Learning and skills We will strengthen learning and skills	<p>The new Strategy sets out a new Vision and Guiding Principles to underpin developments regarding education in Powys going forward. The aim is to provide education of the highest quality to pupils across Powys, therefore supporting the Council's objective to 'strengthen learning and skills'</p> <p>The Strategy sets out a number of Strategic Aims and Objectives outlining the Council's priorities regarding its work to transform the Powys education system over the coming years. The aim of all of these Strategic Aims is to improve the provision in Powys, in order to provide the best possible opportunities to pupils.</p>	Very Good		Choose an item.
Residents and Communities We will support our residents and communities	<p>The new Strategy includes a commitment to developing community-focussed schools – one of the guiding principles included in the strategy is 'Community-focused schools that are the central point for multi-agency services to support children, young people, families and the community.' The aim therefore is to improve the support available for residents and communities.</p> <p>However, whilst the aim of the Strategy is to improve educational provision across Powys, it is acknowledged that some proposals which could be brought forward following approval of the Strategy could be unpopular with some residents and some communities, and could make it more difficult for residents in some communities to access provision.</p>	Good		Choose an item.

A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	The new Strategy includes a commitment to implementing a major capital investment programme to ensure that schools in Powys have inspiring, environmentally sustainable buildings that can provide opportunities for wider community activity. A programme such as this would provide many benefits to the community, by developing an education infrastructure that is configured to provide high quality education to help children and young people to develop the knowledge, skills and attributes to become economically productive and socially responsible citizens. A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	<p>One of the Guiding Principles outlined in the new Strategy is 'Financially and environmentally sustainable schools'. This will be achieved through the implementation of a major capital investment programme, which will ensure that school buildings are as environmentally sustainable as possible.</p> <p>Whilst the Strategy includes an aspiration to develop all-age schools in all areas where secondary provision is currently provided, the Strategy also includes an objective to 'reconfigure and rationalise primary provision'. Any rationalisation of primary provision could result in an increase in home to school travel, which could have a negative environmental impact.</p>	Neutral	Detailed impact assessments will be carried out in respect of any individual proposals taken forward following approval of this strategy. This will include detailed consideration of the impact on travel.	Neutral
A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood. Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.	<p>The Strategy aims to provide enhanced learning opportunities for all pupils. This would include improved opportunities for pupils to participate in a range of activities, including physical activities.</p>	Good		Choose an item.
