The Economy We will develop a vibrant economy	<p>Implementation of the proposal would have a potential impact on employment opportunities in Llansilin as there would no longer be a school in the village.</p> <p>It is also possible that the loss of the school, and potentially loss of families from the area would have a negative impact on recruitment for lower paid key worker jobs in the area, and the ability of other employers in the area to recruit to roles. There could also be an impact on local businesses in the village and the surrounding communities.</p>	<p>Poor</p>		<p>Poor</p>

<p>Learning and skills</p> <p>We will strengthen learning and skills</p>	<p>Should the Council proceed with implementation of the preferred option, Ysgol Bro Cynllaith would close, and pupils would transfer to alternative schools in Powys. For the majority of pupils, the closest alternative school in Powys would be Llangedwyn C. in W. School. Some pupils may also choose to attend schools in Shropshire, such as Selattyn C. of E. School.</p> <p>In March 2021, the Council’s Cabinet agreed to carry out consultation on a proposal to close Llangedwyn C. in W. School, which could mean that there would be no school in Llangedwyn in the future. Should there be no school in Llansilin or Llangedwyn, the closest alternative school for pupils currently attending Ysgol Bro Cynllaith would be Llanrhaeadr-ym-Mochnant C.P. School.</p> <p>The Council’s view is that both Llangedwyn C. in W. School and Llanrhaeadr-ym-Mochnant C.P. School would provide education for pupils which is of at least equivalent quality as that provided at Ysgol Bro Cynllaith, therefore it is not anticipated that implementation of the preferred option would have a negative impact on standards and progress overall. The overall aim of the proposal is to improve learning opportunities for pupils.</p> <p>The alternative schools which pupils may attend are larger schools, and it is anticipated that they would provide additional opportunities for pupils to take part in extra-curricular activities.</p>	<p>Good</p>		<p>Choose an item.</p>

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	No impact	Neutral		Choose an item.
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	Implementation of the proposal would require additional travel for pupils currently attending Ysgol Bro Cynllaith for whom this is their closest school. This would have a negative environmental impact as more home to school transport would need to be provided to transport pupils to alternative schools.	Poor		Poor
A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood. Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.	Implementation of the proposal would result in closure of Ysgol Bro Cynllaith, with pupils transferring to alternative schools. It is acknowledged that this could have a negative impact on the mental well-being of pupils, staff and other stakeholders associated with the school during the transition period, however the long term aim is to provide improved learning opportunities for all learners.	Poor	Support will be provided to pupils during the transition period to enable them to transfer effectively to their new schools. Process to be concluded as quickly as possible to minimise the period of uncertainty for pupils, staff and other stakeholders.	Neutral

<p><i>Socio-economic duty</i></p>	<p>The aim of the proposal is to provide improved educational opportunities for all pupils currently attending Ysgol Bro Cynllaith, including any eligible for Free School Meals. PLASC 2020 information shows that some 7.7% of pupils at Ysgol Bro Cynllaith were eligible for Free School Meals, and these pupils would continue to receive free school meals at any alternative school that they would transfer to.</p> <p>Should the proposal be implemented, there would be no school in Llansilin. This would mean that pupils currently attending Ysgol Bro Cynllaith would need to travel to their nearest alternative provision. Whilst home to school transport would be provided to eligible pupils, it is possible that this would impact on pupils' ability to access extra-curricular / after school activities, and that this impact would be greater in respect of pupils from lower income households. There would also be an impact on the parents of these pupils in terms of accessing school activities.</p>	<p>Neutral</p>		<p>Choose an item.</p>

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
<p>The aim of the proposal is to improve the educational provision for learners in line with the new Curriculum for Wales which is being rolled out. However, whilst this impact assessment has identified some positive aspects, in particular relating to learning and skills and ensuring the best strategic management of the Powys schools' estate, the assessment has also identified some negative aspects. These primarily relate to the impact on the community of Llansilin due to loss of educational provision from the village, and the associated additional travel requirements for pupils. In addition, whilst the proposal is that pupils would transfer to alternative schools in Powys, it is possible that some pupils would transfer to provision in Shropshire, which would mean that they would no longer access a Welsh curriculum, and could impact on the Welsh identity of the village of Llansilin.</p>	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
Full consultation would be required to implement this proposal, and this would enable the impact assessment to be further developed.
