Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
<b>Policy not approved by Council</b>		<b>Discussion and agreement achieved by Council</b>	
There is a risk to the delivery of these proposals as some service users/families may insist on their first choice of care home or delivery time of domiciliary care. Social workers need to be supported with an FAQ document which will be made available and assurances by the Council that the proposed policy is the way we need to work with service users and families. Considerate discussions with families should lead to an understanding that choice may at times be limited.		<b>Once approved, sharing policy and FAQ through usual channels (e.g. team meetings).</b>
