Vision 2025 - CIP Annual Update 2021**

CIP Section	Comment	Response/ Action
General	The questions on the agenda asked us to consider the financial information, but there isn't any. As a scrutiny Committee we need to consider how we focus on budget setting and feeding into future planning. We Rarely have time to look at the business as usual budgets e.g. planning services. When the council moves out of business critical the scrutiny committee need to provide better support for Cabinet on being assured about the services performance.	No changes required to CIP Update.
CEO Intro Page 9	The statement regarding the actions taken as a result of the Business Survey is not factually correct. The grants etc did not happen as a result of the survey.	SPPP Team to amend the wording.
Economy Page 16	Is March 2022 realistic for developing the Procurement Strategy given current circumstances?	Response provided in the meeting. No changes required to CIP Update.

Economy Page 18	Should there be a caveat added for the measures on Visitor days – will be subject to covid/ lockdown restrictions.	SPPP team to add note on covid restrictions.

Economy	We need to consider how we retro-fit our older council homes with solar-panels, insulation etc, otherwise we'll have two standards of homes.	No changes required to CIP Update.
Economy Page 20	We also need to consider how we can utilise empty high street buildings and how these could be converted into dwellings. The use of our high-street is changing and we need to be innovative moving forward.	No changes required to CIP Update.

Learning and Skills Page 34	Equality Objective 4 – Overall, the actions under this objective are weak. There is no reference to the 'Public Health Model' which is a key driver in preventing homelessness. Also, no reference to working with partners such as the criminal justice service or children's service. No mention of support for age related or gender specific issues that we are aware of. Are we purchasing housing to support homelessness? What are we doing to prevent evictions?	SPPP Team to contact Nina/ Dylan for confirmation.
Learning and Skills Page 34	There needs to be better narrative at the start of the section to explain the impact of covid on the education sector. What are we going to do to recover?
