REPORT AUTHOR: Portfolio Holder for HR, ICT and Communications

SUBJECT: Question from County Councillor Gwilym Williams

Question

Can the portfolio holder inform me how many staff have left Powys County Council across all departments and gone to the health board since we are now working more closely together? Could this figure be since the beginning of the partnership about October last year with the health board?

Answer

This information is not held by HR, but I understand that 8 members of staff have transferred in the last 2 years, mostly at middle to senior management level.
