue of business continuity in ICT would continue to be monitored closely to ensure the action plan was fulfilled.

Outcome:

- **That the report be noted**

43.2. Annual Audit Plan

Documents:

- Report of the Internal Audit Manager
- Internal Audit Planning Strategy
- Work Programme 2016-17

Discussion:

- The Audit Committee are required to ensure that Internal Audit cover key areas across the Authority
- The Strategy details the key drivers for the plan and prioritising the work programme
- In addition, discussions with Heads of Service can highlight further areas for consideration
- Contract management will be essential as the Council moves forward
- There remain gaps across the Authority in commissioning skills
- The Team must remain flexible as the Council transforms
- A review of the Medium Term Financial Strategy (MTFS) is underway and will be considered by the Finance Scrutiny Panel (FSP) once completed
- Members asked whether Internal Audit were being asked to audit contracts at an early stage. The Internal Audit Manager confirmed that some commissioning exercises to assess the processes being employed had been reviewed. This will continue with some commissioning projects being selected for review. Some will be considered pre commissioning and some after. The Internal Audit Manager confirmed that he was aware of commissioning activity although there was no central point of information. The Strategic Director, Resources was of the opinion that good progress was being made. He informed the Committee that a draft Resource Plan had been completed which identified the major change activities over the next three years. The FSP would be considering the Plan in detail at their next meeting.
- Further concerns were raised that monitoring of commissioning projects must follow right through the project. The Joint Chairs and Vice Chairs Steering Group had raised concerns regarding the Commissioning and Procurement Board with Cabinet and were awaiting a response. An officer in HR was to review the position regarding commissioning and the Committee would monitor that review
- A further issue was raised regarding the awarding of a contract to a company which had still not resolved issues with another project. The Strategic Director, Resources agreed to assess the concerns and email a response to Committee Members.
- The Committee noted the difficulty in recruiting to the Authority. This was also referred to in the Corporate Risk Register later on the agenda and the Committee considered that this needed to be further investigated. The Strategic Director, Resources acknowledged that recruitment was difficult in some areas due to a combination of location and salary levels. He was of the opinion that the Authority needed a greater depth of resource that could be drawn on and a variety of skill sets. Members were concerned to note that approximately £2M was spent on agency staff. It was also noted that there seemed to be a reluctance for professionals to take up employment in local authorities although the public sector has traditionally

been able to recruit more easily during times of recession. It was further noted that the MPQH was a requirement for Head Teachers in Wales but not in England and consideration may be given to making this qualification 'desirable' rather than 'essential' to aid recruitment of Head Teachers. It was suggested that the issue be referred to the Joint Chairs and Vice Chairs Steering Group for further consideration.

Outcome:

- **The review into commissioning to be monitored by Audit Committee**
- **The Strategic Director, Resources would email a response regarding the letting of a contract following concerns regarding issues with a previous contract**
- **That the Joint Chairs and Vice Chairs Steering Group be asked to consider the issue of recruitment**

43.3. External Quality Assessment - Follow Up

Documents:

- Internal Audit Manager report
- KPMG External quality Assessment – follow up

Discussion:

- Progress was made in implementing the actions arising from the original report
- An Audit Management System had not been progressed pending consideration of alternative delivery methods
- The Authority would be conducting soft market testing for the service in the near future
- The Committee noted that the report highlighted the strategic role of Internal Audit within the Council
- The Chair and Vice Chair of the Committee had been interviewed as part of the follow up process

Outcome:

- **The report was noted and a final action plan will be considered by the Audit Committee once there is clarity regarding alternative delivery models**

6.	DOMICILIARY CARE	A44-2016
-----------	-------------------------	-----------------

Documents:

- Action Plan – WAO review regarding domiciliary care contract

Discussion:

- The WAO review was one of three following the letting of the domiciliary care contract
- Members commented that the Corporate Risk Register identified issues regarding not getting full agreement for the direction of travel of the service and queried whether the high level of risk was reflected

adequately in the action plan. The overall risk was accepted but this was in relation to the whole service with the action plan reflecting one item at a point in time.

- The Audit Committee had been concerned that failures in the letting of the contract may be replicated across other services and sought assurance that the actions were being implemented across the Authority where appropriate. The Strategic Director, Resources acknowledged that lessons had to be learned and it did highlight wider issues across the Authority. This was part of the role of the Commissioning and Procurement Board and the need to be more strategic. The principles will be applied to other contracts
- The Head of Operations reported that domiciliary care was constantly changing in a fragile market. Good governance was essential.
- One action remained amber – relating to the capacity to deliver the service. It was acknowledged that this was an issue but it was being constantly monitored and would be complete by the end of September
- The Internal Audit Working Group had considered the issue of Direct Payments – the Internal Audit Manager reported that two strands of work were ongoing. The appropriate resource was not in place to audit Direct Payments and a case of overpayment of 22 weeks had been discovered whilst undertaking fraud error work. It was thought that this was an isolated case. As the service moves to other providers, better communications and processes will be in place. The responsibility remains with the individual to notify the Authority of any change in circumstances.

Outcome:

- **The Action Plan would be reconsidered when it was nearing completion**

7.	FINANCIAL RESILIENCE	A45-2016
-----------	-----------------------------	-----------------

Documents:

- Report of the Strategic Director, Resources

Discussion:

- A further review into financial resilience will be carried out by the WAO as part of the revised Corporate Assessment process
- A self-assessment identifying key characteristics has been prepared and the Authority will assess itself against those characteristics
- The WAO reported that the project brief for the review was imminent with the work to be carried out in August and September
- Whilst the report previously considered had reflected Powys County Council's own circumstances, it formed part of a national review which would be published shortly

Outcome:

- **The action plan and self-assessment were agreed**

8.	RISK MANAGEMENT	A46-2016
----	------------------------	-----------------

Documents:

- Update Report on Risk Management
- Corporate Risk Register
- Heat Map
- Risk Assessment Matrix

Discussion:

- Two risks relating to recruitment and the living wage had been escalated from the Adult Social Care risk register to the Corporate Risk Register
- Adoption of the LDP remained a high risk despite a 6 month extension
- Schools transformation has been elevated to a high risk given the political risk of non-delivery
- Changes in the Risk Register reflect services assuming ownership
- The Risk Registers are now being used to support delivery of objectives – one service area uses its register as a basis for prompting refresher training, another incorporates it into management team meetings
- Risk Registers are now much more embedded
- Data Protection was noted but there were concerns that Members were not specifically referred to – this would be drawn to the attention of the Information Governance Team
- It was noted that CG1 had been included prior to 2014 and Members asked when that item was reassessed
- The Committee suggested that the consequences of Brexit on services should be included. The Portfolio Holder for Finance informed the Committee that he would be briefing the Members' Budget Seminar but that it was difficult to predict consequences at this stage. There had been suggestions that inflation could rise to 4% by the end of 2017 which would add £8M to Council costs. In recent years, services have been expected to absorb inflation costs and consideration will have to be given to dealing with increased inflation. There was also the potential for a greater shortfall in the Pension Fund given the volatility in stock markets. The triennial valuation of the Pension Fund has been discussed at WLGA and it is possible that the revaluation could be postponed for 12 months to allow for more certainty in the markets.
- Members asked whether Brexit would influence the recently published draft statement of accounts. The Strategic Director explained that a 'post balance sheet event' may have to be posted and the WAO confirmed that this may be across all authorities and not specific to Powys.

Outcome:

- **The Information Governance Team to be advised that Members training should be included**
- **The Solicitor to the Council will be asked to comment on risk CG1**

9.	COMMERCIAL SERVICES	A47-2016
-----------	----------------------------	-----------------

Documents:

- The Committee received a presentation on the work of the Commercial Services Team

Discussion:

- It was confirmed that the aims of the Commercial Services Team aligned with the Council objectives for regeneration
- Every opportunity for local contractors and employment will be taken forward
- 13% of budget is spent within Powys, 50% across Wales – it is hoped that these figures will improve
- The National Procurement Service acts across the country but £1.65B is not controlled by the NPS. Whilst there are some good aspects of NPS, it can be beneficial to act more locally.

Outcome:

- **Copies of the presentation will be emailed to Members**

10.	ALL WALES PENSION POOLING UPDATE	A48-2016
------------	---	-----------------

Documents:

- Report of the Portfolio Holder for Finance

Discussion:

- There are 98 pension funds across England, Wales and Northern Ireland
- Pooling arrangements are being discussed to ensure savings can be achieved from pension providers
- Wales has agreed to come together as a group of 8 pension funds
- The proposals do not seek to abolish the Powys Pension Fund but to pool arrangements
- There is no choice regarding pooling, merely which group to join

Outcome:

- **Audit Committee will be kept informed**

11.	CORPORATE ASSESSMENT	A49-2016
------------	-----------------------------	-----------------

Members were aware that the Authority would not be undergoing a full corporate assessment but would undergo three reviews – Financial Resilience, Governance and Transformation. The Committee was informed that project briefs for Financial Resilience and Governance would be available shortly but that the Transformation review would be later in the year or in early 2017.

The introduction of the Wellbeing of Future Generations Act will influence the way in which the WAO will conduct reviews. The Auditor General is consulting with all affected bodies as to how the work will be delivered to ensure it complies with legislation and improves outputs to individual bodies.

12.	TREASURY MANAGEMENT	A50-2016
------------	----------------------------	-----------------

Documents:

- Report of the Treasury Management Officer and Scrutiny Officer

Discussion:

- The Annual Review and Q1 report are not yet available
- A suggestion had been put forward that these documents be circulated to Members by email for approval as soon as they are available

Outcome:

- **Members will be asked to approve the Annual Review and Q1 reports as soon as they are available**

13.	FINANCE SCRUTINY PANEL	A51-2016
------------	-------------------------------	-----------------

Documents:

- Scrutiny summary report

Discussion:

- A report relating to the MTFS had been submitted to Cabinet and a draft response considered by the Panel
- The most recent report on Budget Assumptions will also be submitted to Cabinet in due course

Outcome:

- **The Panel's report on Budget Assumptions will be circulated to Audit Committee members for information**

14.	INTERNAL AUDIT WORKING GROUP	A52-2016
------------	-------------------------------------	-----------------

Documents:

- Scrutiny summary report

Outcome:

- **The report be noted**

15.	WORK PROGRAMME	A53-2016
------------	-----------------------	-----------------

Documents:

- Audit Committee work programme 2016/17

Discussion:

- The Chair reported that discussions would be held with the Chief Executive, Strategic Director, Resources and Chair of People Scrutiny Committee regarding a joint scrutiny of schools delegated budgets and their use and whether the Fair Funding Formula was fit for purpose

Outcome:

- That the work programme be approved

16.	JOINT CHAIR'S STEERING GROUP	A54-2016
------------	-------------------------------------	-----------------

Documents:

- Notes of meeting held on 24 May 2016

Outcome:

- Noted

17.	CORRESPONDENCE	A55-2016
------------	-----------------------	-----------------

There were no items of correspondence.

County Councillor JG Morris (Chair)

Mae'r dudalen hon wedi'i gadael yn wag yn fwriadol

CYNGOR SIR POWYS COUNTY COUNCIL

AUDIT COMMITTEE

30th September 2016

REPORT AUTHOR: Professional Lead for Finance

SUBJECT: Closure of Accounts and Statement of
Accounts 2015/16

REPORT FOR: Information

- 1.1 The Statement of Accounts for 2015/16 were signed off by the Strategic Director Resources (Section 151 Officer) on the 30th June 2016. This met the statutory deadline. The audit of the Accounts commenced by the Welsh Audit Office team on the same day and has now concluded.
- 1.2 The Auditor General has issued an unqualified opinion on the 2015/16 Accounts of the Authority at this meeting today, and following the Committees consideration and approval, The Strategic Director of Resources (Section 151 Officer) and the Chair of Audit Committee will sign the Statement of Accounts today and comply with the 30th September deadline.
- 1.3 A workshop for Committee members held on the 28th September 2016 reviewed the final draft of the Accounts and provided members of the Committee with an opportunity to review the amendments made since the draft set of accounts and to fully understand the reasons for them and any impact they have on the accounts.
- 1.4 The Closure of the Accounts for the financial year ending 31st March 2016 and the completion of the Statement of Accounts has once again been delivered under a project management approach which continues to build on the improvements in previous years. The improvements made are once again recognised by the Wales Audit Office in the reports presented to the Committee today.
- 1.5 A number of amendments were however required and further reference has been made with regard to concerns about the qualitative aspects of our accounting practices and financial reporting.
- 1.6 The Finance Team reduced in number 2 years ago in order to meet savings requirements, with increasing demand for this service across the Council to assist in its transformation of services, it is evident that further capacity at an appropriate level is required in order to safely maintain and close the Accounts and this may require further resources. This is further compounded by the

requirement to close the accounts in a shorter timescale over the next few years.

- 1.7 This view is supported by the recent review of the Finance service and the appropriate resourcing of the Finance Team is currently being considered.
- 1.8 This work is further supported at a Resources Directorate level as project work seeks to improve the efficiency of all financial administration across the Authority.
- 1.9 The Accounts were made available for Public Inspection and the Auditors made themselves available for questions on the Accounts. No one came in to inspect the Accounts.
- 1.10 The Project approach will continue in 2016/17, the project outline, timetable and actions will be put in place shortly and will incorporate any recommendations forthcoming from the WAO detailed report which will provide a more detailed list of issues and recommendations.
- 1.11 The impact of changes across the Authority (JV's, outsourcing, trust status) may have a significant impact on the Accounts, Group Accounts, Consolidation of Accounts may all need to be considered. Staff are attending seminars and training in preparation for these changes.

ISA 260 Report

Audit of Financial Statements Report **Powys County Council**

Audit year: 2015-16

Issued: September 2016

Document reference: **561A2016**

Status of report

This document has been prepared as part of work performed in accordance with statutory functions.

In the event of receiving a request for information to which this document may be relevant, attention is drawn to the Code of Practice issued under section 45 of the Freedom of Information Act 2000. The section 45 Code sets out the practice in the handling of requests that is expected of public authorities, including consultation with relevant third parties.

In relation to this document, the Auditor General for Wales and the Wales Audit Office are relevant third parties. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at info.officer@audit.wales.

Contents

The Auditor General intends to issue an unqualified audit report on your financial statements. There are some issues to report to you prior to their approval.

Summary report

Introduction	4
Status of the audit	4
Proposed audit report	4
Significant issues arising from the audit	5
Independence and objectivity	6

Appendices

Final Letter of Representation	7
Proposed audit report of the Auditor General	10
Summary of corrections made to the draft financial statements	12

Summary report

Introduction

1. The Auditor General is responsible for providing an opinion on whether the financial statements give a true and fair view of the financial position of Powys County Council at 31 March 2016 and its income and expenditure for the year then ended.
2. We do not try to obtain absolute assurance that the financial statements are correctly stated, but adopt the concept of materiality. In planning and conducting the audit, we seek to identify material misstatements in your financial statements, namely, those that might result in a reader of the accounts being misled.
3. The quantitative levels at which we judge such misstatements to be material for Powys County Council are £4.092 million for income and expenditure items, working capital balances, and other balanced. Whether an item is judged to be material can also be affected by certain qualitative issues such as legal and regulatory requirements and political sensitivity, for example, related parties and the Senior Officers' Remuneration Note.
4. International Standard on Auditing (ISA) 260 requires us to report certain matters arising from the audit of the financial statements to those charged with governance of a body in sufficient time to enable appropriate action.
5. This report sets out for consideration the matters arising from the audit of the financial statements of Powys County Council, for 2015-16, that require reporting under ISA 260.

Status of the audit

6. We received the draft financial statements for the year ended 31 March 2016 on 24 June, six days prior to the agreed deadline of 30 June, and have now substantially completed the audit work.
7. We are reporting to you the more significant issues arising from the audit, which we believe you must consider prior to approval of the financial statements. The audit team has already discussed these issues with the Professional Lead Finance (Resources) and the Financial Reporting & Policy Accountant.

Proposed audit report

8. It is the Auditor General's intention to issue an unqualified audit report on the financial statements once you have provided us with a Letter of Representation based on that set out in [Appendix 1](#).
9. The proposed audit report is set out in [Appendix 2](#).

Significant issues arising from the audit

Uncorrected misstatements

10. We set out below the one misstatement we identified in the financial statements, which has been discussed with management but remains uncorrected, and request that this is corrected. If you decide not to correct this misstatement, we ask that you provide us with the reason for non-correction.

Legal costs have been capitalised for an unidentified asset(s)

- Our testing identified that an asset(s) (with a Gross book value of £424,940 and a Net book value of £342,488) related to legal costs associated with the acquisition of an asset or multiple assets. However, the Authority is unable to identify to which specific asset(s) the legal costs relate to due to the fact that the asset(s) that were acquired in 2006/07. Legal costs associated with the acquisition of assets is permissible providing that the asset to which they relate can be identified. Due to the fact that the Council is unable to identify the asset(s) to which the legal costs relate, we are of the opinion that Plant, Property and Equipment is overstated by £342,488.

Corrected misstatements

11. There are misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process. They are set out with explanations in [Appendix 3](#).

Other significant issues arising from the audit

12. In the course of the audit, we consider a number of matters both qualitative and quantitative relating to the accounts and report any significant issues arising to you. There were some issues arising in these areas this year:
- **We have some concerns about the qualitative aspects of your accounting practices and financial reporting.**
Generally, we found that the overall quality of the draft financial statements presented to us for audit had improved from previous years. It is also pleasing to note that the Council has acted positively to correct some of the more significant issues identified in previous years with regards to internal recharging. However, in our view, there are opportunities for further improvements to be made. For example, our review of the draft financial statements identified that they contained numerous errors in terms of casting, cross casting and comparator figures. In addition, we also found that working papers provided in support of the draft financial statements either did not agree to the balances or transactions

between the Wales Audit Office and Powys County Council that we consider to bear on our objectivity and independence

Appendix 1

Final Letter of Representation

[Audited body's letterhead]

Auditor General for Wales
Wales Audit Office
24 Cathedral Road
Cardiff
CF11 9LJ

XX September 2016

Representations regarding the 2015-16 financial statements

This letter is provided in connection with your audit of the financial statements (including that part of the Remuneration Report that is subject to audit) of Powys County Council for the year ended 31 March 2016 for the purpose of expressing an opinion on their truth and fairness, their proper preparation and the regularity of income and expenditure.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

We have fulfilled our responsibilities for:

- The preparation of the financial statements in accordance with legislative requirements and the Code of Audit Practice; in particular the financial statements give a true and fair view in accordance therewith.
- The design, implementation, maintenance and review of internal control to prevent and detect fraud and error.

Information provided

We have provided you with:

- Full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;
 - additional information that you have requested from us for the purpose of the audit; and

-
- unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
 - The results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - Our knowledge of fraud or suspected fraud that we are aware of and that affects Powys County Council and involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
 - Our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
 - Our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
 - The identity of all related parties and all the related party relationships and transactions of which we are aware.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. The effects of uncorrected misstatements identified during the audit are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

There is one uncorrected misstatement with a net book value of £342,488 which relates to legal costs that have been capitalised following the acquisition of assets in 2006/07. Due to the passage of time we are unable to identify which specific asset(s) the legal costs relate to. We believe that the adjustment would not change the position of the financial statements or the understanding of them to any reader.

Representations by those charged with governance.

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for ensuring that the Council maintains adequate accounting records.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by Powys County Council on 30 September 2016

We confirm that we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that it has been communicated to you. We confirm that, as far as we are aware, there is no relevant audit information of which you are unaware.

Proposed audit report of the Auditor General

Auditor General for Wales' report to the Members of Powys County Council

I have audited the accounting statements and related notes of:

- Powys County Council; and
- Powys Pension Fund;

for the year ended 31 March 2016 under the Public Audit (Wales) Act 2004.

Powys County Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Movement on the Housing Revenue Account Statement and the Housing Revenue Account Income and Expenditure Statement.

Powys Pension Fund's accounting statements comprise the Fund Account and the Net Assets Statement.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on page 12, the responsible financial officer is responsible for the preparation of the statement of accounts, including Powys Pension Fund's accounting statements, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Powys County Council and Powys Pension Fund's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Narrative Report and Annual Governance Statement to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Powys County Council

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Powys County Council as at 31 March 2016 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16.

Opinion on the accounting statements of Powys Pension Fund

In my opinion, the pension fund accounts and related notes:

- give a true and fair view of the financial transactions of Powys Pension Fund during the year ended 31 March 2016 and of the amount and disposition of the fund's assets and liabilities as at that date, and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16.

Opinion on other matters

In my opinion, the information contained in the Narrative Report is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit;
- the Annual Governance Statement does not reflect compliance with guidance.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Powys County Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

For and on behalf of
Huw Vaughan Thomas
Auditor General for Wales

Appendix 3

Summary of corrections made to the draft financial statements

During our audit we identified the following misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process.

Value of correction	Nature of correction	Reason for correction
Corrections Made – Overstatements and Understatements		
£62,160,000	Note 44: Defined Benefit Pension Schemes The fair value of pension assets disclosed was understated. The figure included in the draft financial statements was disclosed as £403.65 million, whereas the supporting actuary's report states the fair value as £465.81 million.	To ensure the values disclosed agree to the underlying actuary report.
£27,123,000	Cash Flow Statement Various amendments were identified to total cash 'inflows' and 'outflows' resulting in both being reduced by £27.123 million. These were as a result of: <ul style="list-style-type: none"> figures not being presented in line with the requirements of the Code; and figures not agreeing to underlying Authority records. 	To ensure compliance with the Code and agreement with the supporting information and records.
£5,305,000	Note 41: Leases The figures disclosed in respect of the Authority acting as both a 'lessor' and 'lessee' had been subject to discounting techniques which is not in line with the requirements of the Code. As a result, the figures disclosed in Note 41 were understated as follows: 2015-16 <ul style="list-style-type: none"> Authority as a lessee £25,000; and Authority as a lessor £2.638 million. 	To ensure lease disclosures are in compliance with the Code.

Value of correction	Nature of correction	Reason for correction
	2014-15 <ul style="list-style-type: none"> Authority as a lessor £2.642 million. <p>Additionally, for 2014-15, the comparative figures had not been included within the note for operating leases where the Authority was acting as a lessee. Therefore, an additional disclosure of £2.195 million was required.</p>	
£3,575,000	Note 48: Nature and Extent of Risks Arising from Financial Instruments <p>The figure included in respect of 'Deposits with Bank and financial institutions' of £9.450 million within Note 48 was overstated by £3.575 million. The figure disclosed should be £5.875 million in line with the Loans and Receivables balance disclosed in Note 18.</p>	To ensure that the balances disclosed throughout the financial statements are consistent.
£2,023,000	Note 26: Revaluation Reserve <p>Our review of the revaluation reserve identified that upward and downward revaluations of fixed assets had been incorrectly netted off against each other. Consequently, both lines were understated by £2.023 million.</p>	To ensure compliance with the requirements of the Code and to agree to the Authority's records.
£194,000	Note 38: Taxation and non-specific grant income <p>Both Income and expenditure were understated due to a grant being coded incorrectly.</p>	To ensure the Comprehensive Income and Expenditure Statement (CIES) is correctly stated.
£126,000	Note 12: Property, Plant and Equipment <p>The revaluation loss with regards to surplus assets had been incorrectly disclosed as being charged to the CIES rather than to the Revaluation Reserve.</p>	To ensure that allocation of revaluation losses are accounted for in both the Revaluation Reserve and CIES in line with the requirements of the Code.
£137,000	Note 40: Related Parties <p>Three additional payments were added to the members' disclosure totalling £37,000 which had been</p>	To ensure the completeness of related party disclosures within the financial statements.

Value of correction	Nature of correction	Reason for correction
	omitted in error in the draft financial statements. Further, the amount received from Powys Pension Fund had been understated by £100,000.	
Various	A number of casting, cross casting, and comparator errors were identified. In addition, a number of narrative and disclosure amendments were also identified.	In order to comply with the Code, and for completeness, accuracy and consistency throughout the financial statements.

Corrections Made – Classification/Disclosure Amendments

£72,423,000	<p>Note 27: Amounts reported for Resource Allocation Decisions</p> <p>Within this note Revenue Expenditure Funded from Capital Under Statute (REFCUS), was disclosed as a total of £78.025 million. This figure included an amount of £72.423 million which related to the Authority's buyout of its Housing Revenue Account (HRA) subsidy.</p> <p>The HRA subsidy buyout has now been disclosed separately, with the Refcus disclosure being reduced by the £72.423 million from £78.025 million to £5.602 million.</p>	To ensure that the figures reported within the financial statements are disclosed transparently and appropriately.
£2,719,000	<p>Note 26: Capital Adjustment Account</p> <p>The Revaluation Reserve highlights that the 'amount written off to the capital adjustment account' was a total of £10.241 million.</p> <p>Our testing of the Capital Adjustment Account identified that both the value and description of the entries recorded within it were incorrect and not in accordance with the Code. There was however no overall impact on the balance of the Capital adjustment account at 31 March 2016.</p>	To ensure that note disclosures within financial statements are consistent and are in accordance with the code.
£1,600,000	<p>Note 20 Short Term Debtors:</p> <p>An amount of £1.6 million has been reclassified from 'Celtic energy</p>	Amount reclassified to ensure that the financial statements are

Value of correction	Nature of correction	Reason for correction
	section 106' to 'Other short term debtors'.	disclosed consistently between years.
£800,000	Note 4: Assumptions made about the Future and other major sources of estimation uncertainty Arrears figure was incorrectly stated as £2.8 million rather than £2 million as per the Authority's records.	To ensure that the disclosures agree to the Authority's records and supporting information.
£333,000 & £18,000	Note 32: Agency Services Our testing confirmed that there had been a transposition error within the note relating to the amounts disclosed under the headings 'Home Improvement Loans' and 'Vibrant and Viable Places' Home Improvement Loans should have been disclosed as £333,000 and not £18,000 and vice versa for Vibrant and Viable Places.	To ensure that the disclosures agree to the Authority's supporting information.

Audit of Financial Statements Report

Powys Pension Fund

Audit year: 2015-16

Issued: September 2016

Document reference: 555A2016

Status of report

This document has been prepared as part of work performed in accordance with statutory functions.

In the event of receiving a request for information to which this document may be relevant, attention is drawn to the Code of Practice issued under section 45 of the Freedom of Information Act 2000. The section 45 Code sets out the practice in the handling of requests that is expected of public authorities, including consultation with relevant third parties.

In relation to this document, the Auditor General for Wales and the Wales Audit Office are relevant third parties. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at info.officer@audit.wales.

Contents

The Auditor General intends to issue an unqualified audit report on your financial statements. There are some issues to report to you prior to their approval.

Final Letter of Representation	7
Proposed audit report of the Auditor General to the members of Powys County Council	10
Summary of corrections made to the draft financial statements	12

Summary report

Introduction

1. The Auditor General is responsible for providing an opinion on whether the financial statements give a true and fair view of the financial position of the Powys Pension Fund (the Pension Fund) at 31 March 2016 and its income and expenditure for the year then ended.
2. We do not try to obtain absolute assurance that the financial statements are correctly stated, but adopt the concept of materiality. In planning and conducting the audit, we seek to identify material misstatements in your financial statements, namely, those that might result in a reader of the financial statements being misled.
3. The quantitative level at which we judge such misstatements to be material for the Pension Fund is £5.02 million. Whether an item is judged to be material can also be affected by certain qualitative issues such as legal and regulatory requirements and political sensitivity.
4. International Standard on Auditing (ISA) 260 requires us to report certain matters arising from the audit of the financial statements to those charged with governance of a body in sufficient time to enable appropriate action to be taken, should there be any required.
5. This report sets out for consideration the matters arising from the audit of the financial statements of the Pension Fund for 2015-16 which require reporting under ISA 260. A separate 'Audit of Financial Statements Report' has been issued covering Powys County Council.

Status of the audit

6. We received the draft financial statements for the year ended 31 March 2016 on 29 June 2016, in line with the agreed deadline of 30 June 2016, and have now substantially completed our audit work.
7. We are reporting to you the more significant issues arising from the audit, which we believe you must consider prior to approval of the financial statements. The audit team has already discussed these issues with the Professional Lead Finance (Resources) and the Financial Reporting and Policy Accountant.

Proposed audit report

8. It is the Auditor General's intention to issue an unqualified audit report on the financial statements once you have provided us with a Letter of Representation based on that set out in [Appendix 1](#).
9. The proposed audit report is set out in [Appendix 2](#).

Significant issues arising from the audit

Uncorrected misstatements

10. There are no misstatements identified in the financial statements, which remain uncorrected.

Corrected misstatements

11. There are misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process. They are set out with explanations in [Appendix 3](#).

Other significant issues arising from the audit

12. In the course of the audit, we consider a number of matters both qualitative and quantitative relating to the accounts and report any significant issues arising to you. There were no issues arising in these areas this year:
- **We have no significant concerns about the qualitative aspects of your accounting practices and financial reporting.**

We found the information provided to be relevant, reliable, comparable, material and easy to understand. We concluded that accounting policies and estimates are appropriate and financial statement disclosures unbiased, fair and clear. We are particularly grateful to Powys County Council and its staff for their assistance during the course of the audit. Generally, we found that the quality of the draft account and working papers to be of a good quality. However, we consider that there remains room for further improvement in some of the presentational matters (for example the casting and cross referencing of balances) within the accounts which could have been identified through a more rigorous internal quality assurance process.
 - **We did not encounter any significant difficulties during the audit.**
 - **There were no significant matters discussed and corresponded upon with management which we need to report to you.**
 - **There are no other matters significant to the oversight of the financial reporting process that we need to report to you.**
 - **We did not identify any material weaknesses in your internal controls.**
 - **There are not any other matters specifically required by auditing standards to be communicated to those charged with governance.**

Recommendations arising from our 2015-16 audit work

13. We have one recommendation which has arisen from our 2015-16 audit work. There is no formal agreement in place between Powys County Council and the Powys Pension Fund in respect of the recharge of administration expense costs to the Powys Pension Fund. We recommend that a formalised agreement is established which outlines the basis of the rationale and the methodology for calculating the recharge as well as setting out regular review timescales to assess the continuing adequacy of the agreement.

Independence and objectivity

14. As part of the finalisation process, we are required to provide you with representations concerning our independence.
15. We have complied with ethical standards and in our professional judgment, we are independent and our objectivity is not compromised. There are no relationships between the Wales Audit Office and Powys Pension Fund that we consider to bear on our objectivity and independence.

Representations regarding the 2015-16 financial statements

This letter is provided in connection with your audit of the financial statements of Powys Pension Fund for the year ended 31 March 2016 for the purpose of expressing an opinion on their truth and fairness, their proper preparation.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

We have fulfilled our responsibilities for:

- The preparation of the financial statements in accordance with legislative requirements and the 2015-16 Code of Audit Practice on Local Authority Accounting; in particular the financial statements give a true and fair view in accordance therewith.
- The design, implementation, maintenance and review of internal control to prevent and detect fraud and error.

Information provided

We have provided you with:

- Full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;
 - additional information that you have requested from us for the purpose of the audit; and

-
- unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
 - The results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - Our knowledge of fraud or suspected fraud that we are aware of and that Powys Pension Fund involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
 - Our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
 - Our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
 - The identity of all related parties and all the related party relationships and transactions of which we are aware.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. There were no uncorrected misstatements.

Representations by Powys County Council as the Administering Body for the Powys Pension Fund.

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for ensuring that the Council maintains adequate accounting records.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by the Audit Committee on 30 September 2016

We confirm that we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that it has been communicated to you. We confirm that, as far as we are aware, there is no relevant audit information of which you are unaware.

Appendix 2

Proposed audit report of the Auditor General to the members of Powys County Council

Auditor General for Wales' report to the Members of Powys County Council

I have audited the accounting statements and related notes of:

- Powys County Council; and
- Powys Pension Fund

for the year ended 31 March 2016 under the Public Audit (Wales) Act 2004.

Powys County Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Movement on the Housing Revenue Account Statement and the Housing Revenue Account Income and Expenditure Statement.

Powys Pension Fund's accounting statements comprise the Fund Account and the Net Assets Statement.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts [set out on pages ... to ...], the responsible financial officer is responsible for the preparation of the statement of accounts, including Powys Pension Fund's accounting statements, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Powys County Council and Powys Pension Fund's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Narrative Report and Annual Governance Statement to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me

in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Powys County Council

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Powys County Council as at 31 March 2016 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16.

Opinion on the accounting statements of Powys Pension Fund

In my opinion, the pension fund accounts and related notes:

- give a true and fair view of the financial transactions of Powys Pension Fund during the year ended 31 March 2016 and of the amount and disposition of the fund's assets and liabilities as at that date, and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16.

Opinion on other matters

In my opinion, the information contained in the Narrative Foreword is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit;
- the Annual Governance Statement does not reflect compliance with guidance.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Powys County Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

For and on behalf of
Huw Vaughan Thomas
Auditor General for Wales
30 September 2016

Appendix 3

Summary of corrections made to the draft financial statements

During our audit we identified the following misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process.

Value of correction	Nature of correction	Reason for correction
£846,000	Note 20A - Fair value of financial instruments & liabilities Within the Financial Instruments note, the total value of the Financial Instruments held at fair value through profit and loss was overstated by £846,000.	To correct an arithmetical error in calculating the total value of the Financial Instruments held at Fair Value through profit and loss. This correction impacts on the disclosure only and does not affect the net assets statement.
£3,000,000	Note 22 – Nature and extent of risks arising from Financial Instruments Within the Nature and Extent of Risks Arising from Financial Instruments note (Price Risk – sensitivity analysis), the value of Fixed Interest Securities at 31/3/2016 was understated by £3,000,000.	To correct a transposition error and ensure that the value of Fixed Asset Investments corresponded with the Note 12. Accordingly, the Fixed Asset Investments Value has been increased from £62,551,000 to £65,551,000. This correction impacts on the disclosure only and does not affect the net assets statement.
£1,300,000	Note 20A – Fair value of financial instruments & liabilities; and Note 20B – Valuation of financial instruments carried at Fair value In both notes, the Current Liabilities comparative figure for 2014-15 was incorrectly incorporated in the 2015-16 financial statements resulting in an understatement of £1,300,000.	To restate an incorrect disclosure in the 2014-15 financial statements where a provision in relation to the transfer of the Probation Services pension was not included within current liabilities in Note 20 (Financial instruments). The provision was correctly included within the current liabilities note in the 2014-15 financial statements, and therefore no restatement of the balance sheet is required. This correction impacts on the disclosure only and does not affect the net assets statement.

Representations regarding the 2015-16 financial statements

This letter is provided in connection with your audit of the financial statements (including that part of the Remuneration Report that is subject to audit) of Powys County Council for the year ended 31 March 2016 for the purpose of expressing an opinion on their truth and fairness, their proper preparation and the regularity of income and expenditure.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

We have fulfilled our responsibilities for:

- The preparation of the financial statements in accordance with legislative requirements and the Code of Audit Practice; in particular the financial statements give a true and fair view in accordance therewith.
- The design, implementation, maintenance and review of internal control to prevent and detect fraud and error.

Information provided

We have provided you with:

- Full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;
 - additional information that you have requested from us for the purpose of the audit; and
 - unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
- The results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- Our knowledge of fraud or suspected fraud that we are aware of and that affects Powys County Council and involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
- Our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
- Our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
- The identity of all related parties and all the related party relationships and transactions of which we are aware.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. The effects of uncorrected misstatements identified during the audit are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

There is one uncorrected misstatement with a net book value of £342,488 which relates to legal costs that have been capitalised following the acquisition of assets in 2006/07. Due to the passage of time we are unable to identify which specific asset(s) the legal costs relate to. We believe that the adjustment would not change the position of the financial statements or the understanding of them to any reader.

Representations by those charged with governance.

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for ensuring that the Council maintains adequate accounting records.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by Powys County Council on 30 September 2016

We confirm that we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that it has been communicated to you. We confirm that, as far as we are aware, there is no relevant audit information of which you are unaware

Representations regarding the 2015-16 financial statements

This letter is provided in connection with your audit of the financial statements of Powys Pension Fund for the year ended 31 March 2016 for the purpose of expressing an opinion on their truth and fairness, their proper preparation.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

We have fulfilled our responsibilities for:

- The preparation of the financial statements in accordance with legislative requirements and the 2015-16 Code of Audit Practice on Local Authority Accounting; in particular the financial statements give a true and fair view in accordance therewith.
- The design, implementation, maintenance and review of internal control to prevent and detect fraud and error.

Information provided

We have provided you with:

- Full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;
 - additional information that you have requested from us for the purpose of the audit; and
 - unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
- The results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- Our knowledge of fraud or suspected fraud that we are aware of and that Powys Pension Fund involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
- Our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
- Our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
- The identity of all related parties and all the related party relationships and transactions of which we are aware.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. There were no uncorrected misstatements.

Representations by Powys County Council as the Administering Body for the Powys Pension Fund.

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for ensuring that the Council maintains adequate accounting records.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by the Audit Committee on 30 September 2016

We confirm that we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that it has been communicated to you. We confirm that, as far as we are aware, there is no relevant audit information of which you are unaware.

Narrative Report

Introduction

The Statement of Accounts 2015/16 provide details of the Council's financial position for the year ended 31 March 2016. The information presented on pages 1 – 181 is in accordance with the requirements of the 2015/16 Code of Practice on Local Authority Accounting in the United Kingdom (the Code) based on International Financial Reporting Standards (IFRSs), issued by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The Statement of Accounts consist of:

- The **Movement in Reserves Statement** which shows the movement in the year on the different reserves held by the Council, analysed into usable reserves (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves;
- The **Comprehensive Income and Expenditure Statement** which shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from council tax. The council tax position is shown in the Movement in Reserves Statement;
- The **Balance Sheet** which sets out the financial position of the Council at 31 March 2016
- The **Cash Flow Statement** which shows the changes in cash and cash equivalents of the Council during the financial year;
- The Notes to the Core Financial Statements which provide further information to the Core Financial Statements;
- The **Housing Revenue Account (HRA)** and notes which show in more detail the income and expenditure on HRA services included in the Comprehensive Income and Expenditure Account;
- The **Pension Fund Accounts**. The financial data has been extracted from the 2015/16 Powys County Council Pension Fund annual report and included in these statements. They are independent of the statements above. Powys County Council is the Administering Authority of the Pension Fund. The fund has to be completely separate from Powys County Council's own finances;
- The **Annual Governance Statement** which sets out the governance arrangements in place, annual review and recommended improvements.

Review of the Year

Revenue Funding

The Council's net revenue budget is funded from Welsh Government Grant, locally generated income and Council Tax income.

The Welsh Government funded 73.2% of the Council's 2015/16 net revenue budget compared to 75.2% in 2014/15. The funding is provided in a settlement known as Aggregate External Finances (AEF).

To mitigate the year-on-year impact on any Authority a damping mechanism or 'floor' has been applied within the settlement. This means that no Authority experienced a reduction in funding of more than 4.5%. Powys benefits from this discretionary informal arrangement entered into by all 22 Welsh local authorities and without this safety net would be £2.2m worse off.

Revenue Expenditure

The revenue financial performance of the Council is summarised below:

Service Area	Original Budget	Total Working budget	Net Expenditure before Reserve movement	Total Movement to/(from) Reserves	Approved use of Reserves	Service Variance from Budget Under/(Over) spend
	£'000	£'000	£'000	£'000	£'000	£'000
People						
Adult & Commissioning	54,373	54,948	56,813	(1,865)	(3)	(1,862)

Highways, Transport & Recycling	21,655	24,130	25,366	(1,236)	11	(1,247)
Schools						
Schools Service	25,842	30,090	30,150	(360)	50	(410)
Chief Executive	4,147	4,502	4,442	60	(166)	226
Resources						
Professional Services	1,382	1,150	1,392	(242)	(248)	6
Information Services	(96)	(358)	(682)	324	205	119
Business Services	(158)	(188)	12	(201)	(298)	97
Service Area Totals	142,878	151,044	154,175	(3,432)	(771)	(2,661)
Central Activities	24,123	16,688	8,941	7,747	3,517	4,230
Council Tax Surplus			(396)	396		396
Total	167,001	167,732	162,720	4,711	2,746	1,965
Schools Delegated	70,981	70,251	71,141	(590)	(2,149)	1,559
Housing Revenue Account (HRA)	-	-	(5,985)	5,985	5,821	164
Total including Schools & HRA	237,982	237,983	227,876	10,106	6,418	3,688

The Revenue Budget for the Council was approved by the Council on the 27 January 2015 at £237.982m.

The Council's net expenditure for the year was £227.876m with £6.418m funded from reserves. A number of reserve movements were included in the approved budget or made by virements during the year this includes Capital and Voluntary Severance.

After excluding approved reserve transfers the Service performance against budget reported an overall underspend of £3.688m, or £1.965m after excluding Schools Delegated and the Housing Revenue Account (HRA).

STATEMENT OF ACCOUNTS

In order to balance the budget significant savings of £12.768m were required and £9.716m have been achieved leaving a shortfall of £3.052m. This shortfall has been included within the overall budget position reported. Other mitigation has delivered the overall underspend. Delivery of the remaining £3.052m savings is still required and is essential to the delivery of an ongoing balanced budget. Service managers continue to develop plans to make these permanent reductions and delivery will be monitored on a monthly basis throughout next year.

The revenue outturn performance indicator target is to be within 0.5% of net budget. The forecast outturn for the year excluding the HRA and Schools delegated is a net underspend of £1.965m or 1.17% of the working budget.

Corporate Activities were underspent by £4.626m at year end. The position reflects a significant underspend of £4.884m on Capital charges, mainly due to the policy change for the minimum revenue provision calculation, which made a contribution of £3.025m, and the costs of interest being charged to the HRA following the buy-out in April. The approved capitalisation of expenditure in respect of Management of Change has also contributed to the underspend by approximately £1.6m.

Revenue Reserves

31 Mar 15 £'000	Revenue Reserves	31 Mar 16 £'000
	Ring Fenced or Restricted Use Reserves	
3,082	School Reserves	2,393
8,691	Other Specific Reserves	8,007
	Committee Specific Reserves	
14,312	Other Specific Reserves	16,299
26,085	Total Earmarked Reserves	26,699
	Central or General Reserves	
11,007	Council Fund	14,269
3,833	Housing Revenue Fund	1,386
40,925	Total	42,354

Revenue reserves represent an accumulation of revenue over and underspends and sums set aside specifically to meet future expenditure.

Ring fenced reserves must be used for the purpose intended. The Housing Revenue Account (HRA) and school reserves are ring-fenced by statute.

The HRA contribution to reserve has increased by a further £164k, due to reduced costs in the day to day running of the HRA and £496k as a result in changes in the settlement figures compared to figures available at budget setting. The final balance being £1.386m. Under Financial Regulations this balance should not be less than £1m.

Schools delegated budgets ended the year with a transfer from their ring-fenced reserve of £732k, this is a much improved position than was projected, with schools budgets expecting to be supported by £2.2m from their reserves.

The improved revenue position has increased the ability to transfer to reserves. The level of General Fund reserves at 31 March 2016 is 4.6% of net expenditure. This includes all ring-fenced and specific reserves.

Capital Expenditure

The approved capital programme totalled £131.5m which included an extra-ordinary item in relation to the buy-out of the Housing Revenue Account subsidy system of £72m. Final expenditure in 2015/16 was significantly lower than the approved programme at £107,068k. The variance is mainly due to a number of projects being delayed and re-profiled in the year. The capital expenditure excluding revenue expenditure funded from capital under statute and the Housing Revenue Account subsidy buyout is included in the table below.

Area	Capital Expenditure £'000
Adults & Commissioning	100
Highways, Transport & Recycling	6,700
Housing Revenue Account	15,100
Leisure & Recreation	1,700
Regeneration, Property & Commissioning	500
Schools	6,800
Other	500
Total	31,400

The Council receives a core capital allocation from Welsh Government, in 2015/16 this allocation was £7.523m, a reduction of £0.044m compared to the previous year. In addition to this the capital programme is also funded through a mixture of Supported and Prudential Borrowing, capital receipts, grants and revenue reserves as shown below:

Area	Capital Financing £'000
Supported Borrowing	2,700
Prudential Borrowing	8,400
Grants	9,700
Capital Receipts	1,500
Reserves	9,100
Total	31,400

Medium Term Financial Strategy

The Council's budget settlement continues to be adversely affected by the UK Government's austerity measures to significantly reduce public spending in order to address the UK's debt situation.

The Spending Review announced on 25th November 2015 set budgets for government departments and the devolved administrations for each financial year for the rest of the Parliament (2016/17 to 2019/20).

Day to day spending is set to fall by £18 billion or 6% between 2015/16 and 2019/20 in real terms, meaning that many departments will see budget reductions. Some departments are protected from spending reductions, including the NHS, some schools spending, defence spending and the international development budget. This means that other departments have seen larger reductions, in many cases on top of the reductions seen over the previous Parliament.

Scotland, Wales and Northern Ireland will all receive more money to be spent on infrastructure projects, with each government deciding where this will be spent. This will be an increase of around 14% for Scotland, 16% for Wales and 12% for Northern Ireland.

The local context affecting our funding and demand for services is heavily influenced by Powys being sparsely populated with a wide geographic area requiring services. It has a higher than average elderly population that is predicted to increase at a rate that is significantly greater than the national average. This statistic can largely be attributed to people living longer as a result of better healthcare and improved lifestyles together with an inward migration of people to the county above retirement age.

Conversely the county's younger population is declining with a reducing birth rate and a sizeable outward migration of young people looking for further educational and career opportunities being the main contributors to this trend.

These factors in combination are presenting significant challenges. The provision of services to a dispersed and relatively small population is expensive as a result of greater transport costs and the demand for facilities to be delivered locally or within a commutable distance. Additionally, a consequence of an ageing population is the increased demand for more complex and therefore more expensive care support.

The 2016 – 2019 Medium Term Financial Strategy (MTFS) has been developed as part of the overall strategic planning process that involves the 'Statement of Intent' which captures the financial, regulatory and policy drivers affecting the council and sets the direction and approach. It also incorporates the plan for delivering a balanced budget for 2016/17 and indicative budgets for the following 2 years to March 2019. This means the Council has a balanced on-going financial plan to enable service transformation within a realistic estimated funding envelope.

The Financial Resourcing Model (FRM) sets out how a balanced budget will be delivered for 2016/17, however this position is reliant on the delivery of £10.004m of savings during the year. The FRM identifies the requirement for further savings of £19.883m over the remaining period of the MTFS.

2020 Vision

The Council's response to the challenges that it faces is captured in its vision of what the Council will look like and how public services will be delivered by 2020. It envisages 'strong communities in the green heart of Wales' that are vibrant, economically active and work in partnership with the Council to deliver services locally. In support of this vision, the Council has established four key priorities. They are:

- Remodelling council services to respond to reduced funding
- Supporting people within the community to live fulfilled lives
- Developing the economy
- Improving learner outcomes for all, minimising disadvantage

Statement of Responsibilities for the Statement of Accounts

The Authority's Responsibilities

The Authority is required to:

- Make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that officer is the Strategic Director - Resources.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

These accounts were approved by Audit Committee on the 30th September 2016.

Signature:

Date 30th September 2016

Audit Committee Chairman

Strategic Director of Resources Responsibilities

The Strategic Director - Resources is responsible for the preparation of the Authority's Statement of Accounts and Pension Fund Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom ("the Code of Practice"). These accounts are required to present a true and fair view of the financial position of the Council at the accounting date and its income and expenditure for the year.

In preparing this Statement of Accounts, the Strategic Director - Resources has:

- Selected suitable accounting policies and then applied them consistently.
- Made judgements and estimates that were reasonable and consistent.
- Complied with the Code of Practice.

The Strategic Director - Resources has also:

- Kept proper accounting records which were up to date.
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certificate of the Strategic Director - Resources on the Accounts of Powys County Council and Powys County Council Pension Fund for 2015/16.

I certify that the accounts set out on pages 1 to 184 present a true and fair view of the financial position of Powys County Council and the Powys County Council Pension Fund as at 31 March 2016 and its income and expenditure for the year then ended.

Signature:

Notes to the Core Financial Statements

Note 1: Accounting Policies

i. General principles

The Statement of Accounts summarises the Authority's transactions for the 2015/16 financial year and its position at the year-end of 31 March 2016 on a going concern basis. The Authority is required to prepare an annual Statement of Accounts by the Accounts and Audit (Wales) Regulations 2014, which those Regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16 and the Service Reporting Code of Practice, supported by International Financial Reporting Standards (IFRS).

The objective of the accounts is to provide information about the financial position, performance and cash flows in a way that meets the 'common needs of most users'. It will explain the financial facts rather than comment on the policies of the Authority and also has the aim of showing the results of the stewardship and accountability of elected members and management for the resources entrusted to them.

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

ii. Accruals of income and expenditure

Activity is accounted for in the year that it takes place, not simply when the cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Authority transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority.
- Revenue from the provision of services is recognised when the Authority can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority.
- Supplies are recorded as expenditure when they are consumed - where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when the payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance is written down and a charge made to revenue for the income that might not be collected.

iii. Acquisitions and discontinued operations

No such transactions took place.

iv. Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Authority's cash management. No loans, long term deposits or investments have been included in the opening or closing cash balances. These are separately disclosed.

Powys C.C., under its Treasury Management Strategy, can hold fairly substantial amounts in call accounts and Money Market Funds at any one time but not all of this would be to meet short term cash flow requirements. As such, an appropriate split between cash/cash equivalents and investments is made based on short term needs.

v. Exceptional items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Authority's financial performance.

vi. Prior period adjustments, changes in accounting policies and estimates and errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

vii. Charges to revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- Amortisation of intangible non-current assets attributable to the service.

The Authority is not required to raise Council Tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution, the minimum revenue provision (MRP), from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Authority in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by the contribution in the Council Fund balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

A revision to the MRP on supported borrowing on Council Fund debt was approved by Council on 9th March 2016. The calculation for 2015-16 was amended to a 2% straight-line basis rather than the previously approved 4% reducing balance method.

viii. Employee benefits

Benefits payable during employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Authority. An accrual is made for the cost of the holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement In Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination benefits

Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy in exchange for those benefits and are charged on an accruals basis to the appropriate service or, where applicable, to the Non Distributed Costs line in the Comprehensive Income and Expenditure Statement at the earlier of when the Authority can no longer withdraw the offer of those benefits or when the Authority recognises costs for a restructure.

Where termination benefits involve the enhancement of pensions, statutory provisions require the Council Fund balance to be charged with the amount payable by the Authority to the Pension Fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement In Reserves Statement, appropriations are required to and from the pensions reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end.

Post Employment Benefits

Employees of the Authority are members of two separate pension schemes:

- The Teachers' Pension Scheme administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE).
- The Local Government Pensions Scheme, administered by Powys County Council.

Both schemes provided defined benefits to members (retirement lump sums and pensions) earned as employees worked for the Authority.

However, the arrangements for the teachers' scheme mean that liabilities for these benefits cannot ordinarily be identified specifically to the Authority. The scheme is therefore accounted for as if it were a defined contribution scheme and no liability for future payments of benefits is recognised in the Balance Sheet. The Education and Children's line in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to Teachers' Pensions in the year.

The Local Government Pension Scheme

The Local Government Scheme is accounted for as a defined benefits scheme

- The liabilities of the Powys pension fund attributable to the Authority are included in the Balance Sheet on an actuarial basis using the projected unit method- ie an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of projected earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate of 3.4% (based on the indicative rate of return on high quality corporate bond (Aon Hewitt GBP Select AA Curve)).
- The assets of Powys C.C. pension fund attributable to the Authority are included in the Balance Sheet at their fair value:
 - Quoted securities – current bid price
 - Unquoted securities – professional estimate
 - Unitised securities – current bid price
 - Property – market value.

The change in the net pensions liability is analysed into the following components:

- Service cost compromising:
 - Current service cost - the increase in liabilities as a result of years of service earned this year- allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.
 - Past service cost - the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of the Non Distributed Costs.
 - Net interest on the net defined benefit liability (asset), ie net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement- this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period- taking into account and changes in the net defined benefit liability (asset) during the period as a result of the contribution and benefit payments.
- Remeasurements comprising:
 - The return on plan assets – excluding amounts included in net interest on the defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
 - Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions- charged to the Pensions as Other Comprehensive Income and Expenditure.
- Contributions paid to Powys C.C. pension fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the Council Fund balance to be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are transfers to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions reserve thereby measures the beneficial impact to the Council Fund of being required to account for the retirement benefits on the basis of cash flows rather than as benefits earned by the employees.

Discretionary Benefits

The Authority also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

ix. Events after the Balance Sheet date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such events.
- Those that are indicative of conditions that arose after the reporting period - the Statement of Accounts is not adjusted to reflect such events but, where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

x. Foreign currency translation

Where the Authority has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effective. Where amounts in foreign currency are outstanding at the year-end, they are reconverted at the spot exchange rate at 31 March. Resulting gains or losses are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

xi. Intangible assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Authority as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Authority.

Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being available) and the Authority will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and is restricted to that incurred during the development phase (research expenditure cannot be capitalised).

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the authority's goods or services.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Authority can be determined by reference to an active market. In practice, no intangible asset held by the Authority meets this criterion, and they are therefore carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired - any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the Council Fund balance. The gains and losses are therefore reversed out of the Council Fund balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the capital receipts reserve.

xii. Interests in Companies and Other Entities

The Authority has no material interests in companies and no other entities that have the nature of subsidiaries, associates and jointly controlled entities.

xiii. Inventories and Long Term Contracts

Inventories are included in the Balance Sheet at the lower of cost and net realisable value. The cost of inventories is assigned using the First in First Out costing formula.

Long term contracts are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the value of works and services received under the contract during the financial year.

xiv. Investment property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale. Properties under operating lease will not be held for investment.

Investment properties are measured initially at cost and subsequently at fair value, being the price that would be received to sell such an asset in an orderly transaction between market participants at the measurement date. As a non-financial asset investment properties are measured at highest and best use. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in The Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the Council Fund balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the Council Fund balance. The gains and losses are therefore reversed out of the Council Fund balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

xv. Jointly controlled operations and jointly controlled assets

Jointly controlled operations are activities undertaken by the Authority in conjunction with other venturers that involve the use of the assets and resources of the venturers rather than the establishment of a separate entity. The Authority recognises on its Balance Sheet the assets that it controls and the liabilities that it incurs and debits and credits the Comprehensive Income and Expenditure Statement with the expenditure it incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of property, plant or equipment that are jointly controlled by the Authority and other ventures, with the assets being used to obtain benefits for the

ventures. The joint venture does not involve the establishment of a separate entity. The Authority accounts for only its share of the jointly controlled assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

xvi. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Authority as lessee:

Finance leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Authority are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- A charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and
- A finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, plant and equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Authority at the end of the lease period).

The Authority is not required to raise Council Tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution, the minimum revenue provision, is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the Council Fund balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Authority as lessor:

Finance leases

Where the authority grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether property, plant and equipment or assets held for sale) is written off to the other operating expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Authority's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease (long-term debtor) asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property - applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the Council Fund balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out to the Council Fund balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount is due in relation to the leased asset is to be settled by the payment of rentals in future financial years, this is posted out of the Council Fund balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. (When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the Deferred Capital Receipts are transferred to the Capital Receipts Reserve).

The written-off value of disposals is not a charge against Council Tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the Council Fund balance in the Movement in Reserves Statement.

Operating leases

Where the Authority grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the

lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

xvii. Property, plant and equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as property, plant and equipment.

Capitalisation

All assets falling into the following categories are capitalised:

Intangible assets which can be valued, are capable of being used in the Council's activities for more than one year and have a cost equal to or greater than £10,000.

Further information of intangible assets can be read in part xi. Intangible Assets earlier in this document.

Purchased computer licences are capitalised as intangible non-current assets where expenditure of at least £10,000 is incurred. They are amortised over the shorter of the term of the licence and their useful economic life.

Tangible assets which are capable of being used for a period which exceeds one year and which:

- Individually have a cost equal or greater than £10,000
- Collectively have a cost equal or greater than £10,000 and individually have a cost more than £250, where the assets are functionally interdependent, they have broadly simultaneous purchase dates and are anticipated to have simultaneous disposal dates; and are under single managerial control; or
- Form part of the initial equipping and setting up cost for a new building irrespective of their individual or collective cost; or
- Form part of an IT network which collectively has a cost of more than £10,000 and individually have a cost of more than £250.
- All vehicles with a registration number, irrespective of value.
- Are part of external financing or contribution.

Depreciation & Amortisation

All tangible Non-Current assets other than land have been depreciated on a straight line basis using the following methods:

Asset	Years
Operational buildings	Useful life
Garages	20
Mobile offices/portacabins	20
Council dwellings	20, 30
Vehicles, plant, equipment and fittings	4, 5, 7, 10, useful life
Infrastructure	50, 18, 7
Surplus	Useful Life
Intangible	4, 7

Depreciation is not charged in the year of acquisition or addition. Depreciation is charged in full following a revaluation.

Revaluation gains are also depreciated, with an amount equal to the difference between the current value depreciation charged on assets and the depreciation that would have been charged on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

The useful life is determined by the valuer, and with the change in 2013/14 to the District Valuation Service the lives of some assets have been amended in particular the Council Dwellings, garages and some operational assets.

Valuation

Intangible non-current assets held for operational use are valued at historical cost. Infrastructure, community assets and assets under construction are measured at historic cost. Assets under construction include any existing land and buildings under the control of a contractor. All other tangible operational non current assets are measured at current value. If there is no market-based evidence of fair value because of the specialist nature of the asset and the asset is rarely sold, the depreciated replacement cost approach is used to estimate the fair value, on a modern equivalent basis.

The Council Dwellings are valued on an Existing use –Social Housing basis. The beacon method has been adopted with a 40% of the market value used in the revaluations.

Impairment

The value of each category of non-current asset is reviewed at the year end to establish if there has been a material change in value during the period. If an impairment loss on a fixed asset occurs it will be recognised and treated in accordance to the treatment prescribed by the Code of Practice. This treatment is:

- Where there is a balance of revaluation gains on the Revaluation Reserve for the relevant asset, the impairment loss is charged against that balance until it is used up. The loss debited to the Revaluation Reserve is recognised in Other Comprehensive Income and Expenditure as a reduction in the net worth of the Authority, and is presented in the Comprehensive Income and Expenditure Statement.
- Thereafter, or if there is no balance of revaluation gain (ie the asset is being carried at depreciated historical cost), the impairment loss is charged against the relevant service line(s) in the Surplus or Deficit on the provision of Services in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is charged to the Comprehensive Income and Expenditure Statement but there were accumulated revaluation gains in the Revaluation Reserve for that asset, an amount up to the value of the loss is transferred from the Revaluation Reserve to the Capital Adjustment Account.

Heritage Assets

The Code of Practice has required that all heritage assets are valued and recognised in the Statement of Accounts under non-current assets as far as it is practicable to establish a valuation for the asset. A key feature of heritage assets is that they have cultural, environmental or historical associations that make their preservation for future generations

important. Heritage assets are maintained principally for their contribution to knowledge; it is this that distinguishes them from other assets.

The significant items held in the museums are recorded in the Authority's Asset Register. The values are based on a valuation undertaken in 2008/09. A number of Memorials are also recorded in the Asset Register and are valued on a 5 year rolling cycle.

Heritage assets are not depreciated because the assets do not wear out over time. The assets will be considered for any economic impairment from deterioration as part of the impairment review.

Some assets have not been included in the Statement of Accounts. These include:

- Ancient monuments 7
- War memorials 11
- Clock towers 3

The ownership of these assets is uncertain. However, they are on the Authority's land and therefore should be disclosed.

Componentisation

Land and building are separate assets and will always be accounted for separately, even when they are acquired together. Three factors will be taken into account to determine whether a separate valuation of components is to be recognised in the accounts.

1. Materiality with regards to the Council's financial statements.

Componentisation will only be considered for individual non land assets that represent more than 1% of the opening gross book value of total non-current assets.

2. Significance of component:

For individual assets meeting the above threshold, where services within a building (boilers / heating / lighting / ventilation etc.) or items of fixed equipment (kitchens / cupboards) is a material component of the cost of that asset (greater than 50%) then those services / equipment will be valued separately on a component basis.

3. Difference in rate or method of depreciation compared to the overall asset:

Only those elements that normally depreciate at a significantly different rate from the non land element as a whole, or that require a different method of depreciation will be identified for componentisation.

Assets that fall below the de-minimis levels and tests above can be disregarded for componentisation on the basis that any adjustment to depreciation charges would not result in a material mis-statement in the accounts.

Where assets are material and to be reviewed for significant components, it is recommended that the minimum level of apportionment for the non-land element of assets (that are not classified as social housing) is:

- Plant and equipment and engineering services.
- Structure.

Professional judgement will be used in establishing materiality levels; the significance of components, useful lives, depreciation methods and apportioning asset values over recognised components.

Revaluations of the Council's property assets will continue to be undertaken on a 5 yearly rolling programme basis, at which point the revaluation takes into account the value and condition of the assets, relevant components and also de-recognition where relevant. Where there is a major refurbishment of an asset, a new valuation will be sought in the year of completion and a revision to the useful life. Where it is not current practice, individual buildings and material facilities on a site will be valued separately and depreciated based on their advised useful average life, rather than aggregating values for properties on a single site. Such a useful life will need to take into account the estimated life and condition of major components based on professional judgement. These actions will assist in providing an accurate depreciation charge.

Highways assets are not treated as a single asset. Instead the layers of the highway are going to be recognised as work is undertaken on these layers. Specifically:

Structural Maintenance: Reconstruction associated with the removal of two or more of the structural layers of a road or pavement and their replacement with new material, including new surfacing. It involves the replacement of the existing wearing costs to increase or restore the strength of the carriageway. The Highways Asset Management Plan (HAMP) gives these assets an 18 year life.

Surface Dressing: Application of a bituminous emulsion to the carriageway upon which one or more layers of stone chippings are applied. It also includes the renewal of the anti-skid treatment, to enhance the surface texture and seal the carriageway. The HAMP gives these assets a 7 year life.

Adopted Roads

Adopted Roads are infrastructure assets and are valued at historic cost and therefore have a nil value in line with the Code of Practice.

xviii. Provisions, contingent liabilities and contingent assets provisions

Provisions are made where an event has taken place that gives the Authority a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Authority may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Authority becomes aware of the obligation, and are measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year - where it becomes less than probable that a transfer of economic benefits will now be

POWYS COUNTY COUNCIL

required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Authority settles the obligation.

Provision for back pay arising from unequal pay claims

The Authority has made a provision for the costs of settling claims for back pay arising from discriminatory payments incurred before the Authority implemented its equal pay strategy.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the authority a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the authority. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent assets

A contingent asset arises where an event has taken place that gives the Authority a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

xix. VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

xx. Overhead and support services

The cost of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA Service Reporting Code of Practice. The total absorption costing principle is used and the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

Corporate & Democratic Core: Costs relating to the council's status as a multi functional democratic organisation.

Non Distributed Costs: The cost of discretionary benefits awarded to employees retiring early and any depreciation and impairment losses chargeable on non-operational properties.

These two categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Account as part of the Net Cost of Services.

xxi. Reserves

The Authority set aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the Council Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the Council Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Authority – these reserves are explained in the relevant policies.

xxii. Financial assets

Financial assets are classified into two types:

- | | |
|-----------------------------------|---|
| Loans & Receivables: | Assets that have fixed or determinable payments but are not quoted in an active market. |
| Available-for-sale Assets: | Assets that have a quoted market price and/or do not have fixed or determinable payments. |

Loans and receivables

Loans and receivables are initially measured at fair value and carried at their amortised cost. Annual credits to the Financing Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument.

For most of the loans that the council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

When soft loans are made, a loss is recorded in the income and expenditure account for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal. Interest is credited at a marginally higher effective rate of interest than the rate receivable, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. Statutory provisions require that the impact of soft loans on the Council Fund balance is included in the interest receivable for the financial year - the reconciliation of amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the Council Fund balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Statement of Movement on the Council Fund Balance.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the Comprehensive Income and Expenditure Statement.

Any gains and losses that arise on the de-recognition of the asset are credited/debited to the Comprehensive Income and Expenditure Statement.

Available-for-sale assets

These are initially measured and carried at fair value. Where the asset has fixed or determinable payments, annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the amortised cost of the asset multiplied by the effective rate of interest for the instrument. Where there are no fixed or determinable payments, income (e.g. dividends) is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Authority.

Assets would be maintained in the Balance Sheet at fair value. Values are based on the following principles:

- Instruments with quoted market prices – the market price
- Other instruments with fixed and determinable payments – discounted cash flow analysis
- Equity shares with no quoted market prices – independent appraisal of company valuations.

Changes in fair value would be balanced by an entry in the Available-For-Sale Reserve and the gain/loss is recognised in the Comprehensive Income and Expenditure Statement. The exception is where impairment losses have been incurred - these would be debited to the Comprehensive Income and Expenditure Statement along with any net gain/loss for the asset accumulated in the reserve.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made (fixed or determinable payments) or fair value falls below cost, the asset is written down and a charge made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Any gains and losses that arise on the de-recognition of the asset are credited/debited to the surplus or deficit on the provision of services along with any accumulated gains/losses previously recognised in the Movement in Reserves statement. Where fair value cannot be measured reliably, the instrument is carried at cost (less any impairment losses).

xxiii. Provision for repayment of external loans

The Council is not required to raise Council Tax or housing rents to cover depreciation, impairment losses or amortisations but it is required to make provision from revenue for the repayment of debt as measured by the Capital Financing Requirement. The only requirement of the regulations is that the provision is prudent. There is a required minimum of 2% of outstanding debt in respect of council housing and 4% in respect of other debt (the minimum revenue provision). The Authority met this requirement.

xxiv. Financial liabilities

Examples of Liabilities are payables and borrowings from third parties.

Financial liabilities are initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability multiplied by the effective rate of interest for the instrument. For most of the borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest) and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year in the loan agreement.

Gains and losses on the repurchases or early settlement of borrowing are credited and debited to the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is respectively deducted from or added to the amortised cost of the new or modified loan and the write-down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premia and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the Council Fund balance to be spread over future years. The following rules apply in respect of this:-

- Premia is spread over the longer of the outstanding term of the replaced loan or the term of the replacement loan, although authorities are able to choose a shorter period.
- Discounts are spread over a minimum period equal to the outstanding term on the replaced loan or 10 years if shorter.

The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the Council Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement In Reserves Statement.

The Authority does not give financial guarantees to make specified payments to reimburse the holder of debt.

xxv. Calculating fair value for financial instruments

The fair value of an instrument is determined by calculating the net present value (NPV) of future cash flows which provides an estimate of the value of payments in the future in today's terms. This is the widely accepted valuation technique commonly used by the private sector. The discount rate used in the NPV calculation should be equal to the current rate in relation to the same instrument from a comparable lender. This will be the rate applicable in the market on the date of valuation for an instrument with the same duration i.e. equal to the outstanding period from valuation date to maturity. The structure and terms of the comparable instrument should be the same, although for complex structures it is sometimes difficult to obtain the rate for an instrument with identical features in an active market. In such cases, the prevailing rate of a similar instrument with a published market rate would be used as the discount factor.

Complexities of the NPV calculation

It is unlikely that the future cash instalments of an instrument will fall in equal time periods from the date of valuation, and there is likely to be a "broken" period from the valuation date to the next instalment. This means that an adjustment needs to be made to each discount factor in order to take account of the timing inequality.

Evaluation of PWLB debt

We have used the new borrowing rate, as opposed to the premature repayment rate, as the discount factor for all PWLB borrowing. This is because the premature repayment rate includes a margin which represents the lender's profit as a result of rescheduling the loan which is not included in the fair value calculation since any motivation other than securing a fair price should be ignored. LAAP 73 states that PWLB will be using the premature repayment rate in their calculations. It is at the Authority's own discretion which set of values it chooses to disclose.

Inclusion of accrued interest

The purpose of the fair value disclosure is primarily to provide a comparison with the carrying value in the Balance Sheet. Since this will include accrued interest as at the Balance Sheet date, we have also included accrued interest in the fair value calculation. This figure will be calculated up to and including the valuation date.

Discount rates used in NPV calculation

The rates used were obtained by our advisors, Capita, from the market on 31 March 2016 using bid prices where applicable.

Assumptions

The following assumptions are made but do not have a material effect on the fair value of the instrument:

- Interest is calculated using the most common market convention, ACT/365.
- For fixed term deposits it is assumed that interest is received annually or on maturity if duration is less than one year.

xxvi. Revenue expenditure funded from capital under statute

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of fixed assets has been charged as expenditure to the relevant service revenue account in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer to the Capital Adjustment Account then reverses out the amounts charged so there is no impact on the level of Council Tax.

xxvii. Grants, contributions and donated assets

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- The Authority will comply with the conditions attached to the payments, and
- The grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset in the form of the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-specific Grant Income and Expenditure (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

xxviii. Non-Current assets held for sale

If an asset is actively marketed for disposal, is available for immediate disposal and there is a high probability that it will be disposed then a Non-Current asset will be transferred from its current classification to assets held for sale. If it is highly probable that the capital receipt will be received within one year, then the asset will be classified under current assets. The value transferred will be the lower of the carrying amount and fair value less the costs to sell. Depreciation is not charged.

xxix. Schools

Maintained (VA) schools

Governing Bodies of maintained schools are separate legal entities. As such, they are not covered by s33 of the VAT Act 1994 and so VAT incurred by them in respect of their non-business activities may not be recovered under s33.

The Governing Bodies are responsible for meeting all capital expenditure in relation to the school premises (with certain exclusions) except where it falls within a relevant de-minimus level. For materiality reasons, Local Authorities can set de-minimis limits on capitalisation of their expenditure in accordance with the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

This Council's de-minimus level is £10k hence this will be applied in respect of the Authority's maintained schools.

Other schools

In accordance with the code local authority maintained schools not included in the previous are considered to be controlled by the Authority. As such, income, expenditure, assets and liabilities are consolidated into the accounts of the Authority.

With regards to Non-Current Assets the Authority records only those assets it owns. In the case of Voluntary Aided and Faith Schools ownership is with the Diocese. The Authority does not have control of these schools and so omits on the Authority Balance Sheet.

xxx. Accounting for the costs of the Carbon Reduction Commitment scheme

The Authority is required to participate in the Carbon Reduction Commitment Energy Efficiency Scheme. This scheme is currently the second phase, which ends on 31 March 2019. The authority is required to purchase allowances, either prospectively or retrospectively, and surrender them on the basis of emissions, i.e. carbon dioxide produced as energy is used.

As carbon dioxide is emitted (i.e. as energy is used), a liability and an expense are recognised. The liability will be discharged by surrendering allowances. The liability is measured at the best estimate of the expenditure required to meet the obligation, normally at the current market price of the number of allowances required to meet the liability at the reporting date. The cost to the Authority is recognised and reported in the costs of the Authority's services and is apportioned to services on the basis of energy consumption.

Note 2: Accounting Standards that have been Issued but have not yet Been Adopted

The Code of Practice requires that the Authority discloses information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. This requirement applies to accounting standards that come into effect for financial years commencing on or before 1 January of the financial year in question (i.e. on or before 1 January 2016 for 2015/16).

The standards introduced in the 2016/17 code are as follows:

- Amendments to IAS 19 *Employee Benefits*
- Annual improvements to IFRSs 2010 – 2012 cycle
- Amendment to IFRS 11 *Joint Arrangements* (Accounting for Acquisitions of Interests in Joint Operations)
- Amendment to IAS 16 *Property, Plant and Equipment* and IAS 38 *Intangible Assets* (Clarification of Acceptable Methods of Depreciation and Amortisation)
- Annual improvements to IFRSs 2012 – 2014 cycle
- Amendment to IAS 1 *Presentation of Financial Statements* (Disclosure Initiative)

None of the above are expected to have a material impact on the financial statements. The Code requires implementation from 1 April 2016 and there is therefore no impact on the 2015/16 Statement of Accounts.

In 2016/17 a change in accounting policy will require all Councils to recognise a new asset category. The Highways Network Asset will be shown as a separate line on the balance sheet. The valuation of the asset will change from a historical to a depreciated replacement cost basis. The effect is expected to increase these assets, previously shown as infrastructure assets significantly. The requirements to restate opening balances for the asset as at 1 April 2015 and preceding year information in the 2016-17 Financial Statements have been removed under an exceptional adaptation to IAS 1 Presentation of Financial Statements.

Note 3: Critical Judgements in Applying Accounting Policies

In applying the accounting policies set out in note 1, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Authority has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Authority might be impaired as a result of a need to close facilities and reduce levels of service provision.
- The IAS 19 pension cost calculations in note 44 involve placing present values on future benefit payments to individuals many years into the future. These benefits will be linked to pay increases whilst individuals are active members of the Fund and will be linked to statutory pension increase orders (inflation) in deferment and in retirement. Assumptions are made for the rates at which the benefits will increase in the future (inflation and salary increases) and the rate at which these future cashflows will be discounted to a present value at the accounting date to arrive at the present value of the defined benefit obligation. The resulting position will therefore be sensitive to the assumptions used. The present value of defined benefit obligations is linked to yields of high quality corporate bonds whereas, for the LGPS funded arrangements, the majority of the assets of the fund are usually invested in equities or other real assets. Fluctuations in investment markets in conjunction with discount rate volatility will lead to volatility in the funded status of the fund and thus to volatility in the net pension asset on the Balance Sheet and in other Comprehensive Income and Expenditure. To a lesser extent this will also lead to volatility in the pension expense in the surplus or deficit on the provision of services.
- Provisions are made when clear and accurate information is available to do so. In the absence of this, creating a provision may be misleading and could have significant financial implications. This is particularly the case in respect of the Council's future obligations in respect of landfill sites. In this case there is uncertainty regarding a professional assessment in relation to the quantum of such costs and their timing, as well as the implications of accounting approach and their related financial impact. These are therefore classed as a contingent liability. Further information is contained in the relevant section of the accounts.

Note 4: Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Authority about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Authority's Balance Sheet at 31 March 2016 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainty	Effect if assumptions differ from actual
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The current economic climate makes it uncertain that the Authority will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to assets.	If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls. It is estimated that the annual depreciation charge for buildings within Land and Buildings would increase by £531k for every year that useful lives had to be reduced.
Provisions	The Authority has made a provision (included in Note 24) for the settlement of claims for back pay arising from the Equal Pay initiative, based on the number of claims received and an average settlement amount. It is not certain that all valid claims have yet been received by the Authority or that precedents set by other authorities in the settlement of claims will be applicable.	An increase over the forthcoming year, in either the total number of claims, or the estimated average settlement would each have the effect of adding to the provision needed.

Item	Uncertainty	Effect if assumptions differ from actual
Pension Liability	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting Actuaries is engaged to provide the Authority with expert advice about the assumptions to be applied.	The effects on the net pension's liability of changes in individual assumptions can be measured. For instance, a 0.1% increase in the discount rate assumption would result in a decrease in the pension liability of £12.41m. However, the assumptions interact in complex ways. During 2015/16, the Authority's Actuaries advised that the net pension's liability had decreased by £6.22m as a result of estimates being corrected as a result of experience and likewise by £25.48m attributable to updating of the financial assumptions with no movement attributable to demographic assumptions.
Arrears	At 31 March 2016, the Authority had a balance of sundry debtors invoiced of £11.9m. A review of significant balances suggested that an impairment of doubtful debts of £1.3m was appropriate. Council Tax arrears stand at £3.6m. A review of significant balances suggested that an impairment of doubtful debts of £0.7m was appropriate based on the stage the arrears are within the recovery process. However, in the current economic climate it is not certain that such an allowance would be sufficient.	If collection rates were to deteriorate, a doubling of the amount of the impairment of doubtful debts would require an additional £2.0m to be set aside as an allowance. However, very little debt is historically written off as disclosed in Note 48.

Note 5: Material Items of Income and Expense

In July 2013 the UK Government and the Welsh Government reached agreement on the terms under which Authorities with housing stock in Wales could exit from the HRA subsidy system and become self-financing. The move to self-financing in April 2015 means that Authorities for the first time be in a position where they can support their landlord activities from their own income. A settlement of £72m was paid to the Welsh Government (on behalf of the UK Treasury) in April 2015 to buy-out of the HRA subsidy system. Loans were taken out with the PWLB to fund the settlement.

Note 6: Events after the Balance Sheet Date

The Draft Statement of Accounts was authorised for issue by the Strategic Director - Resources on 30 June 2016. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2016, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information. However, no such events existed at the Balance Sheet date.

Note 7: Adjustments between Accounting Basis and Funding Basis under Regulations

This note details the adjustments that are made to the Total Comprehensive Income and Expenditure recognised by the Authority in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Authority to meet future capital and revenue expenditure.

	Usable Reserves				Unusable Reserves £'000
	Council Fund Balance £'000	Housing Revenue Account £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied £'000	
2015/16 TRANSACTIONS					
Adjustments primarily involving the Capital Adjustment Account:					
Charges for depreciation	(18,179)	(5,900)	-	-	24,079
Amortisation of intangible assets	(664)	-	-	-	664
Impairment	(15)	-	-	-	15
Capital grants and contributions applied	7,555	4,425	-	-	(11,980)
Revenue expenditure funded from capital under statute	(5,602)	-	-	-	5,602
HRA Subsidy Exit Payment	-	(72,423)	-	-	72,423
Revaluation gain/loss on property plant and equipment	(4,446)	-	-	-	4,446
Change in market value investment property	50	-	-	-	(50)
Loss on derecognition of assets	(2,626)	-	-	-	2,626
Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the comprehensive income and expenditure statement	(3,422)	(761)	-	-	4,183
In year prior year adjustment	(64)	-	-	-	64
Insertion of items not debited or credited to the Comprehensive Income And Expenditure Statement:					
Statutory provision for the financing of capital investment	4,112	1,726	-	-	(5,838)
Capital expenditure charged against the council fund and HRA balances	630	8,433	-	-	(9,063)
Adjustments primarily involving the capital grants unapplied account:					
Capital grants and contributions unapplied credited to the comprehensive income and expenditure statement	482	-	-	206	(688)
Adjustments primarily involving the Capital Receipts Reserve:					
Transfer of cash sale proceeds credited as part of the gain/loss on disposal to the comprehensive income and expenditure statement	2,949	1,273	(4,222)	-	-
Use of the capital receipts reserve to finance new capital expenditure	-	-	3,897	-	(3,897)

	Usable Reserves				Unusable Reserves £'000
	Council Fund Balance £'000	Housing Revenue Account £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied £'000	
2015/16 TRANSACTIONS					
Contribution from the capital receipts reserve towards administrative costs of noncurrent asset disposals	-	(31)	31	-	-
Available for sale asset capital receipt	(20)	-	-	-	20
Deferred capital receipts upon receipt of cash	(2)	-	(444)	-	446
Transfer of deferred sale proceeds credited to the capital receipts reserve	-	-	(2)	-	2
Transfer of deferred sale proceeds credited as part of the gain/loss on disposal to the comprehensive income and expenditure statement	781	-	-	-	(781)

Total	31,101	(5,016)	26,085	614	26,699

¹ Total representing the funds available and ring-fenced to specific schools.

² To mitigate the effect of large claims against the Authority

³ Balance of unspent money for specific initiatives and one off Authority wide projects and costs. This Reserve included money set aside to fund the Authority's Job Evaluation exercise which was implemented from the 1 April 2013.

⁴ Accumulated balances that are Committee specific and not available for general purposes. These reserves finance variances in annual spending patterns from the Council's target. Conversely any over spends are carried forward for recoupment in future years. Each reserve must have a business case with a timetable of planned use that justifies its inclusion as a carry forward.

⁵ Grants received but that have not been utilised that do not have to be repaid to the Grantor.

⁶ Specifically to help finance the Schools Modernisation Programme.

⁷ The transport reserve is used to fund vehicle, plant and equipment replacements. Services are charged a real depreciation amount which is transferred to the reserve annually and new VPE is purchased when the assets are life expired.

⁸ Funds can be borrowed by departments to fund money saving schemes.

⁹ A total of accumulated balance made up from smaller reserves.

Note 9: Other Operating Expenditure

2014/15 £'000		2015/16 £'000
	Precepts	
2,327	Community Council Precepts	2,511
12,642	Dyfed Powys Police Precept	12,182
	Levies	
6,367	Mid And West Wales Fire Authority	6,483
606	Brecon Beacons National Park	585
40	Powys Land Drainage Board	41
1,177	(Gain)/loss on the disposal of non-current assets	(3)
-	Non-enhancing expenditure	2,627
(531)	Transfer to deferred credits - landlord loans	(783)
22,628		23,643

The Authority have considered whether the immaterial change in the treatment of non-enhancing expenditure would need to be restated in the accounts and have concluded that the current presentation does not detract from the reader of the accounts understanding. See note 17.

Note 10: Financing and Investment Income and Expenditure

2014/15 £'000		2015/16 £'000
7,032	Interest Payable And Similar Charges	10,062
8,700	Net Interest on the defined liability (asset)	7,150
(495)	Interest Receivable And Similar Income	(730)
23	Impairment Of Financial Instruments	5

Capital Commitments

At 31 March 2016, the Authority has entered into a number of contracts for the construction or enhancement of property, plant and equipment in 2016/17 and future years budgeted to cost £2,584k. Similar commitments at 31 March 2015 were £9,206k.

In addition, there was an outstanding Revenue Expenditure Funded from Capital Under Statute (Reffcus) commitment of £419k in respect of private sector housing at 31 March 2016 (£422k at 31 March 2015).

Revaluations

The Authority carries out a rolling programme that ensures that all property, plant and equipment required to be measured at fair value is revalued at least every five years. All valuations undertaken this year were carried out by external valuers from the District Valuers Services; the specialist property arm of the Valuation Office Agency (VOA).

Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Assets valued in 2015-16 were revalued at 1 April 2015.

The Council Dwellings were valued on an Existing use – Social Housing basis. The beacon method was adopted with a 40% of the market value used in the revaluations.

Valuations of vehicles, plant, furniture and equipment are based on current prices where there is an active second-hand market or latest list prices adjusted for the condition of the asset.

The fair values of Property, Plant and Equipment:

	Council Dwellings	Other Land & Buildings	Vehicles, Plant, Furniture & Equipment	Infrastructure	Community	Surplus Assets	Assets Under Construction	Total
	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000

As at 31 March 15	477	67	718	93	1,356
As at 31 March 14	477	59	718	93	1,347

All the heritage assets have been valued in the Balance Sheet at Insurance Valuation which is based on market value. The significant items held in the museums are recorded in the Authority's Asset Register. The values are based on a 2008/09 valuation by Jeremy Rye and Co., Fine Art Agents and Valuers. Limits on the usefulness of any valuations include:

- They are held for perpetuity to further knowledge;
- The most recent valuation was for insurance purposes though is based on market value;
- There may not be a market for many of the assets held.

STATEMENT OF ACCOUNTS

A number of Memorials are also recorded in the Asset Register and are valued on a 5 year rolling cycle. Heritage Assets are not depreciated because the assets do not wear out over time. The assets will be considered for any economic impairment from deterioration as part of the impairment review.

There are a number of assets which have not been included in the Statement of Accounts as the ownership is uncertain, however, they are on the Authority's land and should be disclosed. These include:

- Ancient monuments 7
- War memorials 11
- Clock towers 3

Note 14: Investment Properties

The following items of income and expense have been accounted for in the finance and investment income and expenditure line in the Comprehensive Income and Expenditure Statement:

2014/15 £'000		2015/16 £'000
(140)	Rental income	(126)
19	Direct operating expense	(48)
(121)		(174)

There are no restrictions on the Authority's ability to realise the value inherent in its investment property or on the Authority's right to the remittance of income and the proceeds of disposal. The Authority has no contractual obligation to purchase, construct or develop investment property, repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year:

2014/15 £'000		2015/16 £'000
482	Balance as at 1 April	1,763
	Additions:	
-	Disposal	(1)
(92)	Change in fair value	50
	Transfers:	
1,373	(To)/from Property, Plant and Equipment	-
-	Other Changes	2
1,763	Balance as at 31 March	1,814

Fair Value Measurement

The table below provides an analysis of the fair values of non-current assets grouped into levels one to three, based on the level to which the inputs to the measurement of fair value are observable. There are no movements between valuations levels 1 and 2.

	Level 1: Quoted Market Price £'000	Level 2: Observable Inputs £'000	Level 3: Unobservable Inputs £'000	Total as at 31 March 2016 £'000	Total gains/ (losses) £'000
Recurring fair value measurements:					
Investment property (Note 14)	-	1,814	-	1,814	50
Non-recurring fair value measurements:					
Assets held for sale (Note 22)	-	685	-	685	-
Surplus assets	132	4,112	-	4,244	(310)

The table below shows a reconciliation of fair value valuations and the balance sheet figures.

	Fair Value £'000	Balance Sheet £'000	Variance £'000
Investment Property	1,814	1,814	-
Assets held for sale	685	1,423	738
Surplus Assets	4,244	4,272	28

Fair valuation of surplus assets and assets held for sale varies from the balance sheet figure because the valuation of assets held for sale reflect the accounting policy of reporting the lower of fair valuation or carrying value.

Valuation Techniques Used to Determine Level 2 Fair Values

The fair value for assets held for sale has been based on the market approach using prices and other relevant information generated by market transactions involving comparable properties. Market conditions are such that similar properties are actively purchased & sold and the level of observable inputs are significant, leading to the properties being categorised as Level 2.

Highest and Best Use

In estimating the fair value of the Council's investment property, the highest and best use of the properties is their current use.

For recurring valuations of investment property any gains or losses are recognised in the Comprehensive Income and Expenditure Statement within the line for income and expenditure related to investment properties. For the valuation of surplus assets, the gain or loss has been recognised in the non-distributed costs.

Sensitivity to Changes in Significant Unobservable Inputs

Significant changes in rental yield and vacancy levels or discount rate will result in a significantly lower or higher fair value.

Note 15: Intangible Assets

The Authority accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of property, plant and equipment. All software is given a finite useful life of 7 years, based on assessments of the period that the software is expected to be of use to the Authority.

The carrying amount of intangible assets is amortised on a straight-line basis. The amortisation of £664k charged to revenue in 2015/16 was mostly charged to the IT Administration cost centre and then absorbed as an overhead across all the service headings in the net expenditure of services. It is not possible to quantify exactly how much of the amortisation is attributable to each service heading.

The movements on intangible assets are below.

2014/15			2015/16	
Other £'000	Total £'000		Other £'000	Total £'000
5,797	5,797	Cost at 1 April	6,261	6,261
(2,973)	(2,973)	Accumulated amortisation 1 April	(3,609)	(3,609)
(22)	(22)	Accumulated impairment 1 April	(22)	(22)

-	-	Other Adjustments	(1)	(1)
(636)	(636)	Amortisation for the period	(664)	(664)
2,629	2,629	Net carrying amount at 31 March	2,025	2,025
		Comprising		
6,261	6,261	Cost at 31 March	6,320	6,320
(3,609)	(3,609)	Accumulated amortisation 31 March	(4,273)	(4,273)
(22)	(22)	Accumulated impairment 31 March	(22)	(22)

Note 16: Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Authority, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Authority that has yet to be financed. The CFR is analysed in the second part of this note.

2014/15 £'000		2015/16 £'000
220,383	Opening capital financing requirement	224,482
	Capital investment:	
35,875	Property, plant and equipment	31,198
5	Assets held for sale	-
8	Heritage assets	63
293	Intangible assets	60
2,452	Revenue expenditure funded from capital under statute	5,602
-	HRA subsidy exit payment	72,423
	Less sources of finance:	
1,267	Capital receipts	3,897
10,964	Government grants and other contributions	12,668
	Sums set aside from revenue:	
14,525	Direct revenue contributions	9,063
574	Capital receipts set aside	-
7,204	Minimum revenue provision (MRP)	5,838
224,482	Closing capital financing requirement	302,362
	Explanation of movement in year:	
(4,682)	Decrease in underlying need to borrow (supported by government financial assistance)	(2,924)
8,781	Increase in underlying need to borrow (unsupported by government financial assistance)	8,382
-	Additional borrowing for HRA buyout	72,423
4,099	Increase/(decrease) in capital financing requirement	77,881

Note 17: Impairment Losses and Derecognition of Non-Enhancing Expenditure

During 2015/16 the Authority has recognised an impairment loss of £432k and £2,627k (£2,384k in 2014/15) relating to the derecognition of assets in relation to capital expenditure on other land and buildings, which does not change the value of the asset as it is considered non-enhancing.

Note 18: Financial Instruments

The Authority had the following categories of financial instruments in the Balance Sheet:

2015			2016	
Long-term £'000	Current £'000		Long-term £'000	Current £'000
3,823	474	Investments	3,761	5,875
1,020	474	Loans And Receivables	1,020	5,875
2,803	-	Available For Sale Financial Assets	2,741	-
3,086	31,505	Debtors	3,570	29,081
3,086	-	Loans And Receivables	3,570	-
-	31,505	Financial Assets Carried At Contract Amount	-	29,081
151,458	16,537	Borrowings	227,013	3,037
151,458	16,537	Financial Liabilities At Amortised Cost	227,013	3,037
15,718	32,468	Creditors	21,976	30,464
15,718	32,468	Financial Liabilities Carried At Contract Amount	21,976	30,464

2015					2016			
Financial Liabilities at Amortised Cost	Financial Assets: Loans and Receivable	Financial Assets: Available for Sale	Total		Financial Liabilities at Amortised Cost	Financial Assets: Loans and Receivable	Financial Assets: Available for Sale	Total
£'000	£'000	£'000	£'000		£'000	£'000	£'000	£'000
7,032	-	-	7,032	Interest expense	10,061	-	-	10,061
-	23	-	23	Impairment loss	-	5	-	5

-	-	(123)	(123)	(Gains)/loss on revaluation	-	-	24	24
-	-	(123)	(123)	(Surplus)/deficit arising on revaluation of financial assets in other comprehensive income and expenditure	-	-	24	24
7,032	(504)	(123)	6,405	Net (gain)/loss for the year	10,061	(718)	24	9,367

Fair Values of Assets and Liabilities

Financial liabilities, financial assets represented by loans and receivables and long-term debtors and creditors are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- Estimated ranges of interest rates at 31 March 2016 of 1.13% to 2.92% for loans from the PWLB and 3.07% to 3.50% for other loans receivable and payable, based on new lending rates for equivalent loans at that date.
- No early repayment or impairment is recognised.
- Where an instrument will mature in the next 12 months, carrying amount is assumed approximate to fair value.
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.
- Accrued interest has been included in the fair value calculation since it is included in the carrying value of loans in the Balance Sheet.

The fair values calculated are as follows:

31 March 15			31 March 16	
Carrying Amount £'000	Fair Value £'000		Carrying Amount £'000	Fair Value £'000
167,995	205,939	Financial liabilities	230,050	285,195
15,718	15,718	Long-term creditors	21,976	21,976

The fair value of the liabilities is greater than the carrying amount because the Authority's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans in the market at the Balance Sheet date.

31 March 15			31 March 16	
Carrying Amount £'000	Fair Value £'000		Carrying Amount £'000	Fair Value £'000
1,494	1,494	Loans and receivables	6,895	6,427
3,086	3,086	Long-term debtors	3,570	3,570

Low Cost Housing (available for sale assets)

Under this scheme the Council bought properties and sold them at a discount to eligible purchasers. The debtor sums reflect the amounts repayable to the Council when those properties are sold and are measured at market value.

Short term debtors and creditors are carried at cost as this is a fair approximation of their value.

Note 19: Inventories

Inventories are stated at the lowest of cost and net realisable value. All inventories from the previous year are expended through the accounts. The balances are those held as at 31 March.

31 Mar 15 £'000		31 Mar 16 £'000
525	Building materials, vehicle parts etc	463
704	Road salt	630
52	Other	50
1,281		1,143

Note 20: Short Term Debtors

Short term debtors are amounts owed to the Authority that are due for collection within one year from 31 March and shown net of provisions for bad debts.

31 Mar 15 £'000		31 Mar 16 £'000
	Central Government	
8,512	Welsh Government	3,811
445	European Community	102

(472)	Commuted Sums – Land Drainage	(492)
(1,341)	Council Tax Credits	(1,226)
(30,558)		(28,566)

Long Term Creditors

31 Mar 15 £'000		31 Mar 16 £'000
(15,718)	Deposits – Section 106 deposit	(21,976)
(15,718)		(21,976)

Note 24: Provisions

There are no material unfunded risks.

Long Term Provisions

	As at 1 April 15 £'000	Increase in Provision £'000	Reversal of Unused Provision £'000	Amounts Paid £'000	Movement to Short Term £'000	As at 31 March 16 £'000
Long Term	(1,341)	(18)	-	200	-	(1,159)

Short Term Provisions

	As at 1 April 15 £'000	Increase in Provision £'000	Reversal of Unused Provision £'000	Amounts Paid £'000	Movement to Long Term £'000	As at 31 March 16 £'000
Insurance ¹	(1,605)	(691)	-	631	-	(1,665)
Other ²	(305)	(100)	-	172	-	(233)
	(1,910)	(791)	-	803	-	(1,898)

Note 25: Usable Reserves

Movements in the Authority's usable reserves are detailed in the movement in reserves statement, including the Council Fund and HRA. The usable capital receipts table which follows provides further information of movement on that reserve.

Usable Capital Receipts

2014/15 £'000		2015/16 £'000
12,649	Balance as at 1 April	13,804
3,022	Gross capital receipts	4,668
(571)	Reserved receipts	-
(1,252)	Financing fixed assets	(1,530)
(15)	Financing Refocus	(2,397)
-	Abortive costs	30
(29)	Less Administration costs	(31)
13,804	Balance as at 31 March	14,544

¹ A provision has been made to meet known and anticipated liabilities on claims under the Council's insurance arrangements, this includes employer and public liability.

² Included in Other are Equal Pay claims still to be settled and an open book exercise which is being carried out to establish the cost of care home provision under/over paid by the Authority.

Note 26: Unusable Reserves

31 Mar 15 £'000		31 Mar 16 £'000
297,104	Revaluation reserve	309,232
1,684	Available for sale financial instruments	1,642
243,759	Capital adjustment account	171,325
762	Financial instruments adjustment account	505
(231,900)	Pensions reserve	(219,060)
3,181	Deferred capital receipts	3,515
(3,524)	Accumulated absences account	(1,405)
311,066		265,754

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Authority arising from increases in the value of its Property, Plant and Equipment and Intangible Assets. The balance is reduced when assets with accumulated gains are:

- Revalued downwards or impaired and the gains are lost
- Used in the provision of services and the gains are consumed through depreciation, or disposed of and the gains are realised.

The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2014/15 £'000			2015/16 £'000	
	256,628	Balance as at 1 April		297,104
		In year prior period adjustments	68	
56,129		Upwards revaluation of assets	26,322	
(6,628)		Downward revaluation of assets and impairment losses not charged to the surplus/deficit on the provision of services	(3,749)	
		Impairment losses not charged to the Surplus/Deficit on the Provision of Services	(271)	
	49,501	Surplus or deficit on the revaluation of non-current assets not posted to the surplus/deficit on the provision of services		22,370
(6,843)		Difference between fair value depreciation and historical cost depreciation	(7,523)	
(2,182)		Accumulated gains on assets sold or scrapped	(2,719)	
	(9,025)	Amount written off to the capital adjustment account		(10,242)
	297,104	Balance as at 31 March		309,232

Available For Sale Financial Instruments Reserve

The Available for Sale Financial Instruments Reserve contains the gains made by the Authority arising from increases in the value of its investments that have quoted market prices or otherwise do not have fixed or determinable payments. The balance is reduced when investments with accumulated gains are:

- Revalued downwards or impaired and the gains are lost
- Disposed of and the gains are realised.

2014/15 £'000		2015/16 £'000
1,661	Balance as at 1 April	1,684
123	Upward/(downward) revaluation of investments	(24)
(100)	Accumulated gains on assets sold and maturing assets written out the comprehensive income and expenditure statement as part of other investment income	(18)
1,684	Balance as at 31 March	1,642

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions.

The account is debited with the cost of acquisition, construction or enhancement as depreciation. Impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis).

The account is credited with the amounts set aside by the Authority as finance for the costs of acquisition, construction and enhancement. The account contains accumulated gains and losses on investment properties and gains recognised on donated assets that have yet to be consumed by the Authority. The account also contains revaluation gains accumulated on property, plant and equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains. Note 7 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

POWYS COUNTY COUNCIL

2014/15 Reclassified £'000			2015/16 £'000	
	230,097	Balance as at 1 April		243,759
Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income And Expenditure Statement:				
-		In year prior year adjustment	(133)	
(22,290)		Charges for depreciation of non-current assets	(24,079)	
(636)		Amortisation of Intangible Assets	(664)	
574		Revaluation gain/(loss) on Property, Plant And Equipment	(4,446)	
(556)		Impairment due to economic consumption	(15)	
(2,452)		Revenue expenditure funded from capital under statute	(5,602)	
-		HRA Subsidy Exit Settlement	(72,423)	
(115)		Loss on derecognition of Assets	(2,626)	
(3,485)	(28,960)	Amounts of non-current assets written off on disposal or sale as part of the gains/loss on disposal to the Comprehensive Income And Expenditure Statement	(4,183)	(114,171)
	9,025	Adjusting amounts written out of the Revaluation Reserve		10,241
	(19,935)	Net written out of the cost of non-current assets consumed in the year		(103,930)
Capital Financing applied in the year				
1,267		Use of the Capital Receipts Reserve to finance new capital expenditure	3,897	
10,940		Capital grants and contributions credited to the Comprehensive Income And Expenditure Statement that have been applied to capital financing	11,980	
24		Application of grants to capital financing from the Capital Grants Unapplied Account	688	
14,525		Capital expenditure charged against the Council Fund and HRA balances	9,063	
7,204	33,960	Statutory provision for the financing of capital investment charged against the Council Fund and HRA balances	5,838	31,466
	(92)	Movement in the market value of Investment Properties debited or credited to the Comprehensive Income And Expenditure Statement		50
	(771)	Movement in the market value of Assets Held for Sale debited or credited to the Comprehensive Income And Expenditure Statement		-
	(71)	Available for Sale Assets		(20)
	570	Reserved capital receipts		-
	243,759	Balance as at 31 March		171,325

Reclassification has been made to reflect the requirements of the code.

Financials Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses, relating to certain financial instruments and for bearing losses, or benefiting from gains, per statutory provisions. The Authority uses the account to manage premiums paid on the early redemption of loans. Premiums are debited to the Comprehensive Income and Expenditure Statement when they are incurred, but reversed out of the Council Fund Balance to the account in the movement in reserves statement. Over time, the expense is posted back to the Council Fund Balance in accordance with statutory arrangements for spreading the burden on Council Tax. In the Authority's case, this period is the unexpired term that was outstanding on the loans when they were redeemed. As a result, the balance on the account at 31 March 2015 will be charged to the Council Fund over the remaining life of repaid loans.

2014/15 £'000		2015/16 £'000
1,000	Balance as at 1 April	762
(291)	Discounts paid from rescheduling of debt	(289)
49	Soft loans adjustment	45
2	Proportion of premiums incurred in previous financial years to be charged against the Council Fund balance in accordance with statutory requirements	-
2	Invest to save loans	(13)
762	Balance as at 31 March	505

Pension Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Authority accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed, as the Authority makes employer's contributions to Pension Funds or eventually pay any pensions for which it is directly responsible. The debit balance on the pensions reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2014/15 £'000		2015/16 £'000
(210,920)	Balance as at 1 April	(231,900)
(14,210)	Actuarial gains or (losses) on pensions assets and liabilities	19,820
(23,850)	Reversal of items relating to retirement benefits debited or credited to the surplus or deficit on the provision of services in the Comprehensive Income And Expenditure Statement	(24,130)
17,080	Employer's pensions contributions	17,150
(231,900)	Balance as at 31 March	(219,060)

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Authority does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2014/15 £'000		2015/16 £'000
3,079	Balance as at 1 April	3,181
(3)	Transfer of deferred sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	(2)
531	Landlord Loans	781
(426)	Transfer to the Capital Receipts Reserve upon receipt of cash	(446)
3,181	Balance as at 31 March	3,514

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the Council Fund balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the Council Fund Balance is neutralised by transfers to or from the account.

2014/15 £'000		2015/16 £'000
(3,692)	Balance as at 1 April	(3,524)
3,692	Settlement or cancellation of accrual made at the end of the preceding year	3,524
(3,524)	Amounts accrued at the end of the current year	(1,405)
(3,524)	Balance as at 31 March	(1,405)

Note 27: Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the *Services Reporting Code of Practice*. However, decisions about resource allocation are taken by the Authority's Board on the basis of budget reports analysed across directorates. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- No charges are made in relation to capital expenditure (where as depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement).
- The cost of retirement benefits is based on cash flows (payment of employer's pensions contributions) rather than current service cost of benefits accrued in the year.

STATEMENT OF ACCOUNTS

The income and expenditure of the Authority's principal directorates recorded in the budget reports for the year is as follows:

2014/15 £'000	Net expenditure by directorate	2015/16 £'000
	People	
54,833	Adult Services And Commissioning	56,813
15,862	Children's Services	16,072
944	Housing	532
(5,552)	Housing Revenue Account	(5,985)
	Place	
-	Director and Heads of Service	112
14,896	Leisure And Recreation	13,013
8,762	Regeneration, Property and Commissioning	7,065
25,517	Highways, Transport and Recycling	25,254
102,893	Schools	101,291
4,169	Change and Governance	-
-	Chief Executive*	4,442
	Resources	
1,117	Professional Services	1,392
-	Information Services*	(682)
51	Business Services	12
61	Communications**	-
223,553	Service area Total	219,331
11,423	Corporate Activities	8,941
234,976	Total	228,272
(60,150)	Council Tax	(64,063)
(139,609)	Revenue Support Grant	(135,436)
(42,845)	Non Domestic Rates	(38,880)
(7,628)	Net Expenditure In The Directorate Analysis	(10,107)
476	Net expenditure not included in the analysis	75,052
14,949	Amounts in the Comprehensive Income and Expenditure Statement not reported to management in the analysis	20,501
7,797	(Surplus)/deficit on services in comprehensive income and expenditure statement	85,446

* Chief Executive and Information Services were within Change and Governance in 2014/15. Information Services is now part of the Resources Directorate, following a minor redistribution of responsibilities amongst Directors.

** Communications now within Chief Executives.

Reconciliation to subjective analysis

The reconciliation overleaf shows how the figures in the analysis of directorate net expenditure relate to a subjective analysis of the surplus or deficit on the provision of services included in the Comprehensive Income and Expenditure Statement.

	Per Directorates analysis	Amounts not reported to management for decision making	Amounts not included in income and expenditure	Per the (surplus)/deficit from the provision of services
2015/16	£'000	£'000	£'000	£'000
Grants, reimbursements and contributions (see note 38)	(78,230)	(9,486)	-	(87,716)
Customer and client income	(71,668)	(648)	-	(72,316)

Note 31: Trust Funds

The Authority remains sole trustee for the Welsh Church Acts Fund and Rhayader Leisure Centre. Their unaudited accounts are summarised over the next two pages and do not form part of the Authority's accounts.

The Charities Act 1993 requires there to be an independent audit of the Statement of Accounts of the following two trust funds. The 2015/16 results below had not been audited by the time Powys County Council's audit was complete and the Audit Report at the rear of this Statement of Accounts does not relate to these Trust Funds.

Welsh Church Acts Fund

The Welsh Church Acts Fund was established under the Welsh Church Act of 1914 and is administered by the County Council. Grants are made from the Fund to individuals and organisations with charitable status. The unaudited accounts of the Welsh Church Acts Fund are set out below. These accounts do not form part of the Authority's consolidated accounts.

2014/15 £'000	Revenue Account	2015/16 £'000
	Income	
(76)	Investment Income	(88)
(3)	Rents	(3)
(101)	Unrealised (Profit) on Investments	-

26	Fund Surplus	4

Note 32: Agency Services

The Council carries out work on an agency basis for other organisations for which it is fully reimbursed. These amounts are excluded from the Authority's results. The significant agency services provided were:

2014/15 £'000	Agency	Description	2015/16 £'000
528	Welsh Government	Houses for Homes	2
-	Welsh Government	Home Improvement Loans	333
-	Welsh Government	Viable & Vibrant Places Scheme	18

Note 33: Pooled Budgets and Joint Arrangements

Funded Nursing Care Pooled Budget (Section 31 Health Act 1999)

Powys Teaching Health Board (PTHB) and Powys County Council have entered into a partnership agreement in accordance with Section 31 of the Health Act 1999. The health related function which is subject to these arrangements is the provision of care by a registered nurse in care homes, which is a service provided by the NHS Body under Section 2 of the National Health Service Act 1977. In accordance with the Social Care Act 2001 Section 49 care from a registered nurse is funded by the NHS regardless of the setting in which it is delivered. (Circular 12/2003).

The agreement will not affect the liability of the parties for the exercise of their respective statutory functions and obligations. The partnership agreement operates in accordance with the Welsh Assembly Government Guidance NHS Funded Nursing Care 2004. The allocation received for 2015/16 for Free Nursing care was £2,070,147 which is now within the PTHB base allocation from WG.

Note 34: Joint Committees

Education through Regional Working ERW is a Joint Committee consisting of six local authorities in South West and Mid-Wales. Pembrokeshire is the lead Authority. The total annual contribution from participating Authority's for 2015/16 was £250k (£250k in 2014/15) of which Powys C.C. contributed £36k (£40k in 2014/15). The reserve held specifically for Powys C.C. by ERW is £55k in 2015-16 (£66k in 2014-15).

Note 35: Members Allowances

A total of £1,237k was paid to Councillors in basic and special responsibility allowances (£1,210k in 2014/15). Councillors were also reimbursed travel, working expenses and subsistence expenses in accordance with regulations amounting to £104k (£114k in 2014/15).

Note 36: Senior Officers Emoluments

The remuneration ratio of the chief executive during the year of the accounts to the amount of the median remuneration (£19,048 in 2015/16, £18,376 in 2014/15) of the Authorities employees was 6.97 (7.23 in 2014/15).

Senior officer posts that attracted remuneration of at least £60k were:

Post Title	Salary (inc fees & allowances)	Benefits in kind	Compensation for loss of office	Total Remuneration Excluding Pension Contribution	Pension Contribution¹	Total Remuneration including Pension Contribution
2015/16	£'000	£'000	£'000	£'000	£'000	£'000
Chief Executive ²	138	-	-	138	32	170

¹ Pension Contribution is 23.2% of pensionable pay, of which 15.2% relates to Employers future service cost while 8% is deficit funding relating to the shortfall concerning past service liabilities.

² Salary includes a £5k payment for Returning Officer election fees.

³ The post holder in the role of Interim Head of Schools Service was transferred into the role of Head of Schools Service in June 2014.

⁴ The role of Head of Operations was deleted in May 2014.

⁵ From November 2014 the role of Highways, Transport & Recycling was filled permanently.

⁶ The role of Head of Housing and Commissioning was vacated in October 2014.

⁷ The Head of Housing costs were charged to consultancy. From March 2015 the post was filled permanently.

POWYS COUNTY COUNCIL

The following number of higher paid officers, excluding senior officers, of the County Council received emoluments in excess of £60,000 in the year. Remuneration bands exclude employer's pension contributions.

2014/15 Officers	Remuneration Band	2015/16 Officers
8	£60,000 - £64,999	8
8	£65,000 - £69,999	6
3	£70,000 - £74,999	3
-	£75,000 - £79,999	3
1	£80,000 - £84,999	-
1	£85,000 - £89,999	-
1	£90,000 - £94,999	1

Note 43 details termination benefits.

Note 37: Audit Costs

The Authority has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the Authority's external auditors.

2014/15 £'000		2015/16 £'000
208	Accounts	208
99	Performance audit	99
95	Grant claims	75
4	Other	2
406		384

Note 38: Taxation and Non-specific Grant Income

The Authority credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2015/16:

2014/15 £'000	Credited to Taxation and non-specific grant income	2015/16 £'000
75,334	Council Tax	78,757
139,609	Revenue Support Grant	135,435
42,469	Non-domestic Rates redistribution (NNDR)	38,880
257,412		253,072

NNDR is organised on a national basis. The Welsh Government (WG) specifies an amount for the rate 48.2p in 2015/16 (47.3p in 2014/15) and, subject to the effects of transitory arrangements, local businesses pay rates calculated by multiplying their rateable value by this amount. The Council pays the rates it collects to a pool administered by WG. WG redistributes the sums payable back to Local Authorities on the basis of a fixed amount per head of population.

The Authority also receives specific grants to be credited directly to services as outlined overleaf.

STATEMENT OF ACCOUNTS

Please note that in 2015/16 Welsh Government replaced many school grants with a singular 'Education Improvement Grant'. These have been identified with a star (★).

2014/15 Reclassified £'000	Grants, Reimbursements and Contributions	2015/16 £'000
565	14-19 Revenue Grant ★	-
145	Animal Health Welfare Grant	219
532	Benefit Administration Grant	505
561	Benefit Payments	546
148	Bus Revenue Support (Traws Cymru)	311
1,017	Concessionary Travel	1,139
1,117	Contribution From TEC	306
728	European Agricultural Fund for Rural Development	121
-	Education Improvement Grant	5,868
1,140	Families First	1,152
1,638	Flying Start	1,782

5,072	Other	6,084
87,758		87,716

2014/15 has been reclassified in to one table to enable the reader to more easily link to note 27. Immaterial grants have been delisted into Other Government Grants.

POWYS COUNTY COUNCIL

The Authority has received a number of grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that will require the monies or property to be returned to the giver. The balances at the year-end are as follows:

2014/15 £'000	Capital grants received in advance	2015/16 £'000
131	Balance as at 1 April	174
92	Grants Received	39
(20)	Transfer to capital grants unapplied	(6)
(29)	To income and expenditure account	-
174	Balance as at 31 March	207

Note 39: Council Tax

Council Tax income derives from charges raised according to the value of residential properties which have been classified into ten valuation bands based on the draft valuation list prepared by the Valuation Office that came into effect 1 April 2006. Charges are calculated by taking the amount of Council Tax income required by the County Council, Dyfed Powys Police and Community Councils for the forthcoming year and dividing this amount by the Council Tax base. The Council Tax base is the number of properties in each band adjusted by a proportion to convert the number to a band D equivalent and adjusted for discounts. The tax base used for the calculation of Council Tax in 2015/16 was 60,889. (60,029 in 2014/15).

The basic charge of £1,045.62 (£1,005.40 in 2014/15), for a band D property in 2015/16 for County Council purposes is multiplied by the proportion specified for the particular band to give the amount due for each individual property. A similar exercise is done for Dyfed Powys Police Authority and Community Council purposes to arrive at the total Council Tax charge per property.

Council Tax bills were based on the following multipliers for bands A to I.

Band	A*	A	B	C	D	E	F	G	H	I
Multiplier	5/9	6/9	7/9	8/9	9/9	11/9	13/9	15/9	18/9	21/9
Properties	3	3,008	6,027	9,762	8,895	13,169	12,246	6,241	1,114	394

2014/15 £'000		2015/16 £'000
75,501	Council tax income	78,921
(167)	Miscellaneous write offs	(165)
75,334	Net proceeds from council tax	78,756

Note 40: Related Parties

The Authority is required to disclose material transactions with related parties i.e. bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Authority.

Central Government

Welsh Government have effective control over the general operations of the Authority – it is responsible for providing the statutory framework within which the Authority operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties (e.g. Council Tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 27 on reporting for resources allocation decisions.

Members

As required by law the Authority holds a Register of Members' Interests which Members are required to maintain. In addition Members declare interests where they are involved in Authority decisions affecting that interest. Note 35 shows the allowances paid to members.

The following table is a summary of all transactions recorded in relation to declared relationships which were either controlled by a member or otherwise considered material. As all amounts have been rounded to the nearest thousand, any transactions between nil and £499.99 are represented as a zero (0).

Body	Member & Relationship	Expenditure		Income	
		In Year £'000	O/S £'000	In Year £'000	O/S £'000
Arts Alive	Cllr K Silk <i>Trustee</i>	30	-	0	0
Banwy Fuels	Cllr W.B Thomas <i>Leases land to company</i>	32	1	-	-
Castle Kitchens	Cllr S Hayes <i>Partner</i>	-	-	1	-
Canal & River Trust	Cllr F Jump <i>Representative for Montgomeryshire</i>	30	-	-	-
Fuze Ltd	Cllr R I George <i>Director</i>	0	-	-	-
Hay Veterinary Group	Cllr C Davies <i>Practice manager</i>	-	-	1	1
Impact Schools	Cllr D J Mayor <i>Owner</i>	1	0	-	-
Mid Wales Manufacturing	Cllr J H Brunt <i>Project manager</i>	116	-	-	-
Medlicott Solicitors	Cllr G H Medlicott <i>Partner</i>	1	-	-	-
Mountain Micros	Cllr S Davies <i>Business owner</i>	-	-	2	1
Powys County Council	Cllr H Lewis <i>County farm lessee</i>	-	-	4	-
Royal Welsh Agricultural Show	Cllr R Harris <i>Enterprise director and steward</i>	-	-	18	-

POWYS COUNTY COUNCIL

Members also declared control over the below bodies, however there were no transactions recorded in respect of these for financial year 2015/16.

Body	Councillor and Relationship
Lakeside (Llangorse)	Cllr M J B Davies <i>Director and land owner</i>
Media Solutions	Cllr T Turner <i>Owner</i>
Mr G Vaughan	Cllr G P Vaughan <i>Former Home to School transport supplier</i>

Chief and Senior Officers and their Close Families

Senior Officers of the Council maintain a register of gifts received and are asked annually to declare any relevant interests. No material transactions took place in 2015/16.

Other Public Bodies [Subject To Common Control By Central Government]

The Authority has seven pooled budget arrangements with Powys Teaching Health Board for the provision of health services. Transactions and balances outstanding are detailed in note 33.

The following officers are joint working:

Position	Purpose	Authority	Billed to/(from) £'000	Outstanding £'000
Streetworks Manager	Joint Working CWIC	Ceredigion County Council	21	-
Workforce Director	Joint Working	Powys Teaching Health Board	(17)	-

The Powys Pension Fund

As well as making employer contributions to the Fund the County Council also provides administrative services for the fund. In 2015/16 the Council was paid £863k for these services (£763k for 2014/2015).

Note 41: Leases

Please note 2014/15 figures have been restated using additional information identified in 2015/16.

Authority as a Lessee**Operating Leases**

Various services use assets financed by operating lease. The lease costs form part of each service's revenue expenditure. Total operating lease rentals paid in the year were £1,088k (£1,365k in 2014/15) and the total outstanding commitment on operating leases at the 31 March 2016 was £2,092k (£2,195k at 31 March 2015).

Restated 31 Mar 15 £'000	Minimum lease payments	31 Mar 16 £'000
1,020	No later than one year	1,022
1,144	Later than one but no later than five years	1,042
31	Later than five years	28
2,195		2,092

Finance Leases

The Authority has not engaged with any leases of this type in 2015/16.

Authority as a Lessor**Operating Leases**

The Authority leases out property and equipment under operating leases for the following purposes:

- For the provision of community services, such as sports facilities, tourism services and community centres
- For economic development purposes to provide suitable affordable accommodation for local businesses.

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. The increase in the minimum lease payments receivable under non-cancellable leases in future years below is because of the inclusion of more arrangements in the calculation, not because new ones have been signed:

Restated 31 Mar 15 £'000	Minimum lease payments	31 Mar 16 £'000
1,677	No later than one year	1,566
4,003	Later than one but no later than five years	4,037
6,759	Later than five years	6,736
12,439		12,339

Finance Leases

The Authority as a lessor has not issued any finance leases.

Note 42: Obligations under Long Term Contracts

A contract with BUPA to purchase a minimum number of beds amounting to £10.5m expired in 2014 but was extended to 2016 for an additional £6.9m. Further to this the contract will be negotiated on an annual basis and as such the contract for 2016/17 has been estimated to be worth £4.8m.

Note 43: Termination Benefits

The Authority had the following termination costs.

2014/15			2015/16	
Staff	£'000		Staff	£'000
799	1,840	£0 - £20,000	260	1,104
75	2,155	£20,001 - £40,000	20	560
19	895	£40,001 - £60,000	7	319
-	-	£60,001 - £80,000	1	74
-	-	£80,001 - £100,000	-	-
3	358	£100,001 - £150,000	-	-
-	-	£150,001 - £200,000	1	157
896	5,248		289	2,214

2014/15 £'000		2015/16 £'000
3,362	Redundancy	1,524
1,204	Pension strain	482
158	Loss of office	115
524	Payment in lieu of notice or holidays	93
5,248		2,214

Note 44: Defined Benefit Pension Schemes**Participation in Pension Schemes**

As part of the terms and conditions of employment of its officers, the Authority makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Authority has a commitment to make the payments (for those benefits) and to disclose them at the time that the employees earn their future entitlement.

The Authority participates in the Local Government Pension Scheme administered by Powys County Council, who are responsible for the governance of the Fund. This is a funded defined benefit final salary scheme, meaning that the Authority and employees pay contributions into a Fund, calculated at a level intended to balance the pension liabilities with investment assets. Benefits earned up to 31 March 2014 are linked to final salary, benefits after 31 March 2014 are based on a Career Average Revalued Earnings scheme. Details of the benefits earned over the period covered by this disclosure are set out in the 'Local Government Pension Scheme Regulations 2013' and 'The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014'.

Information on the framework for calculating contributions to be paid is set out in LGPS Regulations 2013 and the Fund's Funding Strategy Statement. The last actuarial valuation was at 31 March 2013 and the contributions to be paid until 31 March 2017 resulting from that valuation are set out in the Funds Rates and Adjustment Certificate. An actuarial valuation of the Fund will be carried out at 31 March 2016 and as part of the valuation a new Rates and Adjustment Certificate will be produced for the three year period from 1 April 2017.

Transactions Relating to Post-employment Benefits

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of post-employment /retirement benefits is reversed out of the General Fund (and Housing Revenue Account) via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund balance via the Movement in Reserves during the year.

2014/15 Funded £'000	2014/15 Total £'000	Comprehensive income and expenditure statement	2015/16 Funded £'000	2015/16 Total £'000
		Cost of services		
14,520	14,520	Current service cost	16,510	16,510
630	630	Past service costs	470	470
		Financing And Investment Income And Expenditure		
870	8,700	Interest on net defined benefit	7,150	7,150
23,850	23,850	Pension expense charged to the surplus/deficit on the provision of services	24,130	24,130
		Other post employment benefit charged to the Comprehensive Income And Expenditure Statement		
(43,330)	(43,330)	Return on plan assets (in excess of)/that recognised in net interest	11,880	11,880
61,270	61,270	Actuarial (gains)/losses due to change in financial assumptions	(25,480)	(25,480)
-	-	Actuarial (gains)/losses due to changes in demographic assumptions	-	-
(3,730)	(3,730)	Actuarial (gains)/losses due to liability experience	(6,220)	(6,220)
38,060	38,060	Total other post employment benefit charged to the Comprehensive Income And Expenditure Statement	4,310	4,310
		Movement In Reserves Statement		
(23,850)	(23,850)	Reversal of net charges made to the surplus or deficit for the provision of services for post employment benefits in accordance with the Code	(24,130)	(24,130)
		Actual amount charged against the Council Fund balance during the year:		
(17,080)	(17,080)	Employers contributions payable to scheme	(17,150)	(17,150)

The cumulative amount of actuarial gains and losses recognised in the comprehensive income and expenditure statement to the 31 March 2016 is a gain of £19.82m.

Pension Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the authority's obligation in respect of its defined benefits plans is as follows.

2015 £'000		2016 £'000
403,650	Fair value of assets	465,810
695,480	Present value of funded defined benefit obligation	684,870
(231,900)	Funded Status	(219,060)
-	Impact of minimum funding requirement/asset ceiling	-
(231,900)	Asset/(Liability) recognised on the balance sheet	(219,060)

Reconciliation of the Movements in the Fair Value of Scheme Assets

2014/15 £'000	Pension Scheme Assets	2015/16 £'000
403,650	Brought forward 1 April	463,580
17,360	Interest Income on Assets	14,830
43,330	Remeasurement gains/(losses) on assets	(11,880)
17,080	Contributions by the employer	17,150
4,440	Contributions by participants	4,390
(22,280)	Net benefits paid out	(22,260)
463,580	Carried Forward 31 March	465,810

2014/15 £'000	Actual Return on Assets	2015/16 £'000
17,360	Interest Income on Assets	14,830
43,330	Remeasurement gains/(losses) on assets	(11,880)
60,690	Actual Return On Assets	2,950

Reconciliation of the Present Value of the Scheme Liabilities
(Defined Benefit Obligation)

2015 Funded £'000	Pension Scheme Liabilities	2016 Funded £'000
614,570	Brought forward 1 April	695,480
14,520	Current service cost	16,510
26,060	Interest expense on defined benefit obligation	21,980
4,440	Contributions by participants	4,390
61,270	Actuarial (gains)/losses on liabilities – financial assumptions	(25,480)
-	Actuarial (gains)/losses on liabilities – demographic assumptions	-
(3,730)	Actuarial (gains)/losses on liabilities – experience	(6,220)
(22,280)	Net benefits paid out	(22,260)
630	Past service cost	470
695,480	Carried forward 31 March	684,870

Local Government Pension Scheme Assets Comprised

Assets in the Pension Fund are valued at fair value, principally market value for investments, and consist of the following categories by proportion of total assets held by the fund:

% of Assets 31 Mar 15		% of Assets (Quoted) 31 Mar 16	% of Assets (Unquoted) 31 Mar 16	Total Assets 31 Mar 16
53.0	Equity Investments	46.9	4.7	51.6
7.4	Property	14.2	-	14.2
16.3	Government Bonds	13.4	-	13.4
8.6	Corporate Bonds	7.6	-	7.6
5.2	Cash	0.9	-	0.9
9.5	Other	12.3	-	12.3
100.0		95.3	4.7	100.0

Other holdings include hedge funds, currency holdings, asset allocation futures and other financial instruments. The actuary assumed these will get a return in line with equities.

Basis for Estimating Assets and Liabilities

Liabilities are valued on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The valuations have been carried out as of 31 March 2013 and updated for following years by AON Hewitt Limited the independent Actuaries to the fund. Under the projected unit method the current service cost will increase as the members of the scheme approach retirement (for schemes where the age profile of the active membership is significantly rising).

The following are the main assumptions used by the Actuaries in their calculations to 31 March:

2015 %		2016 %
2.9	Inflation – RPI	2.9
3.3	Rate of general increase in salaries	3.3
1.8	Rate of increase to pensions in payment	1.8
1.8	Rate of increase to deferred pensions	1.8
3.2	Discount rate	3.4

POWYS COUNTY COUNCIL

The Principal Demographic Assumptions are:

31 Mar 15	Post Retirement Mortality	31 Mar 16
	Males	
Standard SAPS Normal Health All Amounts	Base table (in 2007)	Standard SAPS Normal Health All Amounts
100.0%	Scaling to the above table	100.0%
CMI_2012	Cohort improvement factors (from 2007)	CMI_2012
1.5%	Minimum underpin to improvement factors	1.5%
23.0	Future lifetime from age 65 (currently aged 65)	23.1
25.2	Future lifetime from age 65 (currently aged 45)	25.3
	Females	
Standard SAPS Normal Health All Amounts	Base table (in 2007)	Standard SAPS Normal Health All Amounts
100.0%	Scaling to the above table	100.0%
CMI_2012	Cohort improvement factors (from 2007)	CMI_2012
1.5%	Minimum underpin to improvement factors	1.5%
25.5	Future lifetime from age 65 (currently aged 65)	25.6
27.8	Future lifetime from age 65 (currently aged 45)	28.0

	31 Mar 15	31 Mar 16
Commutation	Each member was assumed to surrender pension on retirement, such that the total cash received (including any accrued lump sum from pre 2008 service) is 70% of the permitted maximum.	Each member was assumed to surrender pension on retirement, such that the total cash received (including any accrued lump sum from pre 2008 service) is 70% of the permitted maximum.

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out above. The sensitivity analyses overleaf have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis did not change from those used in the previous period.

Funded LGPS Benefits

Discount Rate Assumption		
Experience gains / (losses) on liabilities	+0.1% p.a.	-0.1% p.a.
Present value of total obligations (£'000s)	672,460	697,510
% change in present value of total obligation	-1.80%	1.80%

% change in present value of total obligation	2.60%	-2.60%
Projected service cost (£'000s)	16,650	15,570
Approximate % change in projected service cost	3.30%	-3.30%

Impact on the Authority's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The County Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 25 years. Funding levels are monitored on an annual basis. The triennial valuation was completed on March 2013.

The Council anticipates paying £17.34m regular contributions to the scheme in 2016/17.

The split of the defined benefit obligation at the last valuation date between the various categories of members was as follows:

Active members (40%)	Deferred pensioners (13%)	Pensioners (47%)
----------------------	---------------------------	------------------

The weighted average duration of the defined benefit obligation for scheme members is 18.3 years in 2015/16 (18.3 years 2014/15).

¹ A rating of +1 year means that members are assumed to follow the mortality pattern of the base table for an individual that is 1 year older than them.

Risks Associated with the Fund in Relation to Accounting

Asset Volatility

The assets used for accounting purposes are calculated using a discount rate set with reference to corporate bond yields. If assets underperform this yield this will create a deficit in the accounts. The Fund holds a significant proportion of growth assets which while expected to outperform corporate bonds in the long term creates volatility and risk in the short term in relation to the accounting figures.

Changes in Bond Yield

A decrease in corporate bond yields will increase the value placed on the liabilities for accounting purposes although this will be marginally offset by the increase in the assets as a result.

Inflation Risk

The majority of the pension liabilities are linked to either pay or inflation. Higher inflation expectations will lead to a higher liability value. The assets are either unaffected or loosely correlated with inflation meaning that the increase in inflation will increase the deficit.

Life Expectancy

The majority of the Fund's obligations are to provide benefits for the life of the member following retirement, so increases in life expectancy will result in an increase in the liabilities.

Exiting Employers

Employers who leave the Fund (or their guarantor) may have to make an exit payment to meet any shortfall in assets against their pension liabilities. If the employer (or guarantor) is not able to meet this exit payment the liability may in certain circumstances fall on other employers in the Fund. Further the assets at exit in respect of 'orphan liabilities' may in retrospect, not be sufficient to meet the liabilities. This risk may fall on other employers. 'Orphan liabilities' are currently a small proportion of the overall liabilities in the Fund.

Note 45: Teacher Pension Costs

In 2015/16 the County Council paid £6.5m to the Department for Education in respect of teacher's pension costs which represents 14.1% of teacher's pensionable pay up to 31 August 2015 and 16.4% from 1 September 2015 (£6.1m, 14.1% in 2014/15). These contributions are set in relation to the current period only. In addition, the County Council is responsible for all pension payments relating to added years it has awarded, together with an actuarially calculated percentage of any early retirements awarded after 1 September 1998. It is also responsible for any related increases on these awards. In 2015/16 payments made in relation to added years amounted to £1.4m, representing 3.13% of pensionable pay (£1.6m, 3.61% in 2014/15). Estimated employer contributions for 2016/17 are £6.9m.

Note 46: Contingent Liabilities

The Authority had up to 2005/06, a contractual arrangement with the local water supplier. This arrangement was understood to be one by which the council was to provide billing and collection services, in return for a void allowance for empty properties and a commission to reflect both the administrative costs attached and the transfer of risk and bad debt associated with these accounts. The treatment of this arrangement has been called in to question due to a Court ruling during 2015/16 (Kim Jones versus London Borough of Southwark) which ruled that Local Authorities collecting water rates via the HRA were doing so as a water supplier and not as an agent of the water supplier. Traditionally this has been viewed as an agency arrangement, but the Court ruling concludes that the Authority concerned was acting as a water supplier, which has significant financial implications for those affected, both in terms of the agency fee and where action has been taken against rent arrears that could be deemed to include water rates. The potential liability exposure of the Authority cannot be estimated and maybe subject to a time limitation.

Under the Equal Pay Act (Amendment) Regulations 2003 the Council must complete and implement a local pay review. As a result there is a possibility that compensation claims could be raised in relation to equal pay for work of equal value. Any settlement is uncertain at this stage so the provision set aside is the best estimate based on the latest negotiations and legal advice.

Municipal Mutual Insurance Company (MMI) was the main local authority insurer for many years up until 1992 when the company failed and went into "run-off". A Scheme of Arrangement was approved in 1994 with the aim of meeting all claims and achieving a solvent run-off. For a number of years the Administration and Creditors Committee reported that a solvent run off was likely to be achieved and sought to sell the business to another insurer to bring the arrangement to a conclusion. Unfortunately a sale has never been achieved and more recently claims have emerged where courts have ruled in favour of claimants rather than MMI. This increased the risk that a solvent run-off would not be achieved.

On 13 November 2012 the directors of MMI "triggered" MMI's Scheme of Arrangement under section 425 of the Companies Act 1985 (now section 899 of the Companies Act 2006). The Scheme administrator set an initial Levy rate of 15% on claims paid by MMI exceeding in aggregate £50k. The initial Levy payment was made in 2013-14. In March 2016 the Scheme administrator applied a Second Levy increasing the initial levy to 25%. A provision of £46k is included in note 24 as 25% of outstanding estimates provided by the Scheme administrator. An accrual of £106k has been made for increase in levy on claims paid. The contingent liability is noted to incorporate any increase in the levy above 25%.

There is potential that decisions made by our planning committee with regard to planning permission for Wind Farm development will go to appeal.

Powys County Council owned landfill sites were all closed before 1994, the date financial provision was introduced as a requirement by the Environmental Protection Act 1990. Due to the time elapsed since closure there is some uncertainty in relation to the extent of Council obligations and also relevant sites and accounting treatment, the Council has not made provision for these as without this the Council deems that it cannot meet all the three tests required by IAS 37 for the creation of a provision.

Note 47: Contingent Assets

No such assets were known to exist at 31 March 2016.

Note 48: Nature and Extent of Risks Arising from Financial Instruments

The Authority's activities expose it to a variety of financial risks:

- Credit risk - the possibility that other parties might fail to pay amounts due to the Authority.
- Liquidity risk – the possibility that the Authority might not have funds available to meet its commitments to make payments.
- Re-financing and maturity risk – the possibility that the Authority might be required to renew a financial instrument on maturity at disadvantageous interest rates or terms.
- Market risk – the possibility that financial loss might arise for the Authority as a result of changes in measures such as interest rates and stock market movements.

The Authority's overall risk management procedures focus on the unpredictability of financial markets and are structured to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by a treasury team under policies approved by Full Council in the Treasury Management Policy Statement, the annual Treasury Management Strategy Statement and Annual Investment Strategy.

The Policy and Strategy provide written principles for areas such as interest rate risk, credit risk and the investment of surplus cash.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Authority's customers. The Authority has an investment list of banks and other financial institutions which is based on current credit ratings, credit default swap data and other relevant financial information. The ratings determine the maximum amount that can be invested with a particular institution and the length of time for which it may be invested. The Authority has a policy of not lending more than £20m of its surplus balances to one institution at any one time.

STATEMENT OF ACCOUNTS

Customers are not currently assessed for their creditworthiness or individual credit limits set. No financial assets have had their terms renegotiated that would otherwise have been past due or impaired. The analysis below summarises the Authority's potential maximum exposure to credit risk, based on experience of default and collectability over the last five financial years, adjusted to reflect current market conditions:

	Amount at 31 Mar 16 £'000	Actual provision for bad debts made £'000	Bad debt written off in year £'000	Other impairments in year £'000
Deposits with banks and financial institutions	5,875			
Customers				
Council Tax	2,868	(702)	182	-
Housing rents	245	(935)	36	-
Sundry debtors	25,967	(1,319)	548	-
	29,080	(2,956)	766	-

No collateral is held as security on Financial Assets.

The Authority does not generally allow credit for Customers. The aged debt over 3 months on Debtors Ledger Control and over one year for Council Tax can be analysed by age as follows:

	3 to 6 Months £'000	6 to 9 Months £'000	Over 9 Months £'000	Total £'000
Debtors Ledger Control	394	354	1,844	2,592

	1 to 2 Years £'000	2 to 5 Years £'000	Over 5 Years £'000	Total £'000
Council Tax	2,292	514	211	3,017

Liquidity Risk

The Authority manages its liquidity position through the risk management procedures of the setting and approval of prudential indicators and the approval of the treasury and investment strategy reports, as well as through a comprehensive cash flow management system, as required by the CIPFA Code of Practice. This seeks to ensure that cash is available if and when needed. The Authority has ready access to borrowings from the money markets to cover any day-to-day cash flow need and from the Public Works Loans Board and money markets for access to longer term funds. The Authority is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The maturity analysis of financial liabilities in cash terms is as follows:

2015 £'000		2016 £'000
16	Within a year	18
18	Between 1 to 2 years	19
63	Between 2 to 5 years	7,069
25,930	Between 5 to 10 years	26,217
79,763	Over 10 years	148,073
105,790		181,396

Refinancing and Maturity Risk

The Authority maintains a significant debt and investment portfolio. Whilst the cash flow procedures mentioned above are considered against the refinancing risk procedures, longer-term risk to the Authority relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer term financial liabilities and longer term financial assets. The following approved treasury indicators are the key parameters used to address this risk.

The upper and lower limits for the maturity structure of borrowings are as follows.

	Lower limit	Upper limit
Under 1 year	0%	40%
1 to 2 years	0%	40%
2 to 5 years	0%	40%
5 to 10 years	0%	40%
10 to 20 years	0%	40%
20 to 30 years	0%	40%
30 to 40 years	0%	40%
40 to 50 years	0%	40%

The maximum principal sum invested for periods longer than 364 days is £10m.

Market Risk

Interest Rate Risk

The Authority is exposed to significant risk in terms of exposure to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Authority. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Income and Expenditure account will rise
- Borrowings at fixed rates – the fair value of the liabilities will fall
- Investments at variable rates – the interest income credited to the Income and Expenditure Account will rise
- Investments at fixed rates – the fair value of the assets will fall

Borrowings are not carried at fair value so nominal gains and losses on fixed rate borrowings would not impact on the surplus or deficit on the provision of services or other comprehensive income and expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the surplus or

deficit on the provision of services and affect the Council Fund balance pound for pound. Movements in the fair value of fixed rate investments will be reflected in the other comprehensive income and expenditure.

The Authority has a number of strategies for managing interest rate risk. As stated in the prudential indicators report, it is policy to aim to keep a maximum of 60% of net outstanding principals in variable rate exposures. During periods of falling interest rates and where economic circumstances make it favourable, fixed rate loans will be repaid early to limit exposure to losses.

The Treasury Management Team actively assesses interest rate exposure and feeds the projected figures for interest payable and receivable into the annual and quarterly budgets. This allows variances to be accommodated. The team also advises whether new borrowing is taken out and whether it should be fixed or variable.

To highlight the sensitivity of rises, if interest rates had been 1% higher during 2015/16 with all other variables constant, the financial effect would be:

	£'000
Increase In Interest Payable On Variable Rate Borrowings	578
Increase In Interest Receivable On Variable Rate Investments	(178)
Increase In Surplus Of Income And Expenditure Account	400
Share Of Overall Impact Debited To The HRA	-

The impact of a 1% fall in interest rates would be as above but with the movements reversed.

Price Risk

The Authority only holds equity instruments in respect of the Pension Fund. It is therefore exposed to an element of risk in relation to movements in the price of equities. This is mitigated by investing in a diverse portfolio.

Foreign Exchange Risk

The Authority has foreign exchange exposure resulting from an element of the monies received in respect of the Icelandic Glitnir Bank deposit being in Icelandic Kroner. This element is currently held in an interest bearing escrow account in Iceland due to the current imposition of currency controls.

Note 49: Icelandic Banks

In October 2008, the Icelandic banks Landsbanki, Kaupthing and Glitnir collapsed and the UK subsidiaries of the banks, Heritable and Kaupthing Singer and Friedlander went into administration. The Authority had £4m deposited across 2 of these institutions, with varying maturity dates and interest rates as follows:

Institution	Amount invested £'000	Type	Rate
Landsbanki Islands	1,000	Fixed 05/03/09	6.01%
Landsbanki Islands	1,000	Fixed 25/06/09	6.41%
Glitnir Bank HF	2,000	Fixed 25/06/09	6.36%

Landsbanki Islands

The Landsbanki situation was concluded in 2013/14.

Glitnir Bank HF

Glitnir Bank HF is an Icelandic entity. Following steps taken by the Icelandic Government in early October 2008 its domestic assets and liabilities were transferred to a new bank (new Glitnir) with the management of the affairs of Old Glitnir being placed in the hands of a resolution committee. Following the Icelandic Supreme Court decision to grant UK local authorities priority status, the winding up board made a distribution to creditors in a basket of currencies in March 2012.

An element of the distribution was in Icelandic Kroner which is in an escrow account in Iceland and was earning interest of 4.22% as at 31 March 2016. On 16 June 2016 the Authority took part in the final Icelandic Central Bank currency auction as a result of which the ISK held in escrow was sold at the best price available. Settlement was made in Euros (€475k) to a Euro bank account held by the Authority in the UK. This gave the Authority control over the timing of the currency exchange. A decision was made on 2nd September 2016 to convert the Euros to GBP (£399k).

Housing Revenue Accounts

The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Authorities charge rents to cover expenditure in accordance with regulations; this may be different from the accounting cost. The increase or decrease in the year, on the basis of which rents are raised, is shown in the Movement on the HRA Statement.

Housing Revenue Account (HRA) Self Financing

In July 2013 the UK Government and the Welsh Government reached agreement on the terms under which Authorities with housing stock in Wales could exit from the HRA subsidy system and become self-financing. The move to self-financing in April 2015 means that Authorities for the first time be in a position where they can support their landlord activities from their own income. A settlement of £72m was paid to the Welsh Government (on behalf of the UK Treasury) in April 2015 to buy-out of the HRA subsidy system. Loans were taken out with the PWLB to fund the settlement.

Income and Expenditure Account

2014/15 £'000		2015/16 £'000
	Expenditure	
2,861	Supervision and management	3,191

2015 £'000		2016 £'000
389	Current tenant arrears	339
770	Former tenant arrears	842
1,159	Total arrears	1,181
29	Bad debts	36
887	Provision for bad debt	935

Note 3: Housing Revenue Account Capital Expenditure

During the year the Authority incurred the following expenditure on Housing Revenue Assets:

2015/16 Capital expenditure	Total £'000	Dwellings £'000	Intangible £'000	Equipment £'000	Non operational £'000
Enhancing costs	15,153	15,152	1	-	-
Total expenditure	15,153	15,152	1	-	-
Depreciation	5,900	5,843	53	4	-

The capital expenditure was financed as follows:

Financed by	2015/16 £'000
Capital Grants and Contributions	4,425
Usable capital receipts	404
Direct Revenue Contributions and Reserves	8,433
Prudential Borrowing	1,891
	15,153

The HRA Subsidy Exit Payment (£72,423k) was also financed from prudential borrowing.

POWYS COUNTY COUNCIL

2014/15					
Capital expenditure	Total £'000	Dwellings £'000	Intangible £'000	Equipment £'000	Non operational £'000
Enhancing costs	13,059	12,892	-	167	-
Total expenditure	13,059	12,892	-	167	-
Impairment/revaluation	58	58	-	-	-
Depreciation	5,395	5,381	-	14	-

The capital expenditure was financed as follows:

Financed by	2014/15 £'000
Capital Grants and Contributions	3,715
Usable capital receipts	120
Direct Revenue Contributions and Reserves	8,735
	12,570

Note 4: Housing Revenue Account Capital Receipts

The following amounts were received during the year:

2014/15 £'000		2015/16 £'000
-	Disposal of land	11
850	Housing	1,262
10	Other Property	-
860		1,273

Note 5: Adjustments between Accounting Basis and Funding Basis under Statute

2014/15 £'000		2015/16 £'000
	Items included in the HRA Income and Expenditure Account but excluded from the HRA Balance for the year	
(289)	Difference between interest payable and similar charges including amortisation of premiums and discounts in accordance with statute	1
(181)	Net charges made for retirement benefits in accordance with IAS 19	(216)
297	(Gain)/loss on sale of HRA non-current assets	512
	Adjustments	
	Primarily involving the Capital Adjustment Account	
(5,453)	Depreciation and impairment	(5,900)
295	HRA Minimum Revenue Provision	1,726
-	HRA Subsidy Exit Settlement	(72,423)
3,715	Capital Grants and Contributions Applied	4,425
8,735	Capital Expenditure Funded by HRA	8,433
	Primarily involving the Capital Receipts Reserve	
(29)	Admin costs on council house sales	(31)
	Primarily involving the Accumulated Balances Account	
(22)	Holiday accrual	11
7,068	Net additional amount required by statute to be debited to the HRA Balance for the year	(63,462)

Note 6: Housing Revenue Account Contributions to the Pension Scheme

The net contribution to the Pension Reserve relating to the Housing Revenue Account was:

2014/15 £'000		2015/16 £'000
417	Employer contributions actually paid	497
(15)	Past Service Costs	(14)
(370)	Current cost of employees	(492)
(212)	Net Interest on the net defined benefit/(liability)	(207)
(181)	Contribution to/(from) reserve	(216)

Pension Fund Accounts 2015/16

Chairman's Statement

Over the past year, the Powys Pension Fund has struggled to find growth in the face of volatile world equity markets; low oil and other commodity prices; very low interest rates; and, continuing geopolitical uncertainties. Over the year, the Fund's net asset value has increased marginally to £501,778k.

The Pension Fund has not made any significant changes to its asset allocation strategy during the year but has taken a number of decisions in relation to the re-balancing of assets and has changed one manager. A decision taken in March 2014 to invest in the Hermes Property Fund was finalised last summer, the Pension Fund having been queued for over 12 months. In the autumn of 2015 and following a downgrading of their 'buy' rating by the Pension Fund's investment consultants, a decision was taken to replace Aberdeen Asset Management as one of the Pension Fund's active global equity managers. After a manager selection process, the Pension Fund appointed Carnegie Asset Management and Hosking Partners. Investment in the new managers will be made early in 2016/17.

As required by the Public Service Pensions Act 2013, the Pension Fund established a local Pension Board by 21 January 2015. Details of the Board's work over the past year is included in the Pension Fund Annual Report. In addition, the minutes of the meetings of the Powys Pension Board may be viewed online in the Forms and Publications section of the Pension Fund's website:

www.powyspensionfund.org

Over the year the Pension Fund has, with the other Welsh LGPS Funds, investigated the merits of 'pooling' pension fund assets with a view to reducing costs via economies of scale. Work on a Wales Collective Investment Vehicle (CIV) continues whilst the pooling of passive global equity and fixed income mandates has progressed over the year, culminating in March 2016 with the appointment of BlackRock to manage passive assets on a pooled basis for all 8 Welsh LGPS Funds.

The prospects for the Pension Fund for the coming year are likely to be both interesting and challenging. The key event for 2016/17 will be the triennial valuation which will determine the contribution rates to be paid by participating employers with effect from 1 April 2017. With continuing downward pressure on public spending under the Government's austerity agenda, valuation results are likely to be of even more significance than usual. In addition, the results of the Government consultation on reform of LGPS investments – including the proposal to pool more LGPS Fund assets to create a number of 'British Wealth Funds' with a focus on infrastructure investment are expected later in 2016.

I trust that you will find this report interesting and informative. Should you have any comments on this report or any aspect of the Pension Fund or the Local Government Pension Scheme, see Appendix 2 for details of how to contact us.

Cllr Tony Thomas
Chair of the Pensions and Investment Committee

Fund Administration

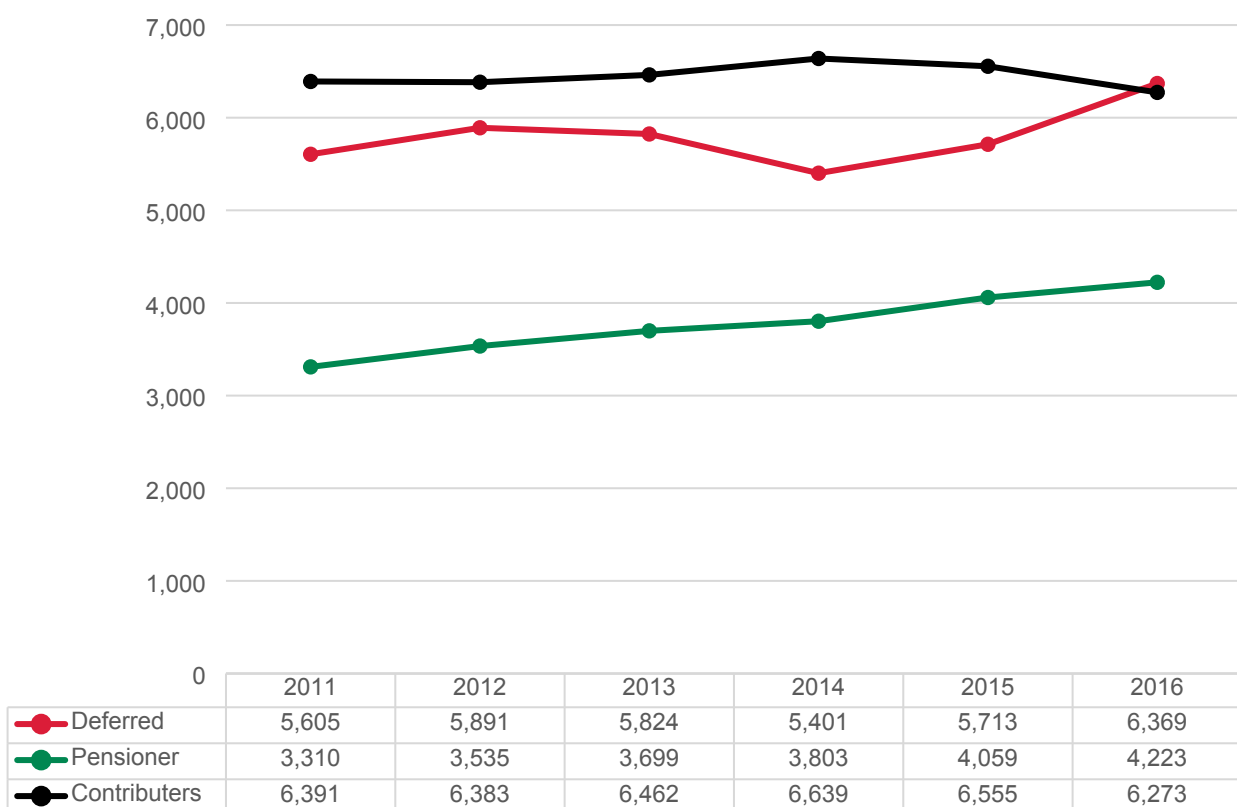

Scheme Details

Powys County Council is the administering Authority for the Powys Pension Fund. The Pension Fund provides future pension entitlement to all eligible employees of Powys County Council and the other participating bodies (Appendix 2). Membership of the scheme is not mandatory and excludes teachers, police officers and fire fighters, for whom specific separate pension schemes are available.

The LGPS is a statutory public service defined benefit pension scheme based on final salary for benefits accrued up to 31 March 2014 and Career Average Revalued Earnings ("CARE") for benefits accrued from 1 April 2014. Contributions payable by employees and the benefits due to them are prescribed by the Local Government Pension Scheme Regulations.. With effect from 1 April 2015 all members have been allocated a contribution rate based on the following:

Band	Range	Contribution Rate
1	Up to £13,600	5.50%
2	£13,601 to £21,200	5.80%
3	£21,201 to £34,400	6.50%
4	£34,401 to £43,500	6.80%
5	£43,501 to £60,700	8.50%
6	£60,701 to £86,000	9.90%
7	£86,001 to £101,200	10.50%
8	£101,201 to £151,800	11.40%
9	More than £151,801	12.50%

The graph below shows the membership of the Fund as at 31 March. Deferred members are former employees of the contributing authorities who have yet to draw their pensions.

Pension Increases

Pensions paid to retired members are increased each year in line with the cost of living, which is measured by the Consumer Price Index (CPI). Increases are payable from the first Monday of each tax year. The table below shows the pension increases of the last 5 years:

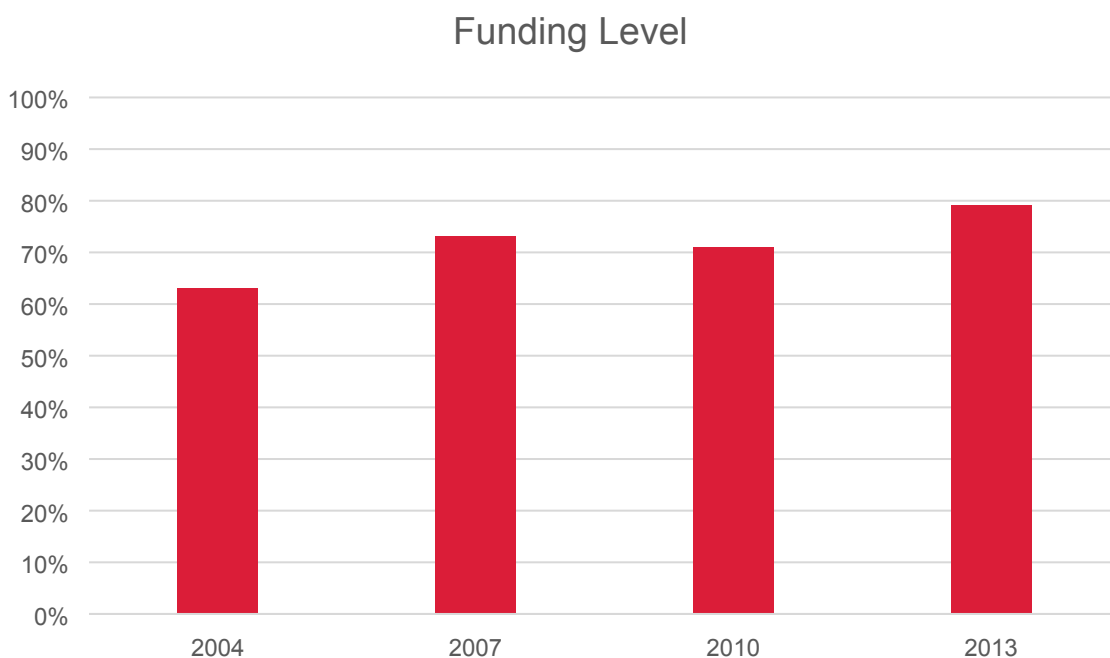

Effective date	Increase
9 th April 12	5.2%
8 th April 13	2.2%
7 th April 14	2.7%
6 th April 15	1.2%
11 th April 16	0.0%

Management of the Fund

The County Council is the designated statutory body responsible for administering the Powys Pension Fund of its constituent scheduled and admitted bodies. The County Council has delegated the decision-making responsibilities to the Pensions and Investment Committee, which meets at least quarterly. The Committee has co-opted two non-voting members, one staff representative nominated by the Trade Unions and one representative nominated by the Outside Bodies Employers. The Committee will review market conditions and economic trends with the aim of forming a view on the prospects for each of the world markets over the short, medium and long term. The Pensions and Investment Committee, alongside the Chief Financial Officer and the external experts it employs, provided the general direction and advice by which the Fund is managed. It also monitors the performance of the Fund and the investments for which the administering Authority is responsible.

Day to day administration of the scheme is provided by the Pensions Section of Powys County Council. A list of the bodies that have been admitted to the scheme can be found in Appendix 2.

Funding and Valuation

The aim of the funding is to accumulate current contributions at a level sufficient to provide known benefits at some time in the future. In short therefore, the scheme benefits are financed by contributions from employees and employers together with income from investments. Both the employees' contributions and the benefits to be provided by the scheme are fixed by the Government as set out in the Local Government Pension Scheme Regulations, leaving the employers' rate of contribution as the only element which can be deliberately adjusted

The employers' rate of contribution is assessed by the Actuary to the Fund who reviews the future income and liabilities of the Fund. These reviews, or actuarial valuations, are required by law with a major review being undertaken every third year. The next valuation of the Fund will be completed in autumn 2016.

The actuarial valuation as at 31 March 2013 showed the assets held at the valuation date were sufficient to cover only 79% of the accrued liabilities assessed on an ongoing basis. While this is an improvement on the 71% achieved as at 31 March 2010, it is the long-term goal to achieve 100% funding and efforts continue to be made to address this. The level of funding has no impact on members' benefits which are guaranteed by law.

Additional Voluntary Contribution (AVC) Scheme

Since 6 April 1988, it has been a legal requirement for all Pension Schemes to provide members with access to an in-house AVC Scheme. The Authority's appointed providers are the Equitable Life Assurance Society, the Standard Life Assurance Company and Prudential plc. Members are able to pay contributions into a variety of AVC arrangements offered by the providers, in order to secure additional pension benefits. The AVC investments are excluded from the Pension Fund Accounts.

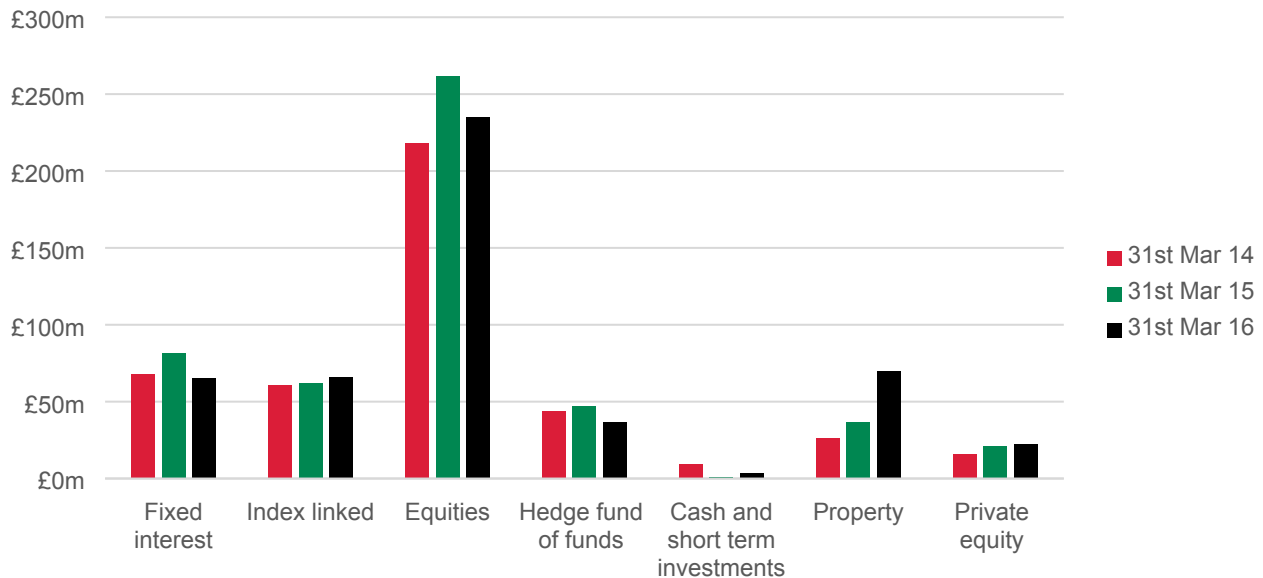

Statement of Investment Principles

As required by the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009 (SI 2009 No.3093) the Pensions and Investment Committee have produced a Statement of Investment Principles which can be found in the Pension Fund Annual Report (see note 24) - which complies with the six investment principles set out by the Chartered Institute of Public Finance Accountants (CIPFA) Pensions Panel.

Investment Report

The prime requirement in managing the Fund is to ensure adequate diversification of its assets over different asset classes and different geographical areas. The right balance must be struck between the desire for enhanced returns and potential 'risk' of volatility in those returns i.e. the investment policy of the Fund is aimed at maximising returns within the acceptable limits of risk. There is no ideal split for any fund, so the portfolio balance needs to be regularly monitored and adjusted in line with the economic, financial and market indicators.

Market value by asset class

The investment style of the Fund is to appoint external expert fund managers with clear performance benchmarks and place accountability for performance against those benchmarks on the fund managers. The benchmarks can be seen in the Pension Fund Annual Report. The Chief Financial Officer must ensure that the management of the Fund falls within the requirements of the Local Government Pension Scheme Regulations.

Performance Review

	1 Year %	3 Years %	5 Years %
Powys Overall Return Annualised Rolling Return pa	0.5	6.5	7.9
Inflation CPI	0.1	1.1	2.0
Average Earnings Index	2.4	2.1	2.1

Given the long-term nature of the Fund, perhaps the most significant column above is that detailing the comparisons over five years. Inflation and average earning percentages are taken from the Office for National Statistics data.

The performance of each of the current Fund Managers for 2015/16 is shown in the table overleaf. The Fund Managers have been given a rolling 3-year specific performance target measured against the benchmark return in the relevant asset class. The targets include a minimum acceptable performance level.

Mandate	Fund Performance %	Performance Benchmark %
Aberdeen Asset Management (Global Equity)	(6.1)	0.3
Aviva Investors (UK Property)	10.6	11.0
BlackRock Global Investors (Balanced)	0.2	0.5
BlackRock Global Investors (Index-Linked Funds)	1.8	1.8
CBRE Investors (European Property)	10.1	1.6

* Denotes full year figure not available

During 2015/16 the Fund invested £12.1m in a pooled property fund with Hermes funded by a £7.1m disinvestment from GAM and £5m from BlackRock. Of the £24.9m capital commitment (Note 18) outstanding as at 31 March 2015, £4.7m was drawn down in 2015/16.

Investment manager structure as a percentage of fund total, as at 31 March 2016

	Manager						
	Blackrock	Aberdeen, Schroders & MFS	Insight Investments	Permal, GAM & Goldman Sachs	Aviva, CBRE, Schroders & Hermes	Standard Life & Harbourvest	
Asset Class	Passive %	Active %	Active %	Active %	Active %	Active %	Total %
Equities	25.0	22.0					47.0
Fixed Interest	4.9		8.2				13.1
Index Linked	13.2						13.2
Property					14.0		14.0
Private Equity						4.5	4.5
Hedge Fund				7.4			7.4
Cash/ Other	0.8						0.8
Total	43.9	22.0	8.2	7.4	14.0	4.5	100.0

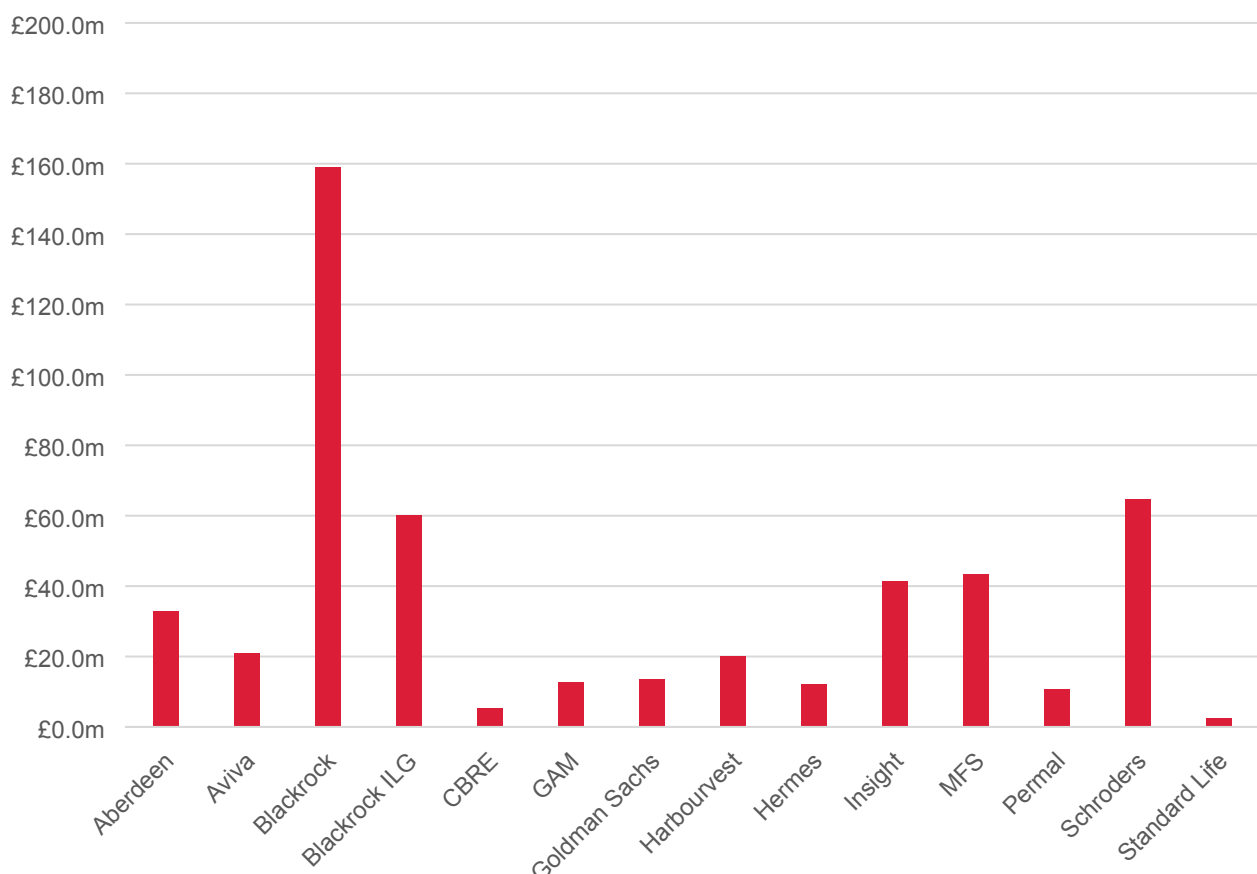

The strategic asset allocation is as follows:

2014/15		2015/16
47%	Equities	47%
30%	Fixed interest and index linked securities	30%
10%	Property	10%
5%	Private equity	5%
8%	Hedge fund of funds	8%
100%	Total	100%

The current strategic asset allocation is 70% return seeking and 30% risk reducing (matching assets). This strategy was determined with the aid of the funds Investment Advisors.

The strategic asset allocation is the ideal target and cannot be achieved until the scheme is fully funded in all areas. It does not reflect the actual investments held at the year-end. The current structure aims to have a 70:30 split between return seeking and liability matching assets.

AON Hewitt Limited currently operates a Medium Term Asset Allocation (MTAA) project for the Fund. It utilises all of the Fund's assets excluding Private Equity. The MTAA service has the target of increasing the return achieved by these assets by 0.5% per annum by deliberately allocating assets away from the strategic allocation to take advantage of market over/under valuations during the medium term. The MTAA service has an artificial benchmark of 52% equity, 33% bonds and 15% alternatives. The market value of assets spread between the fund managers as at 31 March 2016 is shown below.

Net Assets Statement

As at 31 March

2015 £'000		Note	2016 £'000
511,707	Investments	12	499,332
1,898	Current Assets	13	3,229
(12,007)	Current Liabilities	13	(783)
501,598	Net Asset as at 31 March		501,778

The accounts show cash held with the Investment Managers as investments as recommended in the Statement of Recommended Practice, Financial Reports for Pension Schemes.

Notes to the Pension Accounts

Note 1: Basis of Preparation

The financial statements have been prepared in accordance with the requirements of the 2015/16 CIPFA Code of Practice on Local Authority Accounting in the United Kingdom which is based upon International Financial Reporting Standards (IFRS), as amended for the UK public sector.

The financial statements summarise the transactions of the scheme and deal with the net assets at the disposal of the trustees. They do not take account of obligations to pay pensions and benefits which fall due after the end of the scheme year. The actuarial position of the scheme, which does take account of such obligations, is dealt with in the statement by the actuary included in the annual report and these financial statements should be read in conjunction with it.

Note 2: Accounting Policies

Contributions and Benefits

Contributions are accounted for on an accruals basis. Benefits payable represents the benefits entitlement up to the end of the reporting period.

Transfers to other Schemes

Transfer values represent the amounts received and paid during the year for members who have either joined or left the fund during the financial year and are calculated in accordance with The Local Government Pension Scheme Regulations.

Individual transfers in/out are accounted for when received/paid, which is normally when the member liability is accepted or discharged.

Transfers in from members wishing to use the proceeds of their additional voluntary contribution to purchase scheme benefits are accounted for on a receipts basis and are included in Transfers In.

Bulk (group) transfers are accounted for on an accruals basis in accordance with the terms of the transfer agreement.

Refunds to Leavers

These are accounted for when due.

Investment Management Expenses

Each fund manager receives a fee for their services based on the market value of the assets they manage.

Investment Income

Interest income

Interest income is recognised in the fund account as it accrues.

Distributions from pooled funds

Distributions from pooled funds are recognised at the date of issue. Any amount not received by the end of the reporting period is disclosed in the net assets statement as a current financial asset.

Change in Market Value

Changes in market value of investments comprise reinvested investment income and all realised and unrealised profits/losses during the year.

Foreign Currency Transactions

Assets and liabilities held in a foreign currency are translated at the rate of sterling quoted at year-end. Income and expenditure arising during the year is translated into sterling at the rate quoted on the date of receipt or payment. Resulting exchange gains or losses are recognised through the revenue account.

Valuation of Assets

No property is directly held by the fund. The market value used for quoted investments is the bid market price ruling on the final day of the accounting period. Fund Managers value unquoted securities at the year-end in line with generally accepted guidelines to ascertain the fair value of the investment. Change in Market value also includes income which is reinvested in the fund, net of applicable tax. Fixed interest securities are recorded at net market value based on their current yields. Fair value for limited partnerships is based on the net asset value ascertained from periodic valuations provided by those controlling the partnership. It is not the intention of the fund to dispose of unquoted investments before maturity.

Cash and cash equivalents

Cash comprises cash in hand and demand deposits.

Cash equivalents are short-term, highly liquid investments that are readily convertible to cash and that are subject to minimal risk of changes in value.

Taxation

The fund is a registered public service scheme under section 1(1) of Schedule 36 of the Finance Act 2004 and as such is exempt from UK income tax on interest received and from capital gains tax on the proceeds of investments sold. Income from overseas investments suffers withholding tax in the country of origin, unless exemption is permitted. Irrecoverable tax is accounted for as a fund expense as it arises.

Financial Liabilities

The fund recognises financial liabilities at fair value as at the reporting date. A financial liability is recognised in the net assets statement on the date the fund becomes party to the liability. From this date, any gains or losses arising from changes in the fair value of the liability are recognised by the fund.

Actuarial present value of promised retirement benefits

The actuarial value of promised retirement benefits is assessed on a triennial basis by the scheme actuary in accordance with the requirements of IAS 19 and relevant actuarial standards. As permitted under IAS 26, the fund has opted to disclose the actuarial value of promised retirement benefits by way of a note to the net assets statement (note 21).

Administrative expenses

All staff costs of the pension administration team and other overheads are apportioned to the fund in accordance with Council policy.

Contingent Liabilities

Contingent liabilities are possible liabilities whose existence will only be confirmed by future events and are not recognised until the realisation of the loss is virtually certain.

Additional Voluntary Contributions (AVC's)

Members of the Pension Fund may make additional voluntary contributions (AVCs) in order to obtain improved benefits on retirement. The AVC investments are excluded from the Financial Statements of the Powys Pension Fund, in accordance with section 4(2)b of the Local Government Pension Scheme (Management & Investment of Funds) Regulations 2009 (SI 2009/3093) but are disclosed as a note only (note 15).

Note 3: Critical Judgements in Applying Accounting Policies

Unquoted private equity investments

It is important to recognise the subjective nature of determining the fair value of private equity investments. They are inherently based on forward looking estimates and judgements involving many factors. Unquoted private equity investments are valued by the investment managers using acceptable guidelines. The value of these investments at 31 March 2016 was £22.5m (31 March 2015: £21.0m).

An analysis of investments can be found later in Note 12a.

Pension fund liability

The pension fund liability is calculated every three years by the appointed actuary, with annual updates in the intervening years. The methodology used is in line with accepted guidelines and in accordance with IAS 19. Assumptions underpinning the valuations are agreed with the actuary and are summarised in the statement of the actuary. This estimate is subject to significant variances based on changes to the underlying assumptions.

Note 4: Contributions Receivable

2014/15 £'000	By Category	2015/16 £'000
18,000	Employers	18,251
4,730	Employees	4,775

The change in market value of investments during the year comprises all increases and decreases in the market value of investments held at any time during the year, including profits and losses realised on sales of investments during the year. Some transaction costs are included in the cost of purchases and sales proceeds. Transaction costs include costs charged directly to the scheme such as fees, commissions, stamp duty and other fees.

These transaction costs incurred in the year are incurred through the bid-offer spread on investments within pooled investment vehicles. The amount of indirect costs is not separately provided to the scheme. All equity investments held by the fund are now in unit trusts.

511,707			499,332	

The following investments represent more than 5% of the net assets of the scheme:

31 Mar 15			31 Mar 16	
Market Value £'000	%	Security	Market Value £'000	%
34,985	6.8	Aberdeen Life World Equity Fund	32,942	6.6
69,046	13.5	Blackrock Aquila Life US Equity Index Fund	70,639	14.1
36,055	7.0	Insight Bonds Plus fund	15,260	3.1
27,021	5.3	Insight UK Corporate All Maturities Bond Fund	26,053	5.2
42,873	8.4	MFS Global Equity Fund	43,395	8.7
34,177	6.7	Schroder Life QEP Active Value Fund	33,318	6.7
10,548	2.1	Schroder UK Real Estate Fund	31,342	6.3

Note 13: Current Assets and Liabilities

2014/15 £'000		2015/16 £'000
	Current Assets	
88	Contributions due from employers and members	121
1,341	Cash balances	2,506
469	Sundry debtors	602
1,898		3,229
	Current Liabilities	
(11,732)	Benefits payable	(73)
(275)	Sundry creditors	(710)
(12,007)		(783)

Amounts unpaid at the year end are subsequently paid within a reasonable time frame, i.e. the majority of the balances are paid within a 3 month period. Current liabilities in 2014/15 included a provision of £9.96m for the bulk transfer of Coleg Powys to the Swansea fund and £1.3m to Greater Manchester Pension Fund in respect of Probation Services. These were settled in 2015/16.

Note 14: Related Party Transactions

Details of Members and officers of the Council represented on the Pensions and Investment Committee are shown in Appendix 1. Their combined contributions into the scheme totalled £27k in 2015/16 (£33k in 2014/15). The Chairman of the Committee is in receipt of a pension from the Fund.

The Fund is administered by Powys County Council. Consequently there is a relationship between the Authority and the Fund.

The Authority incurred costs of £863k in 2015/16 (2014/15: £763k) in relation to the administration of the Fund and was subsequently reimbursed by the Fund. The £99k increase between 2014/15 and 2015/16 was due of the new structure in Pensions admin.

The Authority is also the single largest employer of members in the Fund and contributed £16,687k to the Fund in 2015/16 (2014/15: £16,528k) in employers contributions and deficit recovery payments.

Governance

The makeup of the Pensions and Investment Committee can be seen in Appendix 1.

The Strategic Director - Resources, Mr David Powell, who has the role of Section 151 Officer for the Authority, plays a key role in the financial management of the Fund and is also an active member of the Fund.

Councillors are required to declare their interest at each meeting.

The Committee members and Strategic Director - Resources accrue their benefits in line with the regulations encompassing councillors and employees of the employing bodies of the Fund.

The full Governance Policy of the Powys Pension Fund is available on the Powys County Council website.

Note 15: Additional Voluntary Contributions (AVC)

Members of the Pension Fund may make additional voluntary contributions (AVCs) in order to obtain improved benefits on retirement. The AVC investments are excluded from the Financial Statements of the Powys Pension Fund, in accordance with section 4(2)b of the Local Government Pension Scheme (Management & Investment of Funds) Regulations 2009 (SI 2009/3093). However, as administering authority we oversee the following AVC arrangements:

2015/16	Standard Life	Prudential	Equitable Life	Total
Contributions received	£'000	£'000	£'000	£'000
Powys County Council	61	188	1	250
BBNP	1	7	-	8

	Standard Life	Prudential	Equitable Life	Total
Fund Value	£'000	£'000	£'000	£'000
As at 31 March 16	1,039	302	126	1,467

Note 16: Contingent Liabilities

No contingent liabilities were known to exist at the Balance Sheet date.

Note 17. Post Balance Sheet Events

The accounts outlined in these financial statements represent the financial position of the Fund as at 31 March 2016. Since this date, the performance of the global markets may have affected the financial value of pension fund investments.

It may be some time before the impact of BREXIT on the Pension Fund becomes clear. At this stage it is impossible to predict what could happen to investments with any degree of accuracy, however LGPS funds have the advantage of being long term investors and are well equipped to ride out short term volatility. Over the longer term there is more stability and consistent performance.

Note 18: Capital Commitments

2014/15	Private Equity and Property	2015/16
£'000	mandate	£'000
1,019	Standard Life (Private Equity)	899
23,870	Harbourvest (Private Equity)	19,012
24,889		19,911

Note 19: Stock Lending

As set out in the Statement of Investment principles, the Fund, custodian or investment managers do not engage in stock lending on behalf of the Fund.

Note 20: Financial Instruments**Note 20A: Fair value of financial instruments & liabilities**

The table below summarises the carrying values of the financial assets & liabilities compared with their fair values.

31 Mar 15 Restated			31 Mar 16	
Cost £'000	Fair value through profit and loss £'000		Cost £'000	Fair value through profit and loss £'000
Financial Assets				
73,631	81,706	Fixed interest securities	62,753	65,551
49,208	62,035	Index linked securities	52,013	65,862
166,128	261,837	Equities (pooled funds)	152,696	234,876
32,999	36,571	Property (pooled funds)	63,265	69,774
9,902	21,050	Private equity	18,727	22,509
41,349	47,357	Hedge fund of funds	33,669	36,934
1,145	1,151	Cash & short term investments	3,679	3,826
1,898	1,898	Current assets	3,230	3,230
376,260	513,605	Total financial assets	390,032	502,562
Financial Liabilities				
(12,007)	(12,007)	Current liabilities	(783)	(783)
(12,007)	(12,007)		(783)	(783)

Current Liabilities at 31 March 2015 have been restated to include a £1.3m provision to Greater Manchester Pension Fund in respect of Probation Services.

Note 20B: Valuation of financial instruments carried at fair value

The valuation of financial instruments has been classified into three levels, according to the quality and reliability of information used to determine fair values.

Level 1

Financial instruments at level 1 are those where the fair values are derived from unadjusted quoted prices in active markets for identical assets or liabilities. Products classified as level 1 comprise quoted equities, quoted fixed securities, quoted index linked securities and unit trusts.

Level 2

Financial instruments at level 2 are those where quoted market prices are not available; for example, where an instrument is traded in a market that is not considered to be active, or where valuation techniques are used to determine fair value and where these techniques use inputs that are based significantly on observable market data.

Level 3

Financial instruments at level 3 are those where at least one input that could have a significant effect on the instrument's valuation is not based on observable market data.

Such instruments would include unquoted investments and hedge fund of funds, which are valued using various valuation techniques that require significant judgement in determining appropriate assumptions.

STATEMENT OF ACCOUNTS

The private equity values are based on valuations provided by the general partners to the private equity funds in which the Powys Pension Fund has invested.

The hedge fund values are based on the net asset value provided by the fund manager.

The tables below show the financial assets and liabilities of the Pension Fund grouped into levels 1 to 3, based on the level at which the fair value is observable.

Value as at 31 Mar 16	Level 1 £'000	Level 2 £'000	Level 3 £'000	Total £'000
Investments	370,115	69,774	59,443	499,332
Current assets	3,229	-	-	3,229
Current liabilities	(783)	-	-	(783)
Net financial assets	372,561	69,774	59,443	501,778

Restated Value as at 31 Mar 15	Level 1 £'000	Level 2 £'000	Level 3 £'000	Total £'000
Investments	417,276	26,024	68,407	511,707
Current assets	1,898	-	-	1,898
Current liabilities	(12,007)	-	-	(12,007)
Net financial assets	407,167	26,024	68,407	501,598

Current Liabilities at 31 March 2015 have been restated to include a £1.3m provision to Greater Manchester Pension Fund in respect of Probation Services.

Note 21: Actuarial Present Value of Promised Retirement Benefits

CIPFA's Code of Practice requires the disclosure for the year ending 31 March 2016 of the actuarial valuation of promised retirement benefits as set out in IAS 26. The actuarial present value should be calculated on an IAS 19 basis. IAS 26 is the accounting standard that sets out the requirements for accounting and reporting in respect of retirement and the requirements for accounting and reporting of promised retirement benefit plans following the move to financial reporting of the Pension Fund Accounts under the IFRS.

The actuarial present value of the promised retirement benefits were as follows

As at	£'000
31 March 2013	632,400
31 March 2010	568,800

Note 22: Nature and Extent of Risks Arising from Financial Instruments Risk and Risk Management

The Fund's primary long-term risk is that the Fund's assets will fall short of its liabilities (i.e. promised benefits payable to members.) Therefore the aim of investment risk management is to minimise the risk of an overall reduction in the value of the Fund and to maximise the opportunity for gains across the whole Fund portfolio. The Fund achieves this through asset diversification to reduce exposure to market risk (price risk, currency risk and interest rate risk) and credit risk to an acceptable level. In addition, the Fund manages its liquidity risk to ensure there is sufficient liquidity to meet the Fund's forecast cash flows. The council manages these investment risks as part of its overall pension fund risk management programme. Responsibility for the Fund's risk management strategy rests with the Pension Fund Committee.

Market Risk

Market risk is the risk of loss from fluctuations in equity and commodity prices, interest and foreign exchange rates and credit spreads. The Fund is exposed to market risk from its investment activities, particularly through its equity holdings. The level of risk exposure depends on market conditions, expectations of future price and yield movements and the asset mix.

The objective of the Fund's risk management is to identify, manage and control market risk exposure within acceptable parameters, whilst optimising the return on risk.

In general, excessive volatility in market risk is managed through the diversification of the portfolio in terms of geographical and industry sectors and individual securities. To mitigate market risk, the Council and its investment advisors undertake appropriate monitoring of market conditions and benchmark analysis. Specific risk exposure is limited by applying risk-weighted maximum exposures to individual investments.

Equity futures contracts and exchange traded option contracts on individual securities may also be used to manage market risk on equity investments. It is possible for over-the-counter equity derivative contracts to be used in exceptional circumstances to manage specific aspects of market risk.

Other Price Risk

Other price risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or foreign exchange risk), whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all such instruments in the market.

The Fund is exposed to price risk. This arises from investments held by the Fund for which the future price is uncertain. All securities investments present a risk of loss of capital. Except for shares sold short, the maximum risk resulting from financial instruments is determined by the fair value of the financial instruments. Possible losses from shares sold short are unlimited.

The Fund's investment managers mitigate this price risk through diversification.

Other Price Risk – Sensitivity Analysis

The following movements in market price risk are reasonably possible for 2016/17 as determined by WM. This analysis assumes that all other variables, in particular foreign currency exchange rates and interest rates remain unchanged.

Asset type	Potential Market Movement (+/-)
Overseas Equities	9.7%
Global Pooled Equities	10.0%
Total Bonds including Index Linked	6.0%
Cash	0.0%
Property	4.6%
Alternatives	3.7%

STATEMENT OF ACCOUNTS

The table below shows the Fund's value at 31 March 2016 should the investments increase/decrease in line with the previous table.

Asset Type	Value as at 31 Mar 16 £'000	Percentage Change %	Value on Increase £'000	Value on Decrease £'000
Fixed Interest Securities	65,551	6.0%	69,464	61,638
Index Linked Securities	65,863	6.0%	69,795	61,931
Equities - Pooled	234,875	10.0%	258,339	211,411
Hedge Fund of Funds	36,934	3.7%	38,312	35,556
Private Equity	22,509	3.7%	23,349	21,669
Property	69,774	4.6%	72,984	66,564
Cash	3,826	0.0%	3,826	3,826
Total Assets	499,332		536,069	462,595

Interest Rate Risk

The Fund invests in financial assets for the primary purpose of obtaining a return on investments. These investments are subject to interest rate risks, which represent the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Fund's interest rate and return are monitored by the Council and its investment advisors as part of the monthly and quarterly reporting and assessment of interest rate return against benchmark.

A 0.25% volatility associated with interest rates is considered likely, based on the Authorities Treasury Management advisors latest advice. The Fund's exposure to interest rate movements as at 31 March 2015 and 31 March 2016 is set out below.

As at 31 Mar 15 £'000	Asset Type	As at 31 Mar 16 £'000
1,151	Cash Instruments	3,826
1,341	Cash balances	2,506
81,706	Fixed interest securities	65,551
84,198	Total	71,883

The analysis that follows assumes that all other variables, in particular exchange rates, remain constant, and shows the effect in the year on the net assets available to pay benefits of a +/- 0.25% change in interest rates.

Asset Type	Value as at 31 Mar 16 £'000	Plus 0.25% £'000	Minus 0.25% £'000
Cash instruments	3,826	3,836	3,816
Cash balances	2,506	2,512	2,499
Fixed interest securities	65,551	65,715	65,387
Total assets	71,883	72,063	71,702

Currency Risk

Currency risk represents the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund is exposed to currency risk on financial instruments that are denominated in any currency other than the functional currency of the fund (£UK). The fund holds both monetary and non-monetary assets denominated in currencies other than £UK.

The fund's currency rate risk is routinely monitored by the Council and its investment advisors in accordance with the Fund's risk management, including monitoring the range of exposure to currency fluctuations.

The fund's currency exposure as at 31 March 2015 and 31 March 2016 is set out below.

As at 31 Mar 15 £'000		As at 31 Mar 16 £'000
21,050	Private equity	22,509
21,050	Total	22,509

An 8.2% volatility associated with exchange rates is considered likely, based on the fund advisor's analysis of historical movements in the month end exchange rates over a 3 year period.

This analysis assumes that all other variables, in particular interest rates, remain constant.

An 8.2% strengthening/weakening of the pound against the various currencies in which the fund holds investments would increase/decrease the net assets available to pay benefits as follows:

Asset Type	Value as at 31 Mar 16 £'000	Plus 8.2% £'000	Minus 8.2% £'000
Private equity	22,509	24,355	20,663
Total	22,509	24,355	20,663

Credit Risk

Credit risk represents the risk that the counterparty to a transaction or a financial instrument will fail to discharge an obligation and cause the fund to incur a financial loss. The market values of investments generally reflect an assessment of credit in their pricing and consequently the risk of loss is implicitly provided for in the carrying value of the fund's financial assets and liabilities.

In essence the fund's entire investment portfolio is exposed to some form of credit risk, with the exception of the derivatives positions, where the risk equates to the net market value of a positive derivative position. However the selection of high quality counterparties, brokers and financial institutions minimises credit risk that may occur through the failure to settle a transaction in a timely manner.

Contractual credit risk is represented by the net payment or receipt that remains outstanding, and the cost of replacing the derivative position in the event of counterparty default. The residual risk is minimal due to the various insurance policies held by the exchanges to cover defaulting counterparties.

Credit risk on over-the-counter derivative contracts is minimised as counterparties are recognised financial intermediaries with acceptable credit ratings determined by a recognised rating agency.

Deposits are not made with banks and financial institutions unless they are rated independently and meet the council's credit criteria. The council has also set limits as to the maximum percentage of the deposits placed with any one class of financial institution.

The council believes it has managed its exposure to credit risk, and has had no experience of default or uncollectable deposits over the past five financial years. The table below shows the funds cash holding as at 31 March 2015 and 31 March 2016.

	Rating	As at 31 Mar 15 £'000	As at 31 Mar 16 £'000
Bank Current Account			
HSBC	AA-	45	80
Bank Deposit Account			
HSBC	AA-	1,296	2,426

Liquidity risk

Liquidity risk represents the risk that the fund will not be able to meet its financial obligations as they fall due. The Council therefore takes steps to ensure that the pension fund has adequate cash resources to meet its commitments. This will particularly be the case for meeting the pensioner payroll costs; and also cash to meet investment commitments.

The Fund has immediate access to its pension fund cash holdings.

The fund defines liquid assets as assets that can be converted to cash within three months. Illiquid assets are those assets which will take longer than three months to convert in to cash. As at 31 March 2016 the value of illiquid assets was £129m, which represented 25.9% of the total fund assets - (31 March 2015 - £105m, which represented 20.5% of the total fund assets).

Management prepares periodic cash flow forecasts to understand and manage the timing of the fund's cash flows. The appropriate strategic level of cash balances to be held forms part of the fund investment strategy.

All financial liabilities at 31 March 2016 are due within one year.

Refinancing risk

The key risk is that the Council will be bound to replenish a significant proportion of its pension fund financial instruments at a time of unfavourable interest rates. The Council does not have any financial instruments that have a refinancing risk as part of its treasury management and investment strategies.

Note 23: Accounting Standards That Have Been Issued but Have Not Yet Been Adopted.

There are no accounting standards that have been issued but have yet to be adopted.

Note 24: Annual Report

The full annual report for the Powys Pension Fund can be obtained from Professional Lead –Finance, County Hall, Llandrindod Wells, Powys, LD1 5LG. The report includes the Statement of Investment Principles, Governance Statement, Funding Strategy Statement and Communications Policy.

Statement of the Actuary for the Year Ended 31 March 2016

Introduction

The Scheme Regulations require that a full actuarial valuation is carried out every third year. The purpose of this is to establish that the Powys County Council Pension Fund (the Fund) is able to meet its liabilities to past and present contributors and to review employer contribution rates. The last full actuarial investigation into the financial position of the Fund was completed as at 31 March 2013 by Aon Hewitt Limited, in accordance with Regulation 36 of the Local Government Pension Scheme (Administration) Regulations 2008.

Actuarial Position

1. The valuation as at 31 March 2013 showed that the funding ratio of the Fund had increased since the previous valuation with the market value of the Fund's assets at that date (of £425M) covering 79% of the liabilities in respect of service prior to the valuation date allowing, in the case of current contributors to the Fund, for future increases in pensionable pay.
2. The valuation also showed that the aggregate level of contributions required to be paid by participating employers with effect from 1 April 2014 is:
 - 15.3% of pensionable pay. This is the rate calculated as being sufficient, together with contributions paid by members, to meet the liabilities arising in respect of service after the valuation date.

Plus

- Monetary amounts to restore the assets to 100% of the liabilities in respect of service prior to the valuation date over a recovery period of 25 years from 1 April 2014, amounting to £5.6M in 2014/15, and increasing by 3.9% p.a. thereafter.
3. In practice, each individual employer's position is assessed separately and contributions are set out in Aon Hewitt Limited's report dated 31 March 2014 (the "actuarial valuation report"). In addition to the contributions shown above, payments to cover additional liabilities arising from early retirements (other than ill-health retirements) will be made to the Fund by the employers.
 4. The funding plan adopted in assessing the contributions for each individual employer is in accordance with the Funding Strategy Statement in force at that time. Different approaches adopted in implementing contribution increases and individual employers' recovery periods are set out in the actuarial valuation report.

5. The valuation was carried out using the projected unit actuarial method for most employers and the main actuarial assumptions used for assessing the funding target and the contribution rates were as follows.

Discount rate for periods in service	5.3% p.a.
Discount rate for periods after leaving service	5.3% p.a.
Rate of pay increases	3.9% p.a.
Rate of increase to pension accounts	2.4% p.a.
Rate of increases in pensions in payment (in excess of Guaranteed Minimum Pension)	2.4% p.a.

The assets were valued at market value.

Further details of the assumptions adopted for the valuation were set out in the actuarial valuation report.

6. The valuation results summarised above are based on the financial position and market levels at the valuation date, 31 March 2013. As such the results do not make allowance for changes which have occurred subsequent to the valuation date.
7. The formal actuarial valuation report and the Rates and Adjustments Certificate setting out the employer contribution rates for the period from 1 April 2014 to 31 March 2017 were signed on 31 March 2014. Contribution rates will be reviewed at the next actuarial valuation of the Fund due as at 31 March 2016 in accordance with Regulation 62 of the Local Government Pension Scheme Regulations 2013.
8. The actuarial valuation of the Fund as at 31 March 2016 is currently underway and the Regulations require the formal report on the valuation and the Rates and Adjustments Certificate setting out employer contributions for the period from 1 April 2017 to 31 March 2020 to be signed off by 31 March 2017.
9. This Statement has been prepared by the current Actuary to the Fund, Aon Hewitt Limited, for inclusion in the accounts of the Fund. It provides a summary of the results of their actuarial valuation which was carried out as at 31 March 2013. The valuation provides a snapshot of the funding position at the valuation date and is used to assess the future level of contributions required.

This Statement must not be considered without reference to the formal actuarial valuation report which details fully the context and limitations of the actuarial valuation.

Aon Hewitt Limited does not accept any responsibility or liability to any party other than our client, Powys County Council, the Administering Authority of the Fund, in respect of this Statement.
10. The report on the actuarial valuation as at 31 March 2013 is available on the Fund's website at the following address:
<http://www.powyspensionfund.org/about-us/forms-and-publications.aspx>

Aon Hewitt Limited
16 June 2016

Appendix 1: Pensions and Investment Committee

The Pensions and Investment Committee meet on a quarterly basis. During 2015/16 it consisted of the following:

County Councillors:

- Mr AG Thomas (Chairman)
- Mr PJ Ashton (Vice Chair)
- Mr EA Jones
- Mr GP Vaughan
- Mr TG Turner

Members Representative:

- Mr GE Jones (Resigned March 2016)

Outside Bodies Employers Representative:

- Mr AMC Weale

County Council Officers:

- Mr D Powell (Strategic Director - Resources)
- Mr J Rollin (Pensions Manager)

Legal Advisors

- Burges Salmon

Fund Managers:

- Aberdeen Asset Management
- Aviva Investors
- Blackrock Global Investors (BGI)
- CBRE
- Permal (Fauchier)
- GAM
- Goldman Sachs
- HarbourVest Partners
- Hermes
- Insight Investments
- MFS
- Schroders Investment Management
- Standard Life Investments

Independent Advisor to the Fund

- Mrs R Pinder (Aon Hewitt Limited)

Actuary

- Mr C Archer (Aon Hewitt Limited)

Performance Measurement

- WM Performance Services

Appendix 2: Other Bodies

Powys County Council administers the scheme for employees and ex-employees of the following bodies:

Scheduled Bodies	Admitted Bodies
Brecon Beacons National Park	BUPA Care Homes
Brecon Town Council	Careers Wales Powys
Knighton Town Council	Celtica
Llandrindod Wells Town Council	Development Board for Rural Wales
Llanidloes Burial Joint Committee	Freedom Leisure
Llanidloes Town Council	MENCAP
Newtown and Llanllwchaearn Town Council	Menter Maldwyn
Powys County Council	Mirus Wales
Powys Magistrates Courts' Committee	Powys Association of Voluntary Organisations
Powys Probation Committee	Powys Dance
Welshpool Town Council	Powys Valuation Panel
Ystradfellte Community Council	Presteigne Shire Hall Museum Trust
Ystradgynlais Town Council	Theatr Brycheiniog
	Wales European Centre

Community Councils and various other statutory bodies have the right to be included in the Fund. Other bodies can be admitted at the discretion of the County Council.

Contact List and Communications

A copy of this report is available to anyone on demand, subject to a small administration charge. A full copy of the report can be viewed at www.powyspensionfund.org. Should you have any comments on the financial statement or any other pension matter please contact the appropriate officer in the following list:

Glossary of Terms

Accrual

An accrual is a sum (provision) shown in the accounts to cover income or expenditure for the accounting period but which was not actually paid or received as at the date of the Balance Sheet.

Actuary

An actuary is a person who works out insurance and pension premiums, taking into account factors such as life expectancy.

Actuarial Valuation

This is when an actuary checks what the pension scheme assets are worth and compares them with the scheme's liabilities. They then work out how much the contributions from employers and members must be so that there will be enough money in the scheme when people receive their pensions.

Additional Voluntary Contributions

An option to secure additional pension benefits by making regular payments in addition to the % of basic earnings payable.

Admitted Bodies

Voluntary and Charitable bodies that fulfil certain conditions can apply to allow their employees to become members of the Local Government Pension Scheme.

Audit

An audit is an independent examination of the Council's activities.

Balance Sheet

This is a statement of our assets, liabilities and other balances at the date of the Balance Sheet.

Contingent Liabilities

Contingent liabilities exist where it is probable that a future event will result in a material cost to the Council and can be estimated with reasonable accuracy.

Creditor

A Creditor is someone we owed money to at the date of the Balance Sheet for work done, goods received or services rendered.

Current Asset

These are short-term assets that are available for use in the following accounting year.

Current Liabilities

These are short-term liabilities that are due for payment by the Council in the following accounting year.

Current Service Costs (Pension)

The increase in the liability of a defined benefit pensions scheme as a result of employee's service in the current period.

Debtor

A debtor is an organisation/individual that owes the Council money at the Balance Sheet date.

Equities - Pooled

The Pension Fund invests in equities through unit Trusts. It has no direct investments in equities.

Financial Reporting Standards (FRS's)

Financial regulations to be followed as set by the Accounting Standards Board.

Financial Year

This is the accounting period. For local authorities it starts on 01 April and ends on the 31 March in the following year.

Gilt Edged Stocks

These are investments in government or local Authority stocks. They are regarded as risk-free.

IAS

International Accounting Standard – The standard by which the Authority must record financial information. If followed by a number (e.g. IAS 19), this references a particular accounting standard.

IFRS

International Financial Reporting Standard – The standard by which the Authority must present financial information. If followed by a number (e.g. IFRS 11), this references a particular reporting standard.

Liability

A liability is an amount payable at some time in the future.

Past Service Costs (Pension)

For a defined benefit pension scheme, this is the extra cost resulting from changes or improvements to the proportion of retirement benefit that relates to an employees past service.

Post Balance Sheet Events

Post Balance Sheet events are items that have arisen after the Balance Sheet date. The items did not occur at the time the Balance Sheet was prepared but have subsequently been discovered. To give a fair representation they may need to be disclosed.

Securities

These are investments such as stocks and bonds.

Auditor General for Wales' Report to the Members of Powys County Council

I have audited the accounting statements and related notes of:

- Powys County Council; and
- Powys Pension Fund

for the year ended 31 March 2016 under the Public Audit (Wales) Act 2004.

Powys County Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Movement on the Housing Revenue Account Statement and the Housing Revenue Account Income and Expenditure Statement.

Powys Pension Fund's accounting statements comprise the Fund Account and the Net Assets Statement.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on page 12, the responsible financial officer is responsible for the preparation of the statement of accounts, including Powys Pension Fund's accounting statements, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Powys County Council and Powys Pension Fund's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Narrative Report and Annual Governance Statement to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Powys County Council

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Powys County Council as at 31 March 2016 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16.

Opinion on the accounting statements of Powys Pension Fund

In my opinion, the pension fund accounts and related notes:

- give a true and fair view of the financial transactions of Powys Pension Fund during the year ended 31 March 2016 and of the amount and disposition of the fund's assets and liabilities as at that date, and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015-16.

Opinion on other matters

In my opinion, the information contained in the Narrative Foreword is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit;
- the Annual Governance Statement does not reflect compliance with guidance.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Powys County Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

For and on behalf of

Huw Vaughan Thomas

Auditor General for Wales

30 September 2016

24 Cathedral Road

Cardiff

Annual Governance Statement 2015/16

1. Scope of Responsibility

- 1.1 Powys County Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards; that public money is safeguarded and properly accounted for; and is used economically, efficiently and effectively. Powys County Council also has a duty under the Local Government (Wales) Measure 2009 to make arrangements to secure continuous improvement in the way in which its functions are exercised.
- 1.2 In discharging this overall responsibility, Powys County Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk.
- 1.3 Powys County Council adopted a system of corporate governance in June 2008, which is consistent with the principles of the CIPFA/SOLACE¹ Framework *Delivering Good Governance in Local Government*. This statement will explain how Powys County Council has complied with the code.
- 1.4 Powys County Council is the Administering Authority for the Powys Pension Fund (the Pension Fund). The governance arrangements detailed in this Annual Governance Statement apply to the Council's responsibilities to the Pension Fund. There are further specific requirements for the Pension Fund which are:
 - The Statement of Investment Principles
 - Funding Strategy Statement
 - A full Actuarial Valuation to be carried out every third year.

2. The Purpose of the Governance Framework

- 2.1 The governance framework comprises the systems, processes, cultures and values, by which the Authority is directed and controlled and through which it engages and leads the community, and accounts to the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of outcome-focused, cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.
- 2.3 The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Powys County Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
- 2.4 The following sections summarise the governance framework and the system of internal control which has been in place in Powys County Council for the year ended 31 March, 2016. The Council's constitution can be found at:

<http://powys.moderngov.co.uk/ecCatDisplay.aspx?sch=doc&cat=13166&path=0>

¹ Chartered Institute of Public Finance and Accountancy/Society of Local Authority Chief Executives

The structure of this Statement is based on the CIPFA/SOLACE Framework.

3. The Governance Framework

3.1 Principle 1 – Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.

The Council and its partners, through the Powys Local Service Board (LSB), agreed to focus on collectively delivering eleven citizen centred outcomes detailed in the One Powys Plan 2014-17. These shared priorities define the conditions of well-being that we aim to create for the people of Powys and the environment in which they live through working in partnership with other key public agencies in Powys. The One Powys Plan was reviewed and updated for 2015-16 and will again be updated for the final year 2016-17. This is the second integrated One Powys Plan following on from the initial plan which ran from 2011-14.

The LSB's vision states 'we will work together to meet the needs of Powys citizens'. We will work in partnership to:

- Provide clear strategic direction, allocating resources to support the delivery of the One Powys Plan
- Unblock issues and provide support across our organisations
- Focus on the long term challenges affecting Powys

The LSB's values mirror those of the council. There is a clear set of values that underpin all the work of the LSB and guide the behaviours that are expected of everyone engaged in our work, or working with us:

- **Accessibility** - ensure that all members of the community are able to access our services with ease
- **Openness** - ensure that our decision-making is clear and we carry out our business with integrity
- **Respect** - value one another's differences and treat one another with dignity
- **Focus** - ensure resources and effort remain focussed on our priorities
- **Engagement** - listen to our residents and staff and where appropriate involve them in the planning and delivery of services. Consult meaningfully with residents and staff and listen to their views
- **Learning** - learn from others and from our own experiences to help us develop and improve
- **Trust** - ensure our staff and residents have trust in us and what we're aiming to achieve

The council has a statutory duty to set annual improvement objectives and make arrangements to secure continuous improvement. In 2014/15, the council took the unprecedented step of integrating its annual improvement plan (formerly known as the Powys Change Plan) into the One Powys Plan and therefore removing a potentially double layer of corporate planning whilst recognising that meeting future service provision needs requires working in partnership. The One Powys Plan 2014-17 was agreed by Full Council on the 30th April 2014.

Recognising that the OPP 2014-17 is a three year plan, the LSB undertook a light review of the plan following its implementation through 2014-15. This approach was discussed and agreed with both Welsh Government and the Wales Audit Office. The 2015 update was approved by Full Council on the 23rd April 2015. Both documents can be found at:

<http://www.one.powys.gov.uk>

Recognising the increased challenges posed by the long term financial outlook the Cabinet has reviewed and amended the Council's overall vision to **Strong Communities for the Green Heart of Wales**.

The amendment to the vision focuses on the relationship between the Council and its communities. The Council is seeking partnership from communities to work together to deliver services in future and in turn this will help keep communities vibrant. In particular the Council wishes to create more employment opportunities for young people within the community.

The Cabinet will continue to develop the Council's operating model based upon commissioning and has reaffirmed the following priorities to support the Vision:

- **Remodelling council services to respond to reduced funding.**
- **Supporting people within the community to live fulfilled lives.**
- **Developing the economy.**
- **Improving learner outcomes for all, minimising disadvantage.**

These priorities shape everything the Council does. The Council will fully engage citizens and staff in the process of change. Citizens need to be aware that the Council can no longer deliver all the services in the traditional way and that to maintain services, communities and citizens will be supported to do more for themselves. Staff will be encouraged to work in new ways and to take on new responsibilities.

The council continues to operate a set of budget principles (Table 1) to shape decisions to allocate resources. These play a key part in shaping the overall budget and the approach seeks consistency and the best outcomes for communities in Powys.

Table 1: The Council's budget principles

Budget Principle	Definition
Valued Services	<ul style="list-style-type: none"> • Focusing on our priorities & what matters to people, stopping things we don't need to do.
Supporting the Vulnerable	<ul style="list-style-type: none"> • Targeting resources on individuals, families, communities at risk or disadvantaged; early intervention & prevention; a shift in social care provision.
Local Delivery	<ul style="list-style-type: none"> • Devolution to Community Councils and the Voluntary Sector; local decision making; working through area based provision; developing Social enterprise models.
Personal Responsibility	<ul style="list-style-type: none"> • Self-resilience, people and communities helping themselves, behavioural change; increase in

Budget Principle	Definition
	personalisation.
Value for Money	<ul style="list-style-type: none"> • Reducing the pay bill; third party spend savings; smarter delivery, cutting costs. • Full cost recovery for services where appropriate. • Redefine property portfolio and release surplus assets. • Collaboration with appropriate councils and LHB. • Longer term financial planning within an agreed envelope. • Reducing bureaucracy; less regulation and red tape, smaller government; right first time delivery.
Improving Productivity	<ul style="list-style-type: none"> • Process challenge and redesign. • Reducing sickness absence. • Management layering.

The Council's Joint Chairs and Vice-Chairs Steering Group (Scrutiny and Democratic Services Committees) undertake a challenge of the Draft One Powys Plan and any updates which are based on documents such as the Cabinet's Statement of Intent and the Joint Strategic Needs Assessment. The scrutiny committees have also undertaken a review of Service Improvement Plans. These challenges focus on whether the needs assessment is reflected in the Council's One Powys Plan and whether the outcomes are appropriate and can be realised.

In addition the scrutiny committees had established a number of working groups to oversee the Council's recovery plans following adverse reports by external regulators to ensure that the required improvement is achieved and this work is ongoing.

3.2 **Principle 2 – Members and officers working together to achieve a common purpose with clearly defined functions.**

The Council's Constitution sets out the roles and responsibilities of Members and officers so that accountability for decisions made and actions taken is clear.

The Council has processes in place for the appointment by political groups to committees, as well as processes for the appointment of the Lay Member on the Audit Committee, Parent Governor Representatives on the People Scrutiny Committee and the appointment of Independent "Lay" members on the Standards Committee.

There are clear schemes of delegation to officers as well as limits to such delegation set out within the Constitution. The Constitution is reviewed on an ongoing basis to ensure that it meets the needs of the Council. The Council has implemented a new Constitution (using a new model format) as from 1 September, 2015 which is published on the Council's website. Revisions of the Constitution are ongoing and future changes will be incorporated in a new full version being published each time which will make easier the identification of versions in force at a particular point in time, which was not the case previously. It is expected that the second version will be approved by Council in April, 2016.

The Council operates a Leader and Cabinet model of governance. The Council is responsible for appointing the Leader. The Leader appoints the remainder of the Cabinet. The Council retains responsibility for approving the Council's Change Plan and the annual budget.

The Cabinet has delegated responsibility for a number of functions, including:

- Strategic leadership and direction
- Developing and proposing to Council the Powys Change Plan, the Medium Term Financial Plan and the Annual Budget
- Ensuring delivery of the Powys Change Plan
- Consulting with relevant Scrutiny Committees in the development of policy
- Delivering services in line with adopted policies and budgets

The Constitution sets out clear terms of reference for all Committees of the Council. The Cabinet, and the Scrutiny and Audit Committees have rolling work programmes.

In 2015/16, the Council operated 3 Scrutiny Committees:

- People
- Place
- Audit (designated in the Constitution as a scrutiny committee)

Scrutiny Committees undertake reviews and inquiries, either within the Committee as a whole by means of a spotlight or light touch review, or in greater depth by delegation to Working Groups. The findings of Scrutiny reviews and inquiries are presented to Cabinet with recommendations for action. A number of Working Groups which have been established work over a longer period rather than being "task and finish" such as those relating to Education and Social Care where the work of the groups has been mainly to monitor the delivery of the Council's recovery plans following adverse external regulator reports. Another is also monitoring other corporate matters which otherwise might not be scrutinised on a regular basis.

The Education Working Group's remit has been increased following a direction from Estyn to scrutinise schools where there are financial or performance issues or where the schools are the subject of regulator intervention. The Finance Scrutiny Panel continues to scrutinise budget proposals by the Cabinet prior to those proposals being finalised by the Cabinet for consideration by the Council.

The Scrutiny Committees are independent of the Cabinet, but the Audit Committee does undertake a 'Scrutiny' function. It oversees the work of Internal Audit, Risk Management and receives the reports of the Wales Audit Office. It has responsibility for approving the Council's Accounts. It also monitors the Council's performance in relation to its budget and achievement of performance targets.

The Council's committees also include some representatives who are not County Councillors. The Audit Committee has an independent "lay" member, the People Scrutiny Committee has co-opted members in respect of education scrutiny. The Place Scrutiny Committee has a co-opted member in respect of crime and disorder matters, although this role is currently vacant.

The Council also operates a Joint Chairs and Vice Chairs Steering Group whose main focus is:

- The co-ordination and work programming of activities between the Scrutiny and Audit Committees
- A specific scrutiny response in respect of:
 - One Powys Plan
 - Service Improvement Plans (joint responsibility with Scrutiny working groups)
 - Annual Improvement Report and Certificates of Compliance (Wales Audit Office)
 - Annual Performance Summary and Technical Report (joint responsibility with Scrutiny working groups)
 - Annual Governance Statement

The Council initiated 5 programme boards to manage delivery of key transformational change identified in the integrated One Powys Plan 2014-17:

- Integrated Health and Adult Social Care
- Children and Young People
- Transforming Learning and Skills
- Stronger Communities
- Organisational and Partnership Development

Each multi-agency programme is assigned a Lead Portfolio Holder, Programme Sponsor, Deputy Programme Sponsor and Strategic Programme Manager.

Each programme reports on an at least a quarterly basis and overview reports are made available to both LSB Transformation Board and LSB Board together with the Council's Management Team and Portfolio Holders. However, there have been some issues regarding the efficacy of Transformation Board with a number of meetings being cancelled due to attendance issues during 2015-16

The Chief Executive is the Head of Paid Service. He leads the Council's officers and chairs the Management Team and Heads of Service Group.

All staff have clear conditions of employment and job descriptions which highlight their roles and responsibilities. This is supported by a range of Human Resources policies.

During 2015/16, the following officers held statutory roles:

The Solicitor to the Council was designated as Monitoring Officer and carried overall responsibility for legal compliance.

The Strategic Director – Resource was the Section 151 Officer appointed under the Local Government Act 1972. He was responsible for the proper administration of the financial affairs of the Authority.

The Strategic Director – People was the Statutory Director for Social Services and the Lead Director for Children and Young People.

The Chief Executive was the Interim Chief Education Officer.

The Scrutiny Manager was the Head of Democratic Services.

3.3 Principle 3 – Promoting values for the Authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour

The Council places a high value on upholding the highest standards in public office for both Members and Officers.

Creating a council of the future that is driven by the right culture and behaviours is important. The council wants to deliver high performance and value for communities by listening to, and working with, the public as well as private, voluntary and community sectors.

The organisational culture will be based on trust, innovation and responsibility. The Council has a clear set of values that underpin all the work of the Council and guide the behaviours that are expected of everyone engaged in our work, or working with us.

- Accessibility - Ensuring that all members of the community are able to access our services with ease.
- Openness - Ensure that our decision-making is clear and we carry out our business with integrity.
- Respect - Value one another's differences and treat one another with dignity.
- Focus - Ensuring resources and efforts remain focused on our priorities.
- Engagement – Listen to our residents and staff and where appropriate involve them in the planning and delivery of services.
- Learning - Learn from others and from our own experiences to help us develop and improve.
- Trust - Ensuring our staff and residents have trust in us and in what we are aiming to achieve.

These values were revised during 2015/16 and a new set are detailed in the council's Corporate Improvement Plan 2016/17. However, these revised values did not directly impact the council during 2015/16.

For elected Members, the Council has adopted the Model Code of Conduct for County Councils in Wales. Conduct of Members is monitored by the Public Services Ombudsman and the Council's Standards Committee. The Council has adopted other protocols for elected members such as one relating to gifts and hospitality and in respect of Planning Applications / Matters. A mandatory refresher training for Members in relation to the Code of Conduct has been held

during 2015. In view of the number of webcasts being undertaken training has been provided for Members. The Council following the recommendation of the Public Services Ombudsman for Wales has adopted a Local Resolution Process whereby low level complaints between Members (or between officers and Members) can be resolved locally rather than being referred to the Public Services Ombudsman for Wales.

There were a number of complaints against Members referred to the Public Services Ombudsman for Wales during 2015/16 but the number of referrals which are subsequently investigated are low. The Standards Committee is made aware at meetings of the numbers of referrals to the Ombudsman, and has not been required to consider any potential breaches of the Code of Conduct referred to it by the Ombudsman.

The Standards Committee is active in trying to assist where possible, Members either individually or collectively in taking part in discussions where they might otherwise be debarred from taking part by the Code of Conduct, by the granting of individual or general dispensations. By this means the Standards Committee seeks to ensure that the representative role of Members is protected as well as protecting the Council's decision making processes from being brought into disrepute.

The Standards Committee monitors the attendances of Members at committees. Failure to comply with the 60% attendance requirement will lead to the Member having to account for their absences to the Committee.

For officers, the Council follows the statutory Code of Conduct. Conduct and behaviour is the responsibility of the individual officer and a breach may constitute a disciplinary matter. In addition the Council has within its Constitution a protocol for Member and Officers Relations as well as Relationships between Officers and Political Groups.

The Council has an Anti-Fraud and Anti-Corruption Strategy and a Whistle Blowing Policy which allows matters of concern to be raised and sets out how they will be investigated.

The Audit Committee is responsible for examining, approving and reviewing the adequacy of risk assessment, risk management and internal controls, including compliance.

The Council has a formal compliments and complaints procedure that enables complaints to be escalated and investigated independently of the service concerned.

Powys County Council continues working in line with its Information Governance framework plan, to initiate, develop, and monitor policies and practices in relation to information security, management, and risk, in order to improve and ensure on going compliance with relevant information legislation and standards.

The Council has robust information security incident reporting and management processes in place; which enables swift corrective action, ICO notification where necessary, and which also allows informed identification of information risks and mitigation.

The numbers of formal information requests continue to rise and the Council continues to provide the public, who when exercising their right of access to information held by the Council with an efficient and professional service.

The training of staff in the basics of data protection and information handling continues to be an important measure in the Council's information assurance design.

Powys County Council continues to progress its information management, assurance and governance policies, procedures, and practices.

The Council's Information Governance Report 2015-16 is available from the Information Governance Manager on request.

3.4 Principle 4 – Taking informed and transparent decisions which are subject to effective scrutiny and managing risk

The Council's Constitution sets out how the Council operates and the process for policy and decision making. Within this framework, decisions are taken by Council, Cabinet, individual Cabinet Members and officers. Certain specific decisions are taken by the Planning, Taxi Licensing and Rights of Way Committee, The Licensing Act 2003 Committee, Shire Committees, Pensions and Investment Committee and the Employment and Appeals Committee.

The Council's Publication Scheme commits Powys County Council to make information available to the public as part of its normal business activities. The scheme can be found at:

<http://www.powys.gov.uk/index.php?id=1935>

The Council presumes that reports will be publicly available unless certain, specific tests are met. There are seven categories of exempt information and these include:

- Information relating to a particular individual
- Information relating to legal matters

For information to be treated as exempt, an assessment of public interest has to be made, to ensure proper balance is achieved between the right to know, the right to personal privacy and the delivery of efficient government.

Agendas, reports and minutes of the Council's committees are published online and are accessible to the public unless an item contains information which is classed as exempt. There is a presumption that most meetings will be open to the public, again save where information is to be discussed which is classed as exempt.

For issues attracting high public interest e.g. renewable energy applications, the Council's budget, the closure of high schools, the Council has webcast meetings in order that interested stakeholders can view proceedings in real time and through an archive facility. The facility has been valued by stakeholders with both live debates and archived debates having high levels of discrete viewings. The Council initially undertook a pilot project, which ended in March, 2015, where Council, Cabinet, the Planning, Taxi-Licensing and Rights of Way Committee and the

People Scrutiny Committee were webcast. As a result the Council has decided to undertake further webcasts on an ongoing basis which were to be implemented commencing in the 2015-16 financial year. For technical reasons only a limited number of webcasts have been undertaken in 2015-16.

We are continuously improving and updating our approach to risk management to help better understand and manage the risks the Council faces, prepare for future challenges and to increase the likelihood of achieving objectives. A new Risk Management: Policy, Strategy and Methodology was agreed by Cabinet on the 26th January 2016. Risk management is a core management discipline that supports organisational delivery. The risks that the organisation faces are changing all the time, so the art of good risk management is to combine planning for what we know might happen with preparation for unknown situations, and to safeguard the organisation and in turn make it more resilient.

The Portfolio Holder for Risk Management is the Leader of the council. The portfolio holder is updated on the progress of the risk management programme on a monthly basis by the Business Continuity & Risk Management Officer. The Corporate Risk Register is also reported to Cabinet / Management Team on a quarterly basis.

Consideration of risk is an integral part of quarterly performance reviews held with portfolio holders, strategic directors and heads of service. The Audit Committee has a key role in monitoring and challenging the Council's risk register.

Risk is also featured in the integrated approach to impact assessments developed during 2015/16. For last year's budget setting process, an impact assessment (IA) was completed for each of the savings proposals identified. The IAs were included in the budget pack distributed to Members as part of the sign-off process.

A number of suggestions to facilitate continuing improvement is proposed for the 2017/18 budget process:

- Further training on completion of the IA toolkit is being provided to:
 - Cabinet;
 - Heads of Service;
 - Officers identified to complete IAs for 2017/18 savings.
- Accountability of the IA and the governance / sign-off process to be incorporated into the training programme;
- Cabinet sign-off group to meet bi-monthly to review the IAs as they are received, rather than processing large numbers at end of year;

3.5 Principle 5 – Developing the capacity and capability of members and officers to be effective

The Council aims to provide a wide range of opportunities for Members and Officers to be more effective.

All newly elected Members receive an induction programme. There is also specific training relating to whichever committees they are appointed. Powys County Council was re-awarded the Wales Charter for Member Support and Development in January 2015 (having first gained the award in 2011). An annual Member

Development Programme is in place and the Council has identified mandatory and discretionary training as well as possible sanctions which can be utilised by the Standards Committees for Members failing to achieve the level of training set by the Council. Members in receipt of Senior Salaries (e.g. Cabinet Members and Committee Chairs) have undertaken personal development reviews (PDRs) to assess their individual training needs. This is undertaken on a 2 yearly basis or within 3 months of their appointment. PDRs have been offered to all other Members of the Council or they will be asked to undertake a training needs analysis which will assist in the development of the Member Development Programme.

A Member Development Working Group consisting of Councillors and officers has been established to develop and monitor the implementation of the Member training programme.

Council received a number of seminars between April 2015 / March 16. These help to build background knowledge and help Members in fulfilling their scrutiny and audit roles. These seminars included:

- Powys Youth Forum
- Regeneration & Economic Development
- Welsh Language Standards
- Well-Being of Future Generations Act 2015
- Powys teaching Health Board Seminar 1 - Integrated Medium Term Plan [3 year plan]
- Budget seminars 1,2 and 3
- Gypsy & Travellers - Members' roles and responsibilities under Housing (Wales) Act 2014 and Equality Act 2010
- Resilience training
- Mid Wales Healthcare Collaborative
- Treasury Management
- Dementia Friendly Communities
- Show Racism the Red Card Wales
- Social Services Wellbeing [Wales] Bill and Housing Bill

Other Member Development undertaken as a result of membership of committees:

- Planning, Taxi Licensing & Rights of Way Committee development - Determining applications to register "new" town and village greens
- Licensing Act 2003 Committee development - Licensing Act 2003
- Code of Conduct – Refresher
- Pensions & Investment Committee - Continuing Development

Members also meet their development needs through attending staff training. Through the PDR process 'Debating skills – communication' was identified as a training need and this was provided to 8 Members.

All new officers receive induction training, both corporately and within their specific service. A range of role based training is available across the Council, in particular to ensure staff operate in a safe manner to protect themselves, the public and their colleagues. The Council offers specific training based around staff reviews to provide the opportunity to develop existing skills or learn new skills.

The Council is establishing a new, more robust process for Individual Performance Review (IPR) which was rolled out during 2015/16. This replaces the former annual Employee Development Reviews (EDR) and will provide better focus on more regular, worthwhile conversations that take place a minimum of four times a year.

In conjunction with the scorecards and 90 day action plans, the new IPR process will help managers and staff have a greater focus on performance management to ensure work is directed towards achieving the goals of the individual services and the organisation as a whole. Therefore, the golden thread linking the Council's strategic plans to the work of individual officers and operational staff is ensured.

3.6 Principle 6 – Engaging with local people and other stakeholders to ensure robust public accountability

During the past year the Powys Consultation and Engagement Officers Network - CEON (a group of engagement practitioners from a mix of partner agencies chaired by the LSB champion Carl Cooper, CEO of PAVO) mapped out all the relevant stakeholders who may be affected by projects set out in our One Powys Plan 2014-17 to enable and ensure everyone affected can take part in relevant consultations if they so wish.

Powys County Council and a number of its partners strive to work to the National Principles for Public Engagement in Wales so conversations are meaningful, timely and resourced. Both the Local Service Board and the Council have signed up to these principles.

At a strategic level, the following finding emerged from consultation and engagement activities.

Residents Survey – 2015: Key Findings

Our analysis has identified a number of interesting key messages. Some of the 2015 information challenges the findings we uncovered in 2013, while other information helps generate new insight into residents' views on priority themes for their county.

- The vast majority of residents feel Powys is a good place to bring up children and as a safe place to live. However, residents continue to have concerns around job opportunities and housing. Only 19% of residents rated the county as very good/good for jobs – although this is a 10% improvement from the 2013/14 figure of 9%. Similarly for housing 39% of respondents felt housing in Powys was very good or good when asked. This has increased from the 2013/14 figure of 22%.”
- Most residents did not dispute the value in having a vision statement for the county that reads “to create strong communities in the green heart of Wales.” Some respondents would have liked to have seen more explicit reference to developing a strong local economy.
- Just over half of residents (52%) were unaware that the council had had a 4.4% decrease in funding from the Welsh Government which equalled a £7.7m funding gap.
- Nine in ten respondents agree that the county should have priority themes of helping to support fulfilling lives (living independently through health and social care) and learning for all. Although still supported by a significant majority of respondents, there was relatively less support for the principle of delivering services for less, for example by working with the third sector.
- Respondents were asked whether they felt it mattered who delivers services. Overall, 67% felt it didn't matter and 33% felt it did matter, representing an increase on the 26% reported in 2013.
- In terms of the Council's approach to managing change, there were two statements that residents were more likely to disagree with than agree. These are “Powys is seen as business-like and efficient by residents” and “Powys consults communities when developing or changing services”.
- In 2013 we reported that residents were unlikely to support the idea of charging for services that had previously been offered free at the point of contact. In 2015, however, we see that a small majority of respondents, 52%, said this was an option they would support.
- When asked to consider what their current and future priorities might be, the analysis identifies some interesting differences. Respondents are twice as likely to identify environmental / street-scene type services as an immediate priority as opposed to a future priority (26% and 13% respectively). Conversely, caring for those in need (for example, elderly social care) is felt to be a priority for the future rather than now.
- Services relating to the development of the local economy are identified as the single key priority for improving quality of life and helping communities thrive.

Citizens Panel Survey - Autumn 2015

- 262 responses received. Profile of the panel is predominantly older residents who volunteer to take part in surveys.
- 59% citizen panel members said they were aware of current funding issue however a further 36% said they didn't really understand the background or why we were in this situation.
- 70% feel they have seen a difference and a reduction in the level of service provided over the past year. E.g. street cleaning, potholes, refuse collection, care.
- 92% are very or fairly concerned about the situation facing Powys.
- 80% of panel members stated they still tend to get their information about Powys via local media however 27% said they picked up flyers and posters and leaflets, 22% said they used the council's website and 22% said they got information from their town and community council.
- Over a hundred budget saving ideas were given by panel members and these were varied. They ranged from increasing council tax to selling the land and properties we hold and from boosting inward investment to protesting to Welsh Government about the current settlement.

Budget Simulator Exercise

Respondents were prepared to reduce spend by around 26% in three key areas – namely Catering, Cleaning and Corporate Support services. These were seen as areas that would likely be targeted by most respondents for the largest percentage of savings.

Regeneration and Property, Countryside Access and Library and Cultural proposals received an overall reduction of 24%, 23% and 23% respectively.

Under the Regeneration and Property heading respondents felt the council could do more to promote and encourage agile working. There were differing views on the sale of assets with some respondents stating that we should use these to lever in funding for capital projects and other respondents suggesting we sell off county farms and other office and civic accommodation if we are reducing employee numbers.

There was a clear view that we should be investing in grants for voluntary and community groups – not cutting them - especially when we are expecting and keen to see a greater level of community and voluntary service delivery.

A number of suggestions were made around countryside access including the provision of incentives and grants for farmers to promote and maintain rights of way over their land, levying in funds from tourist firms who use rights of way and imposing fines where access to rights of way is blocked.

There were mixed views on libraries with some respondents supporting the closure of smaller branch libraries and others feeling they were a lifeline in communities and could be expanded and developed into community learning and support centres offering a range of opportunities for people. One lady who attended the drop in session at Crickhowell library felt the council needed to recognise that for some residents there is a real lack of broadband signal still across more rural parts of the county and the library is the only place to access the internet etc.

There was less desire to see budgets cut in Environmental Health and Trading Standards (average reduction in budget was 15.33%); services for children with disabilities (average reduction in budget overall was 15.88%) and planning development and management services (average reduction in budget was 16.71%).

However, it was evident that the proposals for environmental health/trading standards and planning attracted some criticism from a number of respondents as, at the 30% budget reduction marker, the consequences implied that these services would be at risk of not meeting their statutory obligations. This appears to have stopped respondents choosing to cut this service further. Anecdotal evidence and comments in the simulator support this view. This factor needs to be taken into account with regard to the rest of the proposals and final decision making.

Respondents were keen to see fewer cuts in services for looked after children, family support services and home care services for older residents.

Views were given around the issue of early prevention and intervention under the umbrella of Family Support Services. Respondents felt that rather than reducing costs there was a need for investment in this area. Targeted support; working more with voluntary and community groups/charities; reducing some of the larger packages and ensuring looked after children are placed in Powys not outside the county were all suggestions made to reduce costs.

There was some evidence to show an understanding and some support for providing day care services in a different way. However there was a clear view coming across that if we were to look at savings in this and residential services then we needed to invest in home care so as to ensure older people were not isolated from their communities. Being able to stay in your own home had advantages and disadvantages and the council needed to consider fully what approach it was taking. If it's encouraging and sustaining independence the infrastructure needs to be in place and cutting voluntary/community grants and reducing home care services were detrimental to this philosophy.

Respondents felt that the schools service could be cut by around 20%. It was deemed reasonable that parents pay for breakfast clubs if they wanted their children to access them and that PCC should review the current policies around home to school transport as the use of taxis and minibuses were costly. Ceasing to pay to transport children out of county to attend specific schools was also suggested as a cost saving. There was some frustration that plans to modernise schools in Powys was not progressing fast enough and that small schools should be closed and the secondary schools reorganisation completed.

Further details on consultation and engagement undertaken by Powys County Council is available from the Corporate Consultation Officer on request

The Council publishes its agendas, reports and minutes of the Council, the Cabinet and committees on its public website. In addition the increasing use of webcasting ensures that the public have a greater ability to access meetings. The Council makes use of social media to deliver information to the public in a digital format. The Council also will respond to requests for factual information regarding services through social media.

Council Members produce an Annual Report on their activities which are published on the Council's public website. Some Members only produce information regarding their attendances at meetings and training sessions whilst others provide additional information about activities undertaken in their electoral division and attending outside bodies as representatives of the Council.

4. Review of Effectiveness

There is an ongoing review of the effectiveness of the Council's Governance Arrangements. The review is informed by the work of:

- The Council's Cabinet
- The Council's Scrutiny and Audit Committees
- The Council's statutory Chief Officers
- The Authority's regulators, including Wales Audit Office, Estyn and CSSIW
- Internal Audit
- External requirements / legislation e.g. Public Services Ombudsman for Wales, all Wales review of Constitutions.

4.1 Cabinet Executive Programme Board

Throughout 2015/16, the Council's Cabinet and Management Team has received quarterly reports to review both the Council's performance through service improvement plans and the progress of the key improvement programmes delivering the One Powys Plan. The Cabinet also receives reports on the Council's financial performance on a regular basis.

Each year, the Council is required to produce an overview of its performance against its improvement plan for the year just past. The Council's and LSB's combined Annual Performance Summary and Evaluation 2014/15 was published in October 2015 and is also available at:

<http://www.powys.gov.uk/index.php?id=296>

The review of performance for 2015/16 will be available from November 2016.

4.2 Scrutiny and Audit Committees

Decisions and their implementation can be scrutinised by the Scrutiny Committees. The following are examples of areas which were scrutinised during 2015/16:

Place Committee:

Enforcement of Dog Fouling – 5 recommendations had been made in the 2014/15 year. Three were abandoned by Cabinet with the remaining two relating to developing an education and awareness campaign, and to further liaison with the Police and Crime Commissioner to extend powers to PCSOs on a regional basis, being taken forward.

Civil Parking Enforcement – 11 recommendations had been made in 2014/15. Cabinet agreed in principle to 9 of the 11 recommendations. One was partially accepted and one could not be implemented for technical reasons.

Public Transport Review – considered responses to a consultation exercise regarding two options for future public transport delivery. The group considered the strategic impact of the proposals and submitted several observations to the Portfolio Holder. Members were invited to comment individually on aspects of particular routes.

Street lighting review – the Portfolio Holder for Finance requested that scrutiny be undertaken to assess whether there was evidence to show if there had been any increase in crime or accidents following the switch off of street lights. The Group determined that there was no evidence to support this, but made two further recommendations to continue Invest to Save Initiatives to replace remaining sodium lights with LEDs and that any local requests continue to be considered on their merits as and when they arise.

Waste Strategy – review completed 2012 but quarterly monitoring continues regarding the implementation of three weekly collections, trade waste, household waste recycling centres, education and awareness and any further developments. The failure to meet recycling targets remains a high risk to the authority with the potential for substantial fines to be imposed. Whilst no formal recommendations have been made to Cabinet, a number of informal suggestions have been made to the service and implemented.

The Place Scrutiny Committee scrutinizes the work of the Community Safety Partnership on a six monthly basis.

Finance Scrutiny Panel – 8 recommendations had been made at the end of the previous year, 7 recommendations were accepted in full by Cabinet. The remaining recommendation generated further debate but was not implemented. The Panel considered the emerging three year budget proposals in some detail which culminated in a presentation to a Member Budget Seminar in December 2015. The Panel continues to develop and is adapting to revised ways of working.

Audit Committee

Finance and Performance Working Group – the group began the period by continuing to review financial overview and forecast reports. Performance data was not accessible in a timely or efficient manner. In discussion with the Strategic Director, Resources, the Portfolio Holder for Finance and the Chair and Vice Chair of Audit Committee, agreement has been reached to completely review the process for finance and performance monitoring and this particular Group has ceased to exist.

Internal Audit Working Group – Internal audit reports with limited or low assurance continue to be rigorously reviewed alongside fraud (corporate and internal) and the internal audit work plan. The Group also drafted a self-assessment for consideration by the Audit Committee.

Joint Audit/Adult Social Care Working Group – following correspondence between the Chair of the Audit Committee and the Leader regarding the Authority's capacity and capability to deliver transformational change and avoid consistent overspends in the budget, it was agreed that a joint group with the ASC Working Group of the People Scrutiny Committee be set up. Interviews with senior managers of both the service and Finance were held. It was agreed that further consideration would be given to a consultant's report when it became available.

People Scrutiny Committee

- ERW Scrutiny – meeting in Port Talbot in September and Swansea in March with letters from each meeting sent to ERW Joint Committee (2 recommendations in each letter)
- Education of Looked after children
- Ongoing education scrutiny – standards, attendance, exclusions, school budgets, school modernisation, inspection outcomes
- Health Scrutiny – observing each of quarterly Mid Wales Health Care Collaborative meetings across mid Wales and holding initial joint scrutiny sessions with letter from first meeting in Dolgellau in March (4 recommendations to Collaborative)
- Scrutiny observations on action plan in response to CSSIW Inspection report (2 recommendations to Cabinet, 2 recommendations to Scrutiny Group)
- Scrutiny observations on progress against Improvement Objectives (March 2016)
- Ongoing monitoring of progress against improvement objectives in Adult Social Care
- Initial investigations into direct payments, domiciliary care, residential care, day services, fairer care, third party spend
- Scrutiny of Inspection reports e.g. Bannau / Camlas Residential Unit; Powys Fostering Service
- Involvement in the Challenge Day for the Director of Social Services' Annual Report, scrutinising the draft report and the CSSIW performance and evaluation report
- Scrutiny observations on Library Standards (5 recommendations to Cabinet)

Regeneration Working Group – Pre-scrutiny of the draft Cabinet policy - “Community Benefits from Renewable Energy”. Discussion with the Portfolio Holder for Regeneration and officers regarding the Economic Development Strategy. The Group will scrutinise the work-streams established to deliver the strategy.

Joint Chairs and Vice-Chairs Steering Group

The Steering Group scrutinised the following:

- Risk register
- Draft Annual Governance Statement
- WAO Annual Improvement Report 2014-15
- Commissioning and Procurement Board
- Draft Strategic Equality Plan
- One Powys Plan Update

The Steering Group also considered the composition of scrutiny committees, scrutinising performance reports, assessing the potential impact of scrutiny, the corporate assessment, the new corporate plan, integration with the Local Health Board and reviewed the process to initiate scrutiny reviews.

The reports containing the findings of scrutiny reviews together with any recommendations are presented to Cabinet for their consideration. The Cabinet is expected to produce an action plan to respond to any recommendations made by scrutiny.

In 2014 – 15 the Council established a Finance Scrutiny Panel as part of a project funded and supported by the Centre for Public Scrutiny. The Panel's composition included scrutiny chairs, opposition group leaders and representatives of the Audit Committee with the Chair of the Audit Committee being Chair of the Panel.

In this first year it was acknowledged that the work of the Panel would be in part development, and part scrutiny. With the assistance of the Centre for Public Scrutiny the Council was able to draw upon external expertise from such bodies as CIPFA Wales, Grant Thornton, and the University of Birmingham to develop the Panel.

The role of the Panel is not only to undertake the scrutiny of the draft budget from Cabinet prior to its consideration by the Council, but in addition to scrutinise elements underlying the budget process to assess whether base assumptions being used by the Council were sound. The Panel will also look at the Medium Term Financial Plan and the deliverability of financial targets in forthcoming years. It is expected that the Panel will commence its work in relation to the 2017-18 budget early in the next financial year.

The Audit Committee meets on a regular basis. The Committee receives reports from Internal Audit and the Wales Audit Office and can make recommendations to both the Cabinet and Scrutiny Committees. The Committee has a Finance and Performance Sub Group that receives regular financial and performance reports and makes recommendations arising from review of these reports. It is acknowledged that this Working Group's is not functioning effectively. In discussion with the Strategic Director, Resources, the Portfolio Holder for Finance and the Chair and Vice Chair of Audit Committee, agreement has been reached to completely review the process for finance and performance monitoring and this particular group has ceased to exist.

The Committee also has an Internal Audit Sub Group that meets regularly to receive all adverse opinion reports i.e. those rated Limited or Low assurance. Its main purpose is to track action plans to ensure that effective and timely corrective measures have been implemented. In addition, the group receive regular updates on cases of internal and external fraud.

Key areas of focus were:

- Direct payments,
- Debt management and recovery,
- Trade waste, energy procurement,
- Internet usage and security,
- Section 106 agreements,
- Gas safety.

Continued failure to address significant weaknesses will be reported to the main Audit Committee.

The Joint Chairs and Vice-Chairs Steering Group (Chairs and Vice-Chairs of the Scrutiny, Audit and Democratic Services Committees) have reviewed the workload of the scrutiny function and have asked that a re-scoring of current activities be undertaken (to incorporate new requests for scrutiny and impending requirements) so that a better forward work programme can be prepared. This seeks to ensure that the scrutiny function does not become overloaded as currently and that adequate time and resource can be allocated to scrutiny projects. The functioning of both scrutiny committees is also under review to judge whether further structural changes to the committees are required.

The Welsh Government has issued its Consultation White Paper “Reforming Local Government” which has a number of significant implications for the Council in how scrutiny will be delivered in the future and it will be necessary to assess the draft plan in conjunction with these proposals once there is clarity about the future structure of local government in Wales. The Council in preparation for a Corporate Assessment by the Wales Audit Office is also reviewing its scrutiny function to ascertain whether further changes to structures and processes are required, and an action plan will be developed during 2016/17.

4.3 The Council’s Statutory Chief Officers have a range of functions with respect to the overall review of the Council’s effectiveness. These include:

- The Chief Executive is signatory to the Council’s Annual Governance Statement;
- The Chief Finance Officer is responsible for certifying that the Council’s Accounts present a true and fair view of its financial position and income and expenditure;
- The Council’s statutory Director of Social Services is responsible for an annual review of the Council’s social services under the Annual Council Reporting Framework (ACRF).

4.4 Wales Audit Office

Wales Audit Office (WAO) is the public sector watchdog for Wales. Their aim is to ensure that the people of Wales know whether public money is being managed wisely and that public bodies in Wales understand how to improve outcomes.

Each year, Wales Audit Office reviews the performance of local authorities in Wales in accordance with their statutory responsibilities.

Key reports during the 2015/16 financial year are set out below:

- Audit of Financial Statements Report (issued September, 2015)

This report was presented to Audit Committee on 28th September 2015.
The report stated:

“In my opinion the accounting statements and related notes;

- *give a true and fair view of the financial position of Powys County Council as at 31 March, 2015 and of its income and expenditure for the year then ended;*
- *have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15.”*

- Annual Improvement Report

The Wales Audit Office (WAO) has a duty to report to the public on the arrangements councils in Wales put in place to secure continuous improvement. The report is underpinned by two key pieces of work:

- A forward looking assessment of the Council's arrangements to secure continuous improvement;
- A backward looking assessment of whether the Council has achieved its planned improvements.

The Council has strengthened its governance arrangements and is making progress in its priority areas, but faces significant challenges in commissioning and providing its adult social care services.

The Council has generally robust financial management arrangements, and it is further developing them to ensure they remain fit for purpose in the increasingly challenging financial climate.

The Council has undertaken a robust approach to strengthening its financial scrutiny and is well placed to drive improvement in relation to its medium-term financial planning.

The governance, accountability and management arrangements for safeguarding responsibilities to children are mostly adequate but some improvements could be made.

The Powys ICT partnership has improved service resilience and reduced IT risk, and section 33 arrangements provide a good basis for integrated working.

The Council has embedded a coaching approach to help address capacity and capability issues.

The Council's improvement plan and its evaluation of its performance comply with the requirements of the 2009 Measure.

The Council is facing significant challenges in the shaping and remodelling of its current and future social care provision and the robustness of its contracting and commissioning functions

The Council is delivering environmental health services at the required standard, but will find it a challenge to take on new statutory duties that protect the public and the environment

The Council has identified the Welsh-language needs of its citizens and its workforce and is integrating this information into the way it provides services

Proposals for improvement arising from the Wales Audit Office during 2014/15:

- **P1** Review its working practices against the recommendations in the Auditor General's 2014-15 Local Government Reports and implement improvements where appropriate
- **P2** Extend its financial monitoring arrangements to include service performance data to ensure that expected service standards are not being compromised at the expense of securing financial savings.
- **P3** Ensure appropriate and timely action is taken to manage risks and under performance in relation to safeguarding and ensure elected members are informed of risk management arrangements, and progress in addressing safeguarding risks is included in future scrutiny work.
- **P4** Improve the work of the Council's Scrutiny Committees to ensure it is providing assurance on the effectiveness of the Council's corporate safeguarding arrangements.
- **P5** Ensure all elected members and staff who come into contact with children on a regular basis receive training on safeguarding and child protection issues and the Council's corporate policy on safeguarding.
- **P6** Identify and agree an appropriate internal audit programme of work for safeguarding.

(Annual Improvement Report 433A2015)

The latest Annual Improvement Report from Wales Audit Office is due no later than July 2016.

- Review of the Letting of a Domiciliary Care Contract to Alpha Care Limited (Wales Audit Office)

Powys County Council had been concerned for several years that the development of domiciliary care services across Powys was inconsistent and that the quality and value for money of the service needed improvement. The Authority decided to look at alternative ways of commissioning the service. In late 2013 the Authority sought to progress quickly the development and implementation of new arrangements for the service.

In circumstances where timescales are compressed, ensuring that risk is effectively managed and proper accountability arrangements are in place is particularly important. We are of the view that in its haste to introduce the new domiciliary care service as quickly as possible, the integrity of the Authority's established governance arrangements was compromised. In consequence, the Authority and users of the domiciliary care service were exposed to unnecessary risk. We found that:

- *the governance, management and scrutiny arrangements established for the procurement of the domiciliary care service were inadequate;*
- *weaknesses and ambiguities in the Invitation to Tender (ITT) meant that it was not conducive to the submission of robust tenders by potential providers;*
- *weaknesses in the processes adopted for the evaluation of tenders submitted by potential providers has resulted in the Authority being unable to demonstrate that contract award decisions were soundly based; and*
- *the Authority tried to support Alpha to deliver the contract, but these efforts proved unsuccessful.*

In the light of the *findings* of this report, the Authority should review other major projects currently being progressed and assure itself that the concerns identified in respect of governance and accountability are not more widespread.

Recommendations:

- ***R1 Domiciliary Care Provision:*** *The Authority should ensure that the weaknesses and/or deficiencies in the arrangements established to let the current domiciliary care contract are not replicated in any future domiciliary care procurement exercise. These include deficiencies in:*
 - *governance and accountability;*
 - *the way the contract was structured;*
 - *information made available to tenderers; and*
 - *the way in which tenders were evaluated.*
- ***R2 Wider Implications for the Authority:*** *In order to meet the challenges of transforming its service delivery in the light of reduced financial resources and increasing demand, the Authority has adopted a clearly defined commissioning and procurement strategy. We recommend that the Authority consider whether the issues raised in*

this report have wider relevance for the successful delivery of its commissioning and procurement strategy, and undertake a review of its processes for developing and letting major contracts. Particular attention should be paid to ensuring that the governance arrangements for developing, scrutinising and approving contracting exercises are appropriate and are working in practice.

- ***R3 Document Retention:*** *Audit work undertaken previously by the Auditor General in 2010 and 2014 on the Authority's whistleblowing policies identified that 'there was often a lack of an audit trail to support key decisions and events. Some key decisions were not documented and there were instances of key documents or supporting information not being found or not existing.' Similar issues are identified in this report. The review recommended above should also consider the extent to which adequate documentation is produced and retained to support key decisions made when developing and letting tenders.*

(WAO ref: 692A2015 – January 2016)

POWYS COUNTY COUNCIL

- Other Studies (Local and National)

A number of studies were published for shared learning by WAO during 2015/16:

- Good Scrutiny? Good Question (May 2014)*
- Young people not in education, employment or training – Findings from a review of councils in Wales (July 2014)*
- Managing early departures across Welsh public bodies (February 2015)*
- Achieving improvement in support to schools through regional education consortia – an early view (June 2015)
- Review of Corporate Safeguarding Arrangements in Welsh Councils (July 2015)
- Supporting the Independence of Older People: Are Councils Doing Enough? (October 2015)
- Delivering with less – Leisure Services (December 2015)
- Financial Resilience Assessment - Powys County Council (March 2016)

** Reports from 2014/15 not included in previous AGS*

The content and findings are considered and appropriate action planned where required.

4.5 Care and Social Services Inspectorate Wales (CSSIW)

CSSIW encourages the improvement of social care, early years and social services by regulating, inspecting, reviewing and providing professional advice to ministers and policy makers. It provides the council with their views on the councils' annual review and evaluation of performance.

The approach taken by Powys County Council to the commissioning of domiciliary care services in 2013 and 2014 was flawed in concept, design, and delivery. The governance arrangements and decision making were not managed at a senior level and were not sufficiently rigorous or challenging, especially given the number of people reliant on these services and the risks associated with the transfer of care arrangements. The senior management team at the time were not experienced in social care commissioning and this remains an area of challenge for the Council, as it continues to rely on external consultancy and interim arrangements to support the delivery of these key functions.

A number of key building blocks which would have underpinned a successful re-provisioning of care and support were not in place, for example a consistent reablement service across the county and up to date individual care and support plans. As a consequence, the decisions made during the procurement exercise were not always well thought through, especially in terms of the real costs versus benefits analysis and therefore sustainability.

The view that Powys is unique because of its demography is often articulated by people who live and work there and there are undoubtedly rurality factors that impact on the delivery of services. This can sometimes act as a block to thinking of solutions and has created an inward facing culture within the Council. However Powys is the sum of its parts, many of which share similarities with other communities in Wales. The strategic relationship with Powys Teaching Health Board does provide many opportunities in terms of service delivery and shared facilities, including information technology, but this has also meant that Powys does not naturally or easily look outside its borders for opportunities to jointly commission or to work collaboratively.

A key challenge for Powys County Council has been the recruitment of staff at all levels and they did not have in place a workforce strategy. We understand that this is under discussion with key partners such as the Powys Teaching Health Board and provider organisations and this will be a key component in the delivery of an integrated pathway for older people.

The pace of change has increased since the appointment of the permanent Director of Social Services in July 2013 and Head of Service in October 2013 respectively. They are facing a very demanding and ambitious schedule to modernise social services in Powys and the failure of the commissioning framework for domiciliary care has made this more difficult. The prospects therefore are uncertain and questions remain about the future arrangements, particularly in the context of budget reductions and in preparing for the implementation of the Social Services and Well Being (Wales) Act. However there are signs of improvement and the Council is following through on the

recommendations within the IPC report including the development of a commissioning toolkit for all staff.

Recommendations:

- *The **corporate governance arrangements** for social care commissioning need to be clarified and strengthened in order to effectively challenge and test the design, planning and delivery of the demanding work programme that Powys is facing.*
- *The **commissioning strategy** for older people must be based on a rigorous analysis of need and demand at community level and include local infrastructure and innovative and collaborative solutions. It should also consider models of best practice used elsewhere.*
- *The approach to commissioning social care services should make greater use of **service user and carer experiences** and facilitate a wider conversation with its communities about what future service models might look like.*
- *Future commissioning and procurement exercises for domiciliary care services should be built on a **market development** and partnership approach. It must robustly test the tender submissions, the capacity and capability of organisations to manage the transition of services and deliver the service specifications.*
- *The **knowledge and skill base** for managers in commissioning and the management of contractual relationships needs to be developed through a range of solutions including training and mentoring opportunities.*
- *The Council needs to strengthen its **relationships** with and oversight of domiciliary care providers operating in Powys, including setting up regular meetings and clear lines of communication with the commissioning managers to address ongoing concerns and queries.*
- *The Council needs to consider carrying out a review of the **grants and service level arrangements** to ensure they align with the Powys One Plan and the Integrated Pathway and provide the best value for money.*
- *The development of the **integrated pathway** for older people with Powys Teaching Health Board should be clearly defined and articulated to capture the projected demand and therefore capacity required at each stage, including reablement. The future integrated service model must be supported by clear governance arrangements that include financial commitments and management accountability.*
- *The **first contact** arrangements via the Powys People Direct should be further developed to ensure it can provide the appropriate level of response, advice, support and information for adult services and therefore reduce the need for an additional duty response at team level.*

- *The new adult **safeguarding** management structures and reporting mechanisms must be secured and established as a priority, to ensure that the Designated Lead Managers are supported in their responsibilities and there is consistent reporting, decision making and oversight at an appropriately senior level.*
- *The low uptake of **carer assessments** needs to be further investigated to understand the needs of this group of people and how they can be supported in their role.*
- *A **workforce strategy** which supports the establishment of the integrated pathway for older people should be developed across the wider health and social care workforce including domiciliary care. Opportunities to build workforce capacity such as care apprenticeships should be considered, as well as potential barriers such as housing and transport.*

(CSSIW: Inspection of Adult Social Services - March / May 2015)

4.6 Internal Audit

During 2015/16, Internal Audit was subject to the requirements and principles of:

- Public Sector Internal Audit Standards in the UK - 2013
- CIPFA Local Government Application Note - 2013

Internal Audit undertook a programme of risk based work, formulated using an approved planning strategy, to review the Council's internal control environment.

Each audit undertaken contained an opinion on the control framework and agreed actions by Management to correct the areas of risk identified. Those that had an adverse opinion (Low or Limited Assurance) are reported to the Internal Audit Working Group where accountable officers are required to attend to update the Members on progress with their action plans. In addition, the Internal Audit Team have supplemented this tracking approach by undertaking a series of follow-up reviews on high risk areas.

Internal Audit routinely considers the likelihood of fraud occurring within the systems being audited. Where necessary, it undertakes investigatory work in respect of fraud and corruption which can result a Police referrals and/or disciplinary actions. The Council has a zero tolerance attitude toward fraud and corruption.

In accordance with the recognised standards, the Head of Audit is required to give an opinion on the overall internal control environment based on the work undertaken throughout the year. The Head of Audit's opinion on internal control for 2015/16 is that there is a "Satisfactory" level of Assurance i.e. the control environment is generally effective, but there are some areas of the Council where improvement in control is required.

In accordance with the Public Sector Internal Audit Standards (PSIAS), the Council undertook an external quality assessment of Internal Audit to determine compliance against the professional standards. The outcome of this review found that Internal Audit were mostly compliant with those standards, but that some improvement was required in the linkage to the risk register, team skills and recommendation tracking. This was reported to the Audit Committee together with an action plan to ensure future compliance.

4.7 Constitution.

Following the development of a New Model Constitution for Welsh Authorities which was released in 2013, the Council has migrated its current Constitution with the new Model Constitution, and at the same time taking the opportunity to review every section and make improvements to existing provisions. The new Constitution came into force on 1 September, 2015. Further revisions have taken place since then as the Constitution is kept constantly under review and it is anticipated that version 2 of the new Constitution will come into force in April, 2016. The Council's constitution can be found at:

<http://powys.moderngov.co.uk/ecCatDisplay.aspx?sch=doc&cat=13166&path=0>

4.8 Complaints Regarding Members of the Council.

Following a requirement by the Public Services Ombudsman for Wales that Councils establish a local resolution protocol for certain categories of complaints from Members of the Council against other Members, or from officers regarding Members, the Council has agreed its own Local Resolution Process which is incorporated into the new Constitution.

The types of complaints to be considered are those which would not otherwise be deemed to be of such a nature that they would ordinarily be considered by the Public Services Ombudsman and the process is intended to resolve these matters at a local level. As this process has been in existence for a short period is too early to judge the effectiveness of this process.

4.9 Local Service Board Scrutiny.

The Council has not developed a robust scrutiny process for scrutinising the work of the Local Service Board (LSB), and scrutiny has been based on observation of LSB meetings by the scrutiny chairs. At a workshop in February 2015 which involved the Local Service Board, the Powys Transformation Board and scrutiny Chairs together with involvement from the Centre for Public Scrutiny, the need for better arrangements was identified.

A project plan has been developed including the establishment of Terms of Reference for such a scrutiny process. The Joint Chairs and Vice-Chairs Steering Group and the Local Service Board have both agreed in principle for the project to progress. A process was drawn up and agreed by the Joint Chairs and Vice-Chairs and incorporated into the Council's Constitution.

Nominees of the other partner bodies were sought however due to the delay in the names of nominees being made by those other partners, the LSB Scrutiny Committee did not meet during 2015/16. In addition as the Public Service Board comes into existence in April 2016 the arrangements will need to be reviewed to establish a PSB Scrutiny Committee at the earliest opportunity in 2016/17.

These scrutiny arrangements will also need to take account for the integration process with the Powys teaching Local Health Board to see whether there is a possibility of integrated scrutiny arrangements to cover all these requirements.

4.10 Powys Pension Fund

On 21 January 2015 Council approved a proposal to create a local Pension Board for the Powys Pension Fund by 1 April 2015, as required by the Public Service Pensions Act 2013.

The role of the Pension Board is to assist the Administering Authority to secure compliance with regulations and requirements imposed by the Pensions Regulator; and, to assist in ensuring effective and efficient governance, management and administration of the LGPS and the Powys Pension Fund. This is accepted to mean that the Pension Board has an oversight role but not a decision-making role.

The Pension Board consists of five members and be constituted of 2 Employer Representatives, 2 Scheme Member Representatives and 1 Independent Member. The first Board meeting was held on 31 July 2015.

The Fund's Governance Policy sets out in detail the Governance arrangements of the Fund.

5. Significant Governance Issues

5.1 There are a number of governance challenges facing Powys County Council at present:

5.2 The Cabinet's approach

Recognising the increased challenges posed by the long term financial outlook the Cabinet has reviewed and amended the Council's overall vision to **Strong Communities for the Green Heart of Wales**.

The amendment to the vision focuses on the relationship between the Council and its communities. The Council is seeking partnership from communities to work together to deliver services in future and in turn this will help keep communities vibrant. In particular the Council wishes to create more employment opportunities for young people within the community.

The Cabinet will continue to develop the Council's operating model based upon commissioning and has reaffirmed the following priorities to support the Vision:

- Remodelling council services to respond to reduced funding.
We need to find a way of dealing with increased demand and expectations on some of our services while spending less than we do now. This means taking a new look at how we deliver services rather than simply carrying on doing what we did in the past so that we meet people's needs in the most appropriate and cost effective way. This process is called commissioning.
This may mean re-designing a current service or working with a partner so that they provide the service on our behalf. In the future the council will be smaller with people employed by other organisations, such as the voluntary sector, town and community councils, not-for-profit organisations or commercial enterprises.
- Supporting people within the community to live fulfilled lives.
People living longer puts more pressure on older people services. We need to move away from traditional based services which are expensive and not built around the personal requirements of those in need. We need to ensure that the homes we provide for older people meet the needs of this generation of vulnerable older people. This requires the design of new services that promote prevention and personal control which are community based. We need to build on our current commissioning relationship with our partners to design and deliver services that promote independence and alternatives to institutional care. This can contribute to the long-term sustainability of our communities by developing the local care economy.

- Developing the economy.

A healthy and enterprising economy is essential for sustaining communities which is why economic development is one of our top priorities. Low levels of economic activity have contributed to the number of young people who leave in search of opportunities elsewhere and don't return. This has had a direct impact on services such as schools, as the number of young people in our county declines. It also affects the supply of people in the local workforce and on the ability of successful local businesses to grow within the county.

Traditional approaches to regeneration have not secured sufficient economic growth. Our new regeneration strategy will focus upon how we can support the local economy. For example, through using our land ownership and influence to promote economic activity in all sectors, and through the decisions we make in respect of the improvement and maintenance of our existing housing stock and the development of new homes.

Improved transport links and access to superfast broadband will make Powys an attractive proposition to invest in, or to relocate to. That's why we are already lobbying for, and securing, investment in infrastructure that will encourage growth, including an hourly service on the Cambrian railway line, the Newtown Bypass and working with BT to introduce high speed broadband to rural communities.

- Improving learner outcomes for all, minimising disadvantage.

We want Powys to be an attractive place to work for young people with ambition to succeed. In the past the county has been rightly proud of the academic achievement of its young learners. However, there are many Powys pupils whose attainment could be better, especially those from low income households.

Transforming skills and learning is a key aim of the council to make sure all children and young people are supported to achieve their full potential. To succeed in our ambition we need first class teaching, high quality leadership and appropriate class sizes with a fair distribution of resources.

Although many of our schools are highly regarded it's clear that the quality of most of our school buildings are no longer suitable for education in the 21 century. Our young people demand the investment to compete with other parts of the country. We need to provide modern learning environments to take advantage of the latest technology.

It is in everyone's interest that the council's focus is on driving up the attainment and ambition of the majority of its pupils with a special emphasis on those from more disadvantaged backgrounds. We must also provide stimulating learning environments for our able and gifted students and provide improved access to Welsh medium education.

To be successful we must ensure that our schools can offer the range of courses that are both attractive to our pupils but also meet the needs of the local economy. This way we can attract investment and economic growth from within.

These priorities will shape everything we do, and we hope to fully engage citizens and staff in the process of change. Citizens need to be aware that we can no longer deliver all the services in the traditional way and that to maintain services communities and citizens will be supported to do more for themselves. Staff will be encouraged to work in new ways and to take on new responsibilities.

We will set out to reduce our cost base through transforming services by undertaking whole council and sector reviews, reducing the amount of property we use, and developing a community delivery and neighbourhood management approach which will focus upon the needs of specific communities and the services they need.

5.3 The 2016/17 Budget and Prioritising our Service Spend

The provisional budget settlement for the Council was announced by Welsh Government on 9th December 2015. The settlement has awarded the Council a 4.1% budget reduction for the next financial year against a Welsh average reduction of 1.3%. This amounts to a reduction in cash terms of £7.147m compared with the settlement for 2015/16. The Council received the benefit of the floor mechanism in the sum of £1.9m, the highest in Wales.

Importantly this means that the per capita funding for Powys is £1,252 compared with a Welsh average of £1,309. Many of the Council's current services and facilities were developed when the County received one of the highest per capita allocations within Wales. The Council's future service provision needs to reflect this shift of funding away from rural areas which is likely to continue and the Cabinet's budget proposals acknowledge this requirement.

The scale of the financial challenge facing the Council dictates that the Cabinet must review the historic allocation of resources to services and re-allocate funds based upon the principles developed in 2014 and reconfirmed in May 2015 at the start of the financial planning process for 2016/17.

- Valued Services.
- Supporting the Vulnerable.
- Local Delivery.
- Personal Responsibility.
- Value for Money.
- Improving Productivity.

The setting of the budget and medium term financial strategy in the face of continuing reductions in grant income from Government remains the most critical challenge facing Powys County Council. Our response has been to move to a three year balanced Medium Term Financial Strategy (MTFS). The strategy also recognises that the future may well be even more challenging.

The Council's Budget strategy centres on the Council's vision "Stronger Communities for the Green Heart of Wales" and the four organisational priorities that aim to meet the challenges presented by the combination of reduced funding and service pressures and a need to be cost effective and focused on core outcomes for residents, business and communities.

A shift in cost of this magnitude cannot be achieved through an annual budget process of targeting services with savings. This requires a better understanding of each services cost base and the application of a model of key cost cutting themes which require consistent and coherent cross council action.

We will set out to reduce our cost base through transforming services by undertaking whole council and sector reviews, reducing the amount of property we use, and developing a community delivery and neighbourhood management approach which will focus upon the needs of specific communities and the services they need.

5.4 Delivering in Partnership - One Powys Plan 2014-17

The council is committed to delivering key priorities for improvement through working with Local Service Board (LSB) Partners. We will continue to implement the single improvement plan as required by Welsh Government. The Council's formal Improvement Plan is integrated within the One Powys Plan. An agreed approach to producing an annual update was agreed and supported in principle by both WG and WAO. The annual update 2016-17 meets the key requirements of the Local Government (Wales) Measure 2009, Part 1.

In implementing the One Powys Plan we will:

- Address issues through prevention and early intervention rather than reaction
- Understand the interventions that best deliver outcomes for citizens and commission services accordingly
- Focus on delivering advantage together that we cannot obtain by working separately
- Build on our current programmes of change where these remain valid
- Mandate multi-agency programmes to define and manage delivery of our priority outcomes
- Recognise that each organisation retains responsibility for single agency plans but will align these plans with the One Powys Plan – to ensure there is only one plan.
- Commit to pooling resources where added value can be gained.

Many of our cross cutting themes outlined in 5.4 will support the delivery of the One Powys Plan.

Arrangements for multi-agency programme delivery will be sustained to ensure effective governance arrangements are in place.

However, on entering the third year of the plan, the council recognises some tensions arising from integrating the council's statutory improvement plan within the One Powys Plan (OPP). The council has at times, found it difficult to use the OPP to easily identify and communicate the council's vision (as opposed the LSB's vision). This is necessary for engagement with staff, elected members, the public and stakeholders such as regulators. In addition, it is not always possible to easily see the links to the council's medium term financial strategy (MTFS). The

council also recognises that other partners retain their own corporate planning frameworks.

Therefore, the council will however, develop a standalone Corporate Improvement Plan (CIP) for 2016, in parallel with the OPP Update 2016/17. This CIP will clearly define the council's vision, priorities and intended outcomes, clearly making links to the OPP, the MTFS and workforce strategy.

The intention is to evolve this initial CIP into the council's future corporate plan as indicated in the current Local Government (Wales) Bill.

As part of the statutory requirements set out in the Well-being of Future Generations (Wales) Act 2015. The LSB will evolve to the statutory Powys Public Service Board (PSB) from April 2016. Under this new Act the statutory members of the PSB will be:

- Powys County Council
- Powys teaching Health Board
- Mid and West Wales Fire and Rescue Service
- Natural Resource Wales

The Act also requires the PSB to issue a formal invitation to participate to:

- Welsh Ministers
- The Chief Constable for Dyfed Powys Police
- The Police and Crime Commissioner for Dyfed Powys Police
- The Probation Service
- Representative body of voluntary organisations in Powys.

Preliminary work has been undertaken with these bodies in preparation for the requirements of the Act.

5.5 Realising the potential for further integrated working with PTHB

Powys County Council in partnership with Powys Teaching Health Board have pledged to accelerate the integration of health and social care services.

Integration is a way of achieving seamless, co-ordinated working between a range of our teams and services in the best interests of those who use our services. Integration is not an end itself, but a way of working that ensures that people get the right care and support according to their needs.

By working closely together we can provide services that enable people to live more independent, fulfilled lives. When people do need us, we will provide responsive services in a way that meets their particular needs.

Our first priority is to enable our older people's teams to work more closely together, and work is well underway. These teams will work closely with local GPs to offer care in, or as close to people's homes as possible, and using technology, we can ensure quality, safety and cost effectiveness.

Integration makes good sense as both our organisations serve the same population and we experience many of the same challenges providing services in

a large rural county. We know how effective integrated working is, but we recognise we are not currently doing enough. We know we must go much further and at a greater pace.

Organisational Development is key to enabling integration to succeed. We need to ensure our structures, processes and people are organised to deliver in the best way for people in Powys. We are developing an approach to support staff with the skills they need to be most effective.

By joining the teams, pooling resources and shared processes the organisations can tailor services to meet the needs of the individual in a more holistic way.

In order for the council and local health board to respond to these changes, a Joint Partnership Board (JPB) will govern and oversee our ambitious change agenda and integration of services.

The JPB brings together nominated strategic leaders from Powys County Council and Powys Teaching Health Board. It will provide strategic leadership and make key decisions in accordance with a scheme of delegation, agreed by both bodies, to ensure effective partnership working across organisations within the county for the benefit of Powys' citizens.

The key responsibilities of the JPB are to:

- oversee the integration of health and social services, together with related enabling services
- assist in the development of a health and social care system that delivers co-ordinated care in the community to enable people to live longer and live better
- ensure that NHS and Local Authority resources are directed to support integration as required
- oversee organisational development and a culture change to deliver integration, innovation and transformation
- work to the following principles, as reflected in the Powys Integration Plan as approved from time to time:
 - Make a positive difference for the people of Powys
 - Always consider integration as the default position
 - Adding value not cost whilst diverting demand/cost avoidance
 - Design and deliver through dialogue with staff and the people of Powys
 - Challenge the status quo through supportive enquiry
 - Working to common frameworks and systems e.g. project management
 - Share learning and use evidence based approaches and standards

A Joint Management Team (JMT), consisting of the Chief Executives and Directors of both organisations, will support the work of the JPB. Work of the Joint Management Team will be incorporated within the reporting arrangements to the JPB.

5.6 Cross Cutting Themes

We are committed to progressing as a single council and therefore must also focus on opportunities that cut across individual services. These are set out over the next pages.

5.6.1 Commissioning Appropriate, Viable, Equitable and Affordable Services

It is the council's aim to commission services so that they address specific citizen need in an effective and efficient way within available funding. Where similar services are delivered in different service areas they will be commissioned on a cross-council basis.

5.6.2 Rationalise our Property Estate

We recognise a significant investment in a diverse and wide ranging estate of office and service buildings. We recognise that many of these buildings are key to our communities but that our buildings are not necessarily fit for purpose or in the right position/place.

We will use our Property function to take oversight of our entire estate and use a Strategic Asset Management approach to identify the right locations for services and how we best use the buildings we retain and make surplus buildings available for other uses. We will do this alongside our public service partners.

We will aim to occupy less space to deliver activities that do not face the customer and ensure our customer facing buildings are located appropriately.

We have sold 20 sites in 2015/16, ranging from small pieces of land to larger development sites, and surplus buildings, raising £2.4m in the process. We have also instructed legal and have sales valued at £2.5m representing a further 8 properties (again, some land, some land and buildings) sold subject to contract.

Of the sales completed, £1.38m was in respect of the Farm Estate, and £1.02m was for General Fund properties.

5.6.3 Regeneration as a Cross Service Principle

We will ensure that our regeneration vision is embedded into everyday practice, to deliver outcomes which will have a positive impact upon not just the physical, social, environmental, but the economic and cultural attributes of the county as well.

Our regeneration vision is to nurture and promote the County's assets and strengths as the means to addressing its weaknesses, by establishing a robust and sustainable economy that is based upon vibrant communities, and which enhances and protects the physical, social and cultural environment of Powys.

On 26th March 2016, the cabinet approved a new Economic Development Strategy. The strategy describes a re-calibration of the council's current regeneration effort towards economic development to encourage a more thriving economy with a suitable range of jobs for our citizens. The key messages from the strategy are:

- An appropriate job with reasonable pay in a thriving economy makes the biggest difference to a person's well-being.

- The objectives of Powys' County Council's new Economic Development Strategy are to develop a thriving economy by: growing Powys' strategic business sectors, attracting new business to Powys, increasing visitors and visitor spend and increasing Powys' economically active population
- The council's economic development effort will concentrate on sectors that Welsh government are particularly keen to promote, sectors which have the potential benefit to raise Gross value added (GVA) and sectors that are already prevalent in Powys. This will include the following:
 - Energy and environment
 - Creative industries
 - Life sciences and health technologies
 - Automotive sector

5.6.4 Public Sector Collaboration

We will work with regional, national and local public bodies where this allows us to deliver more efficiently and effectively. We will recognise the challenge in delivering effective collaboration and will only pursue opportunities where the appetite for collaboration is clear and demonstrated and where we cannot deliver such benefits working alone.

5.6.5 Working with the Third Sector

We recognise that an increasing co-dependence with the third sector will require a sound relationship based on clear mutual advantage as outlined in the Third Sector Compact. The Compact states that:

The Council and LSB partners work together to achieve a civil society where:

- the public and third sectors work together as partners of equal value in order to meet social need and deliver improving public services
- volunteering is valued for the major contribution that it makes to local life, to the delivery of public services and to local democracy
- voluntary organisations and community groups (as well as service users and carers through their contact with voluntary organisations and community groups) have clear access to decision making processes
- people are enabled to participate in the development of their community and their contribution is valued

This will require us to consolidate and improve the strategic working relationships between the public service and third sector in order to:

- recognise the crucial contribution that the third sector makes to civil society
- recognise and address third sector issues and concerns
- encourage, value and promote volunteering
- encourage, value and promote community participation

- engage relevant voluntary organisations on the potential impact of policy changes on the voluntary sector
- encourage and share good practice in strategic partnerships
- confirm and maintain transparent procedures in the administration of grant schemes, commissioning, procurement and other funding mechanisms
- recognise the statutory, legal and financial obligations on public bodies

5.6.6 Community Delivery and Neighbourhood Management

We recognise that our communities are different and require an appropriate response from the Council. We recognise that engaging with citizens at a community level will allow us to deliver this appropriate response. To inform our service commissioning and delivery, we will continue our defined approach to:

- Community leadership and facilitation
- Local joint needs assessments to support planning and priority setting
- Community and citizen engagement
- Community based commissioning and service design

A project was initiated under the Stronger Communities programme to develop a toolkit approach to neighbourhood management, providing:

- A list of working principles
- A suitable generic structured approach to problem solving process or method
- Broad outline agreement on neighbourhood areas, closely associated to community areas
- A generic information sharing protocol
- Develop a template standard neighbourhood CONTRACT
- A single point of contact for each agency in each area
- A nominated Neighbourhood Management Champion selected by the community in each neighbourhood area to act as a single point

The following community asset transfers (CAT) have been completed during 2015/16:

- Old School (Crickhowell) - January 2015
- Tick Tock Site land(Ystradgynlais) - April 2015
- Crickhowell High School land (Crickhowell) - May 2015
- Westwood Day Centre (Welshpool) - June 2015
- Knighton Community Centre (Knighton) - July 2015
- Brecon Bowling Club (Brecon) - July 2015
- Trefnanney Community Field (Welshpool) - August 2015

5.6.7 Resourcing Appropriately

The Council will recognize that at a time of significant change it must provide access to resource to deliver this. We will access temporary capability where peaks of work do not justify permanent staffing. This will be reflected in the budget.

5.7 Directorate Approach

This sets out the point of view of each Strategic Director as to their intent for direction and delivery. We are committed to progressing as a single council and therefore also focus on opportunities that cut across directorates as outlined above.

5.7.1 People

Our people services include adult social care, children's services and housing. These services are developing a number of 'whole system' approaches both within the services, the council and in our work with partners in order to make our contribution to the Council's savings requirements. By 'whole system' approach we mean that we look at the broader picture of what is being delivered to service users as a whole and work to redesign our approach so that each component part of service delivery compliments and contributes to the overall service delivered and improves the impact and service users experience.

We are progressing:

- The redesign of our service and management structures including the de-commissioning of services. Where there is value to be added we will work regionally to improve purchase power and make better use of specialist skills where critical mass does not exist in Powys.
- Continue to build on the success of our early intervention and prevention approach with well-defined and integrated care pathways, including a joint approach with Powys teaching Health Board and other partners such as the third sector.
- By developing a new contract with our citizens / communities, we will set clearer eligibility criteria designed to support those people most in need alongside full cost recovery access model to services such as income generation (where a client can afford more) and direct payments.

As part of this strategy there will be changes to the type and level of service we offer our citizens, however we remain focused on supporting and protecting the most vulnerable.

Our people services will remain committed to:

- High quality, efficient and effective services that focus on impact and outcomes.
- Engaging our citizens in building social capacity (both individuals and communities) - in essence partnering with our citizens to deliver services.

POWYS COUNTY COUNCIL

- Developing effective and efficient care pathways from universal through to acute, through managed demand for the whole population in collaboration with our partners.
- Equity of access - ensuring that the resource requirement and true service cost is fully understood.
- Partnership and collaboration with key partners, ensuring we have the capability to meet new legislative requirements.

5.7.2 Schools and Inclusion

Our schools service has an overall annual budget of £97m, £72m of which goes directly to schools and forms their delegated budget. An additional £9m per annum is used to provide home to school or college transport.

Transforming learning and skills is one of the five main themes of the One Powys Plan 2014-17. We are committed to ensuring that “All children and young people are supported to achieve their full potential”.

We must strive towards improving the performance of our schools and standards in terms of learner outcomes and well-being to ensure that Powys Local Authority, its schools and learners are amongst the highest performing in Wales.

At all times we must work to ensure the impact of budget reductions on the achievement, attainment and well-being of our children and young people is minimised.

We will:

- Through regional and hub partnerships within ERW implement the national model for school improvement.
- Continue to restructure our services for additional learning needs, inclusion and behaviour through implementation of the revised Strategy for Special Educational needs.
- Review the school age of admissions policy
- Implement the revised School Transformation Policy and revised methodology for reviewing schools to ensure quality leadership, teaching and learning, affordability and sustainability in all phases of education.
- Implement the 21 Century School Capital Programme.
- Pass on to schools delegated budgets all increases or reductions which relate to changes in pupil numbers.
- Expect schools to take account of all inflationary pressures including staffing costs when preparing their budgets.

The council will also consider recommendations to the provision in its secondary sector and this also links to the budget plan.

During 2015/16 an issue was raised by the Wales Audit Office in relation to Llanfyllin High School's use of its delegated budget in the provision of home to school transport. The Authority launched an investigation into the allegations raised. The investigation found that since September 2011, Llanfyllin High School have been using delegated budget for Home to School transportation purposes contrary to clause 5.2 of Authority's Scheme of the for the financing of Schools. Independent legal advice was obtained to confirm that the schools actions were unlawful.

Upon being notified of the breach, the Authority obtained a report from its internal auditor which indicated that the Governing Body were subsidising the provision of Home to school transport. The amount of subsidisation in 2015/16 was approximately £100k. The Authority approached the Governing Body who admitted the breach but suggested that the breach had been sanctioned by the Authority. The Authority and Governing Body jointly appointed an independent barrister to investigate the issue and provide a report into the role played by Powys County Council and Llanfyllin HS,(including the actions of former and current Llanfyllin HS employees and governors, and of former and current Council staff and County Councillors) in the breach.

The independent investigator's report was considered by Cabinet who extended the school's time for compliance until September 2018 in order to protect pupils currently attending the school who were benefitting from the Governing Body's breach. Measures were put in place to ensure compliance of other Powys schools and the LA appointed Governors at the school were suspended from being LA governors at all Powys schools for periods of up to 4 months. Appropriate action was taken against PCC officers who were identified by the Investigation report as having knowledge of the breach.

5.7.3 Place

Our place services include recreation and leisure, highways, transport and waste, property, regeneration, regulatory services (trading standards for example) and commissioning. These are front line services, many of which are highly valued and essential to health and wellbeing.

We will seek to achieve maximum efficiency and effectiveness whilst remaining within the allocated budget.

Through our overall approach we will:

- Ensure that our new operating model is applied to all staff structures so that the workforce is efficient, responsive and accountable.
- Review third party spend so that contracts and specifications are appropriate and proportionate and meeting our priorities.
- Adopt a commissioning approach to service delivery based on proven need.
- Review our use of property to maximise the opportunities for shared service delivery whilst reducing our property portfolio to eliminate unnecessary cost, and increase capital receipts.
- Consider ways we can reduce transport costs whilst taking into account the rural nature of Powys and citizen needs.
- Where possible and appropriate, maximise the recovery of costs (particularly in areas where alternative service provision is available).
- Consider further partnership working in order to increase efficiency and reduce cost.
- Identify services that may be no longer appropriate or required.
- Develop a community delivery approach to service delivery via the Stronger Communities Programme Board and our partners.

In Highways, Transport and Recycling Services we will:

- Continue the modernisation of our fleet management, passenger transport and the waste collection service to ensure vehicles and staff are deployed in the most productive way possible whilst meeting waste and recycling targets.
- Consider how fees and charges can be used more effectively to support our budget requirements.
- Review the way we manage and deliver front line services in order to achieve cost reduction targets.

In Regeneration, Property and Commissioning Services we will:

- Review the amount of property we own and use including reviewing the number of locations we operate from, taking opportunities to reduce our portfolio and meet cost reduction targets, but making sure we can still support our priorities as a council.
- Review our regulatory services in terms of service delivery, to ensure a proportionate approach whilst continuing to improve community safety.
- Continue to ensure planning services are efficient and effective and achieving key performance targets.

In Leisure and Recreation Services we will:

- Continue to review the provision of leisure and sports centres, and libraries, to ensure long term affordability and sustainability.
- Create a universal youth service that is primarily delivered through the Third sector / Community Enterprise.
- Continue to progress the transfer of our assets to other organisations where appropriate and possible, in order to encourage and facilitate community engagement in the delivery of appropriate services.

5.7.4 Resources

The Directorate provides a range of corporate services such as strategic planning, finance, HR, ICT, payroll and business intelligence. The focus is on changing the services delivered by working with the rest of the organisation to determine service levels and areas for priority support. There will be a requirement to demonstrate value for money and this will require the assessment of alternative models of service provision either through collaboration or in partnership with other providers. Working to the following operating principles we will re-design a service that meets the business requirements over the next three years:

- Continue to reduce operating costs and provide an appropriate level of service – customer expectations to be managed
- Keep the authority `safe`
- Increase the level of resilience
- Challenge all areas via `root and branch` reviews
- New model needed - we may not be the provider of choice
- Continue to deliver current improvement programme

In Professional Services we will:

- Integrate with Health if the business case supports this approach
- Seek an external provider for specific services if a case exists
- Reduce number of operating systems
- Re-engineer processes
- Reduce staffing levels

POWYS COUNTY COUNCIL

In ICT Services we will:

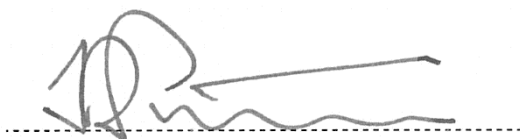

- Reduce number of systems and integrate core systems
- Modernise key systems to support self service
- Seek alternative providers of the service (in whole or in part) or partner where appropriate with Private sector and Public sector partners
- Review ICT contracts to drive down costs as part of the 3rd party spend project
- Reduce numbers of directly employed staff

In Business Services we will:

- Continue current improvement programme
- Re-engineer processes
- Increase external income
- Assess transactional services for further efficiencies and look at other providers for sharing services e.g. payroll
- Reduce staffing levels

5.8 Progress on the above will be monitored through the One Powys Plan and the five programme governance arrangements, together with effective monitoring of service improvement plans. The Council is also deploying Individual Performance Reviews to provide that golden thread that ensures effective performance management arrangements are in place to deliver the organisation's priorities and objectives. Both Cabinet, Scrutiny and Audit Committees will monitor progress throughout 2016/17.

Dear David and John

Powys County Council 2015/16

Audit enquiries to those charged with governance and management

In my 2016 Audit Plan, I note that I am responsible for obtaining reasonable assurance that the financial statements taken as a whole are free from material misstatement, whether caused by fraud or error. I also set out the respective responsibilities of auditors, management and those charged with governance.

This letter formally seeks documented consideration and understanding on a number of governance areas that impact on my audit of your financial statements. These considerations are relevant to both the management of the Council's management and 'those charged with governance' (the Audit Committee).

I have set out below the areas of governance on which I am seeking views.

1. Management processes in relation to:
 - undertaking an assessment of the risk that the financial statements may be materially misstated due to fraud;
 - identifying and responding to risks of fraud in the organisation;
 - communication to employees of views on business practice and ethical behaviour; and
 - communication to those charged with governance the processes for identifying and responding to fraud.
2. Management's awareness of any actual or alleged instances of fraud.
3. How management gain assurance that all relevant laws and regulations have been complied with.

4. Whether there is any potential litigation or claims that would affect the financial statements.
5. Management processes to identify, authorise, approve, account for and disclose related party transactions and relationships.

The information you provide will inform our understanding of the Council and its business processes and support our work in providing an audit opinion on your 2015-16 financial statements.

I would be grateful if you could complete the attached table in **Appendix 1**. For information purposes this table also includes the responses provided in 2014-15.

Your responses should be formally considered and communicated to us on behalf of both management and those charged with governance. If you have queries, please contact Phil Pugh on 02920 320645 or by e-mail at phil.pugh@audit.wales.

Yours sincerely

Anthony Veale
Engagement Lead

Appendix 1

International Standard for Auditing (UK and Ireland) 240 – The auditor’s responsibilities relating to fraud in an audit of financial statements

Background

Under the ISA, the primary responsibility for preventing and detecting fraud rests with both management and ‘those charged with governance’, which for Powys County Council (the Council) is the Audit Committee. This includes fraud that could impact on the accuracy of the annual accounts. The ISA requires us, as external auditors, to obtain an understanding of how the Audit Committee exercises oversight of management’s processes for identifying and responding to the risks of fraud and the internal controls established to mitigate them.

What is ‘fraud’ in the context of the ISA?

The ISA views fraud as either:

- the intentional misappropriation of the COUNCIL’s assets (cash, property, etc); or
- the intentional manipulation or misstatement of the financial statements.

What are we required to do?

We have to obtain evidence of how management and those charged with governance are discharging their responsibilities if we are to properly discharge our responsibilities under ISA240. We are therefore making requests from both management and the Audit Committee:

3. If there have been instances of non-compliance what are they, and what oversight has the Audit Committee had to ensure that action taken by management to address and gaps in control?	None have been identified.	None have been identified.

International Standard for Auditing (UK and Ireland) 550 – Related parties

Background

The nature of related party relationships and transactions may, in some circumstances, give rise to higher risks of material misstatement of the financial statements than transactions with unrelated parties. For example:

- Related parties may operate through an extensive and complex range of relationships and structures, with a corresponding increase in the complexity of related party transactions.
- Information systems may be ineffective at identifying or summarising transactions and outstanding balances between an entity and its related parties.

- Related party transactions may not be conducted under normal market terms and conditions; for example, some related party transactions may be conducted with no exchange of consideration.

Because related parties are not independent of each other, many financial reporting frameworks establish specific accounting and disclosure requirements for related party relationships, transactions and balances to enable users of the financial statements to understand their nature and actual or potential effects on the financial statements. An understanding of the entity's related party relationships and transactions is relevant to the auditor's evaluation of whether one or more fraud risk factors are present as required by ISA (UK and Ireland) 240, because fraud may be more easily committed through related parties.

What are we required to do?

Where the applicable financial reporting framework establishes requirements for related parties, the auditor has a responsibility to perform audit procedures to identify, assess and respond to the risks of material misstatement arising from the entity's failure to appropriately account for or disclose related party relationships, transactions or balances in accordance with the requirements of the framework. We are therefore making requests from both management and the Audit Committee:

Dear David and John

Powys Pension Fund 2015/16

Audit enquiries to those charged with governance and management

In my 2016 Audit Plan for the Pension Fund, I note that I am responsible for obtaining reasonable assurance that the financial statements taken as a whole are free from material misstatement, whether caused by fraud or error. I also set out the respective responsibilities of auditors, management and those charged with governance.

This letter formally seeks documented consideration and understanding on a number of governance areas that impact on my audit of Powys Pension Fund's financial statements. These considerations are relevant to both the management of Powys Pension Fund (the Pension Fund) and 'those charged with governance' (the Audit Committee).

I have set out below the areas of governance on which I am seeking views.

1. Management processes in relation to:
 - undertaking an assessment of the risk that the financial statements may be materially misstated due to fraud;
 - identifying and responding to risks of fraud in the organisation;
 - communication to employees of views on business practice and ethical behaviour; and
 - communication to those charged with governance the processes for identifying and responding to fraud.
2. Management's awareness of any actual or alleged instances of fraud.
3. How management gain assurance that all relevant laws and regulations have been complied with.

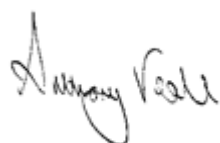

4. Whether there is any potential litigation or claims that would affect the financial statements.
5. Management processes to identify, authorise, approve, account for and disclose related party transactions and relationships.

The information you provide will inform our understanding of the Pension Fund and its business processes and support our work in providing an audit opinion on the Pension Fund's 2015-16 financial statements.

I would be grateful if you could complete the attached table in **Appendix 1**. For information purposes this table also includes the responses provided in 2014-15 relating to the Pension Fund.

Your responses should be formally considered and communicated to us on behalf of both management and those charged with governance. If you have queries, please contact Phil Pugh on 02920 320645 or by e-mail at phil.pugh@audit.wales.

Yours sincerely

Anthony Veale
Engagement Lead

Appendix 1

International Standard for Auditing (UK and Ireland) 240 – The auditor’s responsibilities relating to fraud in an audit of financial statements

Background

Under the ISA, the primary responsibility for preventing and detecting fraud rests with both management and ‘those charged with governance’, which for Powys County Council (the Council) is the Audit Committee. This includes fraud that could impact on the accuracy of the annual accounts. The ISA requires us, as external auditors, to obtain an understanding of how the Audit Committee exercises oversight of management’s processes for identifying and responding to the risks of fraud and the internal controls established to mitigate them.

What is ‘fraud’ in the context of the ISA?

The ISA views fraud as either:

- the intentional misappropriation of the COUNCIL’s assets (cash, property, etc); or
- the intentional manipulation or misstatement of the financial statements.

What are we required to do?

We have to obtain evidence of how management and those charged with governance are discharging their responsibilities if we are to properly discharge our responsibilities under ISA240. We are therefore making requests from both management and the Audit Committee:

- Related parties may operate through an extensive and complex range of relationships and structures, with a corresponding increase in the complexity of related party transactions.
- Information systems may be ineffective at identifying or summarising transactions and outstanding balances between an entity and its related parties.

- Related party transactions may not be conducted under normal market terms and conditions; for example, some related party transactions may be conducted with no exchange of consideration.

Because related parties are not independent of each other, many financial reporting frameworks establish specific accounting and disclosure requirements for related party relationships, transactions and balances to enable users of the financial statements to understand their nature and actual or potential effects on the financial statements. An understanding of the entity's related party relationships and transactions is relevant to the auditor's evaluation of whether one or more fraud risk factors are present as required by ISA (UK and Ireland) 240, because fraud may be more easily committed through related parties.

What are we required to do?

Where the applicable financial reporting framework establishes requirements for related parties, the auditor has a responsibility to perform audit procedures to identify, assess and respond to the risks of material misstatement arising from the entity's failure to appropriately account for or disclose related party relationships, transactions or balances in accordance with the requirements of the framework. We are therefore making requests from both management and the Audit Committee:

Enquiries of management		
Question	2014-15 Response	2015-16 Response
1. What controls are in place to identify, authorise, approve, account for and disclose related party transactions and relationships?	Register of members interests is maintained, Senior Managers are asked to declare any related interests annually. Accountants identify joint working and joint arrangements. PCC administrative expenses from the pension fund are picked up.	Register of members interests is maintained, Senior Managers are asked to declare any related interests annually. Accountants identify joint working and joint arrangements. PCC administrative expenses from the pension fund are picked up.
2. Confirm that you have: <ul style="list-style-type: none"> disclosed to the auditor the identity of the entity's related parties and all the related party relationships and transactions of which you are aware; 	All of the above informs the completion of the Pension Fund Annual Reports & Accounts.	All of the above informs the completion of the Pension Fund Annual Reports & Accounts.

Annual Improvement Report 2015-16

Powys County Council

Issued: June 2016

Document reference: 361A2016

This Annual Improvement Report has been prepared on behalf of the
Auditor General for Wales by Colin Davies and Justine Morgan
under the direction of Jane Holownia.

Huw Vaughan Thomas
Auditor General for Wales
Wales Audit Office
24 Cathedral Road
Cardiff
CF11 9LJ

The Auditor General is independent of government, and is appointed by Her Majesty the Queen. The Auditor General undertakes his work using staff and other resources provided by the Wales Audit Office, which is a statutory board established for that purpose and to monitor and advise the Auditor General. The Wales Audit Office is held to account by the National Assembly.

Together with appointed auditors, the Auditor General audits local government bodies in Wales, including unitary authorities, police, probation, fire and rescue authorities, national parks and community councils. He also conducts local government value for money studies and assesses compliance with the requirements of the Local Government (Wales) Measure 2009.

Beyond local government, the Auditor General is the external auditor of the Welsh Government and its sponsored and related public bodies, the Assembly Commission and National Health Service bodies in Wales.

The Auditor General and staff of the Wales Audit Office aim to provide public-focused and proportionate reporting on the stewardship of public resources and in the process provide insight and promote improvement.

Summary report

About this report

- 1 This Annual Improvement Report (AIR) summarises the audit work undertaken at Powys County Council (the Council) since the last such report was published in July 2015. This report also includes a summary of the key findings from reports issued by 'relevant regulators', namely: the Care and Social Services Inspectorate Wales (CSSIW); Her Majesty's Inspectorate for Education and Training in Wales (Estyn); and the Welsh Language Commissioner. Nonetheless, this report does not represent a comprehensive review of all the Council's arrangements or services. The conclusions in this report are based on the work carried out at the Council by relevant external review bodies and, unless stated otherwise, reflect the situation at the point in time that such work was concluded.
- 2 Taking into consideration the work carried out during 2015-16, the Auditor General will state in this report whether he believes that the Council is likely to make arrangements to secure continuous improvement for 2016-17.
- 3 This statement should not be seen as a definitive diagnosis of organisational health or as a prediction of future success. Rather, it should be viewed as providing an opinion on the extent to which the arrangements currently in place are reasonably sound insofar as can be ascertained from the work carried out.
- 4 We want to find out if this report gives you the information you need and whether it is easy to understand. You can let us know your views by e-mailing us at info@audit.wales or writing to us at 24 Cathedral Road, Cardiff, CF11 9LJ.

2015-16 performance audit work

- 5 In determining the breadth of work undertaken during the year, we considered the extent of accumulated audit and inspection knowledge as well as other available sources of information including the Council's own mechanisms for review and evaluation. For 2015-16, we undertook improvement assessment work under three themes: use of resources; governance; and performance.
- 6 The work carried out since the last AIR, including that of the 'relevant regulators', is set out below.

Project name	Brief description
Wales Audit Office: Use of Resources: Financial Resilience Assessment	Review of the Council's financial position and how it is budgeting and delivering on required savings. The Council is to develop an action plan to respond to the areas of weakness identified within our report.
Wales Audit Office: Performance: Annual 'Improvement Plan' Audit	Review of the Council's published plans for delivering on improvement objectives which confirmed the Council is complying with statutory requirements.
Wales Audit Office: Performance: Annual 'Assessment of Performance' Audit	Review of the Council's published performance assessment, including testing and validation of performance information, which confirmed the Council is complying with statutory requirements.
Wales Audit Office: Governance: Review of the Letting of a Domiciliary Care Contract to Alpha Care Limited	Review of the circumstances and issues which led to the failure of the Council's contract with Alpha Care Limited to provide adult domiciliary care services.
Wales Audit Office: Governance: Follow-up work	Review of the Council's corporate processes for responding to regulatory reports, tracking implementation of recommendations and reporting to appropriate committees.
CSSIW: Review of the Social Services Department's Performance 2014-15	Annual Review and Evaluation of Performance of the Council's social services functions for 2014-15.
Estyn: Desk top analysis	An overview of key education performance indicators prepared by Estyn.
Wales Audit Office: National reports	<ul style="list-style-type: none"> • The financial resilience of councils in Wales • Community safety partnerships • Income generation and charging • Council funding of third-sector services

The Council, with improved financial management arrangements, continues to make progress in its priority areas although it has more work to do to provide assurance that its established governance arrangements are robust

- 7 Based on, and limited to, the work carried out by the Wales Audit Office and relevant regulators, the Auditor General believes that the Council is likely to comply with the requirements of the Measure and secure improvement during 2016-17.
- 8 The Auditor General has reached this conclusion because the Council:
 - a continues to make progress in its priority areas and maintains compliance with the Local Government Measure 2009;
 - b is improving its financial management arrangements but recognises that it needs to better align service and financial performance; and
 - c has more work to do to provide assurance that its established governance arrangements are robust and that external regulatory reports are fully considered and addressed.

Recommendations

- 9 Given the wide range of services provided by the Council and the challenges it is facing, it would be unusual if we did not find things that can be improved. The Auditor General is able to:
 - a make proposals for improvement – if proposals are made to the Council, we would expect it to do something about them and we will follow up what happens;
 - b make formal recommendations for improvement – if a formal recommendation is made, the Council must prepare a response to that recommendation within 30 working days;
 - c conduct a special inspection and publish a report and make recommendations; and
 - d recommend to Ministers of the Welsh Government that they intervene in some way.

- 10 During the course of the year, the Auditor General did not make any formal recommendations to the Council. However, lower-priority issues, known as proposals for improvement, are contained in our other reports to the Council and may be referred to later on in this report. He also makes recommendations that may be relevant to the Council in his Local Government National Reports. A list of recommendations contained in those reports issued in 2015-16 can be found in [Appendix 3](#). We will continue to monitor proposals for improvement during the course of our improvement assessment work.
- 11 In addition, the CSSIW included areas for improvement in its inspection reports issued to the Council during 2015-16. [These are available at CSSIW's website](#).
- 12 Estyn issued no inspection reports to the Council during 2015-16.

Detailed report

Performance

The Council continues to make progress in its priority areas and maintains compliance with the Local Government Measure 2009

Estyn's evaluation of schools performance in Powys

- 13 The proportion of pupils eligible for free school meals in Powys is the lowest in Wales. This is taken into account when evaluating the performance in the Council.
- 14 Since 2012, performance has steadily improved in the Foundation Phase indicator¹ and the core subject indicators for key stages 2 and 3. Although performance in each of these measures is well above the Wales average, it is below that of similar councils.
- 15 At key stage 4², over the last five years, performance in both the level 2 indicator including English or Welsh and mathematics and the capped average wider points score has improved, but at a slower rate than the average for Wales as a whole. While performance in these measures has remained well above the Wales average, it is below that of similar councils. The Council has only met one of the Welsh Government's benchmarks for performance at key stage 4 in the last three years. Of the 12 secondary schools in Powys, three were in special measures at the start of 2016.
- 16 In most of the main indicators for primary and secondary schools, the performance of pupils eligible for free school meals is higher than for similar pupils across Wales.
- 17 Attendance in primary and secondary schools has improved and now places Powys amongst the highest authorities in Wales.

¹ The **Foundation Phase indicator** refers to the percentage of pupils who reach the expected performance (outcome level 5) in three areas of learning in the Foundation Phase: literacy, language and communication in English or Welsh first language; mathematical development; and personal and social development, wellbeing and cultural diversity.

The **core subject indicator** refers to the percentage of pupils who attain the level expected of them in mathematics, science and either English or Welsh as a first language. This equates to level 4 or above at key stage 2 and level 5 or above at key stage 3. The level 2 indicator including English or Welsh and mathematics represents a volume of learning equivalent to five GCSEs at grade A* to C including English or Welsh first language and mathematics.

² Where the text refers to 'main indicators', at key stage 4 this would include the level 1 indicator (a volume of learning equivalent to five GCSEs at grade A* to G), the level 2 indicator (a volume of learning equivalent to five GCSEs at grade A* to C), and the percentage of pupils achieving five GCSEs at grade A* to A, in addition to the core subject indicator and the level 2 indicator including English or Welsh and mathematics. The 'main indicators' prior to key stage 4 are the Foundation Phase indicator and core subject indicators for key stages 2 and 3. The performance indicators for the Foundation Phase key stages 2 and 3 are based on teacher assessment. The performance indicators for key stage 4 are based on externally verified qualifications such as GCSEs.

The Council is improving its delivery of social care to the people of Powys and overcoming challenges in preparation for the implementation of the Social Services and Well Being (Wales) Act

- 18 CSSIW published its [Annual Review and Evaluation of Performance 2014/2015](#) for Powys in October 2015 and this is available on [its website](#). Based upon its work to date, the CSSIW concludes that the prospects for improvement in Adult Social Care were uncertain at the time of a review carried out in 2015 and questions remained about future arrangements in the context of budget reductions, however, the Council has made progress in addressing the improvements required to effectively deliver robust social care to the people of Powys, and to overcome challenges in preparation for the implementation of the Social Services and Well Being (Wales) Act.
- 19 The CSSIW reported that the approach taken by Powys County Council to the commissioning of domiciliary care services in 2013 and 2014 was flawed in concept, design, and delivery. The governance arrangements and decision making were not managed at a senior level and were not sufficiently rigorous or challenging, especially given the number of people reliant on these services and the risks associated with the transfer of care arrangements. The senior management team at the time were not experienced in social care commissioning and this remains an area of challenge for the Council, as it continues to rely on external consultancy and interim arrangements to support the delivery of these key functions.
- 20 A number of key building blocks which would have underpinned a successful re-provisioning of care and support were not in place, for example, a consistent reablement service across the county and up-to-date individual care and support plans. As a consequence, the decisions made during the procurement exercise were not always well thought through, especially in terms of the real costs versus benefits analysis and therefore sustainability.
- 21 The arrangements for the subcontracting of care through the main providers resulted in the Council not having a clear line of sight on the quality and consistency of care provided by these agencies. There was no evidence that the availability of care had improved through the commissioning arrangements; indeed delayed transfers of care from hospital increased during 2014-15.
- 22 Whilst it is recognised that opportunities, partnerships and budgets can often drive pragmatic decision making, the absence of an overarching commissioning strategy and market position statement resulted in the Council not being in a position to plan effectively and determine its commissioning and service development priorities. A number of commissioning strategies are now in development but this situation remained largely unchanged at the time of the inspection. The planning of a route map for the future delivery of domiciliary care over the coming months will be critical, and building collaborative relationships with providers and the engagement of people who use these services and their carers will be fundamental to a successful outcome.

- 23 The view that Powys is unique because of its demography is often articulated by people who live and work there, and there are undoubtedly rurality factors that impact on the delivery of services. This can sometimes act as a block to thinking of solutions and has created an inward facing culture within the Council. However Powys is the sum of its parts, many of which share similarities with other communities in Wales. The strategic relationship with Powys Teaching Health Board does provide many opportunities in terms of service delivery and shared facilities, including information technology, but this has also meant that Powys does not naturally or easily look outside its borders for opportunities to jointly commission or to work collaboratively. A key challenge for Powys County Council has been the recruitment of staff at all levels, and they did not have in place a workforce strategy. We understand that this is under discussion with key partners such as the Powys Teaching Health Board and provider organisations and this will be a key component in the delivery of an integrated pathway for older people.
- 24 CSSIW inspectors spoke to a number of people in Powys who wanted to share their experiences of the past year and the serious concerns they had with some of the previous agencies, where carers had failed to turn up or were constantly changing. One relative told us that she had lived with the anxiety about the safety of her mother, but she now was able to relax and go to work because she was confident in the reliability of the care providers and knew that the agency would contact her if there were any problems.
- 25 The contract framework for domiciliary care has now been suspended in the south of the county and some of the provision, including over 124 staff, has moved back to their in-house service. This latest transition had been well co-ordinated and managed by the Council and inspectors noted an improvement in the quality of care now being provided when compared with last year, with big improvements in some agencies especially in the planning of care and continuity of carers.
- 26 The pace of change has increased since the appointment of the permanent Director of Social Services in July 2013 and Head of Service in October 2013 respectively. They are facing a very demanding and ambitious schedule to modernise social services in Powys and the failure of the commissioning framework for domiciliary care has made this more difficult. The prospects therefore are uncertain and questions remain about the future arrangements, particularly in the context of budget reductions and in preparing for the implementation of the Social Services and Well Being (Wales) Act ('SSWB' Act). However, there are signs of improvement and the Council is following through on the recommendations within the IPC report including the development of a commissioning toolkit for all staff.
- 27 Improvements have been made and with the additional senior management capacity, prospects are improving despite the budgetary pressures. It has made significant investment in reshaping services in order to deliver on the savings needed and the implementation of the SSWB Act. The performance within the

domiciliary care sector sets out an improving picture which appears to have been maintained. The Council's in-house provision increased last year; with consolidation of the quality and performance of the service before considering the long term future.

- 28 The Council is actively engaged in the completion of both market position statements and commissioning strategies across a range of service areas, including older people and accommodation, assistive technology, learning disability and domiciliary care. It has carried out a detailed analysis of demography and need across all Council wards, matching current and future need against current resources.
- 29 This has enabled the Council to forecast a likely reduction in the number of care home places being required year on year as long as service developments remain on track with regard to the stability of the domiciliary care market and the ongoing attraction of new providers into the county, the development of an effective assistive technology service, the enabling of the take-up of direct payments in isolated rural areas, and the support of third-sector services. Failure to achieve this poses a significant challenge and risk for the Council, given that it is the foundation for the wider reshaping of services for adults.

The Council continues to be compliant with the Local Government Measure 2009

- 30 The Council has, as in previous years, met its improvement reporting duties under the Measure, and the Auditor General's November 2015 Improvement Assessment Certificate concluded that the Council had discharged its improvement reporting duties under the Measure. In particular:
- a The Council had published an assessment of its performance during 2014-15 in its **Annual Performance Evaluation 2014-2015** (the Report) before 31 October 2015. The Report evaluated the Council's success in achieving its improvement objectives and expresses its view clearly.
 - b The Report included information for citizens and communities who wanted to provide feedback or make comments on the Report.
 - c The Report assessed the Council's performance in the preceding financial year (2014-15) and set out how the Council had sought to discharge its duties under the Measure.
 - d The Report included details of performance and comparisons as measured by the national statutory performance indicators.
 - e The Report included details of the ways in which the Council had sought to collaborate.

- 31 We have previously reported that the Council needs to ensure that its self-evaluation arrangements are robust and supported by appropriate capacity and resource. Since our last Annual Improvement Report, the Council commissioned an independent review of its corporate planning process leading to the One Powys Plan, which we helped to inform. This review identified the need to simplify the arrangements of the Programme Boards that support delivery of the One Powys Plan; to develop a Corporate Plan that clearly sets out the Council's ambitions and accountabilities in delivering the One Powys Plan; and to better embed the integration with Powys Teaching Health Board (PtHB) beyond the senior management team. The Council is working to develop and refine its Programme Management arrangements to address the issues raised. We will review the effectiveness of these new arrangements in relation to delivering the shared priorities set out in the One Powys Plan 2014-17 as part of our 2016-17 audit programme.
- 32 The Council also commissioned PricewaterhouseCoopers to undertake a strategic review of Powys County Council's Adult Social Care (ASC) department, including business management systems and information within ASC. Their report provides a comprehensive, mapped position of where the service costs are and provides a good base line for future transformational change. It provides a future blueprint for ASC including key drivers, risks and opportunities; a financial case for making the change; and a high-level implementation plan for this transformation.
- 33 The Council is required to prepare and publish an Improvement Plan describing its plans to discharge its duties to make arrangements to secure continuous improvement in the exercise of its functions. The Auditor General's July 2015 **Improvement Plan Certificate** concluded that the Council had discharged its improvement planning duties under the Measure.

The Council continues to make progress in delivering its shared priorities and, whilst its overall performance against the national indicators has declined over the previous year, it has largely maintained its position in comparison with other Welsh councils

- 34 The Council's Annual Performance Evaluation routinely evaluates performance and progress against its 11 shared priorities and four Council priorities³. The Council has made 62 commitments to help deliver these priorities (over the period 2014-17) and its 2014/15 self-assessment of progress in delivering against each commitment concluded that it was 'successful' in 35 per cent of its 62 commitments, 'partly successful' in 63 per cent and 'unsuccessful' in two per cent. It should be noted that because the plan covers three years the Council and its partners do not expect to have achieved all their commitments yet.

³ The Council has adopted the One Powys Plan 2014-2017. This is a plan for change between all partners in the Powys Local Service Board.

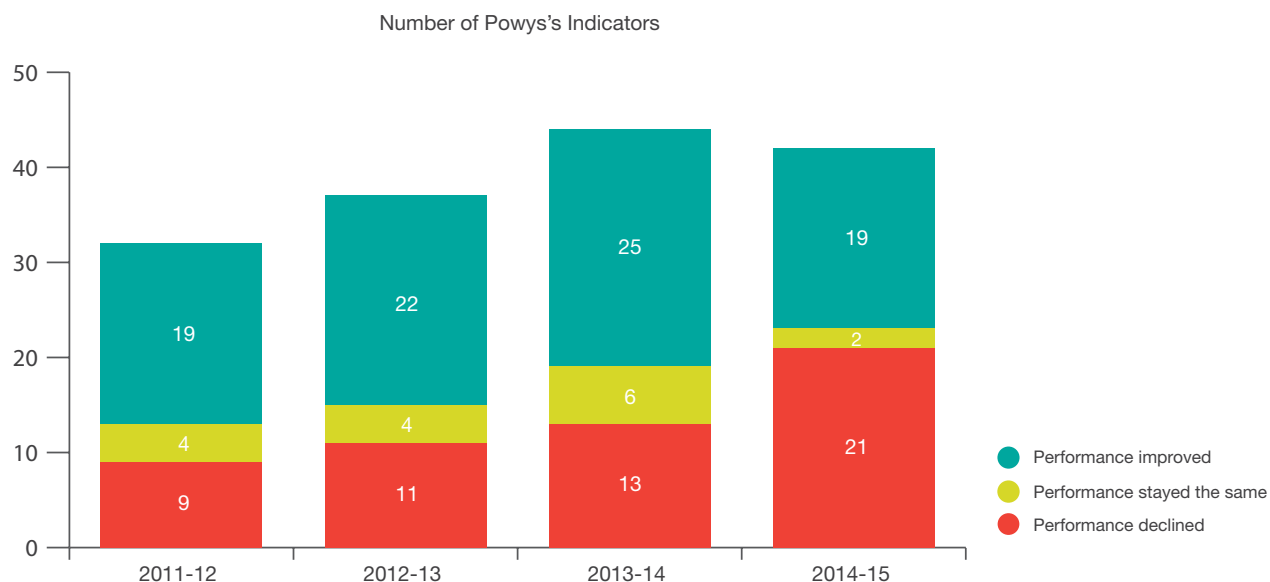

- 35 In September 2015, the Welsh Government and Data Unit Wales made available the final published 2014-15 National Strategic Indicators (NSIs) and Public Accountability Measures (PAMs) for all 22 Welsh councils. This data shows that in overall terms, the Council's measured performance has declined compared to the previous year, although this performance largely maintains its position in comparison with other Welsh councils (see [Exhibit 1](#)).
- 36 The data shows that, during 2014-15, the Council's performance:
- a improved in relation to 19 of its indicators (compared to 25 in 2013-14);
 - b declined in relation to 21 of its indicators (compared to 13 in 2013-14);
 - c is 'upper quartile' in relation to 14 of its indicators (compared to 15 in 2013-14); and
 - d is 'lower quartile' in relation to 10 of its indicators (compared to 10 in 2013-14).
- 37 No particular service is responsible for these changes as most services have improving and declining performance indicators. However, performance in relation to two of the key measures merit close attention by the Council. As reported above, delayed transfers of care from hospital increased during 2014-15, placing the Council 22nd out of 22 Welsh councils in relation to this measure (20th in 2013-14). Also, the percentage of municipal waste collected by the Council and prepared for reuse and/or recycled declined to 52.07 per cent in 2014-15 (compared to the Welsh average of 56.24 per cent), placing the Council 19th out of 22 Welsh councils in relation to this measure.
- 38 The Council is currently working on its Corporate Improvement Plan for 2016-17, and this will include targets and action plans to drive improvement in performance in relation to these and other measures.
- 39 Data from the National Survey for Wales⁴ reinforces this view of relative performance. Public perceptions about the quality of services provided by the Council deteriorated somewhat between 2013-14 and 2014-15.⁵ This moved the Council down from 10th out of 22 to 13th in 2014-15, for that specific aspect of the survey.

⁴ The National Survey for Wales involves around 12,000 people a year across the whole of Wales. The Welsh Government uses the results to help make Wales a better place to live.

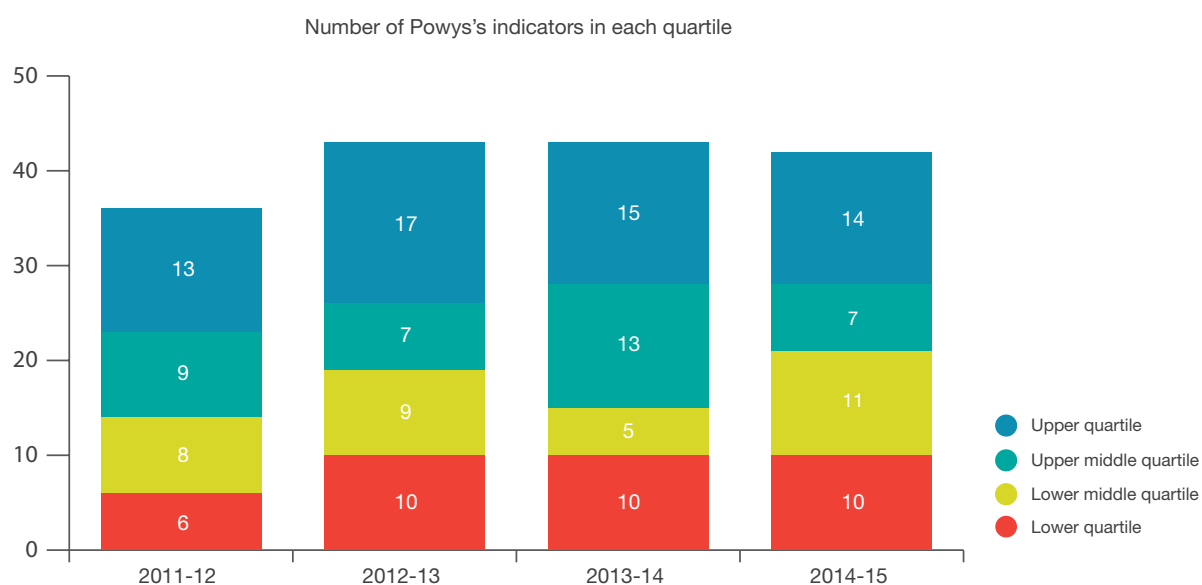

⁵ In 2014-15, 51 per cent of survey respondents from Powys either strongly agreed, or tended to agree, that their local authority provided high-quality services compared with 56 per cent in 2013-14.

Exhibit 1: The performance of Powys – 2014-15 NSIs and PAMs

How has Powys's performance changed over time?

How does Powys's performance compare with the other councils of Wales?⁶

Source: Local Government Data Unit – Benchmarking Hub, September 2015

⁶ Better performing councils in Wales are represented in the Upper Quartile and poorer performing councils in Wales are represented in the Lower Quartile.

Welsh Language Commissioner's evaluation of performance

- 40 The role of the Welsh Language Commissioner (the Commissioner) was created by the Welsh Language (Wales) Measure 2011. New powers to impose standards on organisations came into force through subordinate legislation on 31 March 2015. The Commissioner will continue to review Welsh-language schemes by virtue of powers inherited under the Welsh Language Act 1993.
- 41 The Commissioner works with all councils in Wales to inspect and advise on the implementation of language schemes. It is the responsibility of councils to provide services to the public in Welsh in accordance with the commitments in their language schemes. Every council is committed to providing an annual monitoring report to the Commissioner outlining its performance in implementing the language scheme. The Commissioner analyses every monitoring report, provides a formal response and collects further information as required.
- 42 The Commissioner included areas for improvement in its inspection reports and letters issued to councils during the year. These are available on its [website](#).

Use of resources

The Council is improving its financial management arrangements but recognises that it needs to better align service and financial performance

The Council is improving its financial management arrangements with the benefit of increasingly rigorous scrutiny and challenge but recognises that it needs to better align service and financial performance if it is to be confident of achieving its priorities with the resources at its disposal

- 43 We undertook our assessment of the Council's financial resilience during the period from May to October 2015 and followed up issues highlighted in the 2014-15 financial position work. The focus of the work was on delivery of 2014-15 savings plans, and the 2015-16 planning period. Our work focused on answering the following question: Is the Council managing budget reductions effectively to ensure financial resilience?
- 44 Overall, we concluded that the Council is improving its financial management arrangements with the benefit of increasingly rigorous internal scrutiny and challenge, but recognises that it needs to better align and monitor service and financial performance if it is to be confident of achieving its priorities with the resources at its disposal. We came to this conclusion based on our findings in relation to financial planning, financial control and financial governance arrangements. Our findings are set out below.
- a the Council continues to develop and refine its long-term approach to financial planning, working to integrate and align it with its corporate change and improvement planning;
 - b whilst the Council's overall financial control arrangements are adequate, arrangements for the combined scrutiny of service and financial performance remain less than effective; and
 - c the Council's developing financial governance arrangements are leading to increasingly rigorous internal scrutiny and challenge of its budget setting and financial performance.
- 45 To meet the challenge of transforming service delivery with reduced financial resources and increasing demand, the Council has adopted a clearly defined commissioning and procurement strategy. Our report on the letting of the domiciliary care contract (see below) recommended that the Council consider whether the issues identified have wider relevance for the successful delivery of its commissioning and procurement strategy. It also recommends that the Council undertake a review of its processes for developing and letting major contracts. We emphasise the need to ensure that the governance arrangements for developing, scrutinising and approving contracting exercises are appropriate and are working.

- 46 We issued our Financial Resilience Assessment for 2015-16 to the Council in March 2016. The Audit Committee received and noted our report at its meeting of 15 April 2016⁷. An Action Plan is to be developed to respond to the areas of weakness identified within the report and this will be presented to the next available Audit Committee prior to submission to Cabinet for approval.

Audit of Powys County Council's accounts

- 47 On 30 November 2015, the Auditor General issued an Annual Audit Letter to the Council. The letter summarises the key messages arising from his statutory responsibilities under the Public Audit (Wales) Act 2004 as the Appointed Auditor and his reporting responsibilities under the Code of Audit Practice. The Auditor General issued an unqualified opinion on the Council's accounting statements confirming that they present a true and fair view of the Council's and the Pension Fund's financial position and transactions. The Annual Audit Letter can be found in [Appendix 2](#) of this report.
- 48 When the Auditor General issued his unqualified opinion on the 2014-15 accounts on 30 September 2015, he explained that the audit could not be formally concluded until his review of Domiciliary Care had been completed. That review has now been completed and a report has been issued and considered by the Council's Audit Committee on 4 February 2016. Following this the Auditor General wrote to the Council on 2 March 2016 confirming that the 2014-15 audit of the Council's accounts has now been completed in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

⁷ The full report is available on the Council's website.

Governance

The Council has more work to do to provide assurance that its established governance arrangements are robust and that external regulatory reports are fully considered and addressed

The Council recognises that, in its haste to introduce the new domiciliary care service, the integrity of its established governance arrangements was compromised and is working to mitigate the consequential risks

- 49 In March 2014, the Council awarded contracts to four domiciliary care providers following a competitive tender: two in the north of the county, and two in the south of Powys. Implementation of three of the awarded contracts proved challenging, resulting in the mutual termination of two contracts, and the termination of Alpha Home Care Support Service Limited's contract.
- 50 In late 2014, Alpha Home Care Support Services Limited advised the Council that the company was in serious financial difficulties. In order to ensure continuity of care to its vulnerable elderly clients, the Council put in place arrangements to support Alpha Home Care Support Services Limited.
- 51 However, despite attempts by the Council to support the organisation in improving its financial viability, the contract was terminated in early April 2015 following a significant deterioration of performance, and the Council's view that Alpha Home Care Support Services Limited was no longer financially viable.
- 52 The collapse of this contract attracted intense public and media interest prompting the Auditor General for Wales to undertake an audit review of the circumstances and issues which led to the failure of the contract. We issued our report Review of the Letting of a Domiciliary Care Contract to Alpha Care Limited⁸ to the Council in January 2016, and our findings are set out below.
- 53 The Council had been concerned for several years that the development of domiciliary care services across Powys was inconsistent and that the quality and value for money of the service needed improvement. The Council decided to look at alternative ways of commissioning the service. In late 2013, the Council sought to progress quickly the development and implementation of new arrangements for the service. In circumstances where timescales are compressed, ensuring that risk is effectively managed and proper accountability arrangements are in place is particularly important. Based upon the findings of our review, we concluded that in its haste to introduce the new domiciliary care service as quickly as possible, the integrity of the Council's established governance arrangements was compromised. In consequence, the Council and users of the domiciliary care service were exposed to unnecessary risk.

⁸ The full report is available on the Council's website.

54 We reached this conclusion because our review found that:

- a The governance, management and scrutiny arrangements established for the procurement of the domiciliary care service were inadequate:
 - the 2014 tender was progressed too quickly, which left insufficient time to scrutinise and test the proposals;
 - there was a lack of clarity and rigour within the decision-making process for the procurement; and
 - there was a lack of clarity regarding the project management and accountability arrangements.
- b Weaknesses and ambiguities in the Invitation to Tender (ITT) meant that it was not conducive to the submission of robust tenders by potential providers:
 - the appointment of two providers covering the same area resulted in competition for limited staff resources;
 - the contract structure introduced too high a degree of uncertainty for tenderers increasing the risk of provider failure;
 - the range of hourly rates specified within the ITT was not soundly based;
 - there was a lack of clarity in the ITT regarding the workload available to providers and its distribution;
 - the estimated workload specified in the ITT was overstated;
 - the geographic distribution of the workload specified in the ITT was incorrect;
 - the ITT did not provide information on the length of visits; and
 - the scoring structure of the invitation to tender led to high levels of subcontracting, which, in the case of Alpha, significantly impacted on the company's ability to recover its overheads.
- c Weaknesses in the processes adopted for the evaluation of tenders submitted by potential providers has resulted in the Council being unable to demonstrate that contract award decisions were soundly based:
 - there is no evidence that a range of information requested from tenderers by the ITT was evaluated by the Authority; and
 - the inclusion of hourly rates for 'internal hours' in the tender evaluation distorted the results of the evaluations.

- d The Council tried to support Alpha to deliver the contract, but these efforts proved unsuccessful:
- the Council sought to support Alpha’s cash flow by paying agreed elements of disputed invoices;
 - the Council provided other practical assistance to support Alpha; and
 - the Council continued to support Alpha until it became clear that Alpha was not sustainable.

- 55 Our report makes three specific recommendations and also, in light of our findings, we consider that the Council should review other major projects currently being progressed and assure itself that the concerns we identified in respect of governance and accountability are not more widespread.
- 56 The Council’s Senior Management Team (SMT) and Cabinet have accepted the recommendations within our report and intend to take these forward as a corporate issue within the overall improvement agenda. A detailed action plan and progress statement is reported regularly to SMT and monitored through the Commissioning and Procurement Board. Oversight and scrutiny will be undertaken through both the Audit Committee and the People Scrutiny Committee – Adult Social Care Working Group. We will continue to monitor the Council’s progress in implementing our recommendations.
- 57 The Council also recognises that our report underlines the importance of investing in capacity and capability to deliver major projects. In 2014, the Council agreed to establish a Commercial Services unit to support directorate commissioning and contracting plans. The team aimed to develop in-house expertise in order to lower the Council’s dependence on external commissioning support. The Council is to review progress to date to assess the units capacity and capability to deliver the challenging work programme.
- 58 Oversight of major projects has been brought into the corporate arena through an increasing level of oversight and challenge from the Commissioning and Procurement Board. The Board now receives a forward plan and is chaired by a Deputy Leader. A key task for the Board will be to seek assurance that effective tender evaluation has taken place in relation to any major projects undertaken as part of the Commissioning Council approach.

The Council has more work to do to provide assurance that external regulatory reports are fully considered and action taken in response to the recommendations, where appropriate

- 59 The Council's Audit Committee meets on a regular basis. The Committee receives reports from Internal Audit and the Wales Audit Office and can make recommendations to both the Cabinet and Scrutiny Committees. The Committee has a Finance and Performance Sub Group that receives regular financial and performance reports and makes recommendations arising from review of these reports. The Committee receives a quarterly report on the Council's risk management arrangements. The Committee also has an Internal Audit Sub Group that meets regularly to receive all adverse opinion reports ie, those rated Limited or Low assurance. Its main purpose is to track action plans to ensure that effective and timely corrective measures have been implemented.
- 60 The Council circulates published Wales Audit Office national reports to appropriate officers, committees and, where appropriate, Programme Boards. Distribution arrangements remain flexible, especially where our national reports may have implications for a wider internal audience. This approach helps to ensure that officers and Members are aware of reports and associated recommendations affecting their area of responsibility.
- 61 The key findings and recommendations arising from our local and national reports, and those made by other relevant regulators are captured within the Council's Annual Governance Statement (AGS). These, together with matters reported by Internal Audit, are taken into account by the Council in determining the Significant Governance Issues and challenges that it needs to address. In the case of our local and national study reports the 2014-15 AGS lists reports published during the year (although the list is incomplete) and states that 'their content and findings are considered and appropriate action planned where required'.
- 62 We have observed examples where the findings and recommendations contained within our reports, and those of other relevant regulators, are properly considered and responded to in the form of action plans subject to Cabinet approval and subsequent scrutiny. This year, such examples include the Wales Audit Office and CSSIW reports on Commissioning Adult Social Care services, and the Wales Audit Office Financial Resilience Report.
- 63 However, we note from our follow-up of the recommendations arising from five Wales Audit Office national reports published during 2014-15 that such consideration was inconsistent across the Council and that some services were not sighted of those national reports relevant to their service areas. This was reflected in the scope and quality of the commentary provided by the Council in relation to action planned and/or taken to address our recommendations.

- 64 The Council recognises that it would benefit from a more formal approach for reviewing and reporting its consideration of Wales Audit Office local and national report recommendations. For example, there is no prescribed approach for routinely reporting progress against agreed actions; officers may provide feedback to an appropriate committee, but this happens on an ad-hoc basis. The Council needs greater assurance that all external regulatory reports have been considered in the appropriate Member committees and action taken in response to the recommendations, where appropriate.
- 65 The Council's Corporate Insight Centre is working to deliver on an improvement objective set for 2015-16 to 'implement an improved process for receiving, responding to recommendations from both scrutiny and the Council's regulators, ensuring that the monitoring of resulting actions is embedded within standard improvement reporting'. This is currently work in progress.
- 66 For our part, we will be further testing the effectiveness of the Council's arrangements during next year's audit programme. We intend to follow up on action taken by the Council to address the key findings and recommendations contained in our Review of the Management of Secondary School Budget Deficits, issued in August 2012. Also, since the last AIR was published, a further five Local Government National Reports with recommendations that are relevant to the Council have been published. These recommendations are set out in [Appendix 3](#) and we will evaluate the Council's consideration and response to them.

Appendix 1 – Status of this report

The Local Government (Wales) Measure 2009 (the Measure) requires the Auditor General to undertake an annual improvement assessment, and to publish an annual improvement report, for each improvement authority in Wales. This requirement covers local councils, national parks, and fire and rescue authorities.

This report has been produced by staff of the Wales Audit Office on behalf of the Auditor General to discharge his duties under section 24 of the Measure. The report also discharges his duties under section 19 to issue a report certifying that he has carried out an improvement assessment under section 18 and stating whether, as a result of his improvement plan audit under section 17, he believes that the authority has discharged its improvement planning duties under section 15.

Improvement authorities are under a general duty to ‘make arrangements to secure continuous improvement in the exercise of [their] functions’. Improvement authorities are defined as local councils, national parks, and fire and rescue authorities.

The annual improvement assessment is the main piece of work that enables the Auditor General to fulfil his duties. The improvement assessment is a forward-looking assessment of an authority’s likelihood to comply with its duty to make arrangements to secure continuous improvement. It also includes a retrospective assessment of whether an authority has achieved its planned improvements in order to inform a view as to the authority’s track record of improvement. The Auditor General will summarise his audit and assessment work in a published annual improvement report for each authority (under section 24).

The Auditor General may also, in some circumstances, carry out special inspections (under section 21), which will be reported to the authority and Ministers, and which he may publish (under section 22). An important ancillary activity for the Auditor General is the co-ordination of assessment and regulatory work (required by section 23), which takes into consideration the overall programme of work of all relevant regulators at an improvement authority. The Auditor General may also take account of information shared by relevant regulators (under section 33) in his assessments.

Appendix 2 – Annual Audit Letter

Cllr Barry Thomas
Leader
Powys County Council
County Hall
Llandrindod Wells
Powys
LD1 5LG

Dear Councillor Thomas

Annual Audit Letter – Powys County Council 2014-15

This letter summarises the key messages arising from my statutory responsibilities under the Public Audit (Wales) Act 2004 and my reporting responsibilities under the Code of Audit Practice.

The Council complied with its responsibilities relating to financial reporting and use of resources

It is the Council's responsibility to:

- put systems of internal control in place to ensure the regularity and lawfulness of transactions and to ensure that its assets are secure;
- maintain proper accounting records;
- prepare a Statement of Accounts in accordance with relevant requirements; and
- establish and keep under review appropriate arrangements to secure economy, efficiency and effectiveness in its use of resources.

The Public Audit (Wales) Act 2004 requires me to:

- provide an audit opinion on the accounting statements;
- review the Council's arrangements to secure economy, efficiency and effectiveness in its use of resources; and
- issue a certificate confirming that the audit of the accounts has been completed.

Local authorities in Wales prepare their accounting statements in accordance with the requirements of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom. This code is based on International Financial Reporting Standards. On 30 September 2015, I issued an unqualified audit opinion on the accounting statements confirming that they present a true and fair view of the Council's and the Pension Fund's financial position and transactions. My report is contained within the Statement of Accounts. The key matters arising from the accounts audit were reported to members of the Audit Committee in my Audit of Financial Statements report on 28 September 2015, and a more detailed report management letter has been issued in draft with recommendations for improvement.

The key issues I reported were:

- Improvements were noted in both the quality of the draft Financial Statements and the supporting working papers:
- A material error of £27.6 million was found as a result of our audit testing. This was in relation to Internal Re-charges that had not been removed from the Income and Expenditure Account, and was the second year in succession such an error had been identified. The error was corrected in the signed Financial Statements.
- In my view the elements you are currently reporting within Trading Accounts are not strictly trading activities, as few (if any) external charges are generated. I recommended that for future years you review whether these notes and internal accounting arrangements are required.

I am satisfied that the Council has appropriate arrangements in place to secure economy, efficiency and effectiveness in its use of resources

My consideration of the Council's arrangements to secure economy, efficiency and effectiveness has been based on the audit work undertaken on the accounts as well as placing reliance on the work completed as part of the Improvement Assessment under the Local Government (Wales) Measure 2009. My Annual Improvement Report will highlight areas where the effectiveness of these arrangements has yet to be demonstrated or where improvements could be made.

I have not yet issued a certificate confirming that the audit of the accounts has been completed

We are currently undertaking a review of Domiciliary Care Procurement and considering correspondence from a member of the public. Whilst I am satisfied that this work would not have had a material effect on the financial statements and I was able to give an unqualified opinion, the audit cannot be closed until all our work is completed.

My work to date on certification of grant claims and returns has not identified significant issues that would impact on the 2015-16 accounts or key financial systems

A more detailed report on my grant certification work will follow in February 2016 once this year's programme of certification work is complete.

The financial audit fee for 2014-15 is currently expected to be in line with the agreed fee set out in the Annual Audit Outline, subject to Engagement Lead review.

Yours sincerely

Anthony Barrett

For and on behalf of the Auditor General for Wales

cc. Jeremy Patterson, Chief Executive
David Powell, Strategic Director - Resources

Appendix 3 – National report recommendations 2015-16

Date of report	Title of review	Recommendation
April 2015	The Financial resilience of Councils in Wales	<p>R1 Councils should ensure that their corporate plan:</p> <ul style="list-style-type: none"> • is the core driver for the service plans and other supporting strategies including workforce, information technology and capital expenditure; • maintains at least a three to five year forward view and is aligned with the medium term financial plan and other supporting strategies; and • should clearly articulate the desired role of the council in five years - the model for delivering priority services and the infrastructure and resources needed to deliver future priorities within available finances. <p>R2 The medium term financial plan should identify the major financial risks and key assumptions and senior officers and councillors should subject them to effective scrutiny and challenge before adopting the plan.</p> <p>R3 Councils need to ensure that funding deficits are accurately projected and fully reconciled to detailed savings plans for each year over the life of the medium term financial plan.</p> <p>R4 Councils should review the adequacy of the financial assurance arrangements that underpin the delivery of annual savings plans, including the level of scrutiny and challenge provided by councillors.</p> <p>R5 Councils should ensure that they have a comprehensive reserves strategy that outlines the specific purpose of accumulated useable reserves as part of their Medium term Financial Plan.</p> <p>R6 Councils should develop corporate wide policies on income generation with a view to increasing revenue streams and relieving financial pressures.</p> <p>R7 Councils should:</p> <ul style="list-style-type: none"> • strengthen budget setting and monitoring arrangements to ensure financial resilience; and • review the coverage and effectiveness of their internal and external assurance financial systems and controls to ensure they are fit for purpose and provide early warning of weaknesses in key systems.

Date of report	Title of review	Recommendation
April 2015	The Financial resilience of Councils in Wales	<p>R8 Councils must review their finance teams and ensure that they have sufficient capacity and capability to meet future demands.</p> <p>R9 Council officers need to equip councillors with the knowledge and skills they need to deliver effective governance and challenge by extending training opportunities and producing high quality management information.</p>
June 2015	Achieving improvement in support to schools through regional education consortia – an early view.	<p>R1 To clarify the nature and operation of consortia. We found there to be continuing uncertainty about some aspects of the nature of regional consortia and their present and future scope (paragraphs 2.2 to 2.20). We therefore recommend:</p> <ul style="list-style-type: none"> Local authorities should clarify whether consortia services are jointly provided or are commissioned services (services provided under joint-committee arrangements are jointly provided services and are not commissioned services). <p>R2 To focus on outcomes through medium-term planning. We found that the development of effective regional consortia was hindered by a focus on short-term actions and uncertainty about the future of consortia (paragraphs 2.33 to 2.36; 3.16 to 3.17). We therefore recommend:</p> <ul style="list-style-type: none"> As any possible local authority re-organisation will not be fully implemented until 2020, the Welsh Government and regional consortia should develop three-year plans for the further development, scope, and funding of regional consortia linked to appropriate strategic objectives.

Date of report	Title of review	Recommendation
June 2015	Achieving improvement in support to schools through regional education consortia – an early view.	<p>R3 To develop more collaborative relationships for the school improvement system. The development of the National Model for Regional Working involved many school improvement partners but we found that this had not led to the development of sufficiently collaborative relationships (paragraphs 2.25 to 2.32). We therefore recommend:</p> <ul style="list-style-type: none"> Regional consortia should develop improved arrangements for sharing practice and supporting efficiency (for example, one consortium could take the lead on tackling an issue or have functional responsibility for the development of a policy). The Welsh Government, local authorities and regional consortia should recognise the interdependency of all partners fulfilling their school improvement roles and agree an approach to: <ul style="list-style-type: none"> information sharing and consultation about developments related to school improvement; developing collaborative relationships of shared accountability; and undertaking system wide reviews, and an alignment of the understanding and position of regional consortia across all Welsh Government relevant strategies. <p>R4 To build effective leadership and attract top talent. Regional consortia, local authorities and the Welsh Government have all found difficulties in recruiting to senior leadership for education and we found there had been limited action to address this (paragraphs 2.37 to 2.40). We therefore recommend:</p> <ul style="list-style-type: none"> the Welsh Government and local authorities should collaborate to improve the attractiveness of education leadership roles to attract the most talented leaders for the school improvement system; and local authorities should collaborate to support the professional development of senior leaders and to ensure appropriate performance management arrangements are in place for senior leaders.

Date of report	Title of review	Recommendation
June 2015	Achieving improvement in support to schools through regional education consortia – an early view.	<p>R5 To improve the effectiveness of governance and management of regional consortia. Whilst continuing progress is being made, we found that regional consortia have not yet developed fully effective governance and financial management arrangements (paragraphs 3.2 to 3.36). We therefore recommend that local authorities and their regional consortia should:</p> <ul style="list-style-type: none"> • improve their use of self-evaluation of their performance and governance arrangements and use this to support business planning and their annual reviews of governance to inform their annual governance statements; • improve performance management including better business planning, use of clear and measurable performance measures, and the assessment of value for money; • make strategic risk management an integral part of their management arrangements and report regularly at joint committee or board level; • develop their financial management arrangements to ensure that budgeting, financial monitoring and reporting cover all relevant income and expenditure, including grants funding spent through local authorities; • develop joint scrutiny arrangements of the overall consortia as well as scrutiny of performance by individual authorities, which may involve establishment of a joint scrutiny committee or co-ordinated work by local authority scrutiny committees; • ensure the openness and transparency of consortia decision making and arrangements; • recognise and address any potential conflicts of interest; and where staff have more than one employer, regional consortia should ensure lines of accountability are clear and all staff are aware of the roles undertaken; and • develop robust communications strategies for engagement with all key stakeholders.

Date of report	Title of review	Recommendation
July 2015	Review of Corporate Safeguarding Arrangements in Welsh Councils	<p>R1 Improve corporate leadership and comply with Welsh Government policy on safeguarding through:</p> <ul style="list-style-type: none"> the appointment of a senior lead officer who is accountable for safeguarding and protecting children and young people with corporate responsibilities for planning improvements; the appointment of a lead member for safeguarding; and regularly disseminating and updating information on these appointments to all staff and stakeholders. <p>R2 Ensure there is a corporate-wide policy on safeguarding covering all Council services to provide a clear strategic direction and clear lines of accountability across the Council.</p> <p>R3 Strengthen safe recruitment of staff and volunteers by:</p> <ul style="list-style-type: none"> ensuring that Disclosure and Barring Service (DBS) checks and compliance with safe recruitment policies cover all services that come into contact with children; creating an integrated corporate compliance system to record and monitor compliance levels on DBS checks; and requiring safe recruitment practices amongst partners in the third sector and for volunteers who provide services commissioned and/or used by the Council which are underpinned by a contract or service level agreement. <p>R4 Ensure all relevant staff, members and partners understand their safeguarding responsibilities by:</p> <ul style="list-style-type: none"> ensuring safeguarding training is mandated and coverage extended to all relevant Council service areas, and is included as standard on induction programmes; creating a corporate-wide system to identify, track and monitor compliance on attending safeguarding training in all Council departments, elected members, schools, governors and volunteers; and requiring relevant staff in partner organisations who are commissioned to work for the Council in delivering services to children and young people to undertake safeguarding training.

Date of report	Title of review	Recommendation
July 2015	Review of Corporate Safeguarding Arrangements in Welsh Councils	<p>R5 In revising guidance, the Welsh Government should clarify its expectations of local authorities regarding the roles and responsibilities of the designated officer within education services, and the named person at senior management level responsible for promoting the safeguarding.</p> <p>R6 Improve accountability for corporate safeguarding by regularly reporting safeguarding issues and assurances to scrutiny committee(s) against a balanced and Council-wide set of performance information covering:</p> <ul style="list-style-type: none"> • benchmarking and comparisons with others; • conclusions of internal and external audit/ inspection reviews; • service-based performance data; • key personnel data such as safeguarding training, and DBS recruitment checks; and • the performance of contractors and commissioned services on compliance with Council safeguarding responsibilities. <p>R7 Establish a rolling programme of internal audit reviews to undertake systems testing and compliance reviews on the Council's safeguarding practices.</p> <p>R8 Ensure the risks associated with safeguarding are considered at both a corporate and service level in developing and agreeing risk management plans across the Council.</p>

Date of report	Title of review	Recommendation
October 2015	Supporting the Independence of Older People: Are Councils Doing Enough?	<p>R1 Improve governance, accountability and corporate leadership on older people's issues through:</p> <ul style="list-style-type: none"> the appointment of a senior lead officer who is accountable for coordinating and leading the Council's work on older people's services; realigning the work of the older people's strategy coordinators to support development and delivery of plans for services that contribute to the independence of older people; the appointment of a member champion for older people's services; and regularly disseminating and updating information on these appointments to all staff and stakeholders. <p>R2 Improve strategic planning and better coordinate activity for services to older people by:</p> <ul style="list-style-type: none"> ensuring comprehensive action plans are in place that cover the work of all relevant council departments and the work of external stakeholders outside of health and social care; and engaging with residents and partners in the development of plans, and in developing and agreeing priorities. <p>R3 Improve engagement with, and dissemination of, information to older people by ensuring advice and information services are appropriately configured and meet the needs of the recipients.</p> <p>R4 Ensure effective management of performance for the range of services that support older people to live independently by:</p> <ul style="list-style-type: none"> setting appropriate measures to enable Members, officers and the public to judge progress in delivering actions for all council services; ensuring performance information covers the work of all relevant agencies and especially those outside of health and social services; and establishing measures to judge inputs, outputs and impact to be able to understand the effect of budget cuts and support oversight and scrutiny.

Date of report	Title of review	Recommendation
October 2015	Supporting the Independence of Older People: Are Councils Doing Enough?	<p>R5 Ensure compliance with the Public Sector Equality Duty when undertaking equality impact assessments by:</p> <ul style="list-style-type: none"> • setting out how changes to services or cuts in budgets will affect groups with protected characteristics; • quantifying the potential impact and the mitigation actions that will be delivered to reduce the potentially negative effect on groups with protected characteristics; • indicating the potential numbers who would be affected by the proposed changes or new policy by identifying the impact on those with protected characteristics; and • ensuring supporting activity such as surveys, focus groups and information campaigns includes sufficient information to enable service users to clearly understand the impact of proposed changes on them. <p>R6 Improve the management and impact of the Intermediate Care Fund by:</p> <ul style="list-style-type: none"> • setting a performance baseline at the start of projects to be able to judge the impact of these overtime; • agreeing the format and coverage of monitoring reports to enable funded projects to be evaluated on a like-for-like basis against the criteria for the fund, to judge which are having the greatest positive impact and how many schemes have been mainstreamed into core funding; and • improving engagement with the full range of partners to ensure as wide a range of partners are encouraged to participate in future initiatives and programmes.

Date of report	Title of review	Recommendation
December 2015	Delivering with less - leisure services	<p>R1 Improve strategic planning in leisure services by:</p> <ul style="list-style-type: none"> • setting an agreed council vision for leisure services; • agreeing priorities for leisure services; • focusing on the Council's position within the wider community sport and leisure provision within the area; and • considering the potential to deliver services on a regional basis. <p>R2 Undertake an options appraisal to identify the most appropriate delivery model based on the Council's agreed vision and priorities for leisure services which considers:</p> <ul style="list-style-type: none"> • the availability of capital and revenue financing in the next three-to-five years; • options to improve the commercial focus of leisure services; • opportunities to improve income generation and reduce council 'subsidy'; • a cost-benefit analysis of all the options available to deliver leisure services in the future; • the contribution of leisure services to the Council's wider public health role; • better engagement with the public to ensure the views and needs of users and potential users are clearly identified; • the impact of different options on groups with protected characteristics under the public sector equality duty; and • the sustainability of service provision in the future.

Date of report	Title of review	Recommendation
December 2015	Delivering with less - leisure services	<p>R3 Ensure effective management of performance of leisure services by establishing a suite of measures to allow officers, Members and citizens to judge inputs, outputs and impact. This should cover council-wide and facility specific performance and include:</p> <ul style="list-style-type: none"> • capital and revenue expenditure; • income; • council 'subsidy'; • quality of facilities and the service provided; • customer satisfaction; • success of 'new commercial' initiatives; • usage data – numbers using services/facilities, time of usage, etc; and • impact of leisure in addressing public health priorities. <p>R4 Improve governance, accountability and corporate leadership on leisure services by:</p> <ul style="list-style-type: none"> • regularly reporting performance to scrutiny committee(s); • providing elected Members with comprehensive information to facilitate robust decision-making; • benchmarking and comparing performance with others; and • using the findings of internal and external audit/inspection reviews to identify opportunities to improve services.

CYNGOR SIR POWYS COUNTY COUNCIL

AUDIT COMMITTEE

30th September 2016

REPORT AUTHOR: Jason Lewis
Head of Professional Services and Commissioning

SUBJECT: Future Delivery Model for Internal Audit Services

REPORT FOR: Information

1. Background and Introduction

- 1.1 Internal Audit represents a key source of assurance for the Council and is essential in ensuring that officer and members are provided with a clear and independent assessment of the effectiveness of controls. An effective Internal Audit function enables the Authority to make informed decisions about improvements required to the control environment. It also assists in the management's and the Audit Committee's responsibility to ensure that a sound system of control is in operation.
- 1.2 The provision of internal audit services to the public sector, including local authorities, is required to comply with the provisions of the Public Sector Internal Audit Standards (PSIAS), as supplemented by CIPFA's Local Government Application Note (LGAN). These standards are based upon the International Standards for the Professional Practice of Internal Auditing as developed by the Chartered Institute of Internal Auditors.
- 1.3 One of the key requirements of the PSIAS is that an internal audit service is subjected to an independent and external assessment of its compliance with the standards every five years. In late 2014, KPMG were commissioned to conduct this assessment of the Council's Internal Audit service. The Council was one of the first in Wales to commission an assessment of its compliance with the standards. The review identified that the service was generally compliant with the Standards but there were a number of areas where further improvements needed to be made in order to achieve full compliance.
- 1.4 One of the key findings was the need for the audit plan to be more closely linked to the Council's key risks, both to support the need for the work and to consider if there are areas of assurance need that are not being addressed. At the time of the review there was an absence of a robust risk management process within the Council. The Council's risk management practices are now at a sufficiently mature level to inform future internal audit activity.
- 1.5 The review identified that the Internal Audit Plan comprised a significant amount of recurrent activity and a limited amount of activity that provided any strategic value (although this could be partially attributed to the lack of maturity of the Council's risk management practices). The rapidly changing context in which the Council is operating in and the consequent need to explore and secure more efficient methods of service delivery

means that support for providing assurance that the processes in place will help the Council to meet its strategic targets is becoming more acute.

- 1.6 Whilst the Internal Audit team are highly experienced in delivering compliance based assessments, the review found that a significant move away from such work towards activity that provides assurance around the Council's transformation agenda and consequently supports the delivery of its strategic priorities may necessitate staffing changes, require significant training needs or the need to source additional skills externally.
- 1.7 A follow up review of the Internal Audit service was conducted in 2015 in order to ascertain the level of progress that it had made against the review's recommendations. It found that the Service has made substantial progress towards the implementation of the recommendations; of the 17 recommendations raised, 11 had been fully implemented with the remaining six being in progress. Where recommendations were in progress, the remaining actions to be taken generally required input and action from the wider Council and were no longer solely within the control of the Service. The review follow up review found that compliance had been achieved in relation to 194 of the 209 (93%) PSIAS standards.
- 1.8 One specific area where the follow up review found that further progress was required was in relation to the Service assuming a more strategic role by providing timely assurance on the completion of key projects. It was however noted that this represented a substantial change from the historic role of the Service and was one which was being seen across the sector, both as a development of internal auditing and as a result of funding reductions. This means that the internal audit resources were having to be more carefully targeted in order to maximise value.
- 1.9 The Council's Internal Audit Service comprises 7.1 Full Time Equivalent (FTE) staff. It is led by The Internal Audit Manager who reports to the Head of Professional Services and in his capacity as Head of Internal Audit to the Audit Committee. The team is made up of some fully qualified staff, some partly qualified and some that are qualified to undertake the role by virtue of experience. As previously mentioned, they form a highly experienced team that are skilled at conducting compliance based audit work.
- 1.10 In common with a number of other areas, the service has found it difficult to attract suitably qualified staff to fill vacancies. This challenges the service's ability to deliver the audit plan within agreed timescales and to provide capacity to focus upon service development. As a consequence, it has been necessary for the service to employ interim contractors with varying degrees of success.
- 1.11 With a view to developing service resilience and a model that provides a greater level of support to strategic decision making, the Strategic Director of Resources and the Head of Professional Service recently conducted a 'Soft Market Test' to assess the interest and options surrounding an alternative provider or partner in delivering Internal Audit Services. The Council invited proposals that offered a greater level of service resilience whilst at the same time providing access to ad-hoc specialist support.
- 1.12 The Council received indicative proposals from a range of public and private sector organisations, all of whom were subsequently invited to a discussion with the Strategic Director of Resources and the Head of Professional Services.

2. Next Steps

- 2.1 The proposals that came forward as part of the 'soft market testing' exercise presented a number of options and opportunities to strengthen the Council's Internal Audit Service. Some of the proposals offered a better fit with the requirements of the Council than others, both in terms service development expectations and organisational fit.
- 2.2 Some of the proposals would necessitate a full competitive tender process whereas others offer the opportunity to partner with other providers through a shared service arrangement.
- 2.3 An evaluation of the proposals has been undertaken by the Strategic Director of Resources and the Head of Professional Services and a report will be presented to Cabinet in early October outlining the options available and making recommendations on the future delivery model for Internal Audit Services.
- 2.4 The next steps of the process very much depend upon the decision taken by Cabinet. Once that decision is made, a further report will be presented to Audit Committee confirming the new delivery model and outlining the process and timescales for implementation.
- 2.5 Whilst Internal Audit staff have been kept informed about progress, the uncertainty has inevitably led to a degree of anxiety amongst staff. It is therefore planned to conduct a workshop with Internal Audit staff once a decision on the future model of service delivery is reached.

CYNGOR SIR POWYS COUNTY COUNCIL

AUDIT COMMITTEE 30th September 2016

REPORT AUTHOR: County Councillor Wynne Jones
Portfolio Holder for Finance

SUBJECT: Pension Fund Pooling - Update

REPORT FOR: Information

1. Summary

This report provides Committee with an update on investment pooling developments in Wales since the publication of the briefing note that was made available to Committee held on 7th July 2016.

2. Progress Update

2.1 Over the summer work has continued in partnership with the pool's advisers, Hyman's Robertson and Eversheds. At present, the work is focused on three main areas:

2.2 Governance

- a) Setting out the Terms of Reference for the proposed Joint Governance Committee for the pool;
- b) Drafting of a Memorandum of Understanding to be agreed and signed by each of the participating Fund authorities to enable further pool development to progress on a formal legal footing;
- c) Drafting of an Inter Authority Agreement to be agreed and signed by each of the participating Fund authorities to provide the formal legal foundation of the pool and the rules surrounding participation within it etc.

2.3 Procurement of FCA Approved Pool 'Operator'

- a) OJEU prescribed Public Information Notice issued 18th August;
- b) Engagement days with potential bidders (12) held 22nd / 23rd September for exchange of information etc;
- c) Drafting of procurement specification underway and ongoing.

2.4 Communications

- a) Publishing updates to LGPS members and participating employers;
- b) Progress update and proposed future actions to be reported to DCLG and HMT shortly.

3. Status of this Update

The content of this update has also been reported, simultaneously, to Pensions & Investment Committee and will also be reported to the Powys Pension Board on

14th October 2016.

Recommendation:		Reason for Recommendation:	
That the Committee note the contents of the report on Pension Fund Pooling.		To ensure that Audit Committee remains informed about developments in Pension Fund Pooling.

Background Papers used to prepare Report:

Audit Committee

30 September 2016

Finance Scrutiny Panel

Purpose of Report: Progress report

The Panel has met twice in the period since the last Audit Committee.

Consideration has been given to the emerging Resource Plan which will give a high level view of all transformation activity and the resources required to deliver those aspirations. It is hoped that it will eventually drive the work programmes for Cabinet, Management Team and Scrutiny. The Plan is being welcomed by service areas but is still a work in progress. Over 140 projects have currently been fed into the Plan.

Concerns have been raised regarding the potential overspend at year end, as highlighted in the most recent Financial Overview and Forecast report as at the end of June 2016. This is of such significant concern that the Cabinet have asked the Management Team to prepare a recovery plan which will be subject to scrutiny by the Panel. Joint Chairs Steering Group have established a joint Scrutiny Group comprising Members of the Audit Committee and Adult Social Care Working Group of the People Scrutiny Committee to review the overspends in the Adult Social Care service.

Regular briefings are being prepared regarding Brexit and these have been considered at both meetings of the Panel. The Capital Strategy has also been considered and the Panel intends to undertake further work on the return on capital assets as time allows.

The Panel is to undertake a self-assessment and an additional meeting has been convened to address this in early October.

Internal Audit:

Chair, E R Davies, S C Davies, F ump, D Thomas and Mr J Brautigam

**MINUTES OF A MEETING OF THE JOINT CHAIRS AND VICE-CHAIRS STEERING
GROUP HELD AT COUNCIL CHAMBER - COUNTY HALL, LLANDRINDOD WELLS,
POWYS ON TUESDAY, 5 JULY 2016**

PRESENT: County Councillor

County Councillors K W Curry, L V Corfield, S C Davies, D R Jones, JG Morris and
Mr J Brautigam

In Attendance: County Councillors

Officers: Paul Griffiths (Strategic Director - Place), Jeremy Patterson (Chief
Executive), Liz Patterson (Scrutiny Officer), Clive Pinney (Solicitor to the Council),
David Powell (Strategic Director - Resources), Lisa Richards (Scrutiny Officer) and
Wyn Richards (Scrutiny Manager and Head of Democratic Services)

1.	APOLOGIES	JCSG1 - 2016
-----------	------------------	---------------------

Members: County Councillors M J Dorrance

Officers: Amanda Lewis and Peter Jones

2.	NOTES OF THE LAST MEETING	JCSG2 - 2016
-----------	----------------------------------	---------------------

Documents:

- Notes of 24 May 2016

Outcome:

- Noted

3.	DISCUSSION WITH THE CHIEF EXECUTIVE, STRATEGIC DIRECTORS REGARDING POTENTIAL SCRUTINY ITEMS	JCSG3 - 2016
-----------	--	---------------------

Documents Considered:

- None

Issues Discussed:

- The Chief Executive reported a change in emphasis in relation to schools scrutiny. He had had discussions with WG officials around ERW particularly where they were involved in schools in special measures. There needed to be further discussion regarding demonstrating that ERW is being held to account in terms of school improvement. He suggested that there should be regular attendance at the School Scrutiny Panel by the Hub Lead and Chief Executive of ERW in order to scrutinize their role

- and advice to schools in special measures. Schools in Powys in special measures were taking too long to improve.
- The Chair informed the meeting that Brecon High School may come out of special measures if this year's exam results were positive. Estyn no longer consider financial issues. Intervention at Brecon High School is costing approximately £200K per annum and, if special measures were to be lifted, those posts would need to continue otherwise the situation would be exacerbated
 - Challenge Advisers are employed by the Authority but are responsible to ERW and consideration should be given to how to ensure efficient and effective challenge. Many Challenge Advisers have been teachers and there can be difficulties where a Challenge Adviser has to challenge former colleagues. ERW has been established on a different basis to the other three bodies operating in Wales and this appears to be an area of concern. Estyn have recently completed an inspection of ERW and the Chief Executive was interviewed in this regard. There needs to be greater clarification of roles and accountability.
 - Failing schools are unacceptable and there is a greater risk of poor performance and increased debt. It was thought that a thorough review of budgets and demands should be undertaken. The Leader is a member of ERW and he should be asked to raise these issues with them. A further suggestion was made that all LEA Governors should be brought together for additional training around their roles and responsibilities and be adequately equipped to challenge Head Teachers and senior managers. Governors can only rely on the information they are given. It was suggested that the problems were structural and ERW does not consider those structures. Evidence being given to governing bodies is qualitative rather than quantitative. It may become necessary for the LEA to use the powers vested in it although the political repercussions of such action were noted.
 - The Group debated the way in which scrutiny could deal with the issues raised. This could be undertaken by the Schools Scrutiny Panel in interviewing the Hub Lead and Chief Executive of ERW and at the wider regional group. It was acknowledged that the regional ERW scrutiny group consisted of a number of retired teachers who were now councillors and could be too defensive.
 - Delivery of the Corporate Improvement Plan was heavily dependent on ERW's performance
 - An independent report into school transport at Llanfyllin High School had raised wider, systemic issues which could usefully be investigated further by a joint group comprising Members of Audit, Place and People Scrutiny Committees. This Group should also consider the way in which school budgets could be used during the transformation process. The Fair Funding Formula could also be considered to ensure schools are funded in a modern and proactive way – the Authority cannot continue to increase funding at failing schools as this does not necessarily lead to improvement. The Schools Finance Service should also be reviewed.
 - The Strategic Director Place had given a presentation to the Place Committee on the major issues affecting the directorate. It had been suggested that the Committee should review the process for identifying options for Highways Transport and Recycling and then track the progress of the option that is agreed upon.

- The profile of savings delivery in Adult Social Care remains a concern. Activity should be in hand now to deliver savings in 2017/18 –joint scrutiny could be considered between People Scrutiny Committee and The Finance Scrutiny Panel.
- The Adult Social Care Scrutiny Group should consider equality of access for services as assessments should be portable. Local area assessments may lead to differences in delivery of service.
- These latter items will be considered under the scrutiny work programme later on the agenda

Outcomes:

Action	Completion Date	Action By
A meeting with the Chairs of Audit, People and Place, Chief Executive and Strategic Director, Resources to scope a review of the issues raised within the Walters report be convened.	July 2016	LR
The Leader be briefed on the issues raised and asked to raise these with ERW	July 2016	Chief Executive
The Schools Scrutiny Panel to invite the Hub Leader and Executive of ERW to regular meetings	Ongoing	LP
Additional training to be arranged for LEA Governors regarding their roles, responsibilities and greater challenge of Head Teachers and senior managers	September 2016	CP

4.	SCRUTINY IN CHALLENGING TIMES	JCSG4 - 2016
-----------	--------------------------------------	---------------------

Documents Considered:

- Notes of Conference 'Scrutiny in Challenging Times'

Issues Discussed:

- Consideration should be given to starting with a blank sheet of paper – do one review well rather than spread resources to thinly
- No authority was well resourced for scrutiny
- The Government appeared to be more proactive in England – if a local authority was failing in an area, that service would be taken away
- Wales had been perceived as being good at scrutiny but was now slipping back

Outcomes:

- **Noted**

5.	PROCESS FOR PRE DECISION SCRUTINY	JCSG5 - 2016
-----------	--	---------------------

Documents Considered:

- Pre Decision scrutiny process

Issues Discussed:

- A process was being developed following a joint meeting with Cabinet regarding scrutiny's earlier involvement with major issues
- The Cabinet Work Programme was not sufficiently populated to enable scrutiny to complete its own work programme adequately
- Scrutiny would have to remain flexible as some issues will move more quickly than others
- Scrutiny must be careful not to attempt to be involved in the decision making
- An earlier evaluation of projects could lead to alternative proposals
- Strategic Directors foresaw difficulties with the proposed timescales

Outcomes:

- **Noted.**

6.	CABINET WORK PROGRAMME	JCSG6 - 2016
-----------	-------------------------------	---------------------

Documents Considered:

- Cabinet work programme

Issues Discussed:

- The forward work programme must be completed more accurately

Outcomes:

- **Noted**

7.	SCRUTINY WORK PROGRAMME	JCSG7 - 2016
-----------	--------------------------------	---------------------

Documents Considered:

- Scrutiny work programme

Issues Discussed:

- The work programme was reviewed alongside issues raised during the meeting and prioritised

Outcomes:

The scrutiny work programme was prioritised as follows:

Action	Completion Date	Action By
Schools Finance etc review	November 2016	LR/LP
Adult Social Care – Day Services for Older People	September 2016	LP
Regeneration – strategy work streams – assess current position with Head of Service	July 2016	WR
ERW Challenge Advisory Service	September 2016	LP
Libraries Service Redesign and Delivery – pre scrutiny	September 2016	LR
Household Waste Recycling Centres	September 2016	LR
Management of Care Homes	September 2016	LP

8.	PUBLIC SERVICE BOARD	JCSG8 - 2016
-----------	-----------------------------	---------------------

8.1. Draft Notes of Previous Meeting(s)

It was noted that the minutes of the meeting on 9 June 2016 were not yet available.

8.2. PSB Dates - For Information

- 22 September 2016
- 1 December 2016

9.	DATES OF NEXT MEETINGS - FOR INFORMATION	JCSG9 - 2016
-----------	---	---------------------

Following a decision by Cabinet to adjust their meeting dates, meetings of the Joint Chairs and Vice-chairs Steering Group would also be amended as follows:

- 13 September 2016
- 4 October 2016
- 22 November 2016

- 20 December 2016

County Councillor

MINUTES OF A MEETING OF THE JOINT CHAIRS AND VICE-CHAIRS STEERING GROUP HELD AT COUNCIL CHAMBER - COUNTY HALL, LLANDRINDOD WELLS, POWYS ON TUESDAY, 13 SEPTEMBER 2016

PRESENT: County Councillor

County Councillors K W Curry, M J Dorrance, D R Jones, JG Morris and Mr J Brautigam

Officers: Officers: Jeremy Patterson, Clive Pinney, David Powell, Peter Jones, Rhian Jones, Wyn Richards, Liz Patterson and Lisa Richards

1.	APOLOGIES	JCSG42 - 2016
-----------	------------------	----------------------

Members: County Councillors L Corfield and S Davies
Officers: Paul Griffiths

2.	DRAFT NOTES - FOR CONSIDERATION	JCSG43 - 2016
-----------	--	----------------------

Documents Considered:

- Notes of meeting 5 July 2016

Issues Discussed:

- The Chief Executive confirmed that he had briefed the Leader regarding scrutiny of ERW and that he had also raised the issue with ERW directly. Similar concerns had been identified within the Estyn Inspection of ERW.
- The Group queried whether a response had been received from Cabinet regarding a report submitted by the Chairs relating to the Commissioning and Procurement Board. No response had been received and the Chair agreed to pursue this with the Leader

Outcomes:

- Noted

3.	DISCUSSION WITH THE CHIEF EXECUTIVE, STRATEGIC DIRECTORS REGARDING POTENTIAL SCRUTINY ITEMS	JCSG44 - 2016
-----------	--	----------------------

Issues Discussed:

- Previously the Chief Executive had focussed on ERW – the schools service are in the process of preparing a standards report and provisional results show some good results. The Welsh Government are particularly

- keen to study information in respect of free school meals. Using that indicator, Powys has performed just below the national average. It was suggested that work should be undertaken to evaluate how pupil deprivation grants are used and what benefit is derived from that funding. It was essential to target those funds where they were needed and this should be evidenced – perhaps in conjunction with a review of standards.
- The Chief Executive informed Members that the Financial Overview and Forecast report showed significant overspends particularly in Adult Social Care. Following discussions with the Leader and Portfolio Holder for Finance, further work will be undertaken around modelling and savings. Whilst every local authority is different there needs to be an assessment of savings patterns elsewhere. It is widely acknowledged that current methods of delivery are not sustainable but ongoing initiatives do not seem to be making sufficient difference. The Chair of Audit proposed that joint Audit /People scrutiny be undertaken as a priority. There was a further discussion around the costs of bringing some home care provision in house – costs of £750K had been written off in 15/16 and have been included in the base budget for 16/17 and should not be contributing to the overspend. In total an additional £1.053M had been included in the ASC base budget. Further savings relating to residential care and day time activities are not likely to be achieved in the specified timescale. Members were of the opinion that it had been apparent for some time that savings would not be achieved but this did not seem to be recognised within the service. Spending appears to have been out of control within the service for many years. There was a role for Audit Committee to review and scrutinize the financial affairs of the Authority. The service were reliant on other services meeting their shortfall on a regular basis. The Chief Executive suggested that there was a role for scrutiny in stabilising the ASC budget. The service will produce a Sustainability Plan but Members felt this should be designated a 'Recovery Plan'. People 2 were also to give advice to the service and scrutiny should be involved throughout this process. The Strategic Director, Resources informed the meeting that the finance team assisting ASC had been bolstered and were currently going through the budget line by line – this detail would be available by the end of the month. The Chair of People suggested a strategic review would also be required.
 - The Chair of Place noted the projected £ ½ M overspend on school transport and suggested that this should be subject to scrutiny.

Outcomes:

Action	Completion Date	Action By
Joint Audit /People scrutiny to be undertaken on ASC budgets	End October 2016	Chairs - Audit and People

4.	ONE POWYS PLAN - ANNUAL PERFORMANCE EVALUATION 2015-16	JCSG45 - 2016
-----------	---	----------------------

Documents Considered:

- Annual Performance Evaluation 2015-16

Issues Discussed:

- Annual process
- Document circulated for comments to scrutiny Members
- Will be circulated to the PSB by the end of the week
- Cabinet - 4 October 2016
- Council - 19 October 2016
- Communications Team to proof read
- Consideration should be given to improving the preamble to clarify why the PSB was established together with its aspirations. Statutory partner organisations should be listed. The two stories that are presented may benefit from greater detail regarding the situation before intervention
- There was a disconnect between the narrative and statistics – eg the section on older people is relatively positive but the statistics show that the authority is only ranked 17 and 21 out of 22 for particular services
- There is no reference to the drop in attendance at leisure centres following the takeover by Freedom Leisure
- All Wales performance details were released in early September and it is necessary to qualify some statements and cross reference
- There are no targets for future improvements
- Within the section on education, some data relates to Welsh statistics and some to changes within Powys – there needs to be consistency. There was no mention of schools in special measures or of those being supported.
- Members were informed that it is the Programme Manager and Sponsor who decide whether a project has been successful. In some instances it was noted that success related to initial proposals rather than the totality.

Outcomes:

Action	Completion Date	Action By
Any further comments to be emailed to Peter Jones or Rhian Jones	23 September 2016	Members

5.	WORK PROGRAMME	JCSG46 - 2016
-----------	-----------------------	----------------------

Documents Considered:

- Work Programme

Issues Discussed:

- Adult Social Care budget – to be given priority
- Further discussions to be held with the Leader regarding pre decision scrutiny

Outcomes:

Action	Completion Date	Action By
The work programme to be amended in line with the discussion	30 September 2016	Wyn Richards
Further discussion regarding pre decision scrutiny items with the Leader	30 September 2016	Wyn Richards

6.	PUBLIC SERVICE BOARD	JCSG47 - 2016
-----------	-----------------------------	----------------------

47.1. Draft Notes of Previous Meeting(s)

Documents Considered:

- None

Issues Discussed:

- Minutes of the last meeting were not yet available
- The PSB is a statutory body with membership comprising Powys County Council, Natural Resources Wales, Health Board and Mid and West Wales Fire Authority
- Invitees include Police and Crime Commissioner's office, Dyfed Powys Police, Probation Service and PAVO. The Brecon Beacons National Park have requested that they also be invited.
- During the first meeting there had been a broad discussion around the terms of reference. Further development has been requested and the next scheduled formal meeting will become a development session
- Programme spotlights will consider learning and skills initially, followed by organisation and partnership
- Confirmation is awaited regarding the date of the next formal meeting – 20 October has been suggested
- The PSB intends to develop joint scrutiny
- Members discussed the commitment of partner agencies to the PSB. Only the four partner agencies were accountable to the Welsh Government
- The PSB cannot operate on a majority, must be unanimous

Outcomes:

- **Noted**

47.2. PSB Dates - For Information

- 22 September, 2016 – development
- 20 October 2016 - tbc
- 1 December, 2016

7.	DATES OF NEXT MEETINGS - FOR INFORMATION	JCSG48 - 2016
-----------	---	----------------------

- ??? 18 October 2016
- 29 November 2016
- 17 January 2017
- 28 February 2017
- 21 March 2017
- 11 April 2017
- 20 June 2017
- 11 July 2017
